Chapter- 1

Overview of the District

1.1 General Description of District:

The name LAKHIMPUR is believed to have originated from the word “Lakhimi”, the Goddess of Prosperity. The economy of the district is agrarian and people mainly depend on agriculture. Lakhimpur therefore, means full of paddy or the place where paddy is grown abundantly. Besides the soil of the district is alluvial and fertile for which crops flourish without use of any artificial manure or hard labour. Over and above fish, meat, vegetables, milk is abundant in the district. Others say that the word originated from Lakhmi Devi, the mother of Bhuyan Raja who was the descendant of King Arimatta. As per Lakhimpur District Gazette (1976:4) the district was notified as Lakhimpur District through a proclamation issued by then Governor General in July, 1839. On 2nd October, 1971, the district was recognized with two sub-divisions viz, Dhemaji and North Lakhimpur. Later it was again reorganized in the year 1980 with two sub-divisions viz, Dhakukhana and North Lakhimpur leaving Dhemaji as a separate district.

The District was earlier regarded as “Kaliapani” because there was practically no road communication to this district till, 1950. In the year 1954 the temporary Aerodrome became operational. From 1957 the Assam State Transport Cooperation buses started plying from Lakhimpur. And from 1963 the North East Frontier Railway started train service from this district.

1.2 Location:

Lakhimpur District is situated on the North East corner of Assam. The district lies between 26°48' and 27°53' northern latitude and 93°42' and 94°20' east longitude (approx).

1.3 Boundary:

It is bounded on the north by Lower Subansiri and Papumpare districts of Arunachal Pradesh and on the east by Dhemaji district and Subansiri River. Majuli district stands on the southern side and Gohpur sub-division of Biswanath district is on the west.

1.4 District Disaster Management Authority

The District Disaster Management Authority, Lakhimpur was constituted as per provision of Section 20(1) of National Disaster Management Act 2005, as follows:

1. The District Commissioner- Chairperson
2. Chairperson, Zilla Parishad- Co-Chairperson
3. Addl. District Commissioner, Disaster Management, C E O – Member Secretary.
4. Superintendent of Police- Member
5. Chief Medical Officer- Member
6. Executive Engineer PWD - Member
7. Executive Engineer, Water Resources – Member

Besides the above, the Heads of all departments concerned with the management of disasters in the district such as Civil Defence, Food & Civil Supplies, Agriculture, Panchayat & Rural Development, Power, Irrigation, and Sports & Youth Welfare will be special invitees to all meetings of the District Disaster Management Authority.

The Committee shall discharge all functions as laid down in the National Disaster Management Act, 2005.

1.5 Administrative setup:

The district at present comprises 2 Sub Divisions namely Sadar and Dhakuakhana. There are 7 Revenue Circles and 9 Development Blocks.

(Circles are N.Lakhimpur, Kadam, Subansiri, Dhakuakhana, Nowboicha, Bihpuria and Narayanpur and Block Development offices are Dhakuakhana, Ghilamara, Boginadi, N.Lakhimpur, Telahi, Nowboicha, Karunabari, Bihpuria and Narayanpur).

1.6 Statistics:

| | |
|---|--|
| District Area | 2277 sq. km |
| Village Area | 2257 sq. km |
| Town Area | 20 sq. km |
| No. of Zila Parishad | 1 |
| Nos. of Mouza | 14 |
| Nos. of Anchalik Panchayat | 9 |
| Nos. of Gaon-Panchayat | 81 |
| Nos. Urban Local Bodies | 4 |
| Nos. of Villages | 1168 |
| Nos. of Police Station / Out Posts / Patrol Posts | 9 police stations (including 1 River Police Station), 13 out Posts and 1 patrol post |

| Nos. of Fire & Emergency Service Station | | 4 | |
|--|------------------|----------------|--|
| Description | 2011 | 2001 | |
| Actual Population | 1,042,137 | 889,010 | |
| Male | 529,674 | 455,691 | |
| Female | 512,463 | 433,319 | |
| Population Growth | 17.22% | 18.30% | |
| Area Sq. Km | 2,277 | 2,277 | |
| Density/km2 | 458 | 390 | |
| Proportion to Assam Population | 3.34% | 3.34% | |
| Sex Ratio (Per 1000) | 968 | 951 | |
| Child Sex Ratio (0-6 Age) | 959 | 967 | |
| Average Literacy | 77.20 | 68.56 | |
| Male Literacy | 83.52 | 77.06 | |
| Female Literacy | 70.67 | 59.59 | |
| Total Child Population (0-6 Age) | 156,739 | 150,300 | |
| Male Population (0-6 Age) | 80,016 | 76,419 | |
| Female Population (0-6 Age) | 76,723 | 73,881 | |

1.7 Demographic Details of the District - Circlewise:

The demographic details of the district has been given as per the census report of the 2011 Census. The break up has been shown Revenue Circle wise.

| Sl. No | Name of the Circle | Total Population |
|--------|--------------------|------------------|
| 1 | Narayanpur | 1,41,867 |
| 2 | Bihpuria | 2,04,382 |
| 3 | Nowboicha | 1,48,145 |
| 4 | Kadam | 1,07,493 |
| 5 | North Lakhimpur | 2,50,832 |
| 6 | Dhakuakhana | 1,14,295 |
| 7 | Subansiri | 75,123 |
| | Grand Total | 10,42,137 |

1.8 Summery Report of Flood 2024 in Lakhimpur District:

| | |
|--------------------------------|---|
| Revenue Circle Affected | 7 Nos.(NOWBOICHA, BIHPURIA, SUBANSIRI, NARAYANPUR, NORTH LAKHIMPUR,KADAM, DHAKUAKHANA) |
| Crop area affected | 4482.00 HECT. |
| Villages affected | 379 NOS |
| Population affected | 1,75,031 NOS |
| House Damage | 1) FULLY – 29 NOS (KUTCHA-29, PUCCA- NIL. 2) PARTIALLY- 11 NOS (KUTCHA-11, PUCCA-NIL) |
| Human live Lost | NIL |
| Animal Lost | 3 NOS. |
| Relief Camps opened | 5 NOS (BIHPURIA-3 NOS, NARAYANPUR- 2 NOS.) |
| Inmates in Relief Camps | 1741 NOS (MALE- 645 NOS, FEMALE- 715 NOS, CHILDREN- 367 NOS, PREGNANT/LACTATING MOTHER- 7 NOS, PERSON WITH DISABILITY- 7 NOS. |
| Person evacuated | 494 NOS. (BHIPURIA- 419 NOS, NARAYANPUR- 75NOS) |

Chapter – 2 Climate

The district experiences a hot and dry summer season when compared to the other parts of Assam. Highest temperature is experienced during the south –west monsoon season along with abundant rains and highly humid atmosphere throughout the year.

2.1 Recorded Rainfall during last Eleven years (2011-2024):

| Sl No | Year | Month | N.Lakhimpur (in mm) | Lilabari Airport (in mm) | Bihpuria (in mm) |
|-------|-------------------|------------|---------------------|---------------------------|------------------|
| 1 | Rainfall for 2011 | Jan to Dec | 1732.6 | 2920.10 | -- |
| 2 | Rainfall for 2012 | Jan to Dec | 2223.70 | 3145.30 | -- |
| 3 | Rainfall for 2013 | Jan to Dec | 1615.40 | 2505.30 | -- |
| 4 | Rainfall for 2014 | Jan to Dec | 2667.70 | 3091.50 | -- |
| 5 | Rainfall for 2015 | Jan to Dec | 2703.12 | 3206.20 | -- |
| 6 | Rainfall for 2016 | Jan to Dec | 2874.20 | 3187.20 | 1197.20 |
| 7 | Rainfall for 2017 | Jan to Dec | 2758.32 | 3762.30 | 1496.38 |
| 8 | Rainfall for 2018 | Jan to Dec | 2220.10 | 3354.10 | 1351.16 |
| 9 | Rainfall for 2019 | Jan to Dec | 1257.93 | 3144.11 | 1184.67 |
| 10 | Rainfall for 2020 | Jan to Dec | 1536.30 | 3306.90 | 1297.01 |
| 11 | Rainfall for 2021 | Jan to Dec | 1273.60 | 2849.20 | 1086.47 |
| 12 | Rainfall for 2022 | Jan to Dec | 2280.70 | 3753.00 | 1322.65 |
| 13 | Rainfall for 2023 | Jan to Dec | 1703.10 | 3263.50 | 1368.08 |
| 14 | Rainfall for 2024 | Jan to Dec | 1124.60 | 2695.50 | 1179.00 |

2.2 Rain Recording Stations:

| Sl. No | Name of Rain Recording Station | Location |
|--------|--------------------------------|---------------------------|
| 1 | E & D Rest House | N.Lakhimpur town |
| 2 | IMD weather Station | Lilabari Airport, Chaboti |
| 3 | Bihpuria W R Sub-Division | Bihpuria |

2.3 River water level readings through Gauge Stations

The list of the names of major rivers (with Gauge Stations) and with their respective danger levels are shown below:(Source: Water Resource Deptt.)

| Sl. No. | Name of River | Danger Level (in m.) |
|---------|-------------------------|----------------------|
| 1. | Brahmaputra | 79.30 |
| 2. | Subansiri (Dhalghat) | 90.40 |
| 3. | Subansiri (Ghancharai) | 87.60 |
| 4. | Subansiri (Silikhaguri) | 80.60 |
| 5. | Ranganadi | 95.02 |
| 6. | Dikrong | 86.60 |
| 7. | Singra | 93.16 |
| 8. | Pabho | 91.97 |
| 9. | Boginadi | 99.16 |
| 10. | Kakoi | 93.39 |
| 11. | Durpang | 112.32 |
| 12. | Sessa (Pichala) | 98.90 |

(Data Source: Water Resource Deptt, Lakhimpur)

The Gauge Stations /Discharge Sites of the Central Water Commission (CWC) in Lakhimpur District are shown below: (Source: CWC, Dibrugarh)

| Sl. No. | River | Gauge /Discharge Site | Danger Level (in m). |
|---------|-----------|-----------------------|----------------------|
| 1. | Subansiri | Badatigaht | 82.53 |
| 2. | Subansiri | Chaowldhuwaghat | 100.43 |
| 3. | Ranganadi | Pahumara | 94.81 |

(Data source: CWC Office, Dibrugarh)

2.4 Dam Gate Warning System

The NEEPCO authority provides hourly information regarding status of Dam gates to DEOC, Lakhimpur on Ranganadi & Dikrong river water level at Yazali & Doimukh. DPO, DDMA will monitor this and apprise key officers in case of any emergency.

2.5 Outdoor Flood Early Warning System (Siren)

Under this programme, a total of 36 nos of electrical and 5 nos of Hand operated Sirens have been installed in various locations near Ranganadi and Dikrong Rivers in cooperation with NEEPCO Authority for awareness of the flood amongst the locality reside near the riverside.

Location & Contact Details of Outdoor Flood Early Warning System (Siren)

| Sl No | Location of Siren | Contact Person | Contact No |

Chapter 3
Flood Prone Villages in Lakhimpur District

In Lakhimpur district there are ten major rivers viz, the Brahmaputra, Subansiri, Ranganadi, Dikrong, Singra, Pabho, Boginadi, Kakoi, Durpang and Sessa Pichala. All these rivers flow through the Arunachal Himalayan region before entering the plains of Lakhimpur district, as a result of which there are steep gradients and deep gorges in their upper catchment areas resulting in large amount of runoff that comes downstream carrying huge amounts of silt and sediments resulting in flash floods in the plains of Lakhimpur district.

The flood prone villages of entire Lakhimpur district has been listed Circlewise:

| Sl. NO. | REVENUE CIRCLE NAME | REVENUE VILLAGE NAME | NO. OF POPULATION | | | | | TOTAL POPULATION |
|---------|---------------------|------------------------------------|-------------------------|--------|--------|----------|--------|------------------|
| | | | TOTAL NO. OF HOUSEHOLDS | ADULTS | | CHILDREN | | |

Chapter 4
Resource Inventory/ Capacity Analysis

4.1 Storage facilities in the District with capacity:

| Sl. | Name of Circle | Name of godowns & location | Capacity of godown in M.T. | Distance from FCI godown |
|-----------------------|---------------------------|---|----------------------------|--|
| 1. | Kadam Revenue Circle | a) Boginadi GPSS godown, Boginadi | 200 MT | 33 KM from FCI,NLP |
| | | b) Boginadi Dev. Block godown, Boginadi | 100 MT | 31 KM from FCI,NLP |
| 2. | Lakhimpur Revenue Circle | a) Nakari GPSS godown, Nakari, N. Lakhimpur | 200 MT | 18 KM from FCI,NLP |
| | | b) Lakhimpur GPSS godown, N. Lakhimpur | 100 MT | 18 KM from FCI,NLP |
| 3. | Nowboicha Revenue Circle | a) Laluk GPSS godown, Laluk | 200 MT | 30 KM from FCI,NLP 23 KM from FCI,NRP |
| | | b) Ronganadi GPSS godown, Ronganadi | 150 MT | 21 KM from FCI,NLP 44 KM from FCI,NRP |
| 4. | Bihpuria Revenue Circle | a) Bihpuria GPSS godown, Bihpuria | 100 MT | 44 KM from FCI,NLP 20 KM from FCI,NRP |
| | | b) Laluk GPSS godown, Laluk | 100 MT | 23 KM from FCI,NLP 37 KM from FCI,NRP |
| 5. | Narayanpur Revenue Circle | a) Narayanpur GPSS godown, Narayanpur | 160 MT | 7 KM from FCI,NRP |
| | | b) Dhalpur GPSS godown, Dhalpur | 100 MT | 20 KM from FCI,NRP |
| 6. | Dhakuakhana Sub-Division | a) Dhakuakhana Dev. Block godown, Dhakuakhana | 300 MT | 90 KM from FCI,NLP |
| | | b) Dhakuakhana GPSS godown, Dhakuakhana | 200 MT | 82 KM from FCI,NLP |
| 7. | North Lakhimpur | FCI, N. Lakhimpur town | 10,874 MT | ----- |
| 8. | Narayanpur | FCI, Narayanpur | 15,000 MT | ----- |
| 9. | Subansiri | Ghilamara GPSS godown | 150 MT | 64 KM from FCI, NLP |
| Total Capacity | | | 27,934 MT | |

4.2 (a) List of Wholesellers and Millers

| Name of Circle | Area | Name of Wholesaler / Miller | Quantum of buffer stock to be maintained (Qtls) |
|---------------------------------|-------------|------------------------------------|--|
| Narayanpur Circle | Dhalpur | 1 M/s Kabra Store | 100 |
| Bihpuria Circle | Bihpuria | 1 M/s Maheswari Company | 500 |
| | | 2 M/s Nur Hussain | 500 |
| Nowboicha Circle | Laluk | 1 M/s Ganesh Rice Mill | 200 |
| Kadam Circle & Lakhimpur Circle | Lakhimpur | 1 M/s Shree Hanuman Bhandar | 200 |
| | | 2 M/s Sitaram Megharaj | 200 |
| | | 3 M/s Lunkaram Nandakishor | 200 |
| | | 4 M/s Bajaj Trading | 200 |
| | | 5 M/s Bajranglal Nandakishor | 1500 |
| | | 6 M/s Radhashyam Atta Chaki Mill | 200 |
| | | 7 M/s Shree Shyam Store | 200 |
| | | 8 M/s Shree Ram Store | 600 |
| Dhakuakhana Circle | Dhakuakhana | 1 M/s Jagdish Ashok | 500 |
| | | 2 M/s Ramji Susil | 200 |
| | | 3 M/s Balaji Bhandar | 70 |
| | | 4 M/s Pitarji Bhandar | 75 |
| | | 5 M/s Bastiram Mathmal | 70 |
| | | 6 M/s Bhimraj Joipal | 65 |
| | | 7 M/s Jaganath Prashad Binod Kumar | 400 |
| | | 8 M/s Bacha Kaniya | 150 |
| | | 9 M/s Lakshmi Bhandar | 60 |
| Total | | | 7190 Qtls |

(b) Maintenance of buffer stock of MS (Petrol) and HSD (Diesel) as Reserved**Rolling stock (5 Kl from each) for ensuing flood season. Total storage capacities are as follows:**

| SL No | Name of the Station | Address | MS Stock (KL) | HSD Stock (KL) |
|-------|---------------------------------|------------------|---------------|----------------|
| 1 | M/s Subansiri Filling Station | Milanpur | 20 | 40 |
| 2 | M/s Maa Service Station | Ghagar, Boginadi | 20 | 40 |
| 3 | M/s Dipak Feeling Station | Charaimuria, NL | 14.7 | 39 |
| 4 | M/s Mahabox Malchand | NL | 15 | 20 |
| 5 | M/s R.R. & Co. (P) Ltd | NL | 18.6 | 20 |
| 6 | M/s Mahabir Automobile | NL | 20 | 15 |
| 7 | M/s Kishan Vikash Sewa Kendra | Panigaon, NL | 20 | 20 |
| 8 | M/s NRL Energy Station | NL | 20 | 40 |
| 9 | M/s Mahabox Malchand | Laluk | 15 | 15 |
| 10 | M/s Mahabox Malchand | Bihpuria | 20 | 35 |
| 11 | M/s Ashulal Danmal | Narayanpur | 20 | 20 |
| 12 | M/s Joo Ree Filling Station | Narayanpur | 20 | 35 |
| 13 | M/s S B Kishan Sewa Kendra | Dhalpur | 20 | 20 |
| 14 | M/s Ghilamara Kisan Seva Kendra | Ghilamara | 20 | 20 |
| 15 | M/s Kishan Vikash Sewa Kendra | Dhakuakhana | 20 | 20 |
| 16 | M/s Reliance | Dhakuakhana | -- | 20 |

4.3 Details of Infrastructures and beds available in the Health Centers:

| SL. NO. | NAME OF HOSPITAL | CONTACT NO | TOTAL NO OF BEDS | AVAILABLE INFRASTRUCTURE IN THE HOSPITAL | NUMBER OF AMBULANCES AVAILABLE |
|-------------|--------------------------------|------------|------------------|--|--------------------------------|
| 1 | North Lakhimpur Civil Hospital | 9435388707 | 200 | X-Ray (Digital) | 2 Nos. |

Vehicle Drivers
Rescuers
Cook

They also bring equipments for Search and Rescue activities if need arises.

Inflatable Motorised Rubber Boats
Deep diving Scuba Set
Life Buoy
Life Jacket
Ashka Tower Light
Floating Pump
Power Generator
Bullet Chain Saw

Apart from these they have Medical First Responder Kits / stores to attend to victims in times of emergency.

6.4 Information Dissemination System

The information dissemination at times of emergency for Lakhimpur District has been laid down as under:

- (1) The District Project Officer (Disaster Management) will be the nodal officer for this. He/She will apprise District Commissioner, Addl. District Commissioner (DM) and persons concerned, Circle Officers, Water Resource Deptt., PWD (Roads) deptt., National Disaster Response Force, through SMS and phone.
- (2) The representative from BSNL was asked to immediately arrange for alternative phone connectivity in the control room of District Commissioner's Office. Nazarat Officer to take steps accordingly. DPO will also train flood control room duty personnel properly.
- (3) Regarding the information of the release of reservoir water of Ranganadi Hydel project by NEEPCO, the District Project Officer (Disaster Management) is entrusted to inform District Commissioner, Addl. District Commissioner (DM), Supdt. of Police and Circle Officers. Priority should be given on phone calls and then sending an SMS, to all concerned.
- (4) For any early warning reports received from North-East Space application Centre (NESAC), Umiam, Meghalaya, the same should be intimated to Executive Engineer, Water Resource, PWD State Roads / Rural Roads and Supdt. of Police, Addl. SP, SDO Civil Dhakuakhana and all Circle Officers.
- (5) Circle officers will have village vulnerability map with them so that they can pass message to respective Gaon Buras / LR Staff and PRI members without fail. Superintendent of Police will accordingly inform Officers- in- Charge of Police Stations and In-Charge of Out Posts. Circle Officers will also keep contact numbers of NDRF i/c at Chouldhuwa, boat owners of vulnerable villages and swimmers.
- (6) All concerned Departmental Heads, Circle Officers and their Officers, Gaon Buras should keep their mobiles on switch on mode round the clock till flood season is over.

- (7) As regards the operation of siren installed by District Administration (with assistance from NEEPCO) at strategic locations, Addl. District Commissioner (DM) in consultation with Executive Engineer (Water Resource), Lakhimpur, should take the ultimate decision to buzz the siren in case of emergency only (if people need to be evacuated) to prevent any chaotic situation that may arise during high flood.
- (8) The Water Resource deptt. as well as the PWD (State and Rural Roads) should take steps to maintain a strong liaison between their officials and their manpower at the field level and keep the District Administration well informed on any emergency situations that may arise.
- (9) ADC (DM) is requested to arrange exposure program of NDRF for COs, SKs, DPO (DM), SDO (C), Dhakuakhana, so that in need of the hour, without any waste of time the services of NDRF could be utilized to its maximum.
- (10) ADC (DM) will utilize services of DIPRO for issuing press release for informing the public on GR issued, bamboo bridges constructed, making people aware about warnings (only in case of emergency). The contact nos. of DIPRO and DPO (DM) should be circulated to all concerned persons so that they can get the required information in need of the hour.

Chapter 7

Standard Operating Procedure (SOP) for Response on receipt of Warning under Flood Early Warning System (FLEWS)

Procedure to be followed at District level:

Role of District Commissioner:

District Commissioner on receipt of Flood warning will direct CEO, DDMA to pass the information for taking necessary measure to-

1. The Concerned SDO (Civil)
2. Revenue circle Officer/ Officers
3. Superintendent of Police.
4. Executive Engineer of Water Resources.
5. Executive Engineer of public Health Engineering.
6. Station Officer-Fire Service Station & I/C of State Disaster Response Force (SDRF)/ National Disaster Response Force (NDRF) if Stationed in the District.
7. District Commissioner will take periodic feedback on the development taking place.

Role of CEO, DDMA:

CEO, DDMA will inform

1. All the above mention Officer.
2. Superintendent of Police.
3. Deputy Director Health Service.
4. Joint Director Health Service.
5. District Veterinary Officer to take necessary measures so that if necessary assistance can be provided in short notice to the affected areas.
6. DIPRO, if requested to give public announcement for evacuating people from vulnerable areas.

Role of Circle Officer Concerned:

1. COs of the concerned Revenue circle on receipt the information from field or FLEWS will immediately mobilize the Lot Mondal, Gaon Burha, SDRF and other agencies & resources available under his jurisdiction without waiting for order from District Commissioner or SDO(Civil) to initiate the action.
2. Further, in case of probability of high intensity flood ,CO will also take action for evacuation of people from the vulnerable reaches to pre-identified safe location & preposition Man & Resources (Quick Response Team/SDRF/NDRF/Police Force/Sand bags/Boats/Tarpaulin etc.) available under his/her jurisdiction as per the map and location specified by NESAC in its flood warning.
3. CO will initiate his response on receipt of Flood Warning without waiting for order from Deputy Commissioner / SDO (Civil)
4. Circle Officer will lead the rescue and evacuations operation as per Disaster Management Plan.
5. Circle Officer will keep DC/ SDO (Civil) informed on hourly basis about the situation on the ground level and may request for additional resources of man, material & machines if required from DC or SDO (Civil).
6. Circle officer will also inform BDO. So that BDO can inform PRI representatives for appropriate action .
7. Circle officer may also inform GP Secretary and GP President for appropriate action.

Lot Mondal & Gaon Burha will go to the specific location immediately & inform the villagers on the probability of any flood event and ask them to take necessary precautionary measures.

Role of Superintendent of Police:

SP will immediately direct OC of the concern police Station on assist the Circle Officer in rescue, evacuation & rehabilitation process.

Role of Executive Engineer, WR Department:

Executive Engineer, WR Department will instruct khalasis to keep constant vigil on water levels & inform Executive Engineer on any increase in the water level. Executive Engineer, WR will also take necessary temporary measures to avert any breaches in embankments.

Role of Executive Engineer, PWD (Road) Department:

Executive Engineer, PWD (Road) Department will take adequate measures to ensure that the road communication is not disrupted. He will immediately repair any breaches of road if the same is required for evacuation and supply of relief to the affected people.

Role of Joint Director, Health Services:

On receipt of information,Joint Director (Health) will direct SDMHO and I/C of the PHC of the concerned area to form a team of Doctors equipped with necessary medical equipments and move to the effected places or evacuation camp as required by the Circle Officer.

Role of Station Officer, Fire & Emergency Services:

On receipt of alert from District Commissioner or SP or Circle Officer, the Station officer will immediately mobilize SDRF under him to the affected areas. He will also coordinate with NDRF team/QRT etc for the operation.

District Disaster Management Plan has to specify the roles and responsibilities of BDO, SDMHO, Lot Mondal etc. as well as include resource inventory prepared revenue Circle wise along with the contact details.

Standard Operating Procedures (SOPs):

7.1 SOPs of District Commissioner/ DDMA:

| Pre-Flood | During-Flood | Post-Flood |
|---|--|---|
| <p>1) Convene meetings of the DDMA for flood preparedness of which the first meeting is to be held by the 15th of February to advice on the following in aspect of the district headquarters/ Subdivision Maximum number of relief centres likely to be set up Facilities to be available at each centre Maximum likely number of relief parties The manner in which individuals and voluntary organizations are to be associated with the relief teams The manner in which Panchayats will be associated with relief operations.</p> <p>List of protection works to be completed by the 30th of April by the Water Resource department/ Panchayats.</p> <p>Labour-oriented works likely to be taken up by P&RD, P.W.D, Irrigation, Forest, Agriculture and others Issues relating to flood affected areas to be tackled by P.W.D, W.R. and the Irrigation Department before the onset of monsoons; and Adequacy or otherwise of the preparations made by the various authorities concerned for dealing with the floods as required.</p> <p>2) Take up steps for implementation by the various authorities as per the recommendations of DDMA meeting on flood preparedness. By 30th April, the DC as Chairperson DDMA will: Divide the district into compact zones each comprising a group of villages falling under both 'very vulnerable' and 'vulnerable' areas as classified in DDMP and each such zone shall be serially numbered. Select responsible officers not below the rank of Circle Officer who have thorough idea of the geographical terrain and other local conditions of the respective zone, to be designated as Relief Officer (RO) for placing him in charge of each zone and shouldering such duties and responsibilities as may be assigned to him Select sites for evacuation centres and relief centres in safe areas. The site for sheltering livestock may be decided in consultation with the district A. H. & Veterinary officer. In selecting sites, preference shall be given to high lands, schools, market places and places not likely to be inundated. Make a rough estimate of requirements:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Controlled commodities like rice, <i>atta</i>, and controlled cloth and other non-controlled essential commodities like edible oil, salt, kerosene, free sugar, gur, pulses, potatoes, baby food, wheat bran and similar items and intimate the Deputy Director or any other officers of Civil Supplies in the district for necessary arrangement. <input type="checkbox"/> Petrol for vehicles requisitioned from the public; engine driven mar-boats, launches and arrange with depots or agencies of the IOC for ensuring supply as and when required during floods and intimate such arrangements to the | <p>1) DDMA will conduct weekly meeting to review flood management during the flood season.</p> <p>2) On receipt of flood warning D.C will:</p> <p>Take action as per Standard Operating Procedure (SOP) prepared by the State Send relief officers along with other staff to the respective zones; Request SP to send Police party and install temporary wireless stations if required Direct Station Officer, Fire & Emergency Services to place State Disaster Response Force (SDRF) personnel along with rescue boats if required. Seek suggestion from the WR department for evacuating people from vulnerable places.</p> <p>1) On occurrence of Flood the DC will:</p> <p>Visit the places of occurrence Ascertain the nature and extent of flood Make prompt operational decisions Assess requirement of men and materials for relief Operations Call for coordinated aid Ensure that services are arranged and materials are mobilized according to the needs Supervise arrangement in Evacuation centres and Relief Camps Arrange to collect donation in cash and kind from local branches of Red Cross, UNICEF etc. & contribution from the Voluntary organizations Requisition as and when necessary the services of the officers of various departments, Urban Local bodies and Zilla Parishads for undertaking relief works Call for Non-Officials/Volunteers/NYK, Civil Defence, Red Cross Volunteers or members of other voluntary organizations, if circumstances so warrant, to associate for such works as may be considered suitable for Secure assistance from the Army/NDRF or other Central Government Response agencies when arrangement made by civil authorities prove to be inadequate.</p> <p>D.C will make arrangements for constructing shelter in Relief Camps if required and will arrange in the Relief Camps sanitation</p> | <p>1) DC will collect agricultural statistics from the revenue staff and the district agricultural officer about areas under crops actually affected by flood, damage to crops and the number of cultivators involved.</p> <p>2) Immediately after the flood water recedes, a report on losses and damages of each district is to be submitted to the Government in the Revenue & Disaster Management Department in the form as given in Appendix X.</p> <p>3) Make:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Assessment of the requirement and arrangement for distribution through the Agriculture department i) Seeds and seedlings as grants-in-aid and ii) Agricultural loans in cash and kind such as seeds, seedlings, manures, agricultural equipment and <input type="checkbox"/> Grant rehabilitation loans for construction repairment of houses in deserving cases among the affected people. <p>4) Provide in case of persons who are uprooted by erosion, alternative lands for homestead or cultivation as the case may be and also arrange for distribution among them, if necessary, agricultural grant and loans. Endeavor should however, be made to provide alternative land near about their original villages.</p> <p>Contraction & closure of relief: While it is necessary to provide all kinds of relief required, it is equally essential that strict economy is exercised so that resources of the state do not get strained unduly. Generally, full pictures as to the duration of relief measures will emerge as soon as the waters have subsided. DC will judge for how long the relief operation is to be continued and when contraction/ closures of operation is needed. In declaring closures of relief operation he will take the approval of the divisional commissioner and inform all concerned. The following factors should weigh in declaration of contraction/ closure of relief operation. The actual point at which relief operation can safely be closed down will depend on the severity of the crop failure. Where there has been a serious failure of <i>Ahu</i> crop it will usually be necessary to continue relief measures till the next Rabi crop is reaped and where there is a failure of <i>Bao</i> crop relief should usually be continued till such time as DC in consultation with the Commissioner</p> |

| | | |
|---|---|---|
| <p>district officers of the concerning departments.</p> <p>□ Operational cost of the boats for carrying out Search & Rescue and evacuation operation may be incurred from the GR funds.</p> <p>3) Prepare A sub-division wise list of officers and staff available for deployment of relief duty as and when called for;</p> <p>A list of jeeps, buses, trucks and other vehicles for requisition in case of necessity, in consultation with the D.T.O;</p> <p>A list of boats/mar-boats/bailey bridges as shall be available from P.W.D. and the Inland Water Transport Department. A list of boats, private and public, other than those included in the list prepared under (iii) above, which can be requisitioned in case of necessity.</p> <p>4) The Deputy Commissioner will undertake a joint inspection by the 10th of May along with the E.E., WR department and S.P., as a precautionary measure against breaches in embankments, bunds, drains, nullahs and other flood protection works, to see if necessary repairs and the like have been done and that they are in good condition.</p> | <p>and maintenance of clean lines and water supply through the P.H.E.DC will, within the scales prescribed by the State, grant gratuitous relief in cash and kind to the deserving affected people. Gratuitous relief will be distributed through responsible Government officers.</p> <p>Details of the GR issued are to be displayed in a notice board in the Relief Camp for public information and maintenance of transparency.</p> <p>DC will arrange proper distribution of relief articles received as donation in kind among the deserving affected people through the official and non-official agencies.</p> <p>DC will arrange for taking care of the infirm, destitute, orphans, children and expectant/nursing mothers in the relief centres through the assistance of the distribution social welfare officer. Supply of cooked food should generally be discouraged.</p> <p>DC will arrange supply of cooked food in evacuation centres/ relief camps only in unavoidable cases. Where so supplied, the quantity should as far as possible be at the scales prescribed by the State.</p> | <p>may decide. In other cases, relief measures should not normally be allowed to continue longer than the situation demands. The process of gradual closure of works should normally begin as soon as the demand for field employment sets in. Also, the physical condition of the people and the extent to which private employment is available and wages earned thereby.</p> <p>5) DC will submit a comprehensive report immediately after the closure of the flood relief operations in the district to the Government in the Revenue and Disaster Management Department through the Commissioner of Division. Submit details of the losses and damages in the prescribed formats for submission of request of assistance to Government of India, if required. Every concerned line department will prepare and submit plans and estimates regarding damaged infrastructure for consideration under SDRF as per the procedures laid down.</p> |
|---|---|---|

7.2 SOPs of Water Resources Deptt:

| Pre-Flood | During-Flood | Post-Flood |
|--|--|--|
| <ol style="list-style-type: none"> 1) Visit to flood affected areas and classify the different areas and localities of the district on the basis of vulnerability. 2) Re-prepare and update the map if there be any change in classification of areas shown in the map prepared for flood affected areas and location of flood protection structures. 3) Digging of link drains and other drains to prevent water congestion in localized depressions. 4) Construction of bunds or repair to bunds to protect agricultural lands against floods. 5) Prepare detailed plans and estimates for works as per requirement. 6) Render necessary technical assistance to the District Administration in execution of works. 7) Prepare tentative list of flood control personnel for flood fighting, patrolling on embankments, dykes and other flood protection structures. 8) Arrange tools & equipments and other flood fighting articles and store in suitable places. 9) Arrange materials for erecting temporary sheds at the worksites for the workers and keep all departmental vehicles, boats and launches in fit-for-operation condition. 10) Complete short-term emergent flood protection measures such as drains, closing of breaches, construction of retirement bunds, anti-erosion measures etc. 11) Other measures as per ARM-1976. | <ol style="list-style-type: none"> 1) Follow the flood warning system as per ARM-1976. 2) Start vigorous patrolling along embankments, dykes and other flood protection structures as soon as the river reaches one metre below the danger level. 3) Keep close touch with the District Administration. 4) Examine physical conditions of the embankments, dykes and ensure any leakage, seepages are promptly attended to. 5) Take protective measures without loss of time in case of any sign of breach. 6) Digging of link drains and other drains to drain outstanding floodwater after floodwater recedes. 7) Finalize and start labour-oriented departmental works for test-relief in consultation with the District Administration. 8) Other measures as per ARM-1976. | <ol style="list-style-type: none"> 1) Restore tools, equipments, vehicles and other stores. 2) Collect departmental materials, vehicles etc. requisitioned by the District Administration. 3) Repair and replace damaged tools and equipments. 4) Other measures as per Assam Relief Manual (ARM)-1976 / Disaster Management Act (DMA)- 2005 |

7.3 SOPs of Health Department:

| Pre-Flood | During-Flood | Post-Flood |
|---|---|--|
| <ol style="list-style-type: none"> 1) Visit to the flood affected areas on the basis of priority to vulnerability. 2) Prepare a list of hospitals, PHCs, CHCs, dispensaries and other institutions located in the area. 3) Prepare list of doctors and para-medical staff already available in each of the areas and the number of additional hands of each category that may be required in each of the areas in case of acute floods. 4) Prepare list of doctors and para-medical staffs of different category who can be withdrawn from their places of work and their services utilized for emergency relief work. 5) Ensure that adequate stock of medicines, vaccines and disinfectants likely to be necessary are kept at the district and sub-divisional headquarters. 6) Keep ready materials for augmenting the hospital beds by at least 10 in case of necessity and opening one camp dispensary for each of the high vulnerable areas. 7) Arrange for mobilizing at short notice two medical relief teams at the district HQ so as to rush them for relief work. 8) Prepare a detailed plan for utilizing the doctors and other voluntary organizations in the district if so required. 9) Take measures for prevention of epidemic and arrange vaccinations against small pox, cholera, typhoid etc. of the people in these areas. 10) Other measures as per ARM-1976. | <ol style="list-style-type: none"> 1) Alert all doctors and para-medical staff on receipt of warning. 2) Check personnel, equipment and medical stores. 3) Arrange for necessary vehicles, ambulances in consultation with the district administration. 4) Immediately visit the affected areas along with one medical relief team. 5) Start measures for health relief in an institution located conveniently in the affected area. 6) Make immediate arrangements to open additional camp dispensaries, if necessary. 7) Decide immediately on isolation of certain patients, if necessary and arrange for isolation wards. 8) Utilize the services of Red Cross and other VOs. 9) Frequently visit the flood affected areas and ensure effectiveness of health measures. 10) Other measures as per ARM-1976. | <ol style="list-style-type: none"> 1) Restore equipment and stores. 2) Repair or replace damaged equipments. 3) Arrange for disposal of unutilized medicines and disinfectants. 4) Other measures as per ARM-1976 / DMA-2005 |

7.4 SOPs of Public Health Department:

| Pre-Flood | During-Flood | Post-Flood |
|--|--|---|
| <ol style="list-style-type: none"> 1) Visit to flood affected areas by 30th April. 2) Assess measures likely to required for safe water supply in those areas. 3) Prepare list of engineering personnel of different categories already available and the number of additional hands that may be required in each area. 4) Prepare list of engineering personnel of different categories who can be withdrawn from their places of work and their services utilized for emergency relief work. 5) Arrange for mobilizing at short notice two PHE teams at the district HQ to rush them for emergency relief work. 6) Ensure adequate stock of equipment and materials for sinking tube well, ring well, water reservation etc. in the relief camps and other places in the affected areas. 7) Camp materials and other stores for workers and keep them in appropriate places. 8) Keep the departmental vehicles in good running condition. 9) Other measures as per ARM-1976. | <ol style="list-style-type: none"> 1) Alert sub-ordinate officers and staff for floods on receipt of warning. 2) Check vehicles, equipment, stores etc. and draw up tentative programme of action. 3) Visit the affected areas immediately along with one PHE team and start water supply measures. 4) Assess extent of water supply measures required and deploy necessary staff. 5) Constantly visit the flood affected areas and ensure adequate safe water supply measures. 6) Other measures as per ARM-1976. | <ol style="list-style-type: none"> 1) restore tools & equipment, stores etc. 2) repair or replace damaged tools and equipment. 3) Other measures as per ARM-1976 DMA-2005. |

7.5 SOPs of Agriculture Department:

| Pre-Flood | During-Flood | Post-Flood |
|---|--|---|
| <ol style="list-style-type: none"> 1) Undertake extension measures relating to the latest result of research available from AAU etc. on already released varieties including flood tolerant varieties and other cultural practices for agriculture in the affected areas. 2) Advise the dates after which sowing, transplanting should not be undertaken and advise on suitable cropping patterns. 3) Assessment of the acreage under crops and number of cultivators to be affected in each of the areas. 4) Prepare block-wise agricultural maps showing areas under different crops in the flood affected areas. 5) Assess requirement of seeds, seedlings, manures etc. for grants, tools and plants for emergency relief works. 6) Make arrangements for raising seedlings in specific government agricultural farms, nurseries etc. 7) Other measures as per ARM-1976. | <ol style="list-style-type: none"> 1) Alert all sub-ordinate officers and staff on receipt of warning. 2) Check stock of seeds, manures, implements etc. and make arrangements for raising seedlings. 3) Draw a tentative programme for emergency relief works. 4) Arrange distribution of agricultural inputs in consultation with the district administration. 5) Render technical guidance to the needy cultivators for salvage and protection of surviving crops and raising of such varieties of crops as may be suitable during the season or in the next crop season. 6) Arrange for spraying of pesticides wherever necessary. 7) Constantly visit the affected areas to ensure effectiveness of agricultural relief and rehabilitation measures. 8) Other measures as per ARM-1976. | <ol style="list-style-type: none"> 1) Restore the tools and plants. 2) Repair the damaged tools and plants 3) Dispose off undistributed seeds and manures etc., which cannot be kept for use beyond a particular crop season. 4) Other measures as per ARM-1976 / DMA-2005. |

7.6 SOPs of Publicity Department:

| Pre-Flood | During-Flood | Post-Flood |
|---|--|---|
| <ol style="list-style-type: none"> 1) Visit to flood affected areas by 30th April. 2) Make an assessment of the publicity requirements of the compact zones (depending on extent of vulnerability) in the district. 3) Make a list of requirement of staff for deployment of publicity units in the zones for publicity works. 4) Keep the departmental vehicles in good running condition for publicity works. 5) Keep close liaison with the district administration and all concerned heads of departments for giving advance publicity. 6) Ensure that facilities for press communications remain undisturbed during disaster season. 7) Utilize the Police radio channel for transmission of urgent and important press messages whenever necessary. 8) Maintain close liaison with the local press and all media heads etc. stationed in the district. 9) Other measures as per ARM-1976. | <ol style="list-style-type: none"> 1) Alert the staff for floods on receipt of warning and maintain close contact with the district administration. 2) Check for personnel and equipment and arrange publicity through available means regarding flood warning and instructions for evacuation etc. if necessary. 3) Immediately visit the flood affected areas and ascertain publicity requirements. 4) Deploy fully equipped publicity units in the affected areas. 5) Install PA systems in the evacuation/relief centers as may be required by the district administration. 6) Issue press messages by all available means timely and regularly to the AIR, newspapers etc. 7) Frequently visit flood affected areas to ensure effectiveness of the publicity measures. 8) Other measures as per ARM-1976. | <ol style="list-style-type: none"> 1) Restore equipment etc. and take necessary steps for repair or replacement of damaged tools and equipments. 2) Arrange for publicity materials in consultation with concerned departments regarding matters of health, sanitation, cattle epidemic etc. 3) Arrange for mobilizing at least four self supporting publicity units for the affected areas. 4) Arrange for photography and news reel coverage of flood situation wherever necessary. 5) Other measures as per ARM-1976 / DMA -2005. |

7.7 SOPs of A.H. & Veterinary Department:

| Pre-Flood | During-Flood | Post-Flood |
|---|---|--|
| <ol style="list-style-type: none"> 1) Visit to the flood affected areas by 30th April. 2) Assess requirement of veterinary measures to be taken in affected areas and arrange for VAS, VFA and other staff, equipment, medicines, Vaccines, disinfectants etc., materials for opening first aid centers and camp | <ol style="list-style-type: none"> 1) Alert the subordinate Officers and field staff on receipt of warning. 2) Check and arrange personnel, stores, equipment, vehicles etc. and draw up tentative programme of emergency | <ol style="list-style-type: none"> 1) Restore equipment and stores. 2) Repair or replace damage equipment. 3) Arrange for disposal of |

| | | |

| <p>dispensaries.</p> <ol style="list-style-type: none"> 3) Locate suitable high places for sheltering livestock. 4) Mobilize two or more veterinary teams at the district HQ for emergency relief work. 5) Keep at prescribed scales or essential equipment, medicines, vaccines, disinfectants in every hospital, dispensary, first aid center in the affected areas. 6) Arrange for fodder from livestock fodder farms or from other sources. 7) Arrange for prevention of wide spread disease in epidemic form amongst animals. 8) Assist the district administration in arranging with local traders for supplying animal feed at reasonable price if required. 9) Prepare veterinary map showing hospital, dispensaries, first aid center, AI sub centers and cattle population covered by each of these institutions. 10) Arrange for short duration training course in veterinary medical care and prevention of epidemic among animals for staffs. 11) Arrange for sufficient IEC materials for public awareness. 12) Other measures as per ARM-1976. | <p>relief works.</p> <ol style="list-style-type: none"> 3) Visit the flood affected areas immediately with a veterinary relief team and start relief measures. 4) Arrange with the help of district administration shifting of livestock to suitable high grounds. 5) Open additional first aid centers and camps, dispensaries if necessary. 6) Constantly visit the flood affected areas and ensure effectiveness of the measures taken. 7) Other measures as per ARM-1976. | <p>balance medicines or replenished stock of medicine and stores.</p> <ol style="list-style-type: none"> 4) Take steps for repair of damaged veterinary buildings. 5) Other measures as per ARM-1976 / DMA- 2005. |
|---|--|---|

7.8 SOPs of Social Welfare Department:

During any disaster situation, the weakest and the neglected viz., children, old and infirm, handicapped and expectant/nursing mothers suffer most. The community has a special responsibility for protecting them. The Social Welfare department is entrusted with this responsibility.

| Pre-Flood | During and Post-Flood |
|--|---|
| <ol style="list-style-type: none"> 1) Visit to flood affected areas by 30th April. 2) Make arrangement for mobile units of maternity and child welfare centers wherever necessary. 3) Draw up nutrition programme for the children below 6 years and expectant/ nursing mothers in disaster prone areas. 4) Make arrangements for taking care in the relief centers of orphans, infirm and destitutes. 5) Assess requirement and arrange for milk powder, baby food etc. 6) Make a list of facilities of voluntary social welfare organizations located in the district. 7) Make list of personnel for rendering services in the relief centers. 8) Other measures as per ARM-1976. | <ol style="list-style-type: none"> 1) Alert personnel for floods on receipt of warning and keep constant touch with the district administration. 2) Ensure that orphans, infirm and destitutes accommodated in the relief/ evacuation centers are properly taken care of. 3) Shift the destitutes to destitute homes wherever necessary. 4) Arrange for milk powder, baby food etc. as per nutrition programme. 5) Other measures as per ARM-1976 / DMA- 2005. |

7.9 SOPs of Irrigation Department:

| Pre-Flood | During-Flood | Post-Flood |
|--|--|---|
| <p>The Executive Engineer, Irrigation shall pursue joint verification with the Mechanical/Electrical counterparts of Irrigation Project/schemes that fall under the jurisdiction of the Nodal Division and shall:</p> <p>(1) By 31st December</p> <p>a) Identify the vulnerable points of irrigation structures like head works, aqueducts, cross drainage, canal embankments and canal system, intake LIC/DTW points and the like.</p> <p>b) Map vulnerable structures and canal systems including vulnerability of mechanical/electrical structures.</p> <p>c) Forward by the 31st of January, the prepared maps showing vulnerabilities to DCs and SDOs and other district level officers.</p> <p>d) Suggest DC for undertaking works on Repairing vulnerable structures of the project.</p> <p>Closing branches of canal embankments, raising and strengthening of embankments to protect agricultural lands against flood.</p> <p>Assess the position of pumps/motors including electrical transformers and statuses of electrical connections Prepare a detailed plan and estimate of works as may be required by DC and render necessary technical assistance to DC in execution of the works.</p> <p>(1) By 30th April</p> <p>a) Prepare a tentative list of Irrigation personal for round the clock patrolling of Irrigation structures and canal system.</p> <p>b) The Addl. CE(I)SEs along with the concerned EE shall visit the generally flood affected area under command of each scheme and ensure that the canal embankments, irrigation pump motors, electrical equipment are in good condition/require immediate measures to protect irrigation assets identified as vulnerable from joint verification.</p> <p>c) Complete short term emergent flood protective measures of electrical/mechanical pump houses, from impending danger from bank erosion.</p> <p>By 30th May</p> <p>a) Accompany DC along with SP for joint verification of vulnerable areas</p> <p>b) Identify drought prone areas under command of irrigation</p> | <p>The Executive Engineer shall:</p> <ol style="list-style-type: none"> 1. Follow the Flood Warning System/message at the upstream release of water from the dam etc. of international country like Bhutan for headwork protection at Major/Medium project Head Work located at National/International boundary 2. Keep constant vigil of on canal systems and round the clock monitoring duty of important canal structures like Head Works 3. Keep open the Head Work gates during occurrence of flood of a devastating nature 4. Keep in touch with DC and take action during unprecedented floods that caused danger/damage to structures and inform higher departmental officials immediately | <p>As soon as flood water recedes, the EE Irrigation shall:</p> <ol style="list-style-type: none"> 1. Prepare plans and estimates for these items of work that may be required for irrigation supply to field after receding of flood. 2. Finalize and start labour oriented work for test relief in consultation with DC which includes the following: Repair to damage canal embankments, afflux bunds, guide bunds, bund protection work out of their own funds and render technical assistance to P&RD to undertake works involving canal embankments and bunds 3. Prepare plan and estimates for repairing damaged structures embankments/pump houses/intake points and place those before DDMA for onward submission to the Government for necessary approval of the State Disaster Response Fund (SDRF) |

7.10 SOPs of Deputy Director, Food & Civil Supplies:

| Pre-Flood | During-Flood | Post-Flood |
|--|--|---|
| <p>The Deputy Director of Supply or any other officer of procurement and distribution of civil supplies in the district will by the 30th of April:</p> <ol style="list-style-type: none"> 1. Arrange for the procurement of controlled commodities like rice and maintain a reserve stock of the required quantities of these items in specified places, with the government agencies to be released during the floods on a requisition from the DC. The reserve stock will not be released for any other purpose without the specific approval of DC.; 2. Hold discussions with representatives of the Chamber of Commerce, local traders and co-operatives and ensure that adequate stock of other non-controlled essential commodities like edible oil, salt, kerosene, free sugar, gur, pulses, and potatoes. Baby food, wheat bran and the like are maintained by them so that they can also be made available at reasonable prices to DCs for relief works. 3. Arrange through the Director of supply for procurement of the controlled and essential non-controlled and essential non-controlled items, which cannot be locally procured from within the district. 4. Intimate DC the names of the agencies and the quantity of reserve stock available with each; 5. Keep certain quantities of reserve stock by arrangement with the approved dealers of GCI sheets to be made available at reasonable rates to be made flood affected people ; and 6. Arrange with the Food Corporation of India, the Assam State Co-operative Marketing and Consumers' Federation Limited and the wholesale Co-operative Societies for lifting by DC from each of these agencies not exceeding 500 quintals each of <i>atta</i> and rice, as necessary, without prior allotment of the Government of India or the Director of Supply. Such lifting of <i>atta</i> or rice will be adjusted against the quota of the next month or regularised by obtaining formal allotment | <p>The D.D.S. or the officer –in-charge of civil supplies shall:</p> <ol style="list-style-type: none"> 1. Ensure adequate supply position of essential commodities, particularly the controlled commodities not only in the affected areas but also in the other areas of the district; 2. Keep constant vigil by the supply staff so that the traders do not take advantage of the situation create any condition of artificial scarcity and inflate the price of the commodities. Any tendency towards hoarding and profiteering should be dealt with sternly; 3. Chapter 8

Checklist for Effective Disaster Management

8.1 Checklist for District Commissioner / Emergency Officer:

PRIOR TO COMMENCEMENT OF FLOOD SEASON

1. The Flood Contingency plan of the district to be complete in all respects with latest up to date database. Certified reports to be submitted by District Commissioner with up to date database.
2. Fully equipped & operational District Emergency Operation Center (DEOC) / District Control Room. Equipments are checked for functionality. Communications tested & established with IMD and line departments control room. All batteries are fully charged & generator at DEOC put to trial run for atleast 2 - 4 hours. Report to the extent that all actions are complete & the DEOC & its equipments are fully operational is given by the Deputy Commissioner.
3. All members of DMT are fully trained & aware of their roles & responsibilities as per the DM plan.
4. All persons to the DEOC are fully trained & aware of their responsibilities.
5. Duty roaster for DEOC prepared & informed to all.
6. All storage godowns & safe shelters of all the vulnerable pockets are cleaned, maintained, fully stocked as per the DM plans. Certified fort-nightly reports to this effect given by DC in respect of all blocks and circles and even villages.
7. Meetings of DMs are conducted & all functionaries of different departments are to be fully apprised of their roles as per the DM plans.
8. All equipments like boats, dozers, earthmovers, road clearance equipment etc are operational & placed at most vulnerable points by the concerned line departments in consultation with the Deputy Commissioner as per the appreciation carried out in the DM plan.
9. Preparedness activities of all line departments like strengthening of embankments, sinking/repair of tube wells & ensuring raised plat forms/raised grounds so that they do not get submerged, stocking of medicines& allocation of medical/para-medical staff as per the DM plan, operationalization flood gauges & rain gauges with communication facilities etc are completed in all respects & certified completion report submitted to the District Commissioner. Deployment of volunteers, doctors, nurses, beds, food materials with drinking water to be arranged.
10. Mock drills conducted at all levels & report furnished to District Commissioner. Co-ordination with the NGOs are complete & each NGO is aware of their areas of operation& level of participation.
11. Co-ordination meeting of all the stockiest held & each one given the level of emergency stocks that they have to maintain during the disaster season (dry foods, kerosene, patrol, diesel. medicines, blood, candles, match boxes, daily house hold items etc.
12. Awareness campaign launched as per plan.

8.2 ACTIONS ON OCCURRENCE OF FLOOD

1. Nominated officials at each of the flood affected areas start operations to supervise rescue & Evacuation, relief & restoration operations
2. Co-ordinate all activities through Circle Officers.
3. Opening of site control room with Dist. Admn.
4. Those requiring immediate medical treatment are moved to Dist/Medical College Hospitals as per the priority of evacuation spelt out by the attending doctors.
5. The officials at the flood hit areas assisted by the Magistrates /NGOs carry out an immediate assessment after reconnaissance survey to identify the damages, casualties, gaps/short falls in terms of food, water, medical aid, clothing, shelter & send the demand to the DEOC / District Control Room.
6. The men, material & resources are moved as per the requirements & priority laid out by the District Commissioner & short falls are moved from the other districts/state.
7. Temporary shelters, kitchens, water points are organised & operationalised.
8. Sanitary checks & disease surveillance are put into operation.
9. Arrangements for animal camp & fodder organised.
10. Carcass disposal teams if required are activated.
11. A detailed assessment is carried out for damage, casualties, resource shortfall by deploying additional officers with support from the NGOs/Volunteers, PRI & community after reconnoiter & survey.
12. Regular review meeting with line departments, NGOs.
13. Daily SITREP are to be sent from DEOC to SEOC/State Control Room.
14. Continuous flow of information & national authorities kept informed of latest details.

8.3 POST FLOOD ACTIVITIES

(Depending on the situation but preferably after three days)

1. Compilation of departmental damage report and report from Circle Officers.
2. Assistance in terms of food material, medicines, and clothing, cooking utensils provided to the affected population controlled through DEOC & officials of the flood affected areas.
3. All stores & materials are moved as per the detailed assessment & distributed under the supervision of Govt officers, volunteers & responsible representatives from the community.
4. Ensure that all drinking water sources are disinfected & activated by concerned deptt.
5. Disinfections of the flood affected areas carried out.
6. Disease surveillance to check occurrence of epidemic if any & preventive measures.
7. Trauma counselling if required is carried out for affected population.
8. A team of Govt officials, NGOs/ local senior citizens consisting of specialists from all fields is immediately asked to prepare a detailed report starting from the activities from pre flood season to the during & post flood periods bringing out all aspects of preparedness, response, restoration, rehabilitation, the detailed causes of damages &, casualties & deficiencies listed out in the plan. The detailed report must be completed in all respects & submitted within 30 days.

8.4 POINTS FOR CONTINUOUS PLANNING, INNOVATIVE THINKING & IMPLEMENTATION

1. All developmental plans approved by District authorities are considered from disaster mitigation angle.
2. Continuous planning & execution of plans for providing sustainable livelihood for most vulnerable communities.
3. Alternate safe housing technology along with rainwater harvesting structures is constantly encouraged & main streamed for long-term vulnerability reduction.
4. Continuous Awareness campaign & encouragement for Disaster proof Habitat planning at community level including shifting from low lying areas to safe raised grounds.(with some incentives if feasible).
5. Disaster management including first-aid & rescue & evacuation as a compulsory part of school, college, educational institutions (both techno-tech) curriculum starting from primary level.
6. Equipping each PHC/CHC/ hospitals to provide training in first-aid round the year & making it compulsory for all citizens to learn first –aid. (Test on first-aid compulsory for any entrance exam including entry into +2level college/school, as part of test for driving license for two wheeler up wards etc)
One centre school/college in each GP, two at block & four at district should be equipped to provide training in rescue & evacuation round the year.

Chapter- 9

Flood Action/Contingency Plans of Govt. Line Departments

9.1 Health Department by Joint Director of Health Services, Lakhimpur:

For ensuring preparedness in case of any eventuality during the Flood a two tier plan for handing Flood Emergencies has been hereby notified.

There will be two tiers of Flood Emergency Teams under the Department of Health & Family Welfare Lakhimpur District viz.

1. Management Teams (Annexure -I)
2. Medical Teams (Annexure-II)
 - i) Facilities availability-Annexure-I (a)
 - ii) Ambulance Availability-Annexure-II (b)

The Management Teams for Flood Emergency Situations will be divided into five Teams, namely Nodal Management Team, Transportation Sub-Team, Manpower Sub-Team, Drug/Stock Management Sub Team and Emergency Mobility Management Sub-Team. The indicative responsibilities of each sub-team are laid down below along with details of members of each sub-team. The sub-team will function as per direction of the Nodal Management Team and the Joint DHS Lakhimpur in case of any emergencies during flood situation.

Activities Planned for Flood Situation in the District

Activating the Flood Control Room:-

Flood Control Room at Office of Jt. DHS Lakhimpur
Tel. No-03752-357724
In-Charge: **Dr. Dhiren Saikia**, SDM&HO, Public Health, Contact No-9678950371

Various Phases of Flood:

- i. Before Flood
- ii. During Flood
- iii. After Flood

Before Flood Activities Planned:-

- Sensitizing the ASHA Worker & ANMs.
- Ensuring adequate stock in position of Halogen Tab, ORS, Blood Slide, RDK and drugs for minor ailment in all Sub-Centers.
- Additional Medical Stores at each BPHC

During Flood Activities Planned:-

- Halogen Tab, ORS are distribution to the ASHA Workers for use during flood situation.
- Ensuring adequate and safe drinking water in coordination with other Departments.
- Ensuring proper sanitation in villages in coordination with other Departments.
- Medical camps in affected areas - Health & Hygiene Education.
- Alert for epidemic situation.

After Flood Activities Planned:-

- Both Active & Passive Surveillance for Diarrhea and Dysentery or alike diseases.
- Health awareness through camps in affected areas.
- Health Camps if necessary.

Reporting:- Daily reports on flood situation will be collected from each PHC and will be submitted to the District Commissioner and also to Director Health Services, Assam. The reports will be compiled as per the reporting format of DHS, Assam by the Public Health Section of the Office of the Jt. DHS Lakhimpur on daily basis.

Annexure-I

Flood Emergency Teams (Management Teams)

Nodal Management Team

Indicative Responsibility:

- a) To activate all sub-teams immediately in case of any emergency/eventuality reported.
- b) To receive and coordinate all directions from District administration and to act upon them through appropriate sub-teams.

| Sl. No. | Name | Designation/HI | Contact No. |
|---------|-------------------|----------------------------------|-------------|
| 1. | Dr. Dhiren Saikia | SDM&HO(Public Health), Lakhimpur | 9101977318 |
| 2. | Dr. Queen Baruah | SDM&HO (Headquarter), Lakhimpur | 9435085088 |
| 3. | Mr. Diganta Nath | District Consultant, NCVBDC | 9954886642 |

Special Medical Attention I/c

| Sl. No. | Name | Designation/HI | Contact No. |
|---------|--------------------|--|-------------|
| 1. | Dr. Silpi Saikia | SDM&HO(Epidemic), Lakhimpur, cum DSO, IDSP | 9101806050 |
| 2. | Dr. Jitendra Sarma | District Epidemiologist | 8471822131 |

IEC program I/c

N.B.- All notified Team Member are hereby directed to keep their Mobile Switched On as all the team member will have to take telephonic order from superior officers during the Flood Emergency, if any.

9.2 Water Resources Division, North Lakhimpur

North Lakhimpur Water Resources Division deals with flood and erosion problems of the major services in the Lakhimpur District of Assam. This Division maintains the embankments which are under its jurisdiction. The jurisdiction of North Lakhimpur W.R Division covers the river Subansiri (right bank and some reaches of left bank) in the east and the river Pichala in the west. It is bounded by the hills of Arunachal Pradesh in the North and the Brahmaputra and the Subansiri in the south.

This Division consists of two-Division. They are-

- 1) North Lakhimpur Water Resources Sub-Division & 2) Bihpuria Water Resources Sub-Division.

The important rivers falling under the jurisdiction of North Lakhimpur Water Resources Sub-Division are – 1) Subansiri, 2) Ranganadi , 3) Kakoi, 4) Singra, 5) Boginadi , 6) Dirgha, 7) Pabha

The important rivers falling under jurisdiction of Bihpuria Water Resources Sub-Division are –

- 12) The Brahmaputra, 2) Subansiri, 3) Dikrong, 4) Durpang, 5) Pichala (Sessa)

A major part of the embankment system under North Lakhimpur Water Resources Division was constructed in the year 1955-56. As such the life of the embankment system as per design has already been passed away where no works has been taken since then. Three major schemes under FMP have been taken up for raising and strengthening along with anti- erosion works in the river basin at Ranganadi, Dikrong &

Durpang and work is physically completed. But, no major repair and maintenance work of the dykes had taken up under the North Lakhimpur W.R. Division due to paucity of fund. The benefited area of different dykes are as follows.

| Sl.No. | Name of river | Length of embankment | Benefited area |
|--------|-------------------|----------------------|-----------------|
| 1 | The Brahmaputra | 26.10 Km | 11,094 Hectors |
| 2 | Subansiri | 47.70 Km | 13,341 Hectors. |
| 3 | Other tributaries | 260.283 Km | 57,460 Hectors |
| | Total = | 334.083 Km | |

With a view to take timely and effective measures, constant watch/vigil will be taken over the whole embankment system.

During the flood season, water level of the Brahmaputra and its main tributaries will be observed as some key points. They are stated below-

| Sl.No. | Name of river | Gauge site | Danger level |
|--------|-----------------|--------------------------------------|--------------|
| 1 | The Brahmaputra | At 23 rd Km (Jamuguri) | 79.30M |
| 2 | Subansiri | i) At 20 th Km (Dhalghat) | 90.40M |
| | | ii) At Ghanchari | 87.60M |
| | | iii) At Silikhaguri | 80.60M |
| 3 | Ranganadi | At Railway Bridge | 95.02M |
| 4 | Dikrong | At Sissapathar RCC bridge | 86.60M |

The water levels and rainfall data will provide useful advance warning about the flood.

Flood Warning:

In order to keep all flood information such as flood situation from time to time a control room will be functioning in the office of the Executive Engineer, North Lakhimpur Water Resources Division, North Lakhimpur with effect from 1st May/2025 and up to 31st October/2025. The Assistant Executive Engineer (TC) of the North Lakhimpur Water Resources Division will be in-charge of the Control Room. The control room will be functioning on shift duty basis with departmental staff and flood level of different river including all urgent flood message will be recorded in the control room. These data will be transmitted to the higher authority of the Department, District Civil Administration by the in-charge of the control room periodically.

The Departmental telephone No. 03752-222144, 6002912415 (Bihpuria W.R. Sub-Division) and 6002912414 (North Lakhimpur) will be installed in the control room.

The embankment system under North Lakhimpur Water Resources Division are as follows:-

| Sl.No. | New LAC | Name of River | Name of Dyke | Length of Dyke (km) |
|--------|---------------------------------|---------------|--|---------------------|
| 1. | Bihpuria | Brahmaputra | Brahmaputra Dyke (Bodoti to Kharoi) | 26.100 |

ACTION PLAN FOR FLOOD FIGHTING WORKS FOR THE FLOOD SEASON OF 2025-26**Name of Division: - North Lakhimpur Water Resources Division, North Lakhimpur**

| Sl. No | Activities | Tentative time frame | Remarks |
|--------|---|--|---|
| 1. | Identification of vulnerable reaches of dykes | 01.03.2025 to 15.03.2025 | a) Action Plan is mostly dependent on severity of flood and may require alteration/ additions etc. in time. b) Sl. 3 and Sl. No. 7 are dependent on fund allocation by Govt. for the purpose . |
| 2. | Submission of contingency plan | 21.03.2025 | |
| 3. | Arrangement/ Purchase of flood fighting materials etc. | 01.05.2025 to 15.05.2025 | |
| 4. | (i) Stocking flood fighting materials at vulnerable site/ Sub-Divisional store/site store. (ii) Establishment of the Divisional Control room. (iii) Field information and network (iv) Formation of village level/ site levels flood prevention and supervision committees etc. (v) Placement of Departmental Field staff. (vi) Establishment of field flood gauge, M.B etc. | 01.05.2025 to 15.05.2025. | |
| 5. | (i) Co-ordination/ Liaison with District Administration, District Sub- Division Police Authorities, Zila Parishad, CWC, inter Departmental and allied authorities etc. | 01.05.2025 to 31.10.2025. (As and when necessary) | |
| 6. | Dispatch/ Communication of flood message etc. | 01.05.2025 to 31.10.2025. | |
| 7. | Patrolling of dyke/ vulnerable reaches and fighting with flood as per necessity at sites and availability to fund. | 01.05.2025 to 31.10.2025. | |
| 8. | Post flood assessment | After every major flood and at the end of entire flood season. | |

ANNEXURE-II

Name of Division: - North Lakhimpur W.R. Division.

| Sl. No. | Name of River | Name of dyke | Beat | Name of field officer and H.Q. |
|---------|---------------|--|---|---|
| 1 | 2 | 3 | 4 | 5 |
| 1. | Brahmaputra | Brahmaputra dyke from Badati to Kharoi outfall | 1.Ch. 0m-27,100m | Sri Biren Baruah, J.E, H.Q. Bihpuria Ph.No.9954391719 |
| 2. | Subansiri | Subansiri R/B embankment from Bhimporaghat to Na-Ali Village | 1.Ch. 0m- 25,300m | Sri Jagat Borah, J.E, H.Q North Lakhimpur Ph. No. 8638024674(M). |
| | | Subansiri R/B embankment from Bhimporaghat to Na-Ali Village | 1.Ch. 25,400m-40,800m | Sri Jayneswar Chutia, J.E, H.Q North Lakhimpur Ph. No. 8136030397 |
| | | Subansiri R/B Dhunaguri to Chenimoraghat | 1.Ch.0m to 2,500m | Sri Thaneswar Das, A.E, H.Q. Bihpuria Ph. No. 9957416734 |
| | | Subansiri R/B Ring bundh at Pomua Khaboli. | Ch.0m to 940m | Sri Rajib Lochan Phukan, Sub Engg- II, H.Q. North Lakhimpur Ph. No. 9435085150 (M) |
| 3 | Ranganadi | Ranganadi L/B embankment from Ampora to Amtola | Ch.0m-7,450m | Sri Balin Kalita, AE, H.Q. North Lakhimpur Ph.No.9706683992 |
| | | | Ch.7,450-10,300 & Ch.10,800-16,950m | Sri Balin Kalita, AE, H.Q. North Lakhimpur Ph.No.9706683992 |
| | | | Ch.16,950-25,950m | Sri Jibon Khatoniari, Sub. Engineer, H.Q North Lakhimpur Ph. No. 9678925979 |
| | | | Ch.25,950-31,000m | Sri Jibon Khatoniari, Sub. Engineer, H.Q North Lakhimpur. Ph. No. 9678925979 |
| | | Ranganadi R/B embankment from Dijoo to Pohumara | Ch.0m to Ch.8,275m | Sri Jadav Kr. Nath, J.E, H.Q. North Lakhimpur Ph. No. 9401261954(M) |
| | | | Ch. 8,275m to 28,100m | Sri Jibon Khatoniari, Sub. Engineer, H.Q North Lakhimpur. Ph. No. 9678925979 |
| 4 | Singra | Singra R/B embankment from Soronia to Kolakhowa | U/S of NH-52(Ch.0m to ch.3,075m) Sarania to Rly line | Sri Balin Kalita, AE, H.Q. North Lakhimpur Ph.No.9706683992 |
| | | | D/S of NH-52(NT roads to Kolakhowa) (Ch.0m to 5,600m) | Sri Balin Kalita, AE, H.Q. North Lakhimpur Ph.No.9706683992 |
| | | Singra L/B embankment from Phulbari to Borsala | U/S of NH-52(ch. 0 m to 8,555m) | Sri Jagat Borah, JE, H.Q. North Lakhimpur Ph. No. 8638024674(M) |
| | | | D/S of NH-52(Ch. 8,555m to 16,625m) | Sri Jagat Borah, J.E, H.Q. North Lakhimpur Ph. No. 8638024674(M) |
| 5 | Sumdiri | Sumdiri R/B Embankment (Pilot Project) | Ch.0m to 5,090m | Sri Jibon Khatoniari, Sub. Engineer, H.Q North Lakhimpur Ph. No. 9678925979 |
| | | Sumdiri R/B Embankment from Sukulibaria to Majgaon | Ch.0m to 9,400m | Sri Jagat Borah, JE, H.Q. North Lakhimpur Ph. No. 8638024674(M) |
| | | Sumdiri L/B embankment to protect North Lakhimpur College | Ch.0 m to 6,015m | Sri Jibon Khatoniari, Sub. Engineer, H.Q North Lakhimpur Ph. No. 8638024674(M) |
| 6 | Hatilung | Hatilung R/B embankment from N.T. Road to Azad PWD Road | Ch.0m to 9,100m | Sri Jagat Borah, JE, H.Q. North Lakhimpur Ph.No. 8638024674(M) |
| 7 | Kakoi | Kakoi R/B embankment from Lilabari T.G. to Kadam | Ch.0m to 9,500m | 1. Sri Jayneswar Chutia, J.E, H.Q. North Lakhimpur Ph. No. 8136030397 2.Sri Rajib L. Phukan, Sub. Engg., H.Q. North Lakhimpur. Ph. No. 9435085150 (M) |

| | | | | |
|----|----------|---|--|---|
| 8 | Boginadi | L/B embankment from Rajgarhali to NT Road | Ch.0m to 6,900m | Sri Jayneswar Chutia, J.E, H.Q. North Lakhimpur Ph. No. 8136030397 |
| 9 | Dirgha | R/B embankment from Seajuli tea garden to Bhimporaghat | Ch.0m to 9,600m | Sri Jayneswar Chutia, J.E, H.Q. North Lakhimpur Ph. No. 8136030397 |
| 10 | Pabha | Pabha R/B embankment from Rajgarhali to Dhunabari PWD Road | Ch.0m to 30,426m | Sri Bhabesh Narah, Sub-Engineer, Gr-II, H.Q. North Lakhimpur Ph.No.9957287549 (M) |
| 11 | Dikrong | Dikrong L/B embankment | Ch.0m to 29,700m | Sri M.B Qutub, J.E, H.Q. Bihpuria Ph.No.9954100786 |
| | | Dikrong R/B embankment and Dhunaguri section | Dikrong R/B embankment and Dhunaguri section | Sri Thaneswar Das, A.E, H.Q. Bihpuria Ph. No. 9957416734. |
| 12 | Durpang | Durpang both bank embankment from Rajgarhali to its outfall Pichala | Ch.0m to 7,892m L/B Ch.0m to 7,875m R/B | Sri Pradip Longchat , Sub Engg-II, H.Q. Bihpuria Ph.No.9707508237 |
| 13 | Sessa | Sesaa L/B from Rajgarhali to Bikrampur | Ch.0m to 6,400m | Sri Pradip Longchat , Sub Engg-II, H.Q. Bihpuria Ph.No.9707508237 |

9.3 Water Resources Division, Dhakuakhana

INTRODUCTION

Dhakuakhana W.R. Division was established in 16.04.2008. Earlier this jurisdiction was belonging to the Dhemaji WR Division. Presently, this Division comprising 2 (two) Nos. of Sub-Divisions namely-

1. Dhakuakhana W.R. Sub-Division-I, Dhakuakhana
2. Dhakuakhana W.R. Sub-Division-II, Ghilamara

DYKES UNDER DHAKUAKHANA W.R. DIVISION

| Sl. No. | Name of Sub-Division | Name of River | Category of river | Name of Dyke | Length |
|---------|--|---------------|-------------------|--|-----------|
| 1 | Dhakuakhana W.R. Sub-Division-II, Ghilamara | Subansiri | 'A' | Subansiri L/B Dyke from Gogamukh to Selamukht (Ph-I + Ph-II + Ph- III) | 44.75 Km |
| 2 | | Korha | 'C' | Korha R/B Dyke from Gopalpur to Baliyoni (Tenga –Am Beel Ghilamara Bund) | 13.50 Km |
| 3 | | Sampora | 'C' | Kumatiya/Sampora L/B dyke from Gurathali Chapori to Dhakuakhana PWD Road | 4.52 Km |
| 4 | Dhakuakhana W.R. Sub-Division-I, Dhakuakhana | Brahmaputra | 'A' | Brahmaputra Dyke from Sissikalghar to Tekeliphuta | 20.175 Km |
| 5 | | Korha | 'C' | Korha L/B Dyke from Bhagamukh to Moukhowa | 19.15 Km |
| 6 | | Charikariah | 'C' | Without Embankment | |

Total = 102.095 Km

ACTION PLAN FOR FLOOD FIGHTING WORKS FOR THE FLOOD SEASON OF 2025-26

Name of Division: - Dhakuakhana Water Resources Division.

| Sl. No | Activities | Tentative time frame | Remarks |
|--------|--|--------------------------|---|
| 1. | Identification of vulnerable reaches of dykes | 15.12.2024 to 31.12.2024 | a) action Plan is mostly dependent on severity of flood and may require alteration/ additions etc. in time b) Sl. 3 and Sl. No. 7 are dependent on fund allocation by Govt. for the purpose. |
| 2. | Submission of flood drill estimate and contingency plan | 15.04.2025 to 30.04.2025 | |
| 3. | Arrangement/ Purchase of flood fighting materials etc. | 1/05/2025 to 15/05/2025 | |
| 4. | (i) Stocking flood fighting materials at vulnerable site/ Sub- Divisional store/site store. (ii) Establishment of Divisional Control room. (iii) Field information and network (iv) Formation of village level/ site levels flood prevention and supervision committees etc. (v) Detailment of Deptt . Field staff. (vi) Establishment of field flood gauge, M.B etc. | 1/05/2025 to 15.05.2025 | |

| | | | |
|----|--|--|--|
| 5. | (i) Co-ordination/ Liaison with District Administration, District Sub-Division Police Authorities, Zila Parisad, CWC, inter Deptt. and allied authorities etc. | 15.05.2025 to 31/10/2025 (As and when necessary) | |
| 6. | Dispatch/ Communication of flood message etc. | 15.05.2025 to 31.10.2025 | |
| 7. | Patrolling of dyke/ vulnerable reaches and fighting with flood as per necessity at sites and availability to fund. | 15.05.2025 to 31.10.2025. | |
| 8. | Post flood assessment | After every major flood and at the end of entire flood season. | |

ANNEXURE-I

Name of Division:-Dhakuakhana Water Resources Division.

| Sl. No. | Name of Co-coordinating Officer | Designation | Address & Phone No/Fax No. | Remarks |

| 5 | Sampora | Sampora L/B Dyke from Gurathali Chapori to Dhakuakhana PWD Road | Ch.0m-4520m | Sri Rajib Buragohain, AE, H.Q. - Dhakuakhana, Ph. No. - 7896859843(M) | |

ANNEXURE-III

CONTINGENCY PLAN FOR EXTREMELY VULNERABLE REACHES OF EMBANKMENT

Name of Division: - Dhakuakhana W.R. Division

A. MOST VULNERABLE

| Sl No | Name of River | Name of Dyke. | Location/C hainage of Vulnerable Reach | Cause/N ature of vulnera bility | Length of vulnerable reach | Type of measures take up so far | Whether include in RIDF XXX/SOPD G-/M&R 2024-25 etc (Yes/No) | If protectiv e measure s not take up, specify reason | Barest minimum fund required for restoration | Remarks |
|-------|---------------|---|--|---------------------------------|----------------------------|--|--|--|---|--|
| 1 | Brahmapu tra | Brahmaputra Dyke from Sissikalghar to Tekeliphuta | Ch. 12136m to 20575m (kopchang to Juria) | SevereB ank Erosion | 4000m | Temporary Anti- erosion reanures such as dumping of Type- B bags, Launching of PSC Porcupine and Bamboo screen werw take up during the flood year of 2024. | No | -- | a) Parmentent protection measrures, Apro. Amount Rs =14727.66 (L) | Recommended in the 90 th TAC Metting held on 04.11.2024 under Extemally Aided Project under ADB. Now, Tender process of the scheme is going on. |
| 2 | | | from Ch. 22195m to 23695m (Baligaon to Papung) | Erosion | 1500m | | | | | |
| 3 | Korah | Korha L/B from Bhogamukh to Moukhowa | Ch. 12500m to 19150m (Korha Ghat Chariali to Moukhowa) | Inadeequ ate section | 6650 | Temporary measures under Flood Drill such as Laying of EC bags, Pallassidng were taken up during the flood year of 2024 | No | -- | a)Parmentent protection measrures, Apro. Amount Rs =1058.75 (L) b)Temporary protection measrures, Apro. Amount Rs =5.00 (L) | Recommended in the 90 th TAC Metting held on 04.11.2024 under other schemes |

B. VULNERABLE

| | | | | | | | | | | |
|---|-------|--------------------------------------|--|---------------------|------|----|----|----|--|----|
| 1 | Korah | Korah L/B from Bhogamukh to Moukhowa | Ch. 7180m to 9130m (Aam Guri Ghat to Bantu Chapori | Severe Bank erosion | 400m | No | No | -- | a)Parmentent protection measrures, Apro. Amount Rs =424.00 (L) b)Temporary protection measrures, Apro. Amount Rs =5.00 (L) | -- |
|---|-------|--------------------------------------|--|---------------------|------|----|----|----|--|----|

C. LESS VULNERABLE

| | | | | | | | | | | |
|---|-------------|--|--|---------|------|----|----|----|---|----|
| 1 | Charikori a | Ghilaguri to Rounabari (Work in progress | In bet ween Ch. 400m to 1000m of newly constructed dyke from Ghilaguri to Rounabari at L/B | Erosion | 600m | No | No | -- | a)Parmentent protection measrures, Rs =350.00 (L) b)Temporary protection measrures, Rs =20.00 (L) | -- |
|---|-------------|--|--|---------|------|----|----|----|---|----|

Vulnerable Reaches under Dhakuakhana W.R. Sub- Division No- II, Ghilamara

A. MOST VULNERABLE

| | | | | | | | | | | |
|---|--------------------|---|--|---------|---------|---|----|----|---|---|
| 1 | Kumatiya / Sampora | Extension of Sampora L/B embankment from Gurathali Chapori to Dhakuakhana | Ch.0.00m to 500.00m (At Gurathali Chapori) | Erosion | 500.00m | Temporary Anti- erosion measures such as Launching of PSC | No | -- | a)Parmentent protection measrures, Apro. Amount Rs = 419.42 (L) b)Temporary | Due to extension of Right bank embkbt the tendency of flood water |
|---|--------------------|---|--|---------|---------|---|----|----|---|---|

| | | | | | | | | | | |
|--|--|----------|---|---------|---------|--|--|--|---|---|
| | | PWD Road | Ch. 0.1500m to 2300.00m (At Gohain Chapori and Meleki Phatar) | Erosion | 800.00m | Porcupine and Bamboo screen were taken up during the flood year of 2024. | | | protection measures, Apro. Amount Rs = 90.18 (L) | flows is diverted towards the left bank embankment. Therefore at the mentioned locations permanent protective measures such as Geo- bags apron and bank revetment is highly required. Presently it is observed that the bank margin is 10.00 to 15.00m left only towards the embankment |
| | | | Ch. 2500.00m to 2675.00m (At Chinai Dighali) | Erosion | 175.00m | | | | | |

B. VULNERABLE

| | | | | | | | | | | |
|---|-------|--|---|---------|--|--|----|----|---|--|
| 1 | Korah | Korah R/B dyke from Gopalpur to Baliyoni (Tenga- Ambeel Ghilamara bund) | Ch. 8000.00m to 8500.00m (At Dapholial) | Erosion | | | No | -- | a)Parment protection measures, Apro. Amount Rs = 186.32 (L) b)Temporary protection measures, Apro. Amount Rs = 60.84 (L) | Due to U- turen of river Korah the tendency flood water flows towards the Right bank embankmend and the bank erosion is observed. Therefore at the mentioned locations permanent protective measures such as Geo- bags apron and bank revetment is required. Presently it is found that the bank margin is left only10.00 to 15.00m at Dapholial and 50.00 to 75.00m at Paarghat towards the embankment repectively. |
| | | | Ch. 6000.00m to 6450.00m (At Paarghat) | Erosion | | | No | -- | a)Parment protection measures, Apro. Amount Rs = 175.81 (L) b)Temporary protection measures, Apro. Amount Rs = 60.15(L) | |

C. LESS VULNERABLE

Nil

A. PRE FLOOD PERIOD :-

UPDATE EMBANKMENT MAINTAINANCE MANNUAL:-

The embankment & other FC structure have been maintained as per departmental manual for the safety of the dyke and necessary required flood fighting materials is annexed below

| Sl. No. | Name of dyke | Category of river | Length in KM. | Launching Geo Bags (Type- B) | | Temporay protection works like Bamboo pallasading etc. | | Requirement of labour supply (for jungle cutting & other petty repairing works) | | RSC porcupine | | Total amount Rs. in lakhs |
|---------|---|-------------------|--------------------|------------------------------|----------------|--|----------------|---|---------------|---|----------------|---------------------------|
| | | | | Rate (Rs. 840.64) | | Rate @ Rs 919.20/Rm | | Rate @ Rs 450.53/manday | | Rate including supply, local cariage,Launching etc. | | |
| | | | | Qty. Nos. | Amount | Qty. Nos. | Amount | Nos. | Amount | Qty | Amount | |
| 1 | Brahmaputra dyke from Sissikalghar to Tekeliphuta dyke | "A" | 20.175 Km | 2000 | 1681280 | 1200 | 1103784 | 600 | 270318 | 6000 | 2016300 | 50.72 |
| 2 | Korah R/B embankment from Gopalpur to Baliyani (Tenga- Am- Beel Ghilamara bund) | "C" | 13.50 Km | 500 | 420320 | 400 | 367928 | 100 | 45053 | 720 | 241956 | 10.75 |
| 3 | Korha bund L/B from Bhogamukh to Moukhowa | "C" | 19.15 Km | 500 | 420320 | 400 | 367928 | 150 | 67580 | 720 | 241956 | 10.98 |
| 4 | Kumatiya/ Sampora L/B dyke from Gurathali Chapori to Dhakuakhana PWD Road | "C" | 4.52 Km | 500 | 420320 | 400 | 367928 | 150 | 67580 | 1440 | 483912 | 13.40 |
| 5 | Charikaria bank protection | "C" | Without embankment | | | | | | | 1200 | 403260 | 4.03 |
| | Grand Total | | | 3500 | 2942240 | 2400 | 2207568 | 1000 | 450531 | 10080 | 3387384 | 89.88 |

ACTIVATE FLOOD MONITORING IN ALL FLOOD PRONE AREAS AND CAPTURE INFORMATION THROUGH FLOOD BULLETIN:-

The flood prone areas are monitored regularly during entire flood season and necessary remedial measures are taken up if problem arise. The departmental site incharge along with field staff conducted constant vigil round the clock during high stage of flood. The daily flood damage and water level information is sent through through W.T. message regularly to the competent authority. The higher officer visited the site time to time if major problem is arised and measures is taken up as per instruction for the safety of the embankment.

ESTABLISH COORDINATION LINKAGES WITH VILLAGE TEAMS FOR EMBANKMENT STRENGTHENING AND SAFETY:-

The village level coordination teams are formed to identify most vulnerable reaches during high flood. They also help to give informations to the concerned departmental officers about boiling, seepage, leakage, overtopping etc. if occurred during high flood. The committee also helps to provide necessary labours and materials during emergency period to safe the embankment from breach etc.

A. DURING FLOOD PERIOD :-

UNDERTAKE FLOOD PROTECTION AND EROSION MANAGEMENT MEASURES :

The anti erosion measures in the form of RCC porcupine screens as deflector, Bhaluka Bamboo screen (Machine driven), Launching of whole trees/tree brunches and pallasiding with cement bag pitching are taken up with immediate effect to mitigate erosion problem for the safety of the embankment.

CONSTRUCTION/STRENGTHENING/MAINTENANCE OF EMBANKMENT :

The new embankment is constructed along the river in both side of the river to guide the flood water through its original course and to save flood inundation of the nearby village, town etc. The strengthening and maintenance of the embankment is taken up periodically depending upon condition of the embankment to avoid overtopping, seepage, leakage, boiling etc.

UNDERTAKE MEASURES AND DIRECT ACTION TOWARDS ENSURING EMBANKMENT SAFETY :

For the safety of the embankment immediate measures is taken up if the embankment is threatened by the flood.
UNDERTAKE MITIGATION ACTIONS ACROSS THE DEPARTMENT FOLLOWING THE DESIGN CRITERIA MENTIONED IN THE GUIDELINES FOR THE PREPARATION OF DPR OF CENTRAL WATER COMMISSION, GOVT. OF INDIA :-

The DPR is prepared as per recommendation of state Technical Advisory Committee after carrying out detail survey. The necessary designs of embankment as well as other Flood Control structures are carried out in various appropriate method. After preparation, the DPR is sent to the Central Water Commission, Govt. of India, New Delhi through proper channel for necessary approval, sanction etc. On sanction of the DPR the project is implemented by this department.

CONDUCT PRE MONSOON PREPAREDNESS MEETING IN APRIL EVERY YEAR TO TAKE STOCK OF CURRENT STATUS, DISCUSS ABOUT CRITICAL AREAS, REVISIT PROTOCOLS AND OPERATING PROCEDURES, CHECK PREPAREDNESS:-

The "Village Level Coordination Team" is formed before flood to identify vulnerable reaches before flood and necessary flood fighting materials are stocked at various identified vulnerable reaches and accordingly measures are taken up on consultation with the higher authority.

IDENTIFY ACTIVE CHANNELS CAUSING EROSION AND TAKE REMEDIAL MEASURES:-

The active channel causing erosion is identified before flood and remedial measures in the form of pro-siltation measures RCC porcupine screen, Bhaluka Bamboo Screen (Machine driven) is taken up to induce siltation.

IDENTIFY ACTIVE CHANNELS CAUSING EROSION AND TAKE REMEDIAL MEASURES:-

The active channel causing erosion is identified before flood and remedial measures in the form of pro-siltation measures RCC porcupine screen, Bhaluka Bamboo Screen (Machine driven) is taken up to induce siltation.

ASSOCIATE WITH THE IMD (TO KNOW THE RAINFALL PATTERN AND SHORT TERM FORECASTS) AND CWC (FLOOD INFORMATION, TO KNOW THE FLOOD LEVEL) :-

It is maintained through internet and accordingly field staff is alert time to time.

MAINTAIN FLOOD BULLETIN CHART IN ALL STATIONS :-

The flood water levels of various river are recorded from the month of May to October every and the same data/information is sent to the competent authority through W.T message.

MAINTAIN EMBANKMENT MAINTENANCE MANUAL :-

Maintained as described above.

WATCH FLOOD PROTECTION WORK AT ALL TIMES, WITH SUPPORT OF LOCALS :-

The village level coordination teams are formed to identify most vulnerable reaches during high flood. They also help to give information to the concerned departmental officers about boiling, seepage, leakage, overtopping etc. if occurred during high flood. The committee also helps to provide necessary labours and materials during emergency period to save the embankment from breach etc.

OBSERVE AND COLLECT LOCAL DATA TO DETERMINE FLASH FLOODS

The flood data/information is collected from the hilly areas (source) daily and kept ready for taking remedial measures for probable flash flood.

ENSURE SAFETY OF EMBANKMENTS AND TAKE IMMEDIATE PROTECTION MEASURES TO PREVENT BREACH:

If the dyke threatened by the flood and becomes in danger, the necessary immediate measures are taken up round the clock to save the dyke from probable breach and flood devastation.

B. POST FLOOD PERIOD :-

After flood period is over, the vulnerable/damage reaches are identified and detail survey is conducted. After conducting detail survey, the necessary estimates are prepared in various head of account and sent to the competent authority for approval and sanction etc. so that the scheme could be implemented before ensuing of the flood for the safety of the embankment.

9.4 Agriculture Department

Flood is regular feature in Lakhimpur district which generally occurs in between mid of May- Sep with the onset of monsoon. About 30361 HA of crop land is chronically affected by flood every year in the district, resulting in submergence of various crops like paddy, vegetable, sugarcane etc.

The main objectives:

1. To minimize crop loss from natural disaster
2. Preparedness & prevention from crop damage.
3. To make aware the farmers about natural disaster through awareness & training camp.
4. To compensate the economic loss of the farmers through extensive Rabi Crop cultivation.
5. To ensure quick & effective response during disasters to minimize/ quick recovery, restoration & rehabilitation of crop growth & productivity

FLOOD AFFECTED ZONE OF LAKHIMPUR DISTRICT:

| | |
|-----------|---|
| Zone No.1 | Dhakuakhana Agril.Sub-Div. : Dhakuakhana & Ghilamora Block |
| Zone No.2 | Lakhimpur Agril.Sub-Div. : Telahi, Lakhimpur, Boginadi & Naoboicha Dev. Block |
| Zone No.3 | Narayanpur Agril.Sub-Div. :- Karunabari, Bihpuria & Narayanpur Dev. Block |

HAZARD & VULNERABILITY SCENARIO

Among the natural calamities flood has been the chief visitor to the district. Heavy rainfall on the hills of Arunachal Pradesh and flood water of river such as Brahmaputra, Subansiri, Ranganadi, Dikrong, Kakoi, Charikuria, and their tributaries flow carrying the flood water. Generally flood occurs three times in this district 1st flash April-May, 2nd flash June-July & 3rd Flash Aug-Sept. Flood remains about 10-20 Days in many parts of the district and causes damage to the life and property, and also to the crop field affecting food security to the affected people. From this agriculture point of view, the last flash of flood of the year i.e., Aug-Sept causes heavy damage to the crop field.

NATURE OF DAMAGE:-

1. Incidence of pest & disease to the standing crop that escaped on reexisted flood.
2. Damage of upland non paddy crops like vegetables, pulses, banana, fruits crops & other Horticultural crops.
3. Damage of paddy seedlings/paddy crops at tillering stage of medium and late duration paddy.
4. Causes sand and silt deposition to the affected field.
5. Erosion of cultivable land.

Mid season flood usually affect the most of the crops at mid growth stage causing damage depending upon the submergence. Upland paddy at maturity stage have to be harvested from the standing flood water in the field. Some important pest like stem borer, gall midge, hispa, leaf roller & grass hopper & swarming caterpillar are main problematic pest in rice crop in floods affected areas. Moreover, diseases like sheath rot & bacterial leaf blight and blast are common diseases found in paddy field after flood for this, appropriate plant protection measures have to be taken to save the standing crop. Seed treatment & use of resistant varieties in the flood affected areas is very important like Prafulla(60 Days), Gitesh(60 Days), Luit, Kapilee, Dishang (65 to 70).

SOME GENERAL STRATEGIES ADOPTED FOR PEST & DISEASES CONTROL.

1. Surveillance in pest prone areas.
2. Monitoring the major pest like swarming caterpillar, blast, bacterial leaf blight of paddy, cut worms in pulses.
3. Necessary pesticide are provided to counter part pest & disease attack.
4. Capacity building of field functionaries & farmers on a regular basis.
5. To build up season specific pest map on endemic areas.
6. Depending upon the pest attack the prophylactic /community pest control measures through affected farmers and the field functionaries under the expert supervisions of specialist/Scientist of RARS or KVK.
7. Plant protection equipments are being made available to the farmers at free cost/subsidized rate.

Pre Flood: -

Publicity and awareness

Awareness cum training camp will be organized in the flood affected villages by the field staff to make the farmers aware about the ensuring flood. Farmers will be advised how to cope with the havoc of flood /drought and what action is to taken in case of such disaster. Farmers will be suggested to raise seed bed in high land & in community basis, so that the seedling is not damage by the flood. As general varieties of the Rice are mainly affected by flood during June-August. Farmers will be advised to use short duration high yielding varieties of rice which can be transplanted lately after the flood in the month September.

Buffer stocking of seeds

It is proposed to have buffer stock of paddy seeds in the district as well as sub divisional HQ for immediate utilization as relief to the flood affected farmers. The paddy seeds of the both HYV & Local varieties of short & long duration will be selected.

Raising of Community nursery

Raising of Sali seedling at community nursery is proposed near by flood affected areas to distribute seedling to the needy flood affected farmers.

During Flood: - During disaster time all field staff & HQ staff will be at their respective sites & keep constant eye in the vulnerable area. Control room will be open at both district & sub division HQ with a 24 hours service to help the affected farmers & also to guide the grassroot level workers. Any submergence & damage in field crops will immediately be reported in the control room for immediate information to the district administration. For any emergency relief measures they will intimate the concerned revenue circle officer. They will also help the civil administration for any relief works in

the flood affected areas at any moment. During flood farmers will be motivated to raise their Sali paddy seed beds in high land free from flood.

Post Flood: - The following activities will be done by the department after flood:

1. Distribution of Short duration varieties of rice:- If the flood is over in the first part of September it is proposed to distribute seed of some short duration varieties of rice like Luit, Kapili, Culture-1 etc. In the flood affected villages to compensate the loss to some extent.
2. Distribution of excess seedlings:- After the flood, it is proposed to arrange distribution of seedlings to the needy farmers which might be available with some farmers as surplus.
3. Distribution of seedlings from community nursery:- It is proposed to distribute Sali paddy seedling produced in the community nurseries after the flood to the needy flood affected farmers.
4. Arrangement of nutrient feeding:- Paddy field survived after flood can be topdressed with chemical fertilizer viz. Urea & MOP @4Kg &3Kg/Bigha respectively which will help in maintain plant health & thereby increasing productivity.
5. Plant protection Measures:- After recession of flood water, the surviving/standing crop might come under the attack of various pest which might result in severe damage to the crop. Therefore, it is proposed to provide plant protection chemicals at 100% subsidy to the small & marginal farmers affected by flood.
6. Distribution of pulse & paddy seeds:-If the flood occurs within the normal stipulated period & if the paddy seedling cannot be transplanted after receding of disaster, it is proposed to distribute seeds like blackgram & green gram to compensate the loss.
7. Distribution of Rabi seeds:- The most effective post disaster measure in agriculture sector is the extensive cultivation of Rabi crops in the flood affected areas. Therefore, it is proposed to go for cultivation of Rabi crops to compensate the loss due to disaster in kharif season. For this Seeds of crops like Mustard, pea, lentil, potato, Maize, Summer paddy have been proposed for free distribution in affected villages of the district.
8. Free Tractorization:- It is proposed to go for free tractorization to the affected small & marginal farmers , so that targeted area may be achieved in stipulated time & minimize the cost of cultivation.
9. Desiltation:-In silt/Sand deposition areas programme for removal of sand & silt will be proposed to convert the land in to cultivable one.

DEPARTMENTAL RESPONSIBILITIES/ACTIVITIES.

1. Establishing coordination in implementing & providing technology know how on flood management to the farming community through agricultural extension services.
2. Create assured irrigation facilities and availability of water to the agricultural fields.
3. Continue educating farmers on soil & water conservation technologies for implementation of watershed projects & know how on drought/flood resistant crops.
4. Implementing calamities(like flood/drought etc.) relief programmes.
5. Assess damage to crops & allied infrastructures in case of disasters.

Disaster prevention and mitigation and strategy for its successful implementation-

1. Preparedness (i) Undertake skill upgradation of department staff & farmers
(ii) Prepared district wise preparedness plan to manage Drought other hazards such as flood etc.
(iii) Generate awareness on hazards , weather monitoring & suggest actions.

In order to compensate the probable yield loss of crops caused by flood in Lakhimpur district the disaster management plan to be implemented in Rabi/Pre Kharif/Season is prepared with the following provisions. It is prepared for the benefit of all affected small, marginal, big farm families of the district.

1. Distribution of pulse seeds.
2. Distribution of Rabi seeds.
3. Distribution of summer paddy seeds.
4. Distribution of Rabi vegetables.

5. Free Tractorization and
6. Desiltation.

Flood Control Room & Duties assign for control room :-
Flood Control Room : From 1st May 2025 to till the end of the flood at each Agril.Sub-Division as follows -

- | | | | |
|----|-----------------------------------|---|--|
| 1. | District Nodal Officer | : | Pranab Jyoti Hazarika, Sr ADO(P.P)- 9435506076 |
| 2. | Narayanpur Agril. Sub-Division: | | Jutil Konwar, AAI -9101207339 Dilip Saikia, AAI- 8812868752 \Sasanka Neog, AEA -9954511011 |
| 3. | Dhakuakhana Agril. Sub- Division: | | Sushil Baruah, AAI-9435656165 Atul Baruah, Grade-IV-7578027797 |
| 4. | Lakhimpur Agril Sub Division: | | Nripen Dutta, AAI-9435386636 Tofiqul Hussain, AEA -9854005484 Puna Knowar, Grade IV |

9.5 Public Health Engineering Department, Lakhimpur / Ghilamara:

Lakhimpur PHE Division has the following two sub-divisions under its control:

1. N.Lakhimpur PHE Division.
2. Ghilamara PHE Division.

- ◆ At the helm of the relief works will be the two Executive Engineers who will control the activities from their respective Divisional HQ, i.e. N. Lakhimpur and Ghilamara.
- ◆ The division office will guide and monitor the activities of the sub-divisions, and submit action-taken report relating to flood relief measures to The Deputy Commissioner, Lakhimpur after receiving the same from the sub-divisions. Besides, the division office will be in charge for removing bottlenecks that may crop up while taking up flood relief measures. The division will also take up the matter for arranging materials such as bleaching powder, alum and lime etc. with The Deputy Commissioner, Lakhimpur and the Chief Engineer (PHE), Assam.
- ◆ Disinfections of spot sources and distribution of purifier packets will be the areas where the department will exert maximum stress, and accordingly necessary action will be taken during and after flood. Departmental staff will be engaged for this purpose. Disinfections will be carried out by departmental staff as well as private sources. Motivating the people to exercise proper disinfections and hygiene practices for drinking water and taking food, will also be another thrust area for the department during flood. Distribution of leaflets containing disinfections and hygiene practice rules and use of Public Address (PA) system in this regard will be carried out depending upon the situation at hand.
- ◆ Since this Department is concerned with fresh drinking water supply, they should take proper steps for providing pure drinking water to the flood affected people. They should keep ready stocks of Hand Tube- well as required which are to be provided to the affected villages. Chemical treatment of water ponds, ring wells tanks should be taken care of by this Department. The EE, PHE Ghilamara Division is asked to submit the list of pinpoints of HTWs installed in the probable affected areas.
- ◆ Control Room will be operating at both the Divisions.

North Lakhimpur Division:

A) PRE-FLOOD ACTION:

I. Identified the Vulnerable Affected areas. ...

1. **Lakhimpur Development Block** : i. Azad G.P, ii. Kamalaboria G.P, iii. Ghunasuti GP.iv. Lakhimpur GP.
2. **Nowbaicha Development Block** : i. Dolohat Sonapur G.P. ii.Singra G.P. iii.Madhya Nowbaicha G.P.
iv.Pachim Nowbaicha G.P.v.Ronganodi G.P. vi.Nowbaicha G.P.

4. **Boginodi Development Block** : i.Na Kadam G.P.
5. **Karunabari Development Block** : i. Dickrong G.P. ii.Tinthengia G.P. iii.Borchala Pandhowa G.P.iv Niz Laluk GP
v. Dakhin Laluk GP vi Jubanagar GP vii Hermutty GP vii Pabha GP
6. **Bihpuria Development Block** : i. Bahgora Dhunaguri G.P. ii.. Pub Dickrong G.P.
7. **Narayanpur Development Block** : i. Dakhin Narayanpur G.P. ii Pub Narayanpur GP iii Pichala GP.

II. Preparation for Proposed Action

1. Distribution of Chemical Packets ---Chemical Pkts containing Bleaching Powder, Lime and Alum for purification of the infected water sources among the flood affected people.
2. Distribution of Leaflets ----- Mentioning the method of use of Chemical Pkts.
3. Posturing for awareness ----- For create awareness among the people for what to do during flood period.
4. Making of Banners ----- Clearly mentioning the awareness message.
5. Keep ready the Mobile Water Treatment Plant for Supply of drinking water by distributing water Pouch.
6. Ask the departmental contractor to be ready for installation of Hand Tube Well in flood affected areas at any moment..
7. Verification of function ability status of existing water sources within the identified vulnerable area.
8. Notice to all the Engineering personal and other staffs of the division to stay in Head Qtr and be alert to face any situation.
7. Formation of **Quick Action Committee** to meet up any situation.

III. Formation of Quick Action Committee.

- I Overall In charge ---- Smti Rubi Hazarika,
Executive Engineer (PHE),
North Lakhimpur Division.
Mobile No. 8638212955..
- II. Zonal In charge for North Lakhimpur Zone - Sri Asad Ahmed, Asst. Executive Engineer (PHE) ,
North Lakhimpur Sub Division.

9.6 Police Department, Lakhimpur:

INFORMATION :- Flood, erosion of embankment and storms etc. are earmarked as natural calamities. To combat with the above situation the following measures may be initiated, In this connection district police have to play a dominant role for the safety and rescue of the human lives, animals and properties.

OBJECTIVES:-

The main objectives of the contingency security plan are as follows:-

1. All the Os/C of PSs and I/Cs of Ops of the district are to be kept in readiness to meet any exigency. In this regard they are to arrange country boats/motor boats, vehicle etc in co-ordination with the civil administration for rescue operation and shifting of flood affected people/animals etc to safer places. They have to provide adequate security to the life and properties of the victims and in the relief camps and also to ensure the security of the flood effected people.
2. The Os/C & I/Cs also have to keep liaison with civil administration for providing security to the teams distributing relief materials. They should liaise with NDRF/SDRF, army, para-military force, NGOs for rescue and flood relief operation.
3. The service of VDPs to be utilized for the purpose in respective PSs/Ops.
4. Close liaison should be maintained with nearby Fire service stations to providing trained SDRF. personnel and equipments for rescue operations.
5. Striking reserve team should be formed to keep in readiness for rescue if situation arise.

TASK :- The following will be task of the sector officer and sub-sector officer.

- (i) To ensure rescue operation of flood victims
- (ii) To ensure distribution of relief properly during the time of distribution of the relief materials.
- (iii) To ensure that no untoward incident takes place during distribution of the relief materials.

PLAN OF WORKS

In order to achieve the above mentioned objectives each Police Station is treated as sector and each O.P. will be Sub- Sectors.

SECTOR - 1 :- NORTH LAKHIMPUR POLICE STATION

Inspector (UB) Tulumoni Duwarah (M-9859912770), will remain in-charge of this sector and assisted by I/C, Khelmati TOP(M-6900928547), Lalbari OP(M-9365464689), Joyhing OP(M-9854442236), Silanibari OP(M-7896657423) and Nowboicha OP(M- 6026900851), The sector officer will judiciously distribute the CAPF/AP.Bn personnel among the sub-sectors whenever felt necessary to avoid any untoward incident. He will engage VDPs of his jurisdiction .

Force: -
1. A.P. Bn personnel available at PS/Ops.
2. CAPF/District AB/UB personnel.
3. Available officers and manpower under him.

SECTOR - 2 :- PANIGAON POLICE STATION

SI(UB) Simanta Pathak (M-7002796565), will remain in-charge of this sector. This sector will cover entire area of Panigaon PS. The sector officer will judiciously distribute the CAPF/AP.Bn personnel whenever felt necessary to avoid any untoward incident. He will be engage VDPs of his jurisdiction .

Force: -
1. A.P. Bn personnel available at PS/Ops.
2. CAPF/District AB/UB personnel/ SDRF/VDPs.
3. Available officers and manpower under him.

SECTOR - 3 :- LALUK POLICE STATION

SI(UB) Minton Borgohain (M- 7002411184) will be the sector officer of this sector and will be assisted by I/C Harmoti OP(M-7086651487), Dolohat OP(M-6002030872),. The sector officer will judiciously distribute the CAPF/AP.Bn personnel among the sub-sectors whenever felt necessary to avoid any untoward incident. He will be engage VDPs of his jurisdiction .

Force :-
(1) A.P. Bn personnel available at PS / OP
(2) CAPF / AB / UB personnel/SDRF/VDPs.
(3) Available officers and manpower under him.

SECTOR – 4 :- NARAYANPUR POLICE STATION

SI(UB) Nayan Jyoti Deka, OC Narayanpur PS (M-9678307244) will be the in-charge of this sector. The sector officer will judiciously distribute the CAPF/AP.Bn personnel among the sub-sectors whenever felt necessary to avoid any untoward incident. He will be engage VDPs of his jurisdiction .

FORCE: - (1) A.P. Bn personnel available at PS.
(2) CAPF / AB / UB personnel/SDRF/VDPs.
(3) Available officers and manpower under him.

SECTOR – 5 :- BIHPURIA AND BODOTIGHAT POLICE STATION

Inspr Partha Pratim Gogoi, OC Bihpuria PS (M-9957004203) will be the in-charge of this sector. This sector will cover entire Bihpuria PS and Bodotighat PS areas. He will be assisted by O/C, Bodotighat PS, I/C, Dhalpur(M-6000727402), Simaluguri OP(M-7086640592), Banderdewa OP(M-9101352165) and Bangalmara OP, (M- 8638099785). The sector officer will judiciously distribute the CAPF/AP.Bn personnel among the sub-sectors whenever felt necessary to avoid any untoward incident. He will be engage VDPs of his jurisdiction

FORCE: - (1) A.P.Bn personnel available at PS / OP
(2) CAPF / AB / UB personnel/SDRF/VDPs.
(3) Available officers and manpower under him.

SECTOR – 6 :- BOGINADI POLICE STATION

SI(UB) Dantejit Deori, OC Boginadi PS (M-7002123751) will be the in-charge of this sector assisted by I/C, Chauldhowa OP(M-7987074126), The sector officer will judiciously distribute the CAPF/AP.Bn personnel among the sub-sectors whenever felt necessary to avoid any untoward incident. He will be engage VDPs of his jurisdiction ..

FORCE: - (1) A.P. Bn personnel available at PS / OP
(2) CAPF / AB / UB personnel/SDRF/VDPs.
(3) Available officers and manpower under him.

SECTOR – 7 :- DHAKUAKHANA POLICE STATION

Inspector(UB) Priyabrata Gogoi, OC Dhakuakhana PS (M-8133016853) will be the in-charge of this sector and will be assisted by I/C, Sonari Chapori OP(M-8812805479). The sector officer will judiciously distribute the CAPF/AP.Bn personnel among the sub-sectors whenever felt necessary to avoid any untoward incident. He will be engage VDPs of his jurisdiction .

FORCE: - (1) A.P. Bn personnel available at PS / OP
(2) CAPF / AB / UB personnel/SDRF/VDPs.
(3) Available officers and manpower under him.

SECTOR – 8 :- GHILAMARA POLICE STATION

SI(UB) Bakul Gogoi, O/C, Ghilamara PS (M- 9957331574) will be the in-charge of this sector. The sector officer will judiciously distribute the CAPF/AP.Bn personnel among the sub-sectors whenever felt necessary to avoid any untoward incident. He will be engage VDPs of his jurisdiction .

FORCE: - (1) A.P.Bn personnel available at PS.

9.7 Veterinary Department

During flood Animal Husbandry & Veterinary Department is mainly responsible for rescue measure, health care (prevention of outbreak during or after flood), feeding to the livestock and poultry in the flood affected areas.

Role of Block Veterinary officer/Veterinary Officer:

The BVO/VO is the reporting officer for management of rescue, relief and health related problems of livestock under his/her jurisdiction. The role of BVO/VO during and after flood are listed below.

1. To prepare a list of floods affected villages in jurisdiction with concern CO and Gram Pradhan and also prepare village wise list of livestock population.
2. To prepare a map of Hospital/Dispensary showing flood affected areas.
3. To alert all para-vets, other staff under his control.
4. No EL/CL will be allowed except on medical ground.
5. To form a veterinary team (3-6 nos.) to be headed by Vety Doctor covering Hospital/Dispensary area.
6. To keep ready sufficient stock of medicine, disinfectants etc. One buffer stock of medicine to be kept ready all the time.
7. To visit flood affected areas to render rescue and relief measures of animals and submitted the feed and fodder requirement to the Circle Officer as per norms for livestock.
8. To undertake curative and preventive steps against any epidemic among livestock.
9. To arrange and distribute feed and fodder for the animals as directed by CO/DC/SDO(C) and submitted the APRs to the Circle Officer accordingly.
10. To submit daily flood report to DVO by special messenger or any other means.
11. To keep close contact with respective CO for any help.

Dr. Chatrapati Goyari, S.D.V.O., 9954407538 will work as **District Nodal Officer** in all flood related matter including timely distribution of medicine, vaccine etc during the flood season.

Three (3) phases have been prepared for taking up of flood measures under flood contingency plan.

1.Pre flood measure:

- Pre -flood vaccination in flood prone areas.
- Identification of sites for cattle camps and sheds with basic facilities like feed, fodder, water and medicine etc.
- Identifying the highland for rescue of the flood affected animals.
- Information on availability of green fodder from livestock fodder farms or from other sources.
- Keeping contact with other authority (Forest Dept.) in advance for collecting natural grass.
- Sketch maps of the district may be prepared indicating flood affected area, Vety. Institution, livestock population of the area etc.
- Sufficient stock of medicines, appliance, vaccine, disinfectants should be kept in the Vety. Institution

2.During Flood

Mobilization of all field workers and detailed in areas where flood is reported with adequate medicine, rescue and shifting of animals to safer high places.

- ✓ Keep constant vigil on outbreak of diseases and livestock mortality.
- ✓ If cattle mortality reported it should be Immediately attended.
- ✓ Action taken to diagnose the diseases.
- ✓ Arrangement for safe and clean drinking water for animals.
- ✓ Open first aid centre & camp.
- ✓ Requisition for feeds and fodders should be placed to the concerned Deputy Commissioner and SDO (Civil) through respective Circle Officer.
- ✓ The Daily / Weekly flood report should be submitted by concern V.O.

3.Post Flood measure:

- i. Disease surveillance: visit of flood affected areas for any disease occurrence
in livestock.
- ii. Disposal of carcass: Arrangement for safe disposal of carcass.
- iii. Report of lost /washed away of livestock should be authentic.
- iv. Recommendation from the Gram Pradhan, G.P President, Lat Mandals are required and should be countersigned by concern circle officers.
- v. Submission of report on institutional damage if any.
- vi. Restore equipment & stores.
- vii. Repair or replace damaged equipment.

Whole Lakhimpur Dist.is divided into 5 flood zone looked after by a Vety. Relief Team lead by a Zonal officer.

A. Narayanpur Zone:

- i. Area cover: Dhalpur, Narayanpur, Bihpuria and Bahgara Vety. Dispy.
- ii. Zonal officer: Dr. Tikendra Sonowal, Cattle Dev. Officer, ICDP, 9435277316
- iii. V.O., B.V.O, SVFA, VFA, Grade-IV of above institution will constitute the relief team.

B. Nowboicha Zone:

- i. Area: Nowboicha, Dejoor Rampur and Phulbari Vety. Dispy, Laluk Vety. Dispy.
- ii. Zonal Officer: Dr. Tikendra Sonowal, Cattle Dev.Officer, ICDP, 9435277316
- iii.V.O., B.V.O, SVFA, VFA, Grade-IV of above institution will constitute the relief team.

North Lakhimpur Zone:

- i. Area: N. L. Block Vety. Dispy, N. L. Hospital, Panigaon Vety. Dispy., Azad S/C
- ii. Zonal Officer: Dr. Chatrapati Goyari, S.D.V.O., Lakhimpur, 9954407538
- iii. V. O., B.V.O, SVFA, VFA, Grade-IV of above institution will constitute the relief team.

Boginodi Zone:

- i. Area: Boginodi State Vety. Dispy., Kadam, Badhakara and Goroimari Vety. S/C.
- ii. Zonal Officer: Dr. Pratul Sarma, ARO, BCPP, 9435182144
- iii. V.O., SVFA, VFA, Grade-IV of above institution will constitute the relief team.

B. Dhakuakhana Zone:

- i. Area: Ghilamara Block Vety. Dispy., Matmora, Harhi Gobindapur and Dhakuakhana State Vety. Dispy.
- ii. Zonal Officer: Dr. Pratul Sarma, ARO, BCPP, 9435182144
- iii) V.O., B.V.O, SVFA, VFA, Grade-IV of above institution will constitute the relief team.

Central Flood coordination Squad.

- i. Dr. Ajit Sarmah, V.O., 9101250571
- ii. Dr. Chandan Gogoi, V.O., 9435388325
- iii. Dr. Phulmoni Gogoi, V.O., 6002260473
- iv. Sri Umesh Mishra, VFA, 9365042374
- v. Sri Partha Pratim Dutta, Grade-iv, 9957396629
- vi. Sri Rana Dey, Grade-iv, 6001817714

Control Room Squad & Reserve team

- i) Dr. Chandan Gogoi, V.O., 9435388325
- ii) Dr. Ajit Sarmah, V.O., 9101250571
- iii) Sri Gokul Gogoi, LDA, 6000453739
- iv) Sri Sunil Pandit, LDA, 9957440761
- v) Sri Partha Pratim Dutta, Grade-IV, 9957396629
- vi) Sri Isfakur Rahman, Grade-IV, 8399054021
- vii) Sri Rana Dey, Grade-iv, 6001817714

Feed Checking Committee: -

- i) Dr. Chatrapati Goyari, S.D.V.O., 9954407538
- ii) Dr. Ajit Sharma, V.O., 9101250571
- iii) Dr. Chandan Gogoi V.O., 9435388325

Carcass disposal:

1. Standard of deep burial method:

Requirement:

- Spade /hoe
- Excavators.
- Kerosene/Phenol/ Salt
- Bleaching powder or calcium hydroxide.
- Galvanized iron or wire meshes.

Method:

1. A pit or trench should be dug about 2 meters deep. (Carcass should be carried to the burial place by trolley, never by dragging)
2. Top 5 cm soil from where dead animal was lying should also be buried.

3. In order to make it unpalatable, drench kerosene, phenol.
4. Bleaching powder or calcium hydroxide - layered upon the dead animals to keep insects away.
5. It must be ensured that animals do not have any access to burial sites.

Nodal Officer: - Dr. Chatrapati Goyari, 9954407538

C. Resource Inventories available along with their departments with status: -

i). Medicine available: -

Buffer stock of medicine is available for ensuing flood.

Actual quantity of medicines can't be ensured in advance. As such Deputy Commissioner, Lakhimpur is requested to provide fund for purchase of medicine and vaccine etc. if and when needed.

D. Search and Rescue equipment with details status: -

- 1) Eight nos. of Mobile Veterinary Ambulances are available in the district.

Assistance for loss of milch and draught animals- The assistance will be subject to a ceiling of 3 large milch animals and/ or 30 small milch animals or 3 large draught animals and/ or 6 small draught animals per household irrespective of whether a house has lost a large number of animals.

- i) For milch animals-
Rs.37,500/- for Buffalo/ Cow/ Camel / Yak / Mithun etc.
Rs. 4000/- for Sheep/ Goat/ Pig
- ii) For draught animals-
Rs. 32,000/- for Bullock/ Camel/ Horse etc.
Rs 20,000/- for Heifers / Calf / Donkey / Pony / Mule
- iii) For poultry-
Poultry @ Rs.100/- per bird subject to a ceiling of an assistance of Rs.10,000/- per beneficiary household.

9.8 Irrigation Department, Lakhimpur

Name of the Division: Lakhimpur Naoboicha Bihpuria Division (Irrigation)

1.Introduction:

The total geographical area of the Lakhimpur district of the state of Assam is 2277 sq. km out of which the total cultivable area is 1,62,700.63 hectares. The district forms a part of vast alluvial plain of Assam, with a characteristics fertile land, laid down by the river 'The Brahmaputra' and its tributaries. The area covering the district is located between 26°48'N and 27°53'N latitude and 93°42' E and 94°20' E longitude. There are two civil subdivisions, namely North Lakhimpur and Dhakuakhana and nine Community development blocks in the district.

The project formulation and implementation team in all the development Blocks of Lakhimpur district barring Boginadi, Ghilamara and Dhakuakhana comprises the Executive Engineer, Dhakuakhana Division (Irrigation), Dhakuakhana and his team of Engineers. All the works of other six block will be executed by the Executive Engineer, Lakhimpur Naoboicha Bihpuria Division (Irrigation), North Lakhimpur.

The Superintending Engineer, Lakhimpur circle (Irrigation) North Lakhimpur is the district administrative head of the department to monitor the execution of the project. All the technical guidance for formulation and implementation of the projects are given by the Superintending Engineer. The state level, the project is monitored directly by the Chief Engineer, Irrigation through the monitoring and quality control cell of the department. In all technical issues relating to formulation, implementation and monitoring of the project, the Chief Engineer is the final authority in the state who is controlled by Secretary to the Govt. of Assam, Irrigation Department. Besides these, the execution of the project is also monitored in the district level by the Deputy Commissioner, Lakhimpur, North Lakhimpur.

1.2 Objective :

The main objectives of the Flood preparedness are as follows:

- To create the public awareness about the Flood
- To create the sense of the duties and responsibilities of the field level functionaries during pre- flood, during flood and post- flood stages so that there is minimum risk for the damage of lives and properties.
- To rescue and evacuate people, animals and properties during flood.

- To provide first aids to the injured.
- To take care of the children, women and disabled.
- To transfer the seriously injured and people require urgent medical attention to hospitals.
- To restore communication network and essential services.
- To clear debris blocking transportation.
- To provide shelter and relief to the homeless.
- To arrange for food and drinking water to the affected people.
- To dispose off the dead bodies and animal carcass to prevent the outbreak of flood.
- To take people to a safer place during flood.

2.0 Flood Scenario:

The Lakhimpur district is bounded on the North by Siang and Papum Pare district of Arunachal Pradesh, on the east by the Dhemaji district and the Subansiri river. Majuli and Jorhat districts stands on the southern side and Gohpur sub division of Sonitpur district falls to the west of Lakhimpur district. The following statistical data are outlined with reference to the geographical and flood prone areas of the district. The total geographical area of the district is 2277 sq. km out of which 2257 sq. km falls under rural area and the rest 20 sq. km is the urban area.

The floods affect almost all the districts of the state with the magnitude ranging from low to severe. The districts which are near the hilly regions and are comparatively situated at low levels from mean sea level are usually affected badly by the flood every year. Depending upon the geographical location of the state, flood becomes an annual phenomenon and almost the entire region except the hilly areas come into the grip of flood. The monsoon starts from late may or early June every year causing heavy down pour and floods.

| Flood Hazard Affected Areas in Assam | | | |
|--------------------------------------|-------------------------------|------------------------------------|------------------------------------|
| Hazard Severity | Flood Affected Area (Hectors) | % of Flood | |
| | | (w. r. t. State Geographical Area) | (w. r. t. Total Flood Hazard Area) |
| Very High | 1,28,687 | 1.64 | 5.79 |
| High | 2,24,629 | 2.86 | 10.11 |
| Moderate | 3,51,667 | 4.48 | 15.83 |
| Low | 4,91,761 | 6.27 | 22.14 |
| Very Low | 10,24,584 | 13.06 | 46.13 |
| Total | 22,21,328 | 28.31 | 100 |

| Affected Area in % | Name of the Districts |
|--------------------|---|
| 0-10 | Baksa, Chirang, North Cachar, KarbiAnglong, Kokrajhar, Tinsukia |
| 10-20 | Kokrajhar, Tinsukia |
| 20-30 | Cachar, Golaghat, Hailakandi, kamrup (M), Karimganj, Udalguri |
| 30-40 | Bongaigaon, Dhuburi, Dibrugarh, Goalpara, Kamrup, Sonitpur |
| 40-50 | Dhemaji, Jorhat, Nalbari, Nagaon, Sibsagar |
| 50-60 | Lakhimpur |
| 60-70 | Barpeta |
| 70-80 | Darrang, Morigaon |

Besides the floods, the state is also posing a continuous threat from the other havoc creators i.e the earthquake. The state had witnessed 10 major earthquakes above the magnitude of 6 in the Richter scale, the highest during the year 1897 and 1950. In the recent past i.e 2004 to 2011, 14 earthquakes above magnitude 5 were recorded in the district. The state of Assam including the other states of North East India falls in the seismic prone zone V. Therefore, there is a need to be alert for saving our lives and properties during the disasters.

Erosion is generally associated with flood and creates major havoc along the banks of the Brahmaputra and its tributaries. Moreover, due to cloud burst, heavy rain and release of reservoir water from dams etc cause flash flood in the hilly areas, foot hills and urban localities without proper drainage arrangement. The Lakhimpur district also generally experiences strong wind/ cyclones during the month of March and April every year. Because of variability and climate change, drought also occurs more or less regularly in the rain deficit areas of the district. There is a risk of fire hazards and accidents due to the operational or human errors which also results in loss of life and properties. The tea garden areas in the district sometimes face the outbreak Acute Diarrhoeal Diseases (ADD) specially during the monsoon. The less social cohesion, unrest and unwillingness to up hold the human values may often lead to ethnic clashes/ riots etc. leading to the misery and loss of life and properties.

3.0 Main task of the Department:

The irrigation department is mainly responsible for supply of water to the crop fields of the farmers during Kharif, Rabi and pre- kharif season of the year. Therefore, the department undertakes the responsibility of creation and operation as well as maintenance of irrigation infrastructure in the state. The Lakhimpur Naoboicha Bihpuria Division (Irrigation) is responsible for creation of irrigation facilities in all the development blocks of the district barring Boginadi, Ghilamara and Dhakuakhana which is looked after by the Dhakuakhana Division

(irrigation). The division therefore works on integrated approach with the agriculture department of the district. It regularly coordinates with the local district administration in the matter of progress and delivery of services to the public.

Earlier the role of the irrigation department in disaster management was confined to help the district administration in the relief and rehabilitation of the flood affected. With the expansion of the activities, the department has now redefined its role and stressed on pre- disaster preparedness. No separate budget has been provided for disaster management under Grant 30 of the state budget.

The irrigation department undertakes different measures at local, district and state level for transmission of knowledge to field level functionaries about the roles and duties during pre- disaster, post disaster and also during the disasters.

The irrigation assets are controlled and so operated in all the three stages in such a manner that the affects of the disasters are minimum. The public at large should always be protected by extending possible helps and services. The department always keeps in mind that the flood water smoothly passes down the canals at lower levels, therefore all the necessary measures are taken accordingly. Very often, the field level functionaries are deputed to the district administration for the rescue, relief and other essential services during all the stages of the disasters.

❖ **Pre-Flood: Awareness, Training and Capacity Building:**

The department undertakes training activities and capacity building measures to the field level functionaries at various levels. The training programme are conducted by the WALMIS and sponsored by the Govt. of India time to time as a part of their routine activities under annual action calendar. A few training programmes are identified under the irrigation sector by the WALMIS with an object to create awareness and enhance capacity building. These activities define the role of the field level functionaries in operation and maintenance of the assets. People's participation is also held at GP, Block, district and state levels involving the departmental personnel and N.G.O./ beneficiaries. Planning for the disaster preparedness and mitigation is made at division/ district level in convergence with the district administration. The status of the irrigation infrastructures is surveyed by the Executive Engineer and his team of engineers at pre- disaster stages and all the possible repair and strengthening works are taken up. As the monsoon season begins, instructions are passed to the Sub- Divisions and field level functionaries for taking flood preparedness and regulation of gates in the case of flow irrigation schemes and raising of bored pipes in the case of shallow/ deep tube wells.

❖ **During Flood: Rescue, Relief, Essential Services and Others:**

The role and responsibilities of the departmental response team at district level are furnished in **Annexure 3**. Main task of the department at district levels during any emergency situation (disaster) is to ensure:

- Regulation of the gates so that the flood water easily passes downstream of the canals.
- De- activation of the electrical installation.
- Shifting of the portable assets to a safe place.
- Help the district administration in relief and rehabilitation.
- Observe the flood and take immediate measures for the safety of the lives and properties. The central govt. has issued standard operating procedure (SOP) to tackle the emergency situation for different levels. Roles and responsibilities at state, block/ GP level of different departmental functionaries are furnished in the **Annexure 4**.

❖ **Post Flood: Repair of Departmental Infrastructure, Restoration of departmental Services and Others:**

The damage caused to the irrigation infrastructure are reported to the district administration and DDMA and with the approval of it, the proposals are submitted to SDMA for funding. As the funds are sanctioned, necessary repair and restorative work are taken up. The inter-ministerial wing of the Govt. of India conducts inspection and review of the damages caused due to flood. Technical support for repair of the irrigation infrastructure are made by the department at the state level.

4.0 Phase Wise Description of the Departmental Responsibilities:

(A) Pre- flood: The field level functionaries are given necessary training and instruction for their role and duties for regulation of irrigation projects at pre- flood stages. The gates are kept 24×7 when the floods are anticipated due to continuous rain during the monsoon. Sometimes depending on the situation, the electrical and mechanical installation are de- activated. In the case of STW/ DTW irrigation schemes, the pipes are raised above the anticipated flood water level. The pump house operators and the technicians are trained for repair and restoration of the electrical and mechanical installations. In the case of drought or drought like situation, a detailed contingency plan is worked out in consultation with the field level functionaries of the agriculture department to make use of the mobile hand pumps for exploiting the available surface and ground water source. Necessary training in this regard are given to the field level officers and staff of the department. The Water User Association are also taken into confidence in the planning process so that the plan works effectively in the case of drought. As the natural disaster in any forms can not be prevented, the effects of it may be minimized if cares are taken and sufficient awareness are made amongst the public. Actions in this regard are already being taken by the DDMA/ SDMA/NGOs etc.

(B) During the flood: District Nodal Officers/ District Control room will remain in contact with DDMA/ Nodal agencies for early warning of the disaster. On receiving the disaster alerts, District Nodal Officers will be informed through phone, e-mail and web- based SMS alerts.

District Level Nodal Officers will initiate action as per Action Plan and instruction of the District Administration.

On receipt of alerts from state/ district level the concerned officials will activate the response team and mobilize resources immediately for relief and rehabilitation work. The activities at district/ local levels are summarized and reported in the draft SOP.

The objective of having trigger mechanism for natural disaster is to have suo- motto activation mechanisms for spontaneous response to set in motion the command, control and management of the situation. The district engineer will prepare a list of engineering personnel of different categories already available in the district and a number of supporting staff in the case of outbreak of any disaster. Such list may be forwarded to the departmental authority and DDMA. This list will form the incident response team (IRT) at the field level.

On receipt of disaster warning from the DDMA/ District- Administration, the District Engineer will:

- Alert subordinate officers and staff for floods.
- Check vehicles, equipment, stores etc.
- Draw up tentative programme of action.
- Keep close touch with the district administration.
- Visit the affected areas immediately with the IRTs.
- Requisition of additional staff if required through SEs or Additional Chief Engineers.

The field level officials (AE/ JE) will report to the nodal officers at block level (AEE) who will report to the concerned BDO/ Circle Officer and District Nodal Officer (SE/ EE). The District Nodal Officer will report to the State Nodal Officer (CE) and the Deputy Commissioner.

During the disaster especially the flood, the control gates in the head works are kept open and constant vigil is maintained so that the flood water has the least effect on the lives and properties. The field level functionaries may be deployed for the relief and rescue operations as and when the district administration requires their services.

© **Post Flood:**The critical zones of the irrigation projects vulnerable to the flood or other natural havoc are identified and long-term permanent measures are taken up for its re- enforcement and improvement. A recovery plan is formulated for the repair of damaged infrastructures. The District Engineer will:

- Prepare a detailed estimation of the damage and submit the estimate for approval of DDMA/ SDMA.
- After sanction by SDMA, repair and restoration work are taken up.
- Arrange for awareness programme for extension of the benefits of the schemes from the restored infrastructures.

5.0 PROGRAMMES PROPOSED WITHIN ROUTINE DEPARTMENTAL WORKS FOR FLOOD PREVENTION & MITIGATION:

Our department is very much poor in infrastructure facilities for prevention and mitigation of flood. Therefore, a huge necessity is there to strengthen the infrastructure to be capable for mitigating or preventing disaster. But for this strengthening or developing of infrastructure a lot of fund will be required. As there is no special fund available in our department for this purpose till now. If possible, we will have to generate a new fund for this purpose discussing with the higher authority concerned.

6.0 DEPARTMENTAL CAPACITY BUILDING POLICY FOR DISASTER MANAGEMENT

Irrigation department has a mandate to create irrigation potential in the agriculture field throughout the state. With the guidelines of the GoI emphasis has been made at the state level for the capacity building of the departmental staff.,PRI, NGO and the Water User Association. Many training institutes both central govt. and state govt. like the WALMIs and NIRD/SIRD etc. impart training program for the departmental officers and the farmers/ NGOs etc. Like other engineering department of the state, the irrigation department has also the same organizational structure. At district level the works divisions are headed by the Executive Engineer under the administrative control of the Superintending Engineer. Under each working division, the sub- divisions are headed by the Assistant Executive Engineer who controls the field level officers and the field staff.

Necessary capacity building measures are taken up in the form of transfer of latest knowledge and technologies related to the disaster management aspects by inviting resource persons for the field level functionaries/ projects units so that their duties and responsibilities are not compromised at all stages of the disasters. Thus, there is a regular interaction at the institutional, organizational and infrastructural levels. The administrative unit usually coordinates between the institutions and the field level functionaries level for regular update of knowledge and information. Efforts are maintained to create the least gap in the existing capacity. In order to provide instant relief to the victims, a fund-raising programme may be encouraged amongst the staff of the department including the voluntary wishers. Emergency kits containing immediate clothing, food or medicine may be provided to the victims by arranging temporary camps seeking assistants from the well-wishers, public and donors etc.

DHAKUAKHANA DIVISION (IRRIGATION), DHAKUAKHANA FLOOD PREPAREDNESS PLAN

There are 4 nos. Lift Irrigation Schemes under Dhakuakhana Division (Irrigation), Dhakuakhana namely Jhalbari LIS, Sonari Chapori LIS, Dandhara LIS and Bilmukh Patir LIS.

For the upcoming Flood season all the Section Officers and Section Assistants of the mentioned LIS are instructed to prepare for emergency situation as mentioned below:-

1. Instructed all the staffs of the schemes to be ready for any emergency situation.
2. Instructed to inspect the boulder pitching of the schemes if any erosion occurs.
3. Instructed to stock empty cement bags and sand and necessary equipments in their respective schemes to protect if any erosion occurs during the upcoming flood season.
4. Instructed to arrange lighting for observation at night.
5. Instructed to arrange emergency lights, candles, matchbox etc.
6. All AEEs are also instructed to inspect all the schemes frequently.

List of Staffs for emergency response during Flood season:-

9.9 Dhakuakhana & Nowboicha Territorial Road Division.

Objectives:-

1. Making aware the local people before occurrence of any flood.
2. Helping the human beings, other living creatures and protecting plants and property during flood.

Taking temporary restoration by the available recourses of manpower and machinery during flood as well as immediately after flood and to improve road connectivity to Head Quarter, health centers, relief camps etc.

2. Hazard & Vulnerability Scenario:

- Prevalent hazards under this Division are
 - Breaches of embankment of road by flood.
 - Wash way out of bridges, culverts by flood.
- The Lakhimpur district is situated in the eastern part of the state of Assam, on the north bank of mighty river Brahmaputra and foothills of the New Himalayan Region. This region experiences hot, humid & wet during summer while in winter it is cool & dry. So the climatic condition of this area is Tropical with high intensity of Rainfall.
- The average rainfall is above 1800mm per annum. So, whenever it rains on hills, flood water comes straightway to this region and causes severe damage.

3. Main Tasks of the Deptt:

Pre-flood:

- Awareness program, training & capacity building may be done with the collaboration of district Disaster Management Authority, Lakhimpur.
- Resources of manpower & machinery will be provided in occurrence of any flood. But required materials such as bamboo, empty sand bags, sand, granular materials, SPT bridge materials etc. are not available under this division in stock. So, these materials are to be procured. But, the fund for training & procuring of these materials is required.

During flood:

- Breaching of embankment caused by flood is to be marked by bamboo.
- Alignments of road embankment of overtopping road are to be marked by bamboo.
- Small breaches, overtopping and erosion are to be protected by sand/earth filled bags.
- Depressions on the road surface formed by the flood are to be repaired by granular materials.
- Providing bamboo Foot Bridge.
- Boulder protection will be done to protect erosion and wash out of bridges.
- Temporary restoration of SPT bridges will be done with the available materials.
(Materials are to be procured).

Post flood:

- Temporary and permanent restoration of damages caused by flood will be taken up by employing available manpower, machineries and materials immediately after flood.

4. Phase-Wise description of departmental responsibilities:

- The responsibilities of this department are on hazard-wise

Pre-disaster:

- Weak zone will be found out by field survey and the people of that locality will be made aware of the possibility of hazard.
- All the materials and machineries will be kept within the reach of hazardous area.

During Disaster:

- Helping the human beings, other living creatures and prevention of plants and property by keeping the connectivity and communication to the head quarter.

Post disaster:

- Temporary restoration will be taken up immediately and simultaneously processing for permanent restoration will be taken up in due permission from higher authority.

5. Programmes proposed within routine departmental works for flood prevention & mitigation and strategy for its successful implementation:

- The main hazard of this division is flood. So, wash way out of bridges, breaching of road occurs frequently during flood under the jurisdiction of this division. A proper survey may be done and the following program may be proposed:
 - New construction of bridges to provide sufficient opening for flood water.
 - Construction of causeways to avoid breaching of road embankment.
 - Protection of embankment at vulnerable stretch.

Operational Procedures:

1. The sectional officers will collect all the data of flood damages, breaching or overtopping of embankment, wash out of bridges etc. by engaging their sectional assistants. They will be responsible in finding out the vulnerable stretches. Materials to be required for vulnerable stretches may be stocked at nearby safe & accessible site before occurring of flood.
2. The sectional officers will be in contact with the concerned AEE for 24 hours and will take immediate action for temporary restoration with the available manpower and machineries with due permission from AEE.
3. The Assistant Executive Engineer will feed the Executive Engineer about all the information regarding vulnerable and affected stretches by visiting the site himself. He will take the permission for any action to be taken from the EE and will be implemented by the available man power and machineries.
 - i) Machineries will be engaged by collecting from the nearby site of Contractors.
 - ii) In emergencies contractor's manpower may be utilized with due permission.
 - iii) Available manpower and materials from the nearby stock will be utilized.
4. The Executive Engineer will monitor the entire network. He will take all the decision in consultations with district administration. But in case of emergencies the Assistant Ex. Engineer may himself take some decisions at the site. The Executive Engineer will help the field officers in collecting machineries by contacting Contractors. In emergencies he may arrange additional manpower, machineries and materials from the unaffected zones.

Manpower:

Manpower of this division from Executive Engineer level to the Master roll labour will be engaged to combat probable flood.

Machineries:

Machineries of the contractors, whose works are going on under this division, will be engaged as per convenience.

Materials:

We don't have any materials in stock to combat flood. So, Materials required to combat probable flood are to be procured as early as possible.

6. Identification of vulnerable Embankments and Roads under Dhakuakhana Territorial Road Division

| SI No | Name of Road/ Embankment | Vulnerable location with village name | Vulnerable stretches | Name of field officer with contract no. |
|-------|---------------------------------------|---------------------------------------|----------------------------|--|
| 1 | 2 | 3 | 4 | 5 |
| 1 | Gogamukh to Ghilamara Road (SH-22) | Bordoibam Tiniali , Mohbol & Champara | At 15th, 16th km & 17th Km | Sri Lakhi Jyoti Saikia, GE Ph. 7002017619 |
| 2 | Ghilamara to Dhakuakhana Road (SH-42) | Puthikhathi | At 3rd km RCC Br. No.3/1 | Sri Lakhi Jyoti Saikia, GE Ph. 7002017619 |
| 3 | Sonari Chapori to Sapekhathi Road | Sapekhathi | Ch. 6070.00m to 6770.00m | Sri Anurag Dutta, GE Ph. 7002347966 |
| 4 | Left Bank Champara to Kaseruguri Road | Deodhani Pather & Kaseruguri | At 1st & 2nd KM | Sri Girish Doley, JE Ph.7002480747 |
| 5 | Gadangarchuk to Konwarbari Road | Gadangarchuk, Konwarbari, Bangkeleng | At 1st & 2nd KM | Sri Girish Doley, JE Ph.7002480747 |

| | | | | |
|----|--|---------------------|---------------------------------|---|
| 6 | Jalbhari Dimoruguri to Gobinda Gaon Road | Bolahi, Chakuli | At 9th & 10th km | Sri Rajib Doley, JE Ph. 7002680828/ 6223714073 |
| 7 | Chakuli to Basudevthan Road | Chakuli | At 1st, 2nd & 3rd km | Sri Rajib Doley, JE Ph. 7002680828/ 6223714073 |
| 8 | Bolahi to Balipukhuri | Bolahi, Balipukhuri | At 1 st km | Sri Rajib Doley, JE Ph. 7002680828/ 6223714073 |
| 9 | Merkathani to Chiringgorah Road | Chiringgorah | At 1st KM | Sri Rajib Doley, JE Ph. 7002680828/ 6223714073 |
| 10 | Dhakuakhana to Ghunasuti Road | Bhimpara | At approach of RCC Br. No. 10/1 | Sri Dipankar Haloi, GE Ph. 7978460154 |
| 11 | GK Dutta road to Pohumara Pakania Road | Borgoia | At 2nd km | Sri Gautam Buragohain Ph. 9954569629 |
| 12 | Garsiga Bazar to Pandhuwa | Pandhuwa | At 1st & 2nd KM | Sri Bani Kanta Pegu, AE Ph. 9365496003 |
| 13 | Panigaon to Kharkati Ahomoni Mirigaon | Panigaon Pohumoria | At 2nd km | Sri Dipankar Haloi, GE Ph. 7978460154 |

7. Inventory of departmental resources (Resources, Capacity, Location etc.)

| 1 | Empty Cement Bags | Nos. | 15000.00 |
| 2 | Sand | cum | 300.00 |
| 3 | Bamboo | Nos. | 500.00 |
| 4 | Granular Materials | cum | 500.00 |
| 5 | Boulder | cum | 200.00 |

9.10 Social Welfare Department, Lakhimpur

The SWD, Lakhimpur is well equipped with adaptive capacity like technology, infrastructure, information, skill, social capital to cope up with potentially hazardous situation. Through coordination with District Administration and convergence with the line Department ,SWD Lakhimpur, plays an important role in relief & rehabilitation of the disaster ridden people. The frontline human resources of both the Health & Family Welfare Department departments particularly the AWWs, AWHs, ANMs & ASHAs work in tandem along with the community level committees such as the PRI member, Goan Burha Mothers Committees etc. to mitigate the situation.

The SWD Lakhimpur thrives to reach its target population and render services both before and during flood. The Integrated Child Development Services(ICDS)is implemented on-ground by field level functionaries – Anganwadi workers(AWW) and Anganwadi helpers (AWH) – who are trained to provide education, nutrition, and health services in a standardised manner. These well defined network of AWWs & AWHs provide the services rendered under ICDS to the beneficiaries both before, during and after flood. ICDS have very specific target group viz. the children up to six years of age, pregnant women, lactating mothers and adolescent girls and are the most vulnerable in the disaster situation.

In case of child protect Integrated Child Protection Scheme (ICPS) is implemented by setting up District Child Protection Unit (DCPU) as a fundamental unit at the district level. It is responsible for coordinating and implementing all child rights and protection activities at district level and mainly deals with children in conflict with law and children in need of care and protection along with childcare institutions of the district in general.

6.1 Preparedness measures required to minimizing the impact of flood

The tentative measures to minimize the after effect of disaster can be achieved only through a trained and equipped team available within the department to deal with flood preparedness and response in a more organized and systematic manner .Tentative measures SWD Lakhimpur can adopt to ensure effective preparedness to respond to any disaster are given below :

2.1.a Pre Flood Situation

| | | |
|----|---|---|
| 1. | Identification of flood prone areas: Identification of AWC situated at the flood prone areas and are at high risk under the ICDS project. Pro active measures can be taken to evacuate the AWC a earliest when the water level rises in the nearby water sources so that no damage is reported in stocks of AWC such as TLM materials, Growth monitoring gadgets and the other essential stocks. | CDPOs and Supervisors |
| 2. | Estimate of beneficiaries likely to be hit by flood : AWC wise beneficiaries (PM,LM,children) along with Divyangjan and senior citizen by the ICDS Project so that adequate measures can be taken while shifting them from flood affecting areas to safe shelter. The list will also be shared with Circle Level Task Force for necessary arrangement at the relief camp. | CDPOs and Supervisors |
| 3. | IEC: Mass awareness programme will be carried out through audio-visual media to help the community paint a clear picture and sufficient knowledge of the risk they might face during flood and ways to lower them | CDPOs, Supervisors and AWW/AWH |
| 4. | Psychological first aid: Supervisors may be introduced to the concept of psychological first aid. They can act as a medium to support the psychological well being of the individuals during and after flood. Convergence with Health and Family Welfare Department will be required. | Health and Family Welfare Department, CDPOs, Counsellor of OSC, DCPO, Supervisors |
| 5. | Volunteers for Divyangjan and senior citizen : DSWO and CDPO will depute AWW/AWH/volunteers of NGO to help the Divyangjans evacuate the flood affected areas/home and relocating them to safe shelter/relief camp | DSWO/CDPO |
| 6. | Identification and linkage of pregnant women who are in their last trimester of their pregnancy to the health care facilities | CDPO/AWW/AWH/ASHA/Supervisors |

2.1.b During Flood :

| Sl no | During Flood | Key Persons |
|-------|---|----------------------------|
| 1 | Listing of beneficiaries : The CDPOs will forward the list of beneficiaries along with Divyangjan, senior citizen, adolescent relocated to safe shelter/relief camp from the flood affected areas under a AWC and forward the same to the Circle Level Task Force for the supply of foods/edibles along with a copy to the O/o the DSWO Lakhimpur. | CDPOs, Supervisors and AWW |
| 2 | Breast Feeding Corner for Lactating Women : Breast Feeding is the safest option for feeding the infants during flood and displacement mainly for those who are being breast fed exclusively for the first month without any complimentary feeding. A separate corners will be set up in the relief camps to give the mother privacy to breastfeed their infants away from the chaotic surroundings in the relief camp. CDPOs and Supervisors will ensure that no other substitute of Breast Milk, Feeding Bottles are distributed in the camps. | CDPOs, Supervisors and AWW |
| 3. | Child Friendly Spaces for children: Child friendly spaces are supportive environment that helps to address the educational and psychosocial well being of the children in relief camps. Such space provides safe environment for the children where they can indulge in organized activities to play, learn and express themselves and thus help them to cope with stressful environment. TLM, indoor games, story telling, charts etc can be incorporated in the space. CDPO, Supervisors, AWWs are the key persons to ensure setting up of child friendly spaces in the relief camp. | CDPOs, Supervisors and AWW |
| 4. | Counselling on Menstrual Hygiene : AWW/AWH or supervisors will sensitize the women and adolescent girls in the relief camp about the importance of menstrual hygiene at the camps and discuss about the pros and cons of using different sanitary napkins when the access to water and sanitation facilities are available in limited proportion. | CDPOs, Supervisors and AWW |
| 5. | Maintaining a record of bereft beneficiaries : Identification of eligible beneficiaries bereft of any service rendered under Women and Child Development Department as well as Social Justice and Equality Dept. and make necessary arrangement to enroll the bereft beneficiaries post the disaster period. | CDPOs, Supervisors and AWW |
| 6. | Hot Cook Meal (HCM) for children : Community kitchen can be set up in safe and hygienic corner/place in the relief camp where HCM can be prepared and distribute to the children enrolled under the flood affected AWCs. Assistance from local Self Help Group (SHG) that | CDPOs, Supervisors and AWW |

| | | |
|----|--|---------------------------------------|
| | is early by the relief camp can be taken to prepare HCM for the children. Supervisors will ensure the maintenance of hygiene in the community kitchen as well as disposal of organic and non organic waste in dustbin and other designated space provided at the relief camp. | |
| 7 | THR for PM/LM and children (6-36 months): AWWs under the supervision of Supervisors will distribute Take Home Ration to the beneficiaries in the relief camp. CDPOs in consultation with the relief camp incharge will make necessary arrangement such as utensils, disposal required for continuation of complimentary feeding in the camp. | CDPOs, Supervisors and AWW |
| 8. | Volunteers for Divyangjan and senior citizens: DSWO & CDPOs will depute either AWW/AWH or Volunteers from NGO to cater the needs of these special group of people. | DSWO, CDPOs, Supervisors and AWW |
| 9. | Counters for food distribution: Separate counters for distribution of food to children, divyangjan, senior citizen, PM/LM will be ensured in the camps. | CDPOs, Supervisors and AWW |
| 10 | Psychological support: Trained Mental Health Professional can be arranged in collaboration with Health and Family Welfare Dept to provide counselling in the camp. | CDPO, Supervisors and Health Services |

2.1.c POST FLOOD PREPAREDNESS

| Sl no | Post Disaster | Key person |
|-------|--|----------------------|
| 1 | Flood damage report : Once the water level in the affected AWC subsides, the damage report along with estimate must be submitted duly signed by competent authority by the CDPOs within 5 days. | CDPOs |
| 2. | Cleanliness drive: Post flood, the AWW/AWH will clean the debris and ensure that highest degree of sanitation and hygiene is maintained. | AWW/AWH |
| 3. | Special VHSND: List of beneficiaries PM, LM, children and infants from the flood affected AWC who have missed their Ante Natal Check up, immunization due to flood will be prepared and forwarded to the Health services so that earliest arrangement can be made for them to avail the VHSND services. | CDPO /Supervisor/AWW |

Role and Responsibilities

- District Level: SWD, LAKHIMPUR DISTRICT will be the point of coordination with District Administration, Emergency Officer, NGOs, and Media and will function as interface between the department and district & block level functionaries.
- Block level: CDPO will be the point of coordination with SWD, Lakhimpur District, BDO, Block AWWs, GPS & Village Goan burah etc.
- GP Level: Concerned Anganwadi Supervisors to coordinate with PRI members, AWW, ANM, and Village Gaon Burah.
- Village Level: AWW, Asha & Goan burah

Reporting & Monitoring Structure:-

- SWD, Lakhimpur District will collect and consolidate and entire report and share with higher authority with copy to Deputy Commissioner.
- CDPOs will share details SWD, Lakhimpur District.
- Supervisors will share details on the disaster status and action taken with CDPO.

AWWs at the village level will details on the disaster status and action taken with respective Supervisors.

9.11 PWRD Lakhimpur, Ranganadi & Bihpuria Territorial Road Division.

The jurisdiction under the control of the PWRD, Lakhimpur, Ranganadi & Bihpuria Territorial Road Division is the entire Lakhimpur, Telahi, Ranganadi, Karunabari, Bihpuria & Narayanpur Block of Lakhimpur District. The road works under this Division is decentralized by Three nos. of Sub-divisions such as Lakhimpur Territorial Road Sub-Division-1, Ranganadi Territorial Road Sub-Division & Bihpuria Territorial Road Sub-Division. Besides that, the jurisdiction of each sub-Division has not fetched the same topography/physiographic as well as oddly scattering the rivers and their tributaries. As a result, the major disasters like flood have occurred evenly throughout the jurisdiction of each Sub-division.

The rivers along with their branch and tributaries can hardly hold the large volume of water monsoon i.e. April to September which causes heavy and wide spread inundation named as flood. An extreme dynamic monsoon regime combined with unique physiographic setting of

the basin of the Lakhimpur District has been considered as a single most important cause for frequent occurrence of flood in this district. Hence, the preparedness in this regards elaborates phase wise as hereunder by this division.

a) Pre Flood :

The Executive Engineer PWD (Roads) will visit generally the flood affected areas, which are within his jurisdiction and he will requested to all contractors under Lakhimpur, Ranganadi & Bihpuria Teritorial Road Division by 30th March ensures that-

- i) The road –side materials like sand gravel, earth etc. is stacked in proper places so that they are not washed away during floods. At some locations, GCI roofing sheets ,tent, tarpaulins,bamboo, gunny bags, empty cement bags, kodaly, bucket, spade& shovels etc will be stored as ready materials.
 - ii) The passage of all cross drainage works (bridge/culverts/roadside drain) is Clear, free from obstructions to allow easy flow of the flood water.
 - iii) The protection works, as exist in culverts and bridges and road approaches flanking such structure will have been repaired as necessary.
 - iv) The bailey bridges , bull dozers, road rollers truckers and other vehicles of the division or the listed contractors/suppliers are in good running condition.
 - v) Materials like bamboo/wooden/steel joists/equipments and tools for constructing temporary bridge and camps for P.W.R.D. workers are available in stock according to the limit prescribed by the Chief Engineer, P.W.R.D.
- Soundings are taken as necessary for structure, situated below the water level in March and necessary plan and drawings prepared for subsequent reference during floods.
 - Assess and prepare list of staff of different categories for duties and make necessary arrangement.
 - Arrange reserve stock of tools and plants and other stores at seals prescribed by the Chief Engineer, P.W.R.D.
 - Departmental disaster management review meeting in every month will be held at the Division as well as Sub-Divisions and the minutes will be taken into consideration for effective measures.
 - An investigation team under each Sub-Divisions will be set up with a leader of an Assistant Engineer/Junior Engineer along with Sectional Assistants/Muster roll workers for identification of vulnerable prone points. Any identification by this team will be consulted at the monthly review meeting and corrective measures will be planned accordingly.
 - Training programme for the disaster response will be held by the Divisions and Sub-Divisions time to time advance knowledge and skills of the departmental staff.
 - Train all the Technical persons including field staff, masons and labours for the methodology as mandated by the National Building Code,2005 and BIS code of practices for construction of seismic resistant structures.
 - Impart mock drills/Table-top exercises/simulation exercises of the field staff.
 - Plan prepare for some alternative routes to reach either side of the breached portion of the road.
 - Conduct training of staff in latest advancements of engineering demolition techniques, health monitoring of infrastructure assests, seismic strengthening and retrofitting, critical infrastructure protection . Impart technical training,seminar,practical session to improve skill of the technical persons.
 - Maintaining inventory list of all key points that can be mobilised for response and recovery efforts during flood.
 - Distribution of leaflets and erection of hoardings to educate people and generate awareness regarding flood.
 - All RCC structure like bridge, culverts has to be designed considering all seismic parameter as per IRC and MOST's code of practice.
 - Protection of RCC bridges has to be done with boulder pitching, boulder apron at appropriate position.
 - Repair of already flood damaged stretches.
 - Construction of causeways in locations those are more vulnerable during breaching of river guide bunds to pass out huge quantity of flood water safety without damaging the communication network.
 - Repairs of existing damaged culverts and construction of new culverts as per requirement.
 - Carry out Non-destructive Evaluation (NDE) of RCC structures such a cross drainage works for distress identification and then adopt suitable measures as required for strengthening and retrofitting thereof.
 - PWD has a strong group of qualified contractors those are well equipped with sufficient men power and construction machineries like road roller, truck, dumper, tractor cum trailer,excavator, water tankers etc. from whom we can also take the opportunity to utilize the services as when it necessary.
 - AS an emergency preparedness measures, minimum stocks of man materials and machineries in each sub-division will be kept ready.
 -

During Flood :

In this stage, the main efforts to be concentrated on restoration of communication and when disrupted as a war footing manner so that rescue, relief and rehabilitation works could be started without any delay to minimize loss of valuable life and property. The various scope of works under this category may be as follows.

On receipt of flood warning, the EE will—

- i) Under emergent condition keep constant and continuous contacts with the concerned Deputy Commissioner/Civil Sub divisional officers/Revenue Circle Officers/DDMA.
- ii) Alert his subordinate for response
- iii) Draw up tentative programme of the measures to be taken.

On occurrence of floods :

Active all the Teams for disaster response by EE cum Chairman,DMC

- i) EE will immediately visit the flood affected areas with his concerned AEE/AE/JE to the site.
- ii) District Control Room & Logistic Team (DCRLT) will assess requirement of materials and deploy staff for response activities. They will ensure sufficient arrangement of recovery vehicles, water tanks, road roller, excavator cum dozer etc.
- iii) QRT will Keep round the clock vigil of the roads, bridges, etc. which are threatened by the floods.
- iv) Technical Team will take action for restoration of Communication routes within the shortest time possible with all the National Highways, state roads and district roads. In case of village roads at least pedestrian traffic has to be restored.
- v) Technical team in consultation with local Circle Officer/OC of PS will keep proper vigil that no unauthorized cuts are made in P.W.D.roads for draining out of flood water.
- vi) Technical Committee will submit report to the Executive Engineer who in turn will report to Deputy Commissioner, DDMA, Superintending Engineer, Chief Engineer and Secretary ,P.W.R.D. immediately after the occurrence indicating concisely the location,extent of submergence and closure of traffic etc.
- vii) Technical team will place the followings into service i.e. bailey bridge, vehicles (as available) for rescue operations and transhipment of marooned people, livestock etc. as may be required. They will also be responsible for construction of temporary foot bridges.
- viii) Quick Response Team will make necessary arrangement for engagement of labours and machineries to clear debris on road surface and on cross drainage structure.They will also take care of maintenance of road by spreading granular materials, soil etc. to restore the road communication and arrangement of earth filled cement bags mitigate damages at bridge approaches or to divert flow of water.
- ix) Technical team will prepare Plan & estimates for immediate restoration of damaged infrastructures and place it before DDMA for forwarding it to the Government (for SDRF)

Post Flood :

In this stage, the various scopes of work under the Divisional/Sub-Divisional offices includes:-

- Restore tools and plants.
- Repairs /replace damaged tools and plants.
- Collect materials if any lent to D.C. for creating temporary structures in relief camps.
- Take steps for repairs to damaged Roads,Culverts,Bridges and other structures borne in the books of P.W.D.
- Report to D.C., S.E., C.E., and Secretary, PWD as soon as after restoration of Communication and also intimate the expenditure/liability incurred thereof.
- Prepared detailed estimate which should also include the expenditure/liability incurred for restoration of traffic, giving the cost appraisal for restoration of the road surface/structures to the original condition and submit together with the statement in the proforma to the S.E. for onward transmission by the latter to higher authority in P.W.D./D.D.M.A. for obtaining sanction and arrangement of funds.

Constitution of the Incident Response Terms (IRTs) at all levels with provision of delegation of authorit:**District Level IRT:**

9.12 PWRD, Dhakukhana & Nowboicha Territorial Road division:

Operational Procedures:

1. The sectional officers will collect all the data of flood damages, breaching or overtopping of embankment, wash out of bridges etc. by engaging their sectional assistants. They will be responsible in finding out the vulnerable stretches. Materials to be required for vulnerable stretches may be stocked at nearby safe & accessible site before occurring of flood.
2. The sectional officers will be in contact with the concerned AEE for 24 hours and will take immediate action for temporary restoration with the available manpower and machineries with due permission from AEE.

3. The Assistant Executive Engineer will feed the Executive Engineer about all the information regarding vulnerable and affected stretches by visiting the site himself. He will take the permission for any action to be taken from the EE and will be implemented by the available man power and machineries.
 - i) Machineries will be engaged by collecting from the nearby site of Contractors.
 - ii) In emergencies contractor's manpower may be utilized with due permission.
 - i) Available manpower and materials from the nearby stock will be utilized.
4. The Executive Engineer will monitor the entire network. He will take all the decision in consultations with district administration. But in case of emergencies the Assistant Ex. Engineer may himself take some decisions at the site. The Executive Engineer will help the field officers in collecting machineries by contacting Contractors. In emergencies he may arrange additional manpower, machineries and materials from the unaffected zones.

Manpower: Manpower of this division from Executive Engineer level to the Master roll labour will be engaged to combat probable flood.

Machineries: Machineries of the contractors, whose works are going on under this division, will be engaged as per convenience.

Materials: We don't have any materials in stock to combat flood. So, Materials required to combat probable flood are to be procured as early as possible.

9.13 PWD (Building):

The Lakhimpur District is covered under P.W.D. ,North Lakhimpur Territorial Building Division with it's one Sub-Division namely P.W.D.,North Lakhimpur Territorial Building Sub-Division.

This Department has an important role for improvement of Govt. building infrastructure in the District. Construction of new Govt. building infrastructures / maintain the existing one and above all planning for the upcoming Govt. building projects taking into account vulnerability to various disasters.

This department discharges duty for construction & repairing of Public Building of the Department and many other buildings of certain other Administrative Department of the State viz. General Administrative Department, Law & Judicial Department, Education & Cultural Department, Health & Family Welfare Department, Home & Prison Department etc.

Organizational Structure:

- Chief Engineer at State Level
- Superintending Engineer at Circle Level.
- Executive Engineer at District Level
- Asstt. Executive Engineer at Sub Divisional Level
- Sectional Officer at Sectional Level

Pre Flood phase:

- Awareness generation among staffs, public by departmental resource persons.
- Identify core teams for technical/engineering support/decision making in disaster situations
- Identify flood prone areas and buildings of flood affected areas , keep available their database and determine mitigation options
- As per IRS Guidelines, PWD (B) is primarily responsible for setting up of relief camps. Materials required for relief camps, identification of relief camps, open areas are to be finalized in coordination with DDMA.
- Contact Details of all line departments is to be available.
- Constitute teams for warning dissemination, Response, damage assessment, repair and restoration of buildings.
- Maintain inventory list of all key equipment and tools in the district that can be mobilised for response and recovery efforts.
- Identification of alternative arrangement for uninterrupted performance of the affected buildings etc.
- Preposition emergency supplies and equipment/tools in high risk concentration areas

During Flood phase:

- Activate Response team.
- Setting up of control Room if situation demands.
- Ensure safe evacuation of all inhabitants and properties from flood affected buildings.
- Coordinate with power deptt. to ensure safety of power connection
- Setting up of relief camps.
- Mobilise Resources for flood rescue operation.
- Undertake damage assessment of buildings and related infrastructure
- Coordinate temporary repairs to buildings and related infrastructure
- Alternative arrangement for affected buildings etc.

Post-Flood Phase:

- Detail damage assessment

- Submission of SDRF proposals to Govt.
- Repair and restoration of damaged buildings
- Demobilization of Resources

Proposal for "Construction of Flood Shelter (Assam Type Chang Building) at Lohit Khabalu in Lakhimpur District".

Total Estimated Amount:- Rs. 1,78,46,600.00

- In this building 1000 Nos. people can take shelter during flood or 30 Nos. Bed will be accommodated.
- Plinth area of the Building = 627.32m²

List of Employees for Task Force Circle wise

| Sl. No. | Name & Designation | Phone No. | Circle |
|---------|---|-------------|--|

9.14 Sericulture:

Breeding and management of insect for the production of silk is Sericulture. Basically Sericulture is an agro-based cottage industry. In Assam Sericulture is indispensable which produces all the major four types of silk, i.e - Muga, Eri, Mulberry and Tasar. Hence, there are various host plants prevalent as per topography strikingly Som, Sualo, Kesseru, Castor, Mulberry and Oak tree.

In Lakhimpur district the most common host plant are Som Sualo, Kesseru, Castor, and Mulberry which promotes production of Muga , Eri And Mulberry Pat Silk.

1. Organisation: - The Department of Sericulture in Assam is headed by the Director of Sericulture and divided into several sectors in the districts. The Assistant Director is head of the district while Superintendent of Sericulture controls the Sub-division. There are many Farms and Centres like :-

| | | |
|-----------------------|----|---|
| Mulberry Farm | :- | for production of Mulberry Seed cocoons to produce quality silkworm seed. |
| Muga farms | :- | for production of Quality Muga seed cocoons & Basic Seeds. |
| Eri farms | :- | for production of Eri cocoons to produce commercial Eri Seed. |
| CRC | :- | for production of Chawki Worms to distribute among Mulberry Farmers for healthy rearing . |
| Muga Reeling unit | :- | for Reeling of Muga Cocoons by Pvt. Reeeler/Entrepreneur . |
| Mulberry Reeling unit | :- | for Reeling Mulberry Cocoons by Pvt. Reeeler/Entrepreneur . |

| | | |
|---------------------|----|---|
| Muga VGR ECC/CMG | :- | Plantation infrastructure for Pvt. Rearers. |
|---------------------|----|---|

Human Resources/Staff Strength in Lakhimpur :-

| Sl. No. | Designation | Sanctioned Strength |
|---------|--|---------------------|
| 1 | Assistant Director | 1 |
| 2 | Superintendent | 1 |
| 3 | Project Officer | 1 |
| 4 | Extension Officer | 3 |
| 5 | Junior Engineer | 1 |
| 6 | Moharar | 0 |
| 7 | Farm Manager | 4 |
| 8 | Investigator | 1 |
| 9 | Assistant Manager | 6 |
| 10 | Seri Demonstrator | 38 |
| 11 | Senior Assistant | 1 |
| 12 | Junior Assistant | 5 |
| 13 | Driver | 0 |
| 14 | Grade - IV | 26 |
| 15 | Regularized MR Worker | 40 |
| 16 | Skilled Labour | 1 |
| 17 | Master Roll | 2 |
| 18 | Contractual Worker under CDP/NERTPS Scheme | - |
| | Total | 131 |

Flood Prone Area in the District:-

In case of Sericulture, damage of host plants like Som, Sualo, Kesseru, Castor, Mulberry plants etc occurs. Both juvenile and matured plants get affected due to continuous submergence and water logging. Soil erosion drain away the quality food plants more over flood affect directly the soil fertility.

Flood affected zone:-

Zone 1 - Dhakuakhana :
Dhakukhana and Ghilamara Block.

Zone 2 - Lakhimpur :
Telahi, Lakhimpur and Nowboicha Development Block.

Zone 3 - Narayanpur :
Narayanpur, Bihpuria, Karunabari Block.

If the flood comes during rearing period of Mulberry and Eri worms whole crop get spoil. Continuous rainfall affects rearing of Muga which purely out door and consequently fails. There is high risk of diseases and pest predators attack resulting crop loss.

Nature of Damage:

1. Damage to Som, Castor, Kessuru and Mulberry plantation both in juvenile and mature stage. Juvenile plantation totally died out Cohen submergence or water lodging is held due to flood, mature plantation get damage due to erosion and decomposition of root system.
2. Devastating damage to pre Seed Crop and Seed Crop rearing of Muga Silk Worm which is purely out damage on the som plantation.
3. Damage the Eri Silk Worm and Autumn crop Mulberry Rearing.
4. Damage to Silk weaving Sector.
5. Incidence of pest and disease to standing plantation and rearing, that escaped somehow.

Capacity of the Department to Deal with Identified Disaster

Sericulture department is having a well network for providing its services to victim or beneficiaries. But during natural Calamities like flood, storm, earth quake and disease epidemic the department network get disrupted. Hence awareness and capacity building train up should be provided to decrease and minimize the intensity of disaster. In order to provide effective relief services, assistance from district administration DDRAF, Voluntary agencies, HFW, Panchayati Raj & Rural development and Police & Para military force is required. Under the aegis of the department a large number of groups are to be activated in the community level. Member of SHG, MSG, AWMC, etc. are also be vitalized for provides quick and adequate service to women and children of affected areas.

Risk analysis

Various risk involved for the people particularly women, children and old aged person when exposed disaster.
Types of Risks beneficiaries while exposed to different disaster.

| Sl. No. | Hazards/Disaster | Risk Category |
|---------|------------------|--|
| 1. | Flood and Storm | High- Loss of lives, disaster, damage of infrastructure injury to beneficiaries decryption in supplies separation of families. Problem of PWDS, old and infirm feeding intimation. |
| 2. | Earth quake | High risk but low prevalence. |

Prevention and Mitigation :

Measures for prevention of disaster :

Prevention and mitigation plan will be evolve to reduce the impact of disaster. The following measures should be under taken to minimize the collateral damage usually caused by the impact of any disaster.

| Sl.No. | Particulars | Measures required |
|--------|---|---|
| 1. | Capacity building at all level in vulnerable areas of flood cyclone | Functionaries of Sericulture Department staff of ADS, Muga, Mullberry and Eri farm, employee from ECC, CMG, VGR and Circle from all different Demonstration circle etc. will be Trained in collaboration with District Disaster Management Cell. The trained departmental functionaries will provide community training to farmers regard preparedness on disaster. Training batch will be decided along with Village functionaries in community level. On a particular day public awareness Programme will be organized in village to sensitize the Sericulturist. The volunteers will be trained regarding disaster preparedness, relief, rescuer and management of beneficiaries services at different level. For public and awareness campaign at village level posters and relevant leaflet, pamphlet in simple language will be distributed to participant with assistance from Disaster risk Management authority. |
| 2 | Public awareness | Public awareness programme should be conducted though audio visual media to sensitize the community as well as the functionaries. The Disaster Management plan with responsibility and chaw list to be displayed in village and community level. |

Preparedness Plan :

Measure for Preparedness and Capacity building :

A striking component of preparedness is education and training of officials and communities at risk. Training on establishment of standard and operational plan during disaster.

Table : Measure and investment required for straightening different component.

| Sl. No. | Particulars | Measures Required |
|---------|--|---|
| 1. | Strengthening of control room | The control room at district level of Assistance Director of Sericulture, Lakhimpur office and farm and centre level should be equipped with community facility like Telephone, Fax, Internet, Computer, printer, stationeries etc. |
| 2. | Emergency stork of prophylactic and remedial measure | As district level emergency stork of relief material should be available to be supplied to each affected sector to mitigate any disaster event. |
| 3. | Financial Preparedness | No any departmental fund provision at present. The estimated cost will be intimated to Govt. for sanction. |

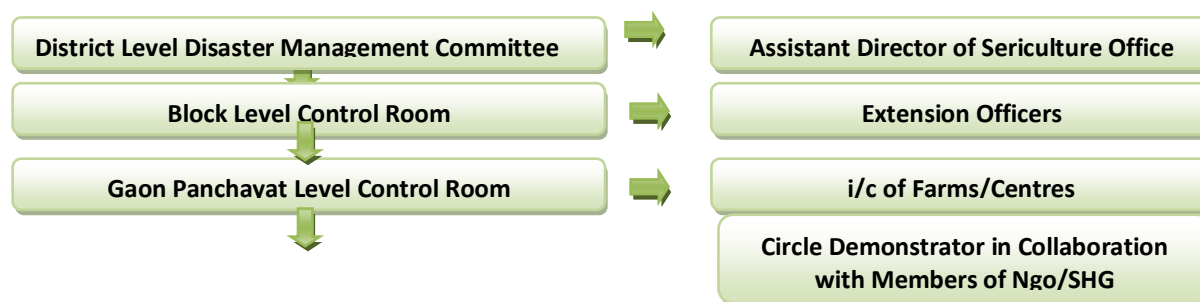

Response Plan and Standard Operation Procedure for Relief :

Disaster Response Plan :

All those actions taken immediately following a disaster when exceptional measure are required to meet the basic of survivor are called disaster Response. These are the measure undertaken to ensure survival and prevent further deterioration of the situation.

A trained and equipped team available within the department to deal with disaster preparedness and response in a well organized and systematic measure can minimize the loss of lives and properties.

District Level Structure of Disaster Response :

Role and Responsibilities :

District Level Sericulture Department (Assistance Director of Sericulture, Lakhimpur) will be the point of coordination with district administration, emergency officer of disaster management, NGO, Media etc. and will functions as interface between the department and district and block level functionaries.

Block level officers (Extension officer) will be the point of coordination with Assistance Director of Sericulture, Lakhimpur and farms and centres.

The farms and centres will coordinate with block level officer (Extension officer), field officers and PRI Member like Gaon Burha, NGO and SHG members etc.

Reporting and Monitoring Structure :

- Assistant Director of Sericulture, Lakhimpur will collect and consolidate entire report and share with higher authority with copy to Deputy Commissioner, Lakhimpur.
- Extension Officer will share detail of disaster to Assistant Manager, Lakhimpur.
- i/c of Farms/Centre will share detail on the disaster status and action taken with Extension Officer (Block Officer).
- Field workers/Seri-Demonstrator will share details of disaster status and action taken with respective i/c of Farms/Centres of Block Level Officer for prompt action.

Standard Operating Procedure (SOP) :

Start immediately on receiving disaster warning or information about any other emergency from any source.

Alert all field Officers :

Early warning shall be issued by the Sericulture Department (ADS) to all Block Level, Panchayat Level and Village Level works.

- (i) Call up the officers and ensure to remain in H.Q.
- (ii) Coordinate with civil society organization, other Govt. department, PRI and media.
- (iii) Prepare status report every day and submit to relevant authority.
- (iv) Send daily situation report to Disaster Management Authority or District Administration.

Disaster Response Mechanism of District :

A rapid assessment will be launched after receiving instructions from the Deputy Commissioner, Lakhimpur as soon as possible but not later than 24 hours after the onset of any disaster following the assessment immediate response plan will be prepared at District Level under the guidance of Deputy Commissioner Lakhimpur and compiled by Assistant Director of Sericulture, Lakhimpur.

The rapid assessment would at least include not limited to the following :

- Lost of sericultural live stock.
- Lost of asset (plantation and other infrastructure)
- Check up of availabilities of food, kerosene and fuel through NGO, SHG and other functionaries as general responsibility.

9.15 DICCC, Lakhimpur:

Introduction:-

The District Industries & Commerce Centre, Lakhimpur was established in the year 1979. After its establishment DI&CC has been playing the role of upliftment of the Industrial sector and generate the employment through industrialization in the district.

Organizational set up of DI&CC:-

There are two establishments of the Department of Industries and Commerce in Lakhimpur district, i.e. Office of the General Manager, DI&CC Lakhimpur and office of the Superintendent of Industries & Commerce at Dhakuakhana.

Industrial Infrastructure:-

Department of Industries and Commerce has the following industrial infrastructure in Lakhimpur district where industrial units can take land or shed on lease for setting up of industrial units:

1. Integrated Industrial Infrastructure Development Centre, Bandardewa
2. Industrial Growth Centre, Lilabari
3. Industrial Estate, Rajbari
4. Block Level Industrial Infrastructure Centre, Bihpuria
5. Commercial Estate, Bongalmara
6. Commercial Estate (under CMSY), North Lakhimpur
7. Industrial Area, Bochagaon

Flood Action Plan:-

In order to minimize the impact of flood in the industrial areas the following actions are to be taken:

- (i) To make the industrial units aware about the preventive measures
- (ii) To guide the industrial units in the issues like Insurance and shifting of materials etc.

- (iii) To act as a bridge between the District Administration / District Disaster Management authority and the industrial units for minimizing the impact of flood.

A. Actions to be taken at different stages of flood:

1. Pre-Flood-

At first industrial units are to be informed about the preventive measures that can be taken by the units before the flood. Industrial units can also be advised to insure their Fixed and Movable Assets.

2. During Flood:-

If the industrial areas are affected by flood, officials from the office of the General Manager, DI&CC, Lakhimpur will evaluate the situation by visiting the area and inform the General Manager as well as DDMA officials about the situation and necessary support will be provided with assistance from district administration.

3. Post Disaster

Post flood, DI&CC will help the industrial units in getting the incentives (if any) provided by the Govt. through different departments.

B. Departmental Standard Operation Procedure (SDP)

1. Telephone nos. of DICC officials will be shared with the industrial units located in the industrial areas for sharing of real time information of flood situation.
2. Telephone No. of Control Room, Hospital, Army, Police Station etc. are to be communicated to the units for using during the emergency.
3. Appropriate actions will be taken based on the instruction received from the District Administration & DDMA
4. A detail report on the impact of flood on the industrial areas is to be prepared is to be shared with the DDMA and the Commissioner of Industries and Commerce, Assam
- 5.

C. Manpower details:-

9.16 Fishery Department, Lakhimpur:

Objective:- The main objective of the Departmental Disaster Management Plan as follows:-

- 1) To minimize crop loss.
- 2) Preparedness and Prevention from Crop loss.
- 3) Awareness Programme among the farmers.

Main Task of the Department:-

1. Pre- disaster
2. During- disaster
3. Post- disaster

Pre-Flood:

- 1) To undertake extension measure relating to protect fish & fish seed from the adverse effect of flood by the renovation of embankments and fixingnets on the banks of the pond
- 2) Create awareness among the fish farmers and fish population in various block and panchayat level about the impending flood by respective block staff.
- 3) Prepare roadmap of various flood prone areas to ease in survey
- 4) Undertake assessment of total fish farmers and fisher population that can possibly be affected by flood.
- 5) Shall constitute a team of official to entrust them during flood for survey
- 6) Knowledge based training programme shall be conducted at various flood prone areas to how and what precautions shall be taken during flood
- 7) Arrangement of necessary stocks such as lime, feeds, seeds, manures, prophylactic treatment materials etc.
- 8) Ensure the fish farmers to create flood resilient bunds/embankments to protect the ponds from flood.

During Flood phase:

- 1) To keep a constant vigil on the flood situation.
- 2) Check stock of seeds, feeds, manures and make arrangements for raising seed.
- 3) Shall immediately collect data of fish farmers and fisher population that are affected by flood.
- 4) Suggest them for necessary arrangement to protect the fish from escaping.
- 5) Shall make arrangement for relief distributions to the affected fish farmers and fisher population.
- 6) Render technical guidance and arrangement for prophylactic treatment measures of ponds/tanks that are exposed to flood water to prevent from outbreak of disease.

Post Flood:

- 1) Guidance for physical restoration of damaged ponds/ tanks.
- 2) Supply required and necessary inputs materials to revive their damaged ponds/tanks
- 3) Suggest the fish farmers for partial harvesting of marketable size fishes to prevent lossdueto possible disease outbreak if s.o.
- 4) Make necessary arrangements for testing of ponds/ tanks exposed to flood water to assess the water quality.

| 3. | Life Buoy | 1(one) No. | |

4. ACTION STRATEGY:-

- I. Overall Monitoring by Sr. Station Officer, North Lakhimpur Fire & Emergency Services Station (with equipments, vehicles and manpower, F&ES and SDRF)
- II. North Lakhimpur F&ES STATION with staff's available covers the following flood affecting area during flood disaster.
 - ✓ Kalakhua
 - ✓ Dalooahat
 - ✓ Gelahati
 - ✓ Borgoyasagori
 - ✓ Sunapur
 - ✓ Kharkati
 - ✓ Putabil

- ✓ Panigaon
- ✓ Khoga
- ✓ Moinapara
- ✓ Azarguri
- ✓ Borpothar
- ✓ Rahali

III. Dhakuakhana F&ES STATION with staff's available cover the following flood affecting area during flood disaster.

- ✓ Tekeliphuta
- ✓ Matmora
- ✓ Bakulguri
- ✓ Harhi
- ✓ Mohkhuwa
- ✓ Ghilamara
- ✓ Bordoibam
- ✓ Bebejia
- ✓ Vasudev
- ✓ Jalbhari
- ✓ Kekuri
- ✓ Bhatijalbhari

IV. Bihpuria F&ES STATION with available staff's & resources cover the following flood affecting area during flood disaster.

- ✓ Dhunaguri
- ✓ Chenimora
- ✓ Badoti
- ✓ Dahghoriya
- ✓ Dangibeel
- ✓ Pokadal
- ✓ Bolukaguri
- ✓ Bahgorah
- ✓ 1 No. Aonibari
- ✓ Kanijan
- ✓ Kongkur

V. Bihpuria F&ES STATION with available staff's & resources cover the following flood affecting area during flood disaster.

- ✓ Futabhog
- ✓ Gormorapathar
- ✓ Majordoloni
- ✓ Makuari
- ✓ 1 No. Sessamiri
- ✓ 1 No. Singia
- ✓ 1 No. Tatibahar
- ✓ 2 No. Moghnua
- ✓ 2 No. Notgaon
- ✓ 2 No. Sessamiri

5. **Important contact Numbers of In-charges of respective Fire & Emergency Services Station of Lakhimpur District.**

DM-26/2/2025-DM-LKPR

1/332705/2025

**MINUTES OF DDMA MEETING ON FLOOD PREPAREDNESS HELD ON 17th
MARCH, 2025 AT 2:00 P.M AT THE CONFERENCE HALL, O/O THE DISTRICT
COMMISSIONER, LAKHIMPUR**

Members Present- Enclosed as Annexure-I

The meeting was chaired by Sri Pronab Jit Kakoty, ACS, District Commissioner and Chairman, District Disaster Management Authority (DDMA), Lakhimpur. At the outset the Chairman welcomed all the members present in the meeting. Sri Tinku Moni Borah, ACS, Addl. District Commissioner & CEO, DDMA narrated the objectives of the meeting.

After threadbare discussion of all aspects the following decisions were taken:-

1. All Circle Officers shall submit their Flood Action Plan by incorporating vulnerable villages/ mapping, village wise household details, Incident Response Team, Zonal Plan for management of relief & rescue operation, Designated Relief Camp details with GPS coordinates and its managements, Designated centre for Child Friendly Spaces with GPS Coordinates, Details of Infant baby/children of the flood affected villages, Details of Village Task Force, Details of CQRT & other active volunteers, Work allotment to Lot Mandals, Raised Platforms/ Raised HTW, updated contact details of official/Lot Mandal/ Gaon Pradhans, Details of Flood Early Warning System (Siren) of concerned Rev. Circle, Resource Inventories including name & contact details of Boats, JCBs, Tractors, Recovery Vans etc. to DDMA on or before **22nd March, 2025**.

Action- All Revenue Circle Officers, Lakhimpur.

2. All line departments shall submit their updated Departmental Flood Action Plan by incorporating Vulnerable mapping, Preparedness as per SOP mentioned in the DM Manual-2015, Manpower details with updated contact nos, Contact details of designated Nodal Officer, Emergency Management/ Response team with contact details, Resource Inventories, Search & Rescue equipments etc. on or before **22nd March, 2025** for preparation of District Flood Action Plan for onward submission to govt.

Action- All line departments, Lakhimpur

3. The District Commissioner, Lakhimpur requested all Block Development Officers (BDOs) to identify all the vulnerable sites, minor bundhs, embankments, probable breaches point etc that falls within their jurisdiction and take immediate necessary steps to repair or restore the same and submit action taken report accordingly.

Action- All BDOs, Lakhimpur

4. Water Resources department shall maintain sufficient stock of empty cement bags and other

flood fighting materials to face any emergency situation. They are directed to activate the village level embankment management committee and to conduct awareness meeting with the committee and submit action taken report before flood season approaches.

Action - Executive Engineer, Water Resources Department, North Lakhimpur & Dhakuakhana Divn.

5. PWD dept. shall engage their staff in the vulnerable locations round the clock for monitoring during the flood season. The concerned department would ensure that all major roads and bridges are maintained in proper- worthy condition so that surface communication during flood is not disrupted and flood relief measures not affected. If any roads damaged due to flood, the concerned departments should take immediate necessary steps to restore the disrupted roads for the greater interest of the public.

Action – Executive Engineer, PWRD, Lakhimpur, Ranganadi & Bihpuria Territorial Road divn.

Executive Engineer PWD, Dhakuakhana & Nowboicha Territorial Road Division
Executive Engineer PWD , NH Divn.

6. The District Agriculture Officer shall mobilize their field staff including ADOs to assess the affected agricultural lands during flood and report regularly to the concerned Circle office and District Administration within 24 hours. The Chairman also reviewed the status of site for Community nursery for upcoming flood season for distribution of Sali paddy seedling. Further the Chairman requested District Agricultural Officer, Lakhimpur to assess the agricultural lands properly after receding water level and maintain wave wise assessment details for further onward submission to the Govt.

Action- District Agriculture Officer, Lakhimpur.

7. The Veterinary department shall organize Veterinary Vaccination camps for pre/during/after flood as per SOP. DVO, Lakhimpur, should keep sufficient quantity of Cattle feed/Green fodder in advance so that flood affected people can easily access the sufficient quantities during emergency situations. The District Commissioner, Lakhimpur requested the District Veterinary officer, Lakhimpur to prepare and submit Action plan for safety of livestock and maintain adequate stock of medicine for animals in the district during entire flood season so that no fear of outbreak of infectious diseases becomes prominent due to poor management. The department also asked to submit circle wise livestock population as per latest census so that Circle offices can promptly manage the relief operation during flood season.

Action - District Veterinary Officer, Animal Husbandry & Veterinary Dept., Lakhimpur.
- All Revenue Circle Officers, Lakhimpur.

8. The Health Department will maintain an adequate supply of life-saving medications and activate the Flood Emergency Team during the flood season. Additionally, they will organize medical health camps in flood-affected areas and relief camps. The department will also ensure that

fogging is conducted at all active relief camps and flood affected areas throughout the flood period.

Action - Joint Director of Health Services, Lakhimpur.

9. The Public Health Engineering dept. shall keep sufficient stock of water purifying tablets (Halogen) and packets of drinking water which will be distributed to the flood affected areas during and post flood. The concerned department would also ensure prevention of disease and epidemic. The PHE department also instructed to keep ready Truck Mounted Mobile Water Treatment Plant for use any eventualities during flood. They shall also be responsible for cleaning surrounding environment after distribution of water packets. The department shall also ensure the continuity of the safe drinking water supply under Jal Jivan Mission (JJM) in the flood affected areas during flood season.

Action - Executive Engineer, Public Health Engineering dept, Lakhimpur & Ghilamara divn.

10. All Circle Officers shall activate the Circle Level Task Force and ensure that all damage proposals should be certified by the Circle Level Task Force. They shall also verify the list of affected beneficiaries pertaining to RG/Ex- Gratia etc as per new SDRF norms personally before sending proposal so that no affected beneficiaries can left out or in duplicate.

Action - All Revenue Circle Officers, Lakhimpur

11. Inland Water Transport dept shall submit an updated status of registered machine boats showing owners name, contact nos with capacity of the boats, sufficient numbers of lifebuoys and fire extinguishers to ensure safety of the passengers traveled by the boats to DDMA, Lakhimpur on or before **22nd March, 2025**. The District Commissioner, Lakhimpur asked IWT department to keep close coordination with District Administration in order to the plying of vessels in the river route during flood season. The department shall provide the list of good quality boats including country boats along with details for relief operation or any other emergency situation in consultation with the concerned circle offices. The list should also be submitted to DDMA on or before **22nd March, 2025**. Additionally, the department has been instructed to monitor all the Ferry ghats covered under Mishing Autonomous Council (MAC) , Zila Parishad and others during flood season for smooth movement of the boats/ Ferries.

Action - Inland Water Transport dept. Lakhimpur unit and all Revenue Circle Officers.

12. All line departments were requested to submit their flood damage report within 24 hours directly to concern Circle Officer, and Circle Officer will compile the report and submit the same to DDMA through Disaster Related Information & Management System (DRIMS) by 1:00 pm positively for onward submission to the Govt. The Chairman also requested the departments of Social Welfare, Education, APDCI & BNRD to submit damage report falling within their

jurisdiction timely if any without further delay to concerned revenue Circle Offices for further reporting.

Action – All Revenue Circle Officers, All BDOs and all line departments.

13. The chairman directed APDCL, Lakhimpur Divn. to submit the report of damages caused due to flood , storm etc. immediately to the concerned revenue circle offices and also they should maintain close coordination with Circle offices & District Administration for further necessary actions. The Chairman also directed that all transformers and electrical wires in flood-prone areas be elevated to prevent any potential incidents in the future.

Action –APDCL, Lakhimpur.

14. Deputy Director, Lakhimpur, Food & Civil Supplies and Consumer Affairs, was directed to ensure maintenance of adequate stock of food items and other essential commodities. He shall maintain close liaison with the Food Corporation of India and all other notified suppliers so that they are in a position to supply requisite amounts of food stuff during the period of flood season. He shall also keep sufficient buffer stock of food grains and Kerosene/Petrol/Diesel for any eventualities. He will also take necessary steps for allocation of PDS wheat/ Rice Bran for buffer stock for meeting up the emergency requirement of cattle feed for flood affected animals. Additionally, the Chairman instructed the officials to conduct frequent visits to wholesalers and millers to monitor stock availability and control price hikes.

Action -Food & Civil Supplies and Consumer Affairs, North Lakhimpur .

15. The Chairman asked the officials of F&ESS, Lakhimpur about the updated status and strength of SDRF, availability of equipments, boats etc. and submit report to DDMA, Lakhimpur on or before **22nd March, 2025**. Further, the Chairman also instructed the Deputy Controller, Civil Defence, Lakhimpur to provide the list of civil defence volunteers circle wise for the entire Lakhimpur district on or before **22nd March, 2025** and to deploy them during the time of rescue & relief operations at circle level.

Action – F&ESS and Civil Defence, Lakhimpur.

16. The District Commissioner & Chairman DDMA, Lakhimpur directed all line departments to prepare themselves as per Incident Response System (IRS) and follow as per Disaster Management Manual- 2015 for any eventualities and if so found fail during emergency ,action will be taken against them as per DDMA Act 2005.

Action – All line departments.

17. All Circle Officers, Lakhimpur are requested to instruct their Field Officers, DM, Lakhimpur to

DDMA, Lakhimpur for further necessary action.

Action –All Revenue Circle Officers, Lakhimpur.

At the end the District Commissioner requested everyone to work as per action plans submitted and in close coordination with each other as a team.

The meeting ended with a vote of thanks from the chair.

F.No.33-03/2020-NDM-I (Vol-II)
Government of India
Ministry of Home Affairs
(Disaster Management Division)

.....
'C' Wing, 3rd Floor, NDCC-II,
Jai Singh Road, New Delhi.
Dated, the 10th October, 2022

To

- (i) The Chief Secretaries of All States
(ii) The Relief Commissioners/Secretaries (DM) of all States.

Sub: Items and Norms of assistance from the State Disaster Response Fund (SDRF) and the National Disaster Response Fund (NDRF) for the period 2022-23 to 2025-26 - regarding.

Sir/Madam,

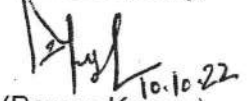

I am directed to refer to this Ministry's letter no 33-03/2021-NDM-I dated 12.01.2022(<https://ndmindia.mha.gov.in/images/gallery/Guidelines%20SDRF%20&%20NDRF.PDF>) and to state that based on the recommendations of the Fifteenth Finance Commission (FFC) on financing of disaster risk management and the report of the Expert Committee set up by this Ministry, the Government of India has revised the items and norms for assistance from SDRF and NDRF. The FFC has recommended three sub-windows of (i) Response & Relief; (ii) Recovery & Reconstruction; and (iii) Preparedness & Capacity Building, within SDRF and NDRF. Accordingly, the items and norms of expenditure have been divided in these 3 sub-windows. The approved list of items and norms for assistance from SDRF and NDRF in the wake of notified natural disasters is annexed (English and Hindi), which will be effective from the financial year 2022-23.

2. The revised items and norms is also available on the website of Disaster Management Division of the Ministry of Home Affairs i.e. www.ndmindia.mha.gov.in.

3. This supersedes Ministry of Home Affairs earlier letters No.32-7/2014-NDM-I dated the 8th April, 2015; No. 33-4/2020-NDM-I dated 14.03.2020, 28.03.2020, 14.07.2020, 23.09.2020, 15.04.2021 & 25.09.2021; No. 33-08/2020-NDM-I dated 27.05.2020; and No.04-01/2018-NDM-I dated 01.12.2020, on the subject.

Encl: As above

Yours faithfully,

(Pawan Kumar)

REVISED LIST OF ITEMS AND NORMS OF ASSISTANCE FROM STATE DISASTER RESPONSE FUND (SDRF) AND NATIONAL DISASTER RESPONSE FUND (NDRF)

(Period 2022-23 to 2025-26, MHA Letter No. 33-03/2020-NDM-I Dated 10.10.2022)

| S.No. | Items | Norms of Assistance |
|----------|--|---|
| A | Response & Relief [40% of State Disaster Risk Management Fund (SDRMF) i.e. equal to 50% of SDRF allocation for the year] | |
| 1 | Gratuitous Relief | |
| | a) Ex-Gratia payment to families of deceased persons. | Rs. 4.00 lakh per deceased person, including those involved in the relief operations or associated in preparedness activities, subject to the certification regarding cause of death from the appropriate authority. |
| | b) Ex-Gratia payment for loss of a limb or eye(s). | Rs. 74,000/- per person, when the disability is between 40% and 60%. Rs. 2.50 lakh per person, when the disability is more than 60%. Subject to certification by a doctor from a hospital or dispensary of Government, regarding the extent and cause of disability. |
| | c) Grievous injury requiring hospitalization | Rs. 16,000/- per person requiring hospitalization for more than a week. Rs. 5400/- per person requiring hospitalization for less than a week. Note: Injured persons getting treatment under the 'Ayushman Bharat' Yojna, will not be eligible for relief under this item. |
| | d) Clothing and utensils/ household goods for families, whose houses have been washed away/ fully damaged/severely inundated for more than two days due to a natural calamity. | Rs. 2,500/- per family, for the loss of clothing. Rs.2,500/- per family, for loss of utensils/ household goods. |
| | e) Gratuitous relief for families whose livelihood is seriously affected. | Gratuitous Relief (GR) for families, whose livelihood is seriously affected will be provided to two adults members of the affected family as per actual rate of MNREGA per day or average rate of all States/UTs per day, whichever is lower. For this purpose, notification issued by Ministry of Rural Development from time to time, is to be referred for calculating average rate. The relief amount should be disbursed |

| | | |
|-----------|--|---|
| | | <p>through DBT/cash(In case of exigency of the situation only) or the State Government may provide this relief in kind.</p> <p>State Govt. will certify that identified beneficiaries are not housed in relief camps, during the period GR is provided. Further, the State Government will provide the basis and process for arriving at such beneficiaries, district-wise.</p> <p>Period for providing gratuitous relief will be as per the assessment of the State Executive Committee (SEC) and the Central Team (in case of NDRF). The default period of assistance will be upto 30 days, which may be extended upto 60 days in the first instance, if required, and subsequently upto 90 days in case of drought/ pest attack. Depending on the ground situation, the SEC can extend the time period beyond the prescribed limit. Provided that expenditure on this account, in no case, should exceed 25% of SDRF allocation under this window (Response & Relief) for the year.</p> <p>Further, to ensure transparency, the list of persons to whom Gratuitous Relief is provided, should be uploaded on the website of the State Government. The State Government shall notify the basis and proof for the identification of beneficiaries in a transparent manner.</p> |
| 2. | Search & Rescue Operations | |
| | (a) Cost of search and rescue measures/ evacuation of people affected/ likely to be affected. | <p>As per the actual cost incurred, assessed by SEC and recommended by the Central Team (in case of NDRF).</p> <p>By the time the Central Team visits the affected area, these activities may be already over. Therefore, the SEC and the Central Team can recommend actual/ near-actual costs.</p> |
| | (b) Hiring of boats and other essential equipments for carrying immediate relief and saving lives. | <p>As per the actual cost incurred, assessed by SEC and recommended by the Central Team (in case of NDRF).</p> <p>The quantum of assistance will be limited to the actual expenditure incurred on hiring boats and other essential equipment required for rescuing stranded people and thereby saving human lives during a notified natural calamity.</p> |
| 3 | Relief Measures | |
| | (a) Provision for temporary accommodation, food, clothing, medical care, Gen-set etc. for | <p>As per actual cost incurred, and assessed by SEC and recommended by the Central Team (in case of NDRF), for a period upto 30 days. The</p> |

| | | |
|-----------|---|---|
| | people affected/ evacuated and sheltered in relief camps. | SEC would need to specify the number of camps, their duration and the number of persons in camps. In case of continuation of a calamity like drought, or widespread devastation caused by earthquake or flood etc., this period may be extended to 60 days. Depending on the ground situation, the SEC can extend the time period beyond the prescribed limit. Provided that expenditure on this account, in no case, should exceed 25% of SDRF allocation under this window (Response & Relief) for the year. Medical care to be provided from National Health Mission (NHM). |
| | (b) Air dropping of essential supplies and rescue by Air Force | As per actual cost incurred, assessed by SEC and recommended by the Central Team (in case of NDRF). The quantum of assistance will be limited to actual amount raised in the bills by the Ministry of Defence for airdropping of essential supplies and rescue operations only. |
| | (c) Provision of emergency supply of drinking water. | As per actual cost, based on the assessment of need by SEC and recommended by the Central Team (in case of NDRF), up to 30 days, which may be extended upto 90 days in case of drought. Depending on the ground situation, the SEC can extend the time period beyond the prescribed limit. Provided that expenditure on this account, in no case, should exceed 25% of SDRF allocation under this window (Response & Relief) for the year. |
| 4. | Clearance Of Affected Areas | |
| | a) Clearance of debris in public areas. | As per actual cost, for a period upto 30 days from the date of start of the work, based on assessment of need by SEC for the assistance to be provided under SDRF and as per the assessment of the Central team for assistance to be provided under NDRF. |
| | b) Draining off flood water in affected areas ¹ | As per the actual cost within 30 days from the date of start of the work based on assessment of need by SEC for the assistance to be provided under SDRF and as per assessment of the Central team (in case of NDRF). |
| | c) Disposal of dead bodies/ Carcasses ¹ | As per the actual cost, based on assessment of need by SEC and recommendation of the Central Team (in case of NDRF). |
| 5 | Agriculture | |
| (i) | Assistance to small & marginal farmers having landholding upto 2 ha | |

M. J.

| | | |
|------|---|---|
| (A) | Assistance for land and other loss | |
| | a) De-silting of agricultural land (where thickness of sand/ silt deposit is more than 3", to be certified by the competent authority of the State Government.) | Rs 18,000/- per hectare for each item. Above is subject to a minimum assistance of not less than Rs. 2,200/- per farmer. (Subject to the condition that no other assistance/ subsidy has been availed of by/ is eligible to the beneficiary under any other Government Scheme) |
| | b) Removal of debris on agricultural land in hilly areas | |
| | c) De-silting/ Restoration/ Repair of fish farms | |
| | d) Loss of substantial portion of land caused by landslide, avalanche, change of course of rivers. | Rs 47,000/- per hectare to only those small and marginal farmers whose ownership of the land is legitimate as per the revenue records. Above is subject to a minimum assistance of not less than Rs. 5,000/- per farmer |
| (B) | Input subsidy (where crop loss is 33% and above) | |
| | a) For agriculture crops, horticulture crops and annual plantation crops | Rs. 8,500/- per ha. in rainfed areas. Above is subject to a minimum assistance of not less than Rs.1,000/- per farmer and restricted to sown areas. Rs. 17,000/- per ha. in assured irrigated areas. Above is subject to a minimum assistance of not less than Rs.2,000/- per farmer and restricted to sown areas. |
| | b) Perennial crops/Agro forestry (Plantation in own farmland) | Rs. 22,500/- ha. for all types of perennial crops/ Agro forestry (Plantation in own farmland), subject to a minimum assistance of not less than Rs. 2,500/- per farmer and restricted to sown areas. |
| | c) Sericulture | Rs. 6,000/- per ha. for Eri, Mulberry, Tussar Rs. 7,500/- per ha. for Muga. Above is subject to a minimum assistance of not less than Rs.1000/- per farmer and restricted to sown areas. |
| (ii) | Input subsidy to farmers having more than 2 Ha of landholding | Rs. 8,500/- per hectare in rainfed areas and restricted to sown areas. Rs. 17,000/- per hectare for areas under assured irrigation and restricted to sown areas. Rs. 22,500/- per hectare for all types of perennial crops/ trees including agro forestry (Plantation in own farmland) and restricted to sown areas. |

| | | |
|----|--|---|
| | | Assistance may be provided where crop loss is 33% and above, subject to a ceiling of 2 ha. per farmer. |
| | Note: Assistance for input subsidy under item No. 5(i)(B) and 5(ii) will be adjusted to the extent of insurance claim received under the Prime Minister Fasal Bima Yojna (PMFBY), for the instant calamity. | |
| 6. | Animal Husbandry - Assistance To Small And Marginal Farmers And Landless Livestock Owners | |
| | i) Assistance for the loss of milch animals, draught animals or animals used for haulage. | <p>Milch Animals-</p> <p>Rs. 37,500/- Buffalo/ cow/camel/ yak/ Mithun etc. Rs. 4,000/- Sheep/ Goat/ Pig</p> <p>Draught animals -</p> <p>Rs. 32,000/- Camel/ horse/ bullock etc. Rs. 20,000/- Calf/Donkey/ Pony/ Mule/ Heifers</p> <p>The assistance may be restricted for the actual loss of economically productive animals due to notified natural calamity and will be subject to a ceiling of 3 large milch animals and /or 30 small milch animals or 3 large draught animals and/or 6 small draught animals per household irrespective of whether a household has lost a larger number of animals.</p> <p>(Claim for loss of animals will be considered only if number and type of animals owned by Small and Marginal Farmers/Landless Livestock Owners are registered with local/designated authorities.)</p> <p>Poultry:- Poultry @ 100/- per bird subject to a ceiling of an assistance of Rs 10,000/- per beneficiary household. The death of the poultry birds should be on account of a natural calamity.</p> <p>Note: - Relief under these norms is not eligible if the assistance is available from any other Government Scheme, e.g. loss of birds due to Avian Influenza or any other diseases for which the Department of Animal Husbandry has a separate scheme for compensating the poultry owners.</p> |
| | ii) Provision of fodder / feed concentrate including water supply and medicines in cattle camps. | <p>Large animal - Rs. 80/- per day. Small animal - Rs. 45/- per day.</p> |

| | | |
|-----------------|---|---|
| | <p>Explanation: It will also include existing Gaushalas, if authorized by the State Government by Notification or Government Order, to act as a cattle camp subject to the following conditions:-</p> <p>(i) During the period of calamity, District Administration will assess the requirement of cattle shelter and number of gaushala required to be notified as cattle shelter in the District/Tehsil. After obtaining the base-line information on the cattle already sheltered and the number of more cattle it can accommodate, Gaushala may be notified as cattle shelter.</p> <p>(ii) The notified gaushala shall maintain a separate account of the additional cattle belonging to SMF and landless labourers for the notified drought period. The consolidated list of SMF and landless beneficiaries with number and types of animals will be displayed on the notice board of Gram Panchayat, Block, Tehsil and in the office of Sub-Divisional Magistrate and District Magistrate as well as State/ District web-site for the purpose of verification and social audit.</p> <p>(iii) SDRF funds will only be released to such notified gaushala on reimbursement basis and will be limited to list of individual beneficiaries notified as in Sl.No. (ii) above.</p> | <p>Period for providing relief will be as per the assessment of the SEC and the Central Team (in case of NDRF). The default period for assistance will be for the period of calamity upto 30 days, which may be extended upto 60 days in the first instance and in case of severe drought up to 90 days. Depending on the ground situation, the SEC can extend the time period beyond the prescribed limit. Provided that expenditure on this account, in no case, should exceed 25% of SDRF allocation under this window (Response & Relief) for the year.</p> <p>Based on assessment of need by SEC and recommendation of the Central Team, (in case of NDRF) consistent with estimates of cattle as per Livestock Census and subject to the certificate by the competent authority about the requirement of medicine and vaccine being calamity related.</p> |
| | <p>iii) Transport of fodder to cattle outside cattle camp</p> | <p>As per actual cost of transport during notified calamity, based on assessment of need by SEC and the recommendation of the Central Team (in case of NDRF), consistent with estimates of cattle as per Livestock Census.</p> |
| <p>7</p> | <p>Fishery</p> <p>i) Assistance to Fisherman for repair / replacement of non-mechanized boats and damaged/ lost nets.</p> <p>(This assistance will not be provided if the beneficiary is eligible or has availed of any subsidy/</p> | <p>Rs. 6,000/- for repair of partially damaged boats only</p> <p>Rs. 3,000/- for repair of partially damaged net</p> <p>Rs.15,000/- for replacement of fully damaged boats</p> |

| | | |
|-----------|---|---|
| | assistance, for the instant calamity, under any other Government Scheme.) | Rs. 4,000/- for replacement of fully damaged net (Assistance under this item will be adjusted to the extent of insurance claim, if any, received by the fisherman, under any insurance scheme, for the instant calamity). |
| | ii) Input subsidy for fish seed farm to Small and Marginal Farmers | Rs. 10,000/- per hectare. This assistance will not be provided if the beneficiary is eligible or has availed of any subsidy/ assistance, for the instant calamity, under any other Government Scheme, except the one time subsidy provided under the Scheme of Ministry of Fisheries, Animal Husbandry & Dairying. |
| 8 | Handicrafts/Handloom – Assistance To Artisans | |
| | i) For replacement of damaged main functional tools/ equipments | Rs. 5,000/- per artisan for equipments. Subject to certification by the competent authority designated by the Government about damage and its replacement. |
| | ii) For loss of raw material/ goods in process/ finished goods | Rs. 5,000/- per artisan for raw material. Subject to certification by Competent Authority designated by the State Government about loss and its replacement. |
| 9 | Locust Control | |
| | Hiring of vehicles, tractors, with spray equipments for spraying of plant protection chemicals for pest control, hiring of water tankers and purchase of plant protection chemicals for locust control. | As per the actual cost, based on the assessment of need by the SEC and recommended by the Central Team (in case of NDRF). The quantum of assistance will be limited to the actual expenditure incurred on hiring vehicles, tractors with spray equipments for spraying of plant protection chemicals for locust control during locust attack. However, expenditure on this account, in no case, should exceed 25% of SDRF allocation under this window (Response & Relief) for the year. |
| B. | Recovery & Reconstruction: (30% Of SDRMF i.e. equal to 37.50% of SDRF allocation for the year) | |
| 10 | Housing | |
| | a) Fully damaged/ destroyed houses and severely damaged houses | |

Handwritten signature

| | | |
|-----------|--|---|
| | i) Pucca house | Rs. 1,20,000/- per house, in plain areas., |
| | ii) Kutcha House | Rs. 1,30,000/- per house, in hilly areas. |
| | b) Partially Damaged Houses (Other than huts) where the damage is at least 15% | |
| | i) Pucca house | Rs. 65,00/- per house |
| | ii) Kutcha House | Rs. 4,000/- per house, |
| | c) Damaged/ destroyed huts: | Rs. 8,000/- per hut, (Hut means temporary, make shift unit, inferior to Kutcha house, made of thatch, mud, plastic sheets etc. traditionally recognized as hut by the State/ District authorities.) Note: The damaged house/hut should be an authorized construction, duly certified by the Competent Authority of the State Government. |
| | e) Cattle shed attached with house | Rs. 3,000/- per shed, |
| 11 | Infrastructure [Repair/restoration(of immediate nature) of damaged infrastructure] | |
| | (1) Roads & bridges, which may include the following activities: | Assessment of requirements: Based on the assessment of need, as per States' notified schedule of rates for repairs, by SEC and recommendation of the Central Team (in case of NDRF). In case of repair of roads, assistance will be given based on the notified Ordinary Repair (OR) and Periodical Renewal (PR) of the State. In case OR & PR is not available, then assistance will be provided as per rate prescribed in this item. However, in any case, the assistance will be provided at the rate whichever is lower. Prescribed rate are as under:- |
| | i) Filling up of breaches and potholes, use of pipe for creating waterways, repair and stone pitching of embankments. | |
| | ii) Repair of breached culverts. | |
| | iii) Providing diversions to damaged/washed out portions of bridges to restore immediate connectivity. | |
| | iv) Temporary repair of approaches to bridges/embankments of bridges, repair of damaged railing bridges, repair of causeways to restore immediate connectivity, granular sub base, over damaged stretch of roads to restore traffic. | <ul style="list-style-type: none"> ➤ Repairs of State Highways /Major District Roads(MDR) <ul style="list-style-type: none"> - in normal areas -- @ Rs. 1.0 lakh /km ; - in hilly areas -- @ Rs. 1.25 lakh /km ; ➤ Repairs of Rural/village Roads with culverts <ul style="list-style-type: none"> - in normal areas -- @ Rs. 60,000/- km ; - in hilly areas -- @ Rs. 75,000 / km ; ➤ Repairs of RCC Culvert/Bridge <ul style="list-style-type: none"> - in normal areas -- @ Rs 60,000 per culvert; - in hilly areas -- @ Rs 75,000/- per culvert. |

| | | |
|--|--|--|
| | <p>(2) Drinking Water Supply Schemes, which may include the following activities:-</p> <p>i) Repair of damaged platforms of hand pumps/ring wells/spring-tapped chambers/public stand posts, cisterns.</p> <p>ii) Restoration of damaged stand posts including replacement of damaged pipe lengths with new pipe lengths, cleaning of clear water reservoir (to make it leak proof).</p> <p>iii) Repair of damaged pumping machines, leaking overhead reservoirs and water pumps including damaged intake-outtake structure, approach gantries/jetties.</p> | <p>- Damaged drinking water supply schemes will be eligible for assistance as per actual, subject to a ceiling of Rs 2.00 lakh per damaged scheme.</p> <p>- Cleaning of Community drinking water wells as per actual, subject to a ceiling of Rs 10,000/ per well</p> |
| | <p>(3) Minor Irrigation Schemes, which may include the following activities:</p> <p>i) Immediate repair of damaged canal structures and earthen/masonry works of tanks and small reservoirs with the use of cement, sand bags and stones.</p> <p>ii) Repair of weak areas such as piping or rat holes in dam walls/ embankments.</p> <p>iii) Removal of vegetative material/building material/debris from canal and drainage system.</p> <p>iv) Repair of embankments of minor irrigation projects.</p> | <p>In case of repairs of minor Irrigation works, assistance will be given as per the schedule of rates (SOR) for repairs notified by the concerned State.</p> <p>In case SOR is not available, assistance for irrigation scheme/ canal will be provided as per actuals, subject to the ceiling of Rs 2.00 lakh per damaged minor scheme.</p> <p>Note:- However, in any case, the assistance will be provided at the rate whichever is lower.</p> <p>Assistance for restoration of damaged embankment of minor irrigation projects will be at par with the case of similar rural roads, subject to the stipulation that no duplication would be done with any ongoing schemes.</p> |
| | <p>(4) Power (only limited to immediate restoration of electricity supply in the affected areas):</p> <p>Damaged Poles/conductors and transformers upto 11 kv.</p> | <p>Regarding repair of damaged power sector, assistance will be given for the damaged conductors, poles and transformers upto the level of 11 KV and LT lines with bare conductor, as per details hereunder:</p> <p>➤ The rate of assistance will be:</p> <ul style="list-style-type: none"> - Rs.5000/pole; - Rs. 0.50 lakh per km for repairing of damaged LT lines; - Rs.1.00 lakh for replacement of one damaged distribution transformer. |

| | | |
|---|---|---|
| | | (Note:-The above assistance will not be applicable for those items which can be re-used). |
| | (5) Schools Repair of damaged schools building | As per actual, subject to a ceiling of Rs 2.00 lakh per school. |
| | (6) Primary/Community Health Centres Repair of Primary/Community Health Centres | As per actual, subject to a ceiling of Rs 2.00 lakh per unit. |
| | (7) Community Assets Owned by Panchayat Temporary repair of Mahila Mandal, Yuva Kendra, Panchayat Ghar, Community Hall, Anganwadi, etc. | As per actual subject to a ceiling of Rs 2.50 lakh per unit. |
| C. Preparedness & Capacity Building (10% Of SDRMF i.e equal to 12.50% of SDRF allocation for the year) | | |
| 12. | Procurement of essential search, rescue and evacuation equipments including communication equipments, etc for response to disaster. | Expenditure from the preparedness and capacity building window will be governed by the Guidelines issued separately by the Ministry of Home Affairs for the Preparedness & Capacity Building window of SDRF/ NDRF. |
| 13 | Capacity Building | |
| D. State Specific Disasters | | |
| | State specific disasters within the local context in the State, which are not included in the notified list of disasters eligible for assistance from SDRF/ NDRF, can be met from SDRF within the limit of 10% of the annual funds allocation of respective window the SDRF. | <p>Expenditure is to be incurred from SDRF only (and not from NDRF), as assessed by the SEC.</p> <p>The norm for various items will be the same as applicable to other notified natural disasters, as listed above;</p> <p>or</p> <p>In these cases, the scale of relief assistance against each item for 'local disaster' shall not exceed the norms of SDRF.</p> <p>The flexibility is to be applicable only after the State has formally listed the disasters for inclusion and has notified transparent norms and guidelines, with a clear procedure for identification of the beneficiaries for disaster relief for such local disasters', with the approval of SEC.</p> |
| E Items Not Covered under SDRF/NDRF | | |
| | a) Colleges and other educational institutions buildings b) Major/medium Irrigation Schemes c) Flood control and anti Erosion Protection work | |

- | |
|--|
| <ul style="list-style-type: none"> d) Hydro Power Project/HT Distribution systems/Transformers and sub stations e) High Tension Lines (above 11 kv) f) State Govt Buildings viz. departmental/office building, departmental/residential quarters, religions structures, patwarkhana, Court premises, play ground, forest bungalow property and animal/bird sanctuary etc. g) Long term/permanent restoration work h) Procurement of equipments/ machineries under NDRF i) National Highways j) Sectors such as Telecommunication and Power (except immediate restoration of power supply), which generate their own revenues, and also undertake immediate repair/restoration works form their own funds/resources, are excluded. |
|--|

Note:-

- (i) For assistance under NDRF for items at S. Nos. 2 (a), (b). 3 (a), (b), (c), 4 (a), (b), (c), 6 (ii), (iii), and 9, while actual expenditure is allowed, the State Government will provide the item-wise details of expenditure to the Inter-Ministerial Central Team (IMCT)/ Central Government.
- (ii) Ex-Gratia payment of Rs 50,000/- per deceased person, to next of kin of the deceased person, including those involved in the relief operations or associated in the preparedness activities, subject to the cause of death being certified as COVID-19, as per the guidelines jointly issued by the Ministry of Health and Family Welfare and the Indian Council of Medical Research on 3rd September, 2021, will be given as per guidelines on minimum relief issued by the National Disaster Management Authority (NDMA) dated 11.09.2021.

This ex-gratia assistance will be applicable from the date of first COVID-19 case reported in the country and will continue till de-notification of COVID-19 as a disaster or till further orders, whichever is earlier, to next of kin of the deceased due to COVID-19.

- (iii) There will be a Mid-Term review of the norms after 2 years, based on price level index.
- (iv) The State Governments are to take utmost care and ensure that all individual beneficiary-oriented assistance is necessarily/ mandatorily disbursed through Direct Benefit Transfer in the bank account of the beneficiary.
- (v) The scale of relief assistance against each item for all notified disasters including 'local disaster' should not exceed the norms of SDRF/ NDRF. Any amount spent by the State for such disasters over and above the ceiling, would be borne out of the resources of the State Government and not from SDRF.

राज्य आपदा मोचन कोष (एसडीआरएफ) और राष्ट्रीय आपदा मोचन कोष (एनडीआरएफ) से सहायता देने की मदों और मानदंडों की संशोधित सूची

[अवधि 2022-23 से 2025-26, गृह मंत्रालय का दिनांक 10 अक्टूबर, 2022 की पत्र संख्या 33-03/2020-एनडीएम-1 (खंड-II)]

| क्रम सं. | मद | सहायता के मानदंड |
|----------|---|---|
| क | मोचन एवं राहत [राज्य आपदा जोखिम प्रबंधन कोष(एसडीआरएमएफ) का 40% अर्थात् वर्ष के लिए एसडीआरएफ आबंटन के 50% के बराबर] | |
| 1 | आनुग्राहिक राहत | |
| | क) मृतकों के परिवारों को अनुग्रह राशि का भुगतान। | प्रत्येक मृतक के लिए 4.00 लाख रु । इसमें वे भी शामिल हैं जो राहत अभियानों में शामिल हैं अथवा तैयारी संबंधी कार्यकलापों से संबद्ध हैं। यह उपयुक्त प्राधिकारी द्वारा मृत्यु के कारण संबंधी प्रमाण के अध्यक्षीन है। |
| | ख) शरीर के किसी अंग (लिंब) अथवा आंख/आंखों की हानि होने पर अनुग्रह राशि का भुगतान। | प्रति व्यक्ति 74,000/-रु. , जब अपंगता 40% और 60% के बीच हो। प्रति व्यक्ति 2.50 लाख रु. , जब अपंगता 60% से अधिक हो। अपंगता की सीमा और उसके कारण के संबंध में सरकारी अस्पताल अथवा डिस्पेंसरी के डॉक्टर द्वारा किए गए प्रमाणन के अध्यक्षीन। |
| | ग) ऐसा गहरा जख्म जिसमें अस्पताल में भर्ती होने की आवश्यकता है | प्रति व्यक्ति 16,000/-रु. , जब एक सप्ताह से अधिक अवधि के लिए अस्पताल में भर्ती होने की आवश्यकता हो। प्रति व्यक्ति 5400/-रु. , जब एक सप्ताह से कम की अवधि के लिए अस्पताल में भर्ती होने की आवश्यकता हो। नोट: 'आयुष्मान भारत योजना' के तहत उपचार प्राप्त करने वाले व्यक्ति इस मद के तहत राहत के लिए पात्र नहीं होंगे। |
| | घ) किसी प्राकृतिक आपदा के कारण जिनके घर पानी में बह गए हैं/पूर्णरूप से क्षतिग्रस्त हो गए हैं/दो दिन से अधिक पानी में डूबे हुए हैं, उन परिवारों के लिए कपड़े और बर्तन/घरेलू सामान। | 2,500/-रु. प्रति परिवार, कपड़ों की हानि के लिए। 2,500/- रु. प्रति परिवार, बर्तनों/घरेलू सामान की हानि के लिए |
| | ड.) ऐसे परिवार जिनकी आजीविका का साधन बुरी तरह से प्रभावित हुआ है, को आनुग्राहिक राहत | जिन परिवारों की आजीविका गंभीर रूप से प्रभावित हुई है, ऐसे प्रभावित परिवारों के दो वयस्क सदस्यों को मनरेगा की प्रतिदिन वास्तविक दर या सभी राज्यों/संघ राज्य क्षेत्रों की औसत दर, जो भी कम हो, के अनुसार आनुग्राहिक राहत प्रदान की जाएगी। इस प्रयोजन के लिए ग्रामीण विकास मंत्रालय द्वारा समय-समय पर जारी अधिसूचना का औसत दर की गणना के लिए संदर्भ लिया जा सकता |

| | | |
|-----------|---|--|
| | | <p>है। राहत राशि डीबीटी/नकद के माध्यम से वितरित की जानी चाहिए (केवल स्थिति की तात्कालिकता के मामले में) या राज्य सरकार द्वारा इस तरह की राहत वस्तु रूप में प्रदान की जा सकती है।</p> <p>राज्य सरकार प्रमाणित करेगी कि आनुग्राहिक राहत प्रदान किए जाने की अवधि के दौरान चिन्हित लाभार्थियों को राहत शिविरों में नहीं रखा गया है। इसके अलावा, राज्य सरकार ऐसे लाभार्थियों तक पहुंचने के लिए जिलेवार आधार और प्रक्रिया का निर्धारण करेगी।</p> <p>आनुग्राहिक राहत उपलब्ध कराने की अवधि राज्य कार्यकारी समिति और केन्द्रीय टीम (एनडीआरएफ के मामले में) द्वारा किए गए आकलन के अनुसार होगी। सहायता की डिफॉल्ट अवधि 30 दिन की होगी, जिसे आवश्यकता पड़ने पर पहले 60 दिन और तदनंतर सूखा/कीट हमले के मामले में 90 दिन तक बढ़ाया जा सकता है। वास्तविक स्थिति के आधार पर राज्य कार्यकारी समिति इस अवधि को निर्धारित सीमा से अधिक समय के लिए बढ़ा सकती है, बशर्ते कि इसके लिए किया गया व्यय वर्ष के दौरान एसडीआरएफ के लिए किए गए आबंटन के 25 प्रतिशत से अधिक न हो।</p> <p>साथ ही, पारदर्शिता सुनिश्चित करने के लिए जिन व्यक्तियों को आनुग्राहिक राहत प्रदान की जाती है, उनकी सूची राज्य सरकार की वेबसाइट पर अपलोड की जानी चाहिए। राज्य सरकार पारदर्शी तरीके से लाभार्थियों की पहचान के लिए आधार और प्रमाण को अधिसूचित करेगी।</p> |
| 2. | खोज एवं बचाव अभियान | |
| | (क) खोज और बचाव उपायों/प्रभावित/जिनके प्रभावित होने की संभावना है, उन लोगों को खतरे की संभावना वाले स्थानों से निकालने की लागत। | <p>एस ई सी द्वारा आकलित और केन्द्रीय टीम (एनडीआरएफ के मामले में) द्वारा अनुशंसित खर्च की गई वास्तविक लागत के अनुसार।</p> <p>जब तक केन्द्रीय टीम द्वारा प्रभावित क्षेत्र का दौरा किया जाता है, ये कार्यकलाप पहले ही खत्म हो जाते हैं। अतः राज्य स्तरीय समिति और केन्द्रीय टीम वास्तविक/लगभग वास्तविक लागतों की सिफारिश कर सकती है।</p> |
| | (ख) तात्कालिक राहत कार्यों हेतु तथा जीवन बचाने के लिए नावों एवं अन्य आवश्यक उपकरणों को किराए पर लेना। | <p>एस ई सी द्वारा आकलित तथा केन्द्रीय टीम (एनडीआरएफ के मामले में) द्वारा अनुशंसित खर्च की गई वास्तविक लागत के अनुसार।</p> <p>सहायता की मात्रा, किसी अधिसूचित प्राकृतिक आपदा के दौरान मानव जीवन को बचाने के लिए फंसे हुए लोगों के बचाव के लिए नौकाएं किराए पर लेने और अपेक्षित आवश्यक उपकरणों पर हुए वास्तविक खर्च तक सीमित होगी।</p> |

| | | |
|----|--|---|
| 3 | <p>राहत उपाय</p> <p>(क) प्रभावित/सुरक्षित निकाले गए और राहत कैंपों में आश्रय पाए लोगों के अस्थायी आवास, भोजन, कपड़ों, चिकित्सा देखभाल, जेन-सेट आदि हेतु प्रावधान।</p> | <p>30 दिन की अवधि के लिए, एस ई सी द्वारा आवश्यकता के आकलन और केन्द्रीय टीम (एन डी आर एफ के मामले में) द्वारा की गई अनुशंसा के अनुसार वास्तविक लागत के अनुरूप। एस ई सी द्वारा कैंपों की संख्या, उनकी अवधि और कैम्पों में रहने वाले व्यक्तियों की संख्या विनिर्दिष्ट करना आवश्यक होगा। सूखा, अथवा भूकंप अथवा बाढ़ आदि द्वारा हुई व्यापक तबाही जैसी आपदा के बने रहने की स्थिति में, यह अवधि 60 दिन तक बढ़ाई जा सकती है। वास्तविक स्थिति के आधार पर राज्य कार्यकारी समिति इस अवधि को निर्धारित सीमा से अधिक समय के लिए बढ़ा सकती है बशर्ते कि इसके लिए किया गया व्यय वर्ष के दौरान इस विंडो के तहत एस डी आर एफ के लिए किए गए आबंटन के 25 प्रतिशत से अधिक न हो।</p> <p>इलाज की व्यवस्था राष्ट्रीय स्वास्थ्य मिशन (एन एच एम) द्वारा की जाए।</p> |
| | <p>(ख) आवश्यक वस्तुओं को हवाई जहाज से गिराना तथा वायु सेना द्वारा बचाव कार्य</p> | <p>एस ई सी द्वारा आवश्यकता के आकलन और केन्द्रीय टीम (एन डी आर एफ के मामले में) की अनुशंसा के आधार पर वास्तविक लागत के अनुसार।</p> <p>सहायता की मात्रा रक्षा मंत्रालय द्वारा अनिवार्य वस्तुओं को हवाई जहाज से जमीन पर गिराने संबंधी बिलों में दर्शाई गई वास्तविक राशि और बचाव अभियानों तक ही सीमित होगी।</p> |
| | <p>(ग) पेयजल की आपातकालीन आपूर्ति का प्रावधान</p> | <p>एस ई सी द्वारा आवश्यकता के आकलन और केन्द्रीय टीम द्वारा (एन डी आर एफ के मामले में) की गई अनुशंसा के आधार पर वास्तविक लागत के अनुसार 30 दिन की अवधि के लिए, जिसे सूखे के मामले में 90 दिन के लिए बढ़ाया जा सकता है। वास्तविक स्थिति के आधार पर राज्य कार्यकारी समिति इस अवधि को निर्धारित सीमा से अधिक समय के लिए बढ़ा सकती है, बशर्ते कि इसके लिए किया गया व्यय वर्ष के दौरान एस डी आर एफ के लिए इस विंडो के तहत आबंटन के 25 प्रतिशत से अधिक न हो।</p> |
| 4. | <p>प्रभावित क्षेत्रों की सफाई</p> | |
| | <p>क) सार्वजनिक क्षेत्रों से मलबा हटाना</p> | <p>एस डी आर एफ के अंतर्गत उपलब्ध कराई जाने वाली सहायता के लिए एस ई सी द्वारा आवश्यकता के आकलन के आधार पर और एन डी आर एफ के अंतर्गत उपलब्ध कराई जाने वाली सहायता के लिए केन्द्रीय टीम के आकलन के अनुसार कार्य आरंभ होने की तारीख के 30 दिन के भीतर वास्तविक लागत के अनुसार।</p> |
| | <p>ख) प्रभावित क्षेत्रों से बाढ़ के पानी की निकासी</p> | <p>एस. डी. आर.एफ. के अंतर्गत उपलब्ध कराई जाने वाली सहायता के लिए एस.ई.सी. द्वारा आवश्यकता के आकलन के आधार पर और केन्द्रीय टीम (एन डी आर एफ के मामले में) के आकलन के अनुसार कार्य आरंभ होने की</p> |

| | | |
|-----|--|---|
| | | तारीख से 30 दिन के भीतर वास्तविक लागत के अनुसार। |
| | ग) शवों /मृतक शरीरों का निस्तारण | वास्तविक लागत के अनुसार, जो एस ई सी द्वारा आवश्यकता के आकलन और केन्द्रीय टीम (एन डी आर एफ के मामले में) द्वारा की गई अनुशंसा पर आधारित है। |
| 5 | कृषि | |
| (i) | ऐसे छोटे एवं सीमांत किसानों, जिनके पास 2 हैक्टेयर तक भूमि है, को सहायता | |
| क. | भूमि और अन्य नुकसान के लिए सहायता | |
| | क) कृषि भूमि से गाद निकालना (जहां पर रेत/गाद निक्षेप की मोटाई 3सेमी0 से अधिक है, जिसे राज्य सरकार के सक्षम प्राधिकारी द्वारा प्रमाणित किया जाएगा)। | प्रत्येक मद के लिए 18000/- रु. प्रति हैक्टेयर। उपरोक्त राशि प्रति किसान न्यूनतम 2200/- रु. की सहायता के अध्वधीन है। |
| | ख) पर्वतीय क्षेत्रों में कृषि भूमि से मलबा हटाना। | इस शर्त के अध्वधीन कि लाभार्थी द्वारा अन्य किसी सरकारी योजना के तहत कोई अन्य सहायता / सब्सिडी प्राप्त नहीं की गई है/तथा वह उसको प्राप्त करने के लिए पात्र नहीं है। |
| | ग) गाद निकालना/पुनरुद्धार/मछली फार्मों की मरम्मत। | |
| | घ) भू-स्खलन, हिमस्खलन, नदियों के मार्ग बदलने के कारण हुई पर्याप्त भू-भाग की हानि | केवल उन छोटे और सीमान्त किसानों को 47000/- रु. प्रति हैक्टेयर, जिनकी भूमि का स्वामित्व राजस्व अभिलेखों के अनुसार वैध है। उपरोक्त राशि प्रति किसान न्यूनतम 5000/- रु. की सहायता के अध्वधीन है। |
| ख. | इनपुट सब्सिडी (जहां पर फसलों का नुकसान 33% और उससे अधिक है) | |
| | क) कृषि फसलों, बागवानी फसलों और वार्षिक बागान फसलों के लिए | 8500/- रु. प्रति हैक्टेयर, वर्षा सिंचित क्षेत्रों में। उपरोक्त सहायता प्रति किसान न्यूनतम 1,000/- रु. के अध्वधीन है और बोए गए क्षेत्रों तक सीमित है। 17,000/- रु. प्रति हैक्टेयर, सुनिश्चित सिंचित क्षेत्रों में। उपरोक्त सहायता प्रति किसान न्यूनतम 2000/- रु. के अध्वधीन है और बोए गए क्षेत्रों तक सीमित है। |
| | ख) बारहमासी फसलें/एग्रो फोरेस्ट्री (अपने खेतों में वृक्षारोपण) | 22,500/- रु. प्रति हैक्टेयर, सभी प्रकार की बारहमासी फसलों / कृषि वानिकी (स्वयं के खेत में वृक्षारोपण) के लिए और यह सहायता प्रति किसान न्यूनतम 2,500/- रुपये की सहायता के अध्वधीन तथा बोए गए क्षेत्रों तक सीमित है। |
| | ग) रेशमकीट पालन /उत्पादन | 6000/- रु. प्रति हैक्टेयर, ऐरी, मलबरी, टसर के लिए। 7500/- रु. प्रति हैक्टेयर, मूगा के लिए। |

| | | |
|------|---|--|
| | | उपरोक्त सहायता प्रति किसान न्यूनतम 1000/- रुपये की राशि के अधीन है और बोए गए क्षेत्रों तक सीमित है। |
| (ii) | ऐसे किसानों को इनपुट सब्सिडी जिनके पास 2 हेक्टेयर से ज्यादा भूमि है | <p>8,500/- रु. प्रति हेक्टेयर, वर्षा सिंचित क्षेत्रों में और बुवाई वाले क्षेत्रों तक सीमित।</p> <p>17,000 / - रु. प्रति हेक्टेयर , सुनिश्चित सिंचाई क्षेत्रों के लिए और बोए गए क्षेत्रों तक सीमित।</p> <p>22,500/- रु. प्रति हेक्टेयर, सभी प्रकार की बारहमासी फसलों/पेड़ों, जिसमें एग्रोफोरेस्ट्री (स्वयं के खेत में वृक्षारोपण) भी शामिल है, के लिए और यह सहायता बोए गए क्षेत्रों तक सीमित।</p> <p>जहां फसल का नुकसान 33% और उससे अधिक है, वहां सहायता प्रदान की जा सकती है, जो प्रति किसान 2 हेक्टेयर की सीमा के अधीन है।</p> |
| | नोट: मद संख्या 5(i)(ख) और 5(ii) के तहत इनपुट सब्सिडी के लिए सहायता को प्रधानमंत्री फसल बीमा योजना (पीएमएफबीवाई) के तहत प्राप्त बीमा दावे की सीमा तक तत्काल आपदा के लिए समायोजित किया जाएगा। | |
| 6. | पशुपालन - छोटे और सीमांत किसानों तथा भूमिहीन पशु मालिकों को सहायता | |
| | i) दुधारू पशुओं, गैर दुधारू पशुओं अथवा दुलाई के लिए उपयोग किए जाने वाले पशुओं की भरपाई हेतु सहायता। | <p>दुधारू पशु- 37500/-रु.-भैंस / गाय /ऊँट/याक / मिथुन आदि के लिए 4000/- रु.- भेड़/बकरी/सूअर के लिए</p> <p>गैर-दुधारू पशु - 32,000/- रु. - ऊँट / घोड़ा/बैल आदि के लिए 20,000/- रु. -बछड़ा / गधा/टट्टू/खच्चर /हेफर आदि के लिए</p> <p>सहायता आर्थिक रूप से उत्पादक पशुओं के वास्तविक नुकसान तक हो सकती है और यह 3 बड़े दुधारू पशुओं और/या 30 छोटे दुधारू पशुओं या 3 बड़े गैर-दुधारू पशुओं और/या 6 छोटे गैर-दुधारू पशुओं की अधिकतम सीमा के अधीन होगी तथा इस बात पर ध्यान दिए बिना प्रदान की जाएगी कि किसी परिवार की भारी मात्रा में पशुओं की क्षति हुई है अथवा नहीं।</p> <p>(जानवरों के नुकसान के दावे पर तभी विचार किया जाएगा जब छोटे और सीमांत किसानों / भूमिहीन पशुधन मालिकों के स्वामित्व वाले जानवरों की संख्या और प्रकार स्थानीय / नामित अधिकारियों के पास पंजीकृत हों।)</p> |

| | | |
|--|---|---|
| | | <p>मुर्गीपालन:- प्रति लाभार्थी परिवार को 10000/- रु. की सहायता की सीमा के अधधीन मुर्गीपालन हेतु प्रति पक्षी 100/- रु.। कुक्कुटों की मृत्यु प्राकृतिक आपदा के कारण होनी चाहिए।</p> <p>टिप्पणी: यदि सहायता किसी अन्य सरकारी योजना अर्थात् एवियन इन्फ्लुएंजा अथवा किसी ऐसी अन्य बीमारी जिसके लिए पशु पालन विभाग के पास पोल्टी मालिकों की क्षतिपूर्ति हेतु कोई अलग स्कीम हैं, के कारण पक्षियों का नुकसान हुआ है तो इन मानदण्डों के अंतर्गत राहत प्रदान किए जाने की पात्रता नहीं होगी।</p> |
| | <p>ii) पशु कैंपों में जलापूर्ति एवं दवाइयों सहित चारे/फीड कन्सन्टेंट का प्रावधान</p> <p>व्याख्या: इसमें मौजूदा गौशालाएं, जिन्हे राज्य सरकार द्वारा निम्नलिखित शर्तों के अधधीन पशु शिविर के रूप में कार्य करने के लिए अधिसूचना या सरकारी आदेश द्वारा अधिकृत किया गया है, भी शामिल होंगी:-</p> <p>(i) आपदा की अवधि के दौरान जिला प्रशासन पशु आश्रय की आवश्यकता और जिला/तहसील में पशु आश्रय के रूप में अधिसूचित किए जाने के लिए आवश्यक गौशालाओं की संख्या का आकलन करेगा। पहले से आश्रय में रखे गए मवेशियों के बारे में बेसलाइन की जानकारी प्राप्त करने के बाद और अधिक मवेशियों की संख्या को प्राप्त करने के बाद, गौशाला को पशु आश्रय के रूप में अधिसूचित किया जा सकता है।</p> <p>(ii) अधिसूचित गोशाला अधिसूचित सूखे की अवधि के लिए एसएमएफ और भूमिहीन मजदूरों से संबंधित अतिरिक्त मवेशियों का लेखा-जोखा रखेगी। एसएमएफ एवं भूमिहीन लाभग्राहियों की समेकित सूची, पशुओं की संख्या एवं प्रकार सहित, सत्यापन और सामाजिक लेखापरीक्षा के उद्देश्य से ग्राम पंचायत, ब्लॉक, तहसील के नोटिस बोर्ड पर तथा सब डिवीजनल मजिस्ट्रेट एवं जिला मजिस्ट्रेट के कार्यालय के साथ-साथ राज्य/जिला की वेबसाइट पर प्रदर्शित की जायेगी।</p> <p>(iii) एसडीआरएफ निधियां केवल ऐसी</p> | <p>बड़े पशु - 80 रु. प्रतिदिन. छोटे पशु - 45 रु. प्रतिदिन</p> <p>राहत प्रदान किए जाने की अवधि राज्य कार्यकारी समिति द्वारा किए गए आकलन तथा केन्द्रीय दल की सिफारिश (एन डी आर एफ के मामले में) के आधार पर तय की जाएगी। सहायता के लिए डिफॉल्ट अवधि 30 दिन होगी जिसे प्रथम बार 60 दिन तथा गंभीर सूखे की स्थिति में 90 दिन तक बढ़ाया जा सकता है। वास्तविक स्थिति के आधार पर राज्य कार्यकारी समिति इस समय-सीमा को निर्धारित अवधि से अधिक समय के लिए बढ़ा सकती है, बशर्ते कि इसके लिए किया गया व्यय वर्ष के दौरान एस डी आर एफ के लिए इस विंडो (मोचन एवं राहत) के तहत किए गए आबंटन के 25 प्रतिशत से अधिक नहीं होना चाहिए।</p> <p>वास्तविक लागत, जो पशुधन गणना के अनुसार पशुओं के अनुमान के समनुरूप एस ई सी द्वारा आवश्यकता के आकलन और केन्द्रीय टीम की सिफारिश (एन डी आर एफ के मामले में) पर आधारित होगी और दवाइयों व वैक्सीन की आवश्यकता के बारे में सक्षम प्राधिकारी द्वारा प्रमाण पत्र प्रदान किए जाने के अधधीन होगी।</p> |

| | | |
|----------|--|---|
| | अधिसूचित गौशाला को प्रतिपूर्ति के आधार पर जारी की जाएंगी और यह ऊपर क्रम संख्या (ii) में अधिसूचित एकल लाभार्थियों की सूची तक सीमित होगी। | |
| | iii) पशु शिविरों से बाहर रह रहे पशुओं के लिए चारा पहुंचाना | अधिसूचित आपदा के दौरान परिवहन की वास्तविक लागत के अनुसार, पशुधन गणना के आधार पर पशुओं के अनुमान के समनुरूप एस ई सी द्वारा आवश्यकता के आकलन और केन्द्रीय टीम की सिफारिश (एन डी आर एफ के मामले में) पर किया जाएगा। |
| 7 | मत्स्यपालन | |
| | i) मछुआरों को क्षतिग्रस्त/गुम हो गई गैर- यंत्रीकृत नावों, जालों की मरम्मत /उन्हें बदलने हेतु सहायता। (यदि लाभार्थी किसी अन्य सरकारी स्कीम के अंतर्गत तात्कालिक आपदा हेतु पात्र है अथवा उसने कोई सब्सिडी / सहायता प्राप्त की है तो उसे यह सहायता उपलब्ध नहीं कराई जाएगी) | 6000 रु.- केवल आंशिक रूप से क्षतिग्रस्त नावों की मरम्मत के लिए 3000 रु.- आंशिक रूप से क्षतिग्रस्त जालों की मरम्मत के लिए 15000 रु.- पूर्ण रूप से क्षतिग्रस्त नावों को बदलने के लिए 4000 रु.- पूर्ण रूप से क्षतिग्रस्त जालों को बदलने के लिए (इस मद के तहत सहायता किसी भी बीमा योजना के तहत मछुआरे को तत्काल आपदा के लिए प्राप्त बीमा दावे, यदि कोई हो, की सीमा तक समायोजित की जाएगी)। |
| | ii) छोटे एवं सीमांत किसानों को मछली के चारे हेतु इनपुट सब्सिडी | 10,000 रु. प्रति हैक्टेयर । मत्स्यपालन, पशुपालन और डेयरी मंत्रालय की योजना के तहत प्रदान की जाने वाली एकबारगी सब्सिडी को छोड़कर, यदि लाभार्थी किसी अन्य सरकारी योजना के तहत मौजूदा आपदा के लिए पात्र है या कोई सब्सिडी / सहायता प्राप्त की है, तो उसे यह सहायता प्रदान नहीं की जाएगी। |
| 8 | हस्तशिल्प / हथकरघा शिल्पकारों की सहायता | |
| | i) क्षतिग्रस्त मुख्य कार्यत्मक औजारों/उपकरणों को बदलने हेतु | उपकरणों के लिए प्रति शिल्पकार 5000 रु. सरकार द्वारा क्षति और इसकी भरपाई के संबंध में नामित सक्षम प्राधिकारी द्वारा प्रमाणन के अध्यक्षीन । |
| | ii) सामान तैयार होने के दौरान कच्चे माल/ तैयार माल की हानि के लिए | कच्चे माल के लिए प्रति शिल्पकार 5000 रु. सरकार द्वारा क्षति और इसकी भरपाई के संबंध में नामित सक्षम प्राधिकारी द्वारा प्रमाणन के अध्यक्षीन । |

| | | |
|----|---|--|
| 9 | टिड्डी नियंत्रण | |
| | टिड्डी नियंत्रण के लिए पौध संरक्षण रसायनों के छिड़काव के लिए स्प्रे उपकरणों के साथ वाहनों, ट्रैक्टरों को किराए पर लेना, पानी के टैंकों को किराए पर लेना और टिड्डी नियंत्रण के लिए पौध संरक्षण रसायनों की खरीद करना। | एसईसी द्वारा आवश्यकता के आकलन के आधार पर और केंद्रीय टीम द्वारा अनुशंसित (एनडीआरएफ के मामले में) आधार पर वास्तविक लागत के अनुसार। सहायता की मात्रा टिड्डियों के हमले के दौरान टिड्डी नियंत्रण के लिए पौधों के संरक्षण हेतु रसायनों के छिड़काव के लिए स्प्रे उपकरणों के साथ वाहनों, ट्रैक्टरों को किराए पर लेने पर होने वाले वास्तविक खर्च तक सीमित होगी। हालांकि, इस संदर्भ में व्यय, किसी भी स्थिति में, वर्ष के लिए इस विंडो (मोचन और राहत) के तहत एसडीआरएफ आवंटन के 25% से अधिक नहीं होना चाहिए। |
| ख. | रिकवरी और पुनर्निर्माण: (एसडीआरएमएफ का 30% अर्थात् वर्ष के लिए एसडीआरएफ आवंटन के 37.50% के बराबर) | |
| 10 | आवासन | |
| | क) पूरी तरह से क्षतिग्रस्त / नष्ट हुए घर और गंभीर रूप से क्षतिग्रस्त घर | |
| | i) पक्का घर | मैदानी इलाकों में 1,20,000/- रु. प्रति घर |
| | ii) कच्चा घर | पहाड़ी क्षेत्रों में 1,30,000/- रु. प्रति घर |
| | ख) आंशिक रूप से क्षतिग्रस्त मकान (झोपड़ियों के सिवाय) जहां क्षति कम से कम 15% है | |
| | i) पक्का घर | 65,00/- रु. प्रति घर |
| | ii) कच्चा घर | 4000/- रु. प्रति घर |
| | ग) क्षतिग्रस्त/ नष्ट हो गई झोपड़ियां: | 8000/- रु. प्रति झोपड़ी, (झोपड़ी का अर्थ है अस्थायी तौर पर बनाई गई इकाई जो कच्चे मकान से कमजोर होती है, यह घास-फूस, मिट्टी प्लास्टिक की पत्रियों आदि से बनी होती है, राज्य/जिला प्राधिकरणों द्वारा इसे पारंपरिक तौर पर झोपड़ी के रूप में माना जाता है)। नोट: क्षतिग्रस्त घर राज्य सरकार के सक्षम प्राधिकारी द्वारा विधिवत प्रमाणित एक अधिकृत निर्माण होना चाहिए। |
| | ड.) घर से जुड़ा पशुओं का बाड़ा | 3000/- रु. प्रति शेड |

| | | |
|------------------|--|---|
| <p>11</p> | <p>अवसंरचना [क्षतिग्रस्त अवसंरचना की (तत्काल प्रकृति की) मरम्मत व पुनुरुद्धार]</p> | |
| | <p>(1) सड़कें और पुल, जिसमें निम्नलिखित गतिविधियाँ शामिल हो सकती हैं:</p> <p>i) दरारों और गड्ढों को भरना, जलमार्ग बनाने के लिए पाइप का उपयोग, तटबंधों की मरम्मत और पत्थर की पिचिंग।</p> <p>ii) टूटी पुलियों की मरम्मत।</p> <p>iii) तत्काल संपर्क बहाल करने के लिए पुलों के क्षतिग्रस्त/बह गए हिस्सों को डायवर्जन प्रदान करना।</p> <p>iv) पुलों/तटबंधों तक पहुंचने के अस्थायी मार्गों की मरम्मत, पुलों की क्षतिग्रस्त रेलिंग की मरम्मत, तत्काल संपर्क बहाल करने के लिए कॉजवे की मरम्मत, यातायात बहाल करने के लिए क्षतिग्रस्त सड़कों पर दानेदार सब-बेस।</p> | <p>आवश्यकताओं का आकलन: एसईसी द्वारा किए गए आकलन और केंद्रीय टीम की सिफारिश (एनडीआरएफ के मामले में) के आधार पर राज्यों द्वारा अधिसूचित दरों की सूची के अनुसार।</p> <p>सड़कों की मरम्मत के मामले में राज्य के अधिसूचित साधारण मरम्मत (ओआर) और आवधिक नवीनीकरण (पीआर) के आधार पर सहायता दी जाएगी। यदि ओआर एवं पीआर उपलब्ध नहीं है, तो इस मद में निर्धारित दर के अनुसार सहायता प्रदान की जाएगी। <u>तथापि, किसी भी स्थिति में, जो भी कम हो, उस दर पर सहायता प्रदान की जाएगी।</u></p> <p>निर्धारित दर इस प्रकार है:-</p> <p>राज्य राजमार्गों/प्रमुख जिला सड़कों (एमडीआर) की मरम्मत</p> <ul style="list-style-type: none"> - सामान्य क्षेत्रों में -- 1.0 लाख रु. प्रति किमी की दर से; - पहाड़ी क्षेत्रों में -- 1.25 लाख रु. प्रति किमी की दर से; <p>ग्रामीण सड़कों/पुलिया वाली गांव की सड़कों की मरम्मत</p> <ul style="list-style-type: none"> - सामान्य क्षेत्रों में -- 60,000/- रु. प्रति किमी की दर से; - पहाड़ी क्षेत्रों में -- 75,000 /- रु. प्रति किमी की दर से; <p>आरसीसी पुलिया/पुल की मरम्मत</p> <ul style="list-style-type: none"> - सामान्य क्षेत्रों में -- 60,000/- रु. प्रति पुलिया की दर से; - पहाड़ी क्षेत्रों में -- 75,000/- रु. प्रति पुलिया की दर से। |
| | <p>(2) पेयजल आपूर्ति योजनाएं, जिनमें निम्नलिखित गतिविधियाँ शामिल हो सकती हैं:-</p> <p>i) हैंडपंप/रिंग वेल/स्प्रिंग-टैप्ड चेंबर्स/सार्वजनिक स्टैंड पोस्ट, सिस्टर्न के क्षतिग्रस्त प्लेटफार्मों की मरम्मत।</p> <p>ii) क्षतिग्रस्त स्टैंड पोस्टों का पुनर्निर्माण, जिसमें क्षतिग्रस्त पाइपों को नई पाइपों से बदलना, साफ पानी के जलाशय की सफाई (इसे लीक प्रूफ बनाना) शामिल है।</p> <p>iii) क्षतिग्रस्त पंपिंग मशीनों की मरम्मत, ओवरहेड जलाशयों और पानी के लीक हो रहे पंपों की मरम्मत, जिसमें क्षतिग्रस्त इंटेक-आउटटेक संरचना, एप्रोच गैन्ट्री / जेटी शामिल हैं।</p> | <p>- क्षतिग्रस्त पेयजल आपूर्ति योजनाएँ प्रति क्षतिग्रस्त योजना के लिए 2.00 लाख रुपये की सीमा के अधीन वास्तविक व्यय के अनुसार सहायता के लिए पात्र होंगी।</p> <p>- 10,000/- रुपये प्रति कुएं की सीमा के अधीन सामुदायिक पेयजल कुओं पर हुए वास्तविक व्यय के अनुसार सफाई।</p> |
| | <p>(3) लघु सिंचाई योजनाएँ, जिनमें निम्नलिखित गतिविधियाँ शामिल हो सकती हैं:</p> | <p>लघु सिंचाई कार्यों की मरम्मत के मामले में संबंधित राज्य द्वारा अधिसूचित मरम्मत के लिए दरों की अनुसूची (एसओआर) के अनुसार सहायता दी जाएगी।</p> |

| | | |
|------------------|---|---|
| | <p>i) सीमेंट, रेत के बोरों और पत्थरों का उपयोग करके क्षतिग्रस्त नहर संरचनाओं और टैंकों और छोटे जलाशयों के मिट्टी/चिनाई कार्यों की तत्काल मरम्मत।</p> <p>ii) बांध की दीवारों/तटबंधों में पाइपिंग या रैट होल जैसे कमजोर क्षेत्रों की मरम्मत।</p> <p>iii) नहर और जल निकासी व्यवस्था से वनस्पति सामग्री/निर्माण सामग्री/मलबे को हटाना।</p> <p>iv) लघु सिंचाई परियोजनाओं के तटबंधों की मरम्मत।</p> | <p>यदि एसओआर उपलब्ध नहीं है, तो प्रति क्षतिग्रस्त लघु योजना के लिए 2.00 लाख रुपये की सीमा के अध्यक्षीन सिंचाई योजना/नहर के लिए वास्तविक व्यय के अनुसार सहायता प्रदान की जाएगी।</p> <p>नोट:- तथापि, किसी भी स्थिति में, जो भी कम हो, उस दर पर सहायता प्रदान की जाएगी।</p> <p>लघु सिंचाई परियोजनाओं के क्षतिग्रस्त तटबंधों के पुनर्निर्माण के लिए सहायता, ग्रामीण सड़कों के मामले के समान ही, इस शर्त के अध्यक्षीन होगी कि किसी भी चालू योजना के संबंध में कार्य की पुनरावृत्ति नहीं होगी।</p> |
| | <p>(4) बिजली (केवल प्रभावित क्षेत्रों में बिजली आपूर्ति की तत्काल बहाली तक सीमित):</p> <p>11 केवी तक के क्षतिग्रस्त पोल/कंडक्टर और ट्रांसफार्मर।</p> | <p>क्षतिग्रस्त विद्युत क्षेत्र की मरम्मत के संबंध में बेयर कंडक्टर के साथ 11 केवी और एलटी लाइन के स्तर तक के क्षतिग्रस्त कंडक्टरों, खंभों और ट्रांसफार्मरों के लिए सहायता निम्नानुसार दी जाएगी:</p> <p>सहायता की दर होगी:</p> <ul style="list-style-type: none"> - 5000 रुपये प्रति पोल; - क्षतिग्रस्त एलटी लाइनों की मरम्मत के लिए 0.50 लाख रु. प्रति किमी; - एक क्षतिग्रस्त डिस्ट्रिब्यूशन ट्रांसफॉर्मर को बदलने के लिए 1.00 लाख रुपये। <p>(नोट:-उपरोक्त सहायता उन मदों के लिए लागू नहीं होगी जिनका पुनः उपयोग किया जा सकता है)।</p> |
| | <p>(5) विद्यालय 'क्षतिग्रस्त विद्यालय भवनों की मरम्मत'</p> | <p>प्रति विद्यालय 2.00 लाख रु. की सीमा के अध्यक्षीन वास्तविक व्यय के अनुसार।</p> |

टिप्पणी:-

(i) क्रम संख्या 2 (क), (ख) 3 (क), (ख), (ग), 4 (क), (ख), (ग), 6 (ii), (iii), और 9 पर मदों के लिए एनडीआरएफ के तहत सहायता के लिए जब वास्तविक व्यय की अनुमति है, तो राज्य सरकार अंतर-मंत्रालयी केंद्रीय टीम (आईएमसीटी)/केंद्र सरकार को व्यय का मदवार विवरण प्रदान करेगी।

(ii) यदि स्वास्थ्य और परिवार कल्याण मंत्रालय और भारतीय चिकित्सा अनुसंधान परिषद द्वारा 3 सितंबर, 2021 को संयुक्त रूप से जारी दिशा-निर्देशों के अनुसार मृत्यु कोविड-19 की वजह से हुई है तो राहत कार्यों में शामिल या तैयारियों संबंधी कार्यों से जुड़े लोगों सहित, मृतक व्यक्ति के नजदीकी रिश्तेदार को राष्ट्रीय आपदा प्रबंधन प्राधिकरण (एनडीएमए) द्वारा दिनांक 11.09.19 को जारी न्यूनतम राहत संबंधी दिशा-निर्देशों के अनुसार प्रति मृतक व्यक्ति 50,000/- रुपये की अनुग्रह राशि का भुगतान किया जाएगा,

यह अनुग्रह सहायता देश में रिपोर्ट किए गए पहले कोविड-19 मामले की तारीख से लागू होगी और एक आपदा के रूप में कोविड-19 को डिनोटिफाइ किए जाने या अगले आदेश तक, जो भी पहले हो, तक कोविड-19 के कारण मरने वाले मृतक के परिजनों के लिए जारी रहेगी।

(iii) मूल्य स्तर सूचकांक के आधार पर 2 वर्षों के बाद मानदंडों की मध्यावधि समीक्षा की जाएगी।

(iv) राज्य सरकारों को अत्यधिक सावधानी बरतनी चाहिए और यह सुनिश्चित करना चाहिए कि सभी एकल लाभार्थी-उन्मुखी सहायता लाभार्थी के बैंक खाते में डायरेक्ट बेनिफिट ट्रांसफर के माध्यम से आवश्यक रूप से/अनिवार्य रूप से वितरित की जाए।

(v) 'स्थानीय आपदा' सहित सभी अधिसूचित आपदाओं की प्रत्येक मद के लिए राहत सहायता का पैमाना एसडीआरएफ/एनडीआरएफ के मानदंडों से अधिक नहीं होनी चाहिए और ऐसी आपदाओं के लिए राज्य द्वारा अधिकतम सीमा से अधिक खर्च की जाने वाली कोई भी राशि राज्य सरकार के संसाधनों से वहन की जाएगी, न कि एसडीआरएफ से।

Child Friendly Spaces

A Practical Planning, Designing & Operationalization guide for Assam

सत्यमेव जयते

Foreword

Disasters undermine the key pillars of child rights; not only are the children most vulnerable to deaths and injury caused by disasters and conflicts but their well-being is jeopardized by the ensuing trauma, triggered by chaos, and the sudden loss of familiar environment. Age, coupled with physical and psychological immaturity make them dependent on the adult population, thereby compounding their vulnerability. Their exposure to disasters and conflicts has a severe impact on their physical and mental health, besides heightening their behavioral health disorders and contributing to their long-term learning deficits.

In Assam, the situation is precarious, given the state's location in a multi-hazard prone zone which renders a significant impact upon its population. The state is prone to floods, earthquake, storms and landslides among natural hazards besides having record in outbreak of ethnic conflicts. These shocks and stresses disproportionately affect children who remain the worst affected as many essential services impacting their health, nutrition, education, and social well-being are disrupted and they are further exposed to new risks amounting to abuse and exploitation.

The multiple risks emerging in the post disaster context, particularly for children, makes it imperative to set up an environment of care and protection for children which would inculcate positive coping strategies and facilitate speedy recovery. Establishing a safe environment would prevent a child from resorting to negative coping strategies or become victims of violence and abuse. Child Friendly Spaces for Children in emergencies" was developed by ASDMA with technical support of UNICEF, Assam for implementation under Nssp, 2016. "Prepare design of child friendly spaces for emergencies in advance" is an action point to be taken up at the District level by the DDMA under the Nssp, 2016. To address all issues of children in emergencies, a detailed guideline is necessary to bring CFS in Assam at par with UN Standards and give a structured platform for engagement/participation of various stakeholders in CFS.

I am happy to present this guideline. It is designed to assist Disaster Management Staff and partners, in establishing and operating Child Friendly Spaces (CFS) in an emergency. This guide would specifically help rescue workers and staff in building CFS within temporary/permanent relief camps setup across the state. Besides dealing with Assam Specific Scenarios, it will guide users on low cost and effective material use for CFS construction. The Guidelines stand for a vision of India where all children and their teachers, and other stakeholders in the school community are safe from any kind of preventable risks due to natural hazards that may threaten their well-being during the pursuit of education. The guidelines also actively promote that educational continuity is maintained / resumed even in the immediate aftermath of a disaster so that children are physically, mentally and emotionally secure within their schools.

(Gyanendra Dev Tripathi, IAS) 17/01/20

Acknowledgement

On behalf of Assam State Disaster Management Authority (ASDMA), I would like to thank UNICEF for the technical support towards drafting of Child Friendly Spaces manual. I would like to thank all key stakeholders who have actively contributed towards this manual. Child Friendly Spaces would provide children with protected environments in which they participate in organized activities to play, socialize, learn, and express themselves as they rebuild lives. This manual from ASDMA will guide emergency response personnel and implementing partners in the rapid implementation of effective Child Friendly Spaces for children and immediately after an emergency such as natural disasters or situation of armed conflict.

Let us work together to address all issues of children in emergencies, where children affected by natural disasters or armed conflict can be provided with a safe environment, with integrated programming including play, recreation, education, health, and psychosocial support can be delivered and/or information about services/supports are provided.

Chapter-1: INTRODUCTION

Purpose of the Guideline

This guideline is designed to assist Disaster Management Staff and partners, in establishing and operating Child Friendly Spaces (CFS) in an emergency. This guide will specifically help rescue workers and staff in building CFS within temporary/permanent relief camps setup across the state. Besides dealing with Assam Specific Scenarios, it will guide users on low cost and effective material use for CFS Construction.

National School Safety Policy, 2016 (NSSP, 2016) was formulated by NDMA & MHRD, Govt. of India and has been enforced by Hon'ble Supreme Court of India. The National School Safety Policy Guidelines apply to all schools in the country – whether government, aided or private, irrespective of their location in rural or urban areas. They apply to all stakeholders involved in delivery of education to children in India. The Guidelines stand for a vision of India where all children and their teachers, and other stakeholders in the school community are safe from any kind of preventable risks due to natural hazards that may threaten their well-being during the pursuit of education. The guidelines also actively promote that educational continuity is maintained / resumed even in the immediate aftermath of a disaster so that children are physically, mentally and emotionally secure within their schools. The basic guideline on “Child Friendly Spaces (CFS) for Children in emergencies” was developed by ASDMA with technical support of UNICEF, Assam for implementation under NSSP, 2016. “Prepare design of child friendly spaces for emergencies in advance” is an action point to be taken up at the District level by the DDMA under the NSSP, 2016. In this context a basic guideline was developed by ASDMA & UNICEF, Assam for which is being currently implemented at the district level with effect from 15th July, 2018. In the year 2020, with the advent of a new disaster/epidemic in the form of COVID-19, a modified “SoP on Relief Camp Management” in the context of Flood & COVID-19 was notified by Govt. of Assam focusing on safety of children taking shelter in relief camps. This guideline made CFS an integral part of Relief Camp Management in Assam. However, to address all issues of children in emergencies, a detailed guideline is necessary to bring CFS in Assam at par with UN Standards and give a structured platform for engagement/participation of various stakeholders in CFS.

The Guideline

“Child Friendly Spaces (CFS) for Children in emergencies” is to be designed & implemented for providing children with safe spaces for learning and recreation, and protecting them from various threats and abuses during floods and other disasters by respective District Disaster Management Authorities. ASDMA with technical support of UNICEF, Assam has developed this detailed state level guideline which will replace the existing basic guideline notified on 5th July, 2018 and SoP on Child Friendly Spaces (as part of SoP on Relief Camp Management) notified on 8th June, 2020.

Criteria for CFS Setup

Child friendly spaces have to be operated for all relief camps having more than five child inmates.

Definition of Child Friendly Spaces

CFS can be defined as places designed and operated in a participatory manner, where children affected by natural disasters or armed conflict can be provided with a safe environment, where integrated programming including play, recreation, education, health, and psychosocial support can be delivered and/or information about services/supports are provided. The purpose of CFS is to support the resilience and well-being of children and young people through, structured activities conducted by community in a safe, child friendly, and stimulating environment.

Generally CFS refers to a relatively short to medium term programme response, and is very often operated from tents and/or temporary structures (i.e. in schools, under a tree or a vacant building). The strengths of CFS include flexibility, rapid start-up, scalability, low costs, adaptability to different contexts, and utility in mobilizing communities. If a CFS is well-designed, it has the potential of complementing other mechanisms needed to protect children in dangerous circumstances.

Need of CFS in Assam

The state of Assam is victim of recurring natural disasters such as flood & erosion, landslide, earthquake, etc. along with occasional manmade disasters such as armed conflict, communal violence, fire, etc. Children are one of the most vulnerable groups in these emergencies.

Children who have experienced armed conflict and natural disasters and their aftermath face multiple risks, such as threat to their lives, displaced from homes and communities or struggling to survive in post-disaster context. In these conditions, families are forced to cope with destroyed livelihoods, separation, security concerns. Thus the care and protection of children are crucial.

During an emergency, children's sense of well-being is jeopardized. They may be exposed to a sudden loss, to disruption in their routines, to frightening experiences. These circumstances require a significant amount of time for children to recover and for psychological wounds to heal. Often, with the ample and effective support and care, children eventually recover overtime. Many factors play into the recovery process. Personality, culture, spiritual beliefs, support systems, coping mechanisms, economic status and past experience all play a role.

Emergencies impact children physically, psychologically, and socially. In an emergency, children show many psychological symptoms, including withdrawal, anxiousness, fear, denial, anger, sadness, restlessness, and regression. They often experience sleeplessness, sadness, grief, shock, nightmares, bed wetting, and hyperactivity.

Although relief camp setups try their best to respond to needs of the affected children but it is only possible to address all the impacts of an emergency through a well-designed and participatory CFS programme.

Issues and Challenges in the state

The need of children is varied and various stakeholder meetings/workshops/field visits were conducted since 2018 to list out the child specific issues and challenges in relief camps.

Some of the issues highlighted in these multi-stakeholder discussions include:

| Sector | Issues | Solution proposed |
|--------------------|---|--|
| Health | <ul style="list-style-type: none"> ▪ High risk of communicable diseases by children in relief camps ▪ Major outbreaks occur due to use of raw water in emergency | <ul style="list-style-type: none"> ▪ Standby Ambulance/Medical facility near camps ▪ Inventory of country boats with proper route mapping of waterways in vulnerable locations ▪ Proper listing of immunization for vulnerable groups ▪ Awareness generation for use of boiling water ▪ Inclusion of pre-natal care in relief camps |
| Education | <ul style="list-style-type: none"> ▪ Deprivation of Educational facilities and recreational activities | <ul style="list-style-type: none"> ▪ Establishing an education corner in the CFS to engage children in learning activities. ▪ Providing school in a box/ bag for continuity of learning during any kind of disaster. ▪ Deploy teachers and volunteers in the CFS to engage children of different age through recreational and learning activities. ▪ Teacher training on continuity of learning in emergency |
| Protection | <ul style="list-style-type: none"> ▪ Abuse of Children ▪ Child Trafficking ▪ Child Labour | <ul style="list-style-type: none"> ▪ Constitution of a child intrinsic committee to protect them from abuse ▪ DCPO unit, Labour department should engage SHGs for children needs ▪ Short term courses should be developed for livelihood ▪ Vigilance over incidents of trafficking/labour/abuse |
| Wash and Hygiene | <ul style="list-style-type: none"> ▪ Non-availability of enough potable water ▪ Non-availability of separate toilet facilities or a smaller number of facilities as per inmates | <ul style="list-style-type: none"> ▪ Categorical survey and mapping of vulnerable groups, adults, lactating mothers and children as pre-disaster initiative and necessary supplies should be readied as per analysed data ▪ Construction of baby friendly toilet ▪ Rainwater harvesting should be made mandatory in schools and designated relief camps. |
| Food and Nutrition | <ul style="list-style-type: none"> ▪ Non-availability of enough food | <ul style="list-style-type: none"> ▪ Create breastfeeding spaces as part of Child Friendly Spaces |

| | | |
|-----------------------|--|--|
| | <ul style="list-style-type: none"> ▪ Poor community awareness on importance of exclusive breastfeeding practices for babies <6months old ▪ Poor community awareness on importance of diet diversity and continued breastfeeding for children less than 2yrs old. ▪ Risk of promotion of breastmilk substitutes and baby foods for under 2yrs children (Violation of IMS Act) | <ul style="list-style-type: none"> ▪ Promote optimal infant feeding practices <ul style="list-style-type: none"> ○ Exclusive breastfeeding for first 6months of life ○ Age-appropriate complementary feeding for 6-23months children ▪ Prevent violation of IMS act |
| Psychological Support | <ul style="list-style-type: none"> ▪ Limited number of counsellors for emotional support | <ul style="list-style-type: none"> ▪ Counsellors can be arranged from various sources like – NGOs, Schools Teachers, Religious Institutions, etc. ▪ Toll free numbers for telephonic support to people in extreme distress |

An Overview of Disaster Damage statistics in Assam from 2014-2020 (Source: Flood Memorandum, ASDMA):

| Year | Population Affected (in Lakhs) | Relief Camps | No. of Inmates in Relief Camps (in Lakhs) |
|------|--------------------------------|--------------|---|
| 2014 | 42.03 | 800 | 7.57 |
| 2015 | 36.67 | 984 | 6.76 |
| 2016 | 39.81 | 1388 | 6.53 |
| 2017 | 56.02 | 960 | 4.53 |
| 2018 | 13.22 | 366 | 2.49 |
| 2019 | 73.05 | 1357 | 5.35 |
| 2020 | 56.60 | 591 | 1.53 |

On an average approximately 4.97 Lakhs people take shelter in relief camps every year. As over 41% of the total population is under the age of 18 years, around 2.03 Lakhs children (average) live in relief camps every year. Under such grim circumstances, a well organised CFS is the need of the hour.

Overview of Assam relief Camps and existing facilities

Every year lakhs of people in the state are affected by Flood Disaster and relief camps are established to give support to affected families in the form of food and other supplies as well as giving shelter to the ones whose houses were devastated by flood. The normal life of the inmates halt for the period till flood recedes gravely affecting their economy and social development.

Although a neglected section, the children are the ones most affected as they are emotionally and socially more vulnerable. Moreover, the normal sequence of education halts subjecting them to an uncertain future. Disasters infuse confusion and fear in the minds of children. Moreover, Children are affected by Communal tensions, neglect by society, uncertainty of future besides medical issues, food and nutrition, etc. It is also challenging for the affected parents to support and care for them during disaster situations. Hence, if CFS is successfully implemented, it will provide children a mental and emotional support as well as continuing their education.

Target Audience

The guideline is designed for the following User sections & departments primarily engaged in rehabilitation of displaced children from disaster and replenishing their needs.

User Sections may include:

- Planners & Policy Makers
- Field staffs and supervisors
- Support Organisations

Key Departments & Stakeholders:

The Deputy Commissioner (Chairman, DSSAC) will report to ASDMA on the implementation of the CFS guideline in the District.

District-School Safety Advisory Committee (D-SSAC) & Block-School Safety Advisory Committee (B-SSAC) are the key stakeholders for implementation of CFS in District & Block through the stakeholders mentioned below.

1. Department of Revenue and Disaster Management (CEO-DDMA, PO-DDMA, CO, FO(DM), VLMCC)
2. Department of Education (IS/DEEO, DPM-SSA-CM, BEEO, CRCC, Teachers, SMC and SMDC members) as Nodal Organisation.
3. Department of Social Welfare (DSWO, DCPU, District and block coordinators for Poshan Abhiyaan, CDPO, ICDS Supervisor, VCPCs/VDPs, AWW, *State Child Protection Society (SCPS)/Special Juvenile Police Unit*) as Nodal Organisation
4. Department of Panchayati Raj and Rural Development (CEO-ZP, PD-DRDA, PRI representatives and Panchayat Secretary)
5. Department of Health and Family Welfare (JDHS, DPM-NHM, BPM –NHM, ANM, MPW and ASHA)
6. Department of Public Health Engineering (EEs, AEs, JEs , Swachata Preraks and other officials in WASH)
7. Home and Political Department
8. Food, Civil Supplies & Consumer Affairs Department
9. NGOs/CSOs/SHGs/Youth Clubs/Other voluntary organizations
10. Any other agency / organization/ Department deemed fit by Deputy Commissioner cum Chairman (D-SSAC)

Chapter-2: PLANNING AND DESIGN

The CFS can be established in an existing community infrastructure or temporary structures should be created using temporary shelter materials like tarpaulin, bamboo etc. and relevant arrangements shall be made in advance before the occurrence of the flood while planning and making arrangements for relief camps.

Reconnaissance Survey & Site Selection

A reconnaissance survey is very essential for selecting the best site for setting up the CFS. Few guidelines to be followed for selecting the best site include-

1. Identification of Location – Study to be conducted at Circle Level
 2. The CFS should be near/attached to existing Relief Camps/Health Facilities
 3. The area should be located above highest flood level (HFL) and dry with sufficient weather proofing
 4. Existing structure with hygienic environment can be selected for CFS
 5. Area selected should be safest available inside the campus. The CFS should be established in an area which is relatively safe from all possible natural and man-made hazards with active participation of affected communities for ownership and role sharing
 6. The CFS should be accessible to children and their families (both inside the relief camps and taking shelter elsewhere)
 7. The CFS should have water and latrine access
 8. The CFS location shall be accessible for all including Children/ person with disability/ arrangements to be made to make it accessible for other service providers and NGOs who will be participating in the activities
 9. The indoor play areas should promote all areas of child development (social, physical, intellectual, creative and emotional), and should, subject to availability, including areas that accommodate dramatic play, interactive play and education, art activities, gross motor skills activities and a quiet area.
 10. The size of the CFS should be sufficient for the number of expected beneficiaries and should have space for play, educational activities and other services. The CFS should have as large an outdoor play area as space permits, which allows sufficient space for team sport and other recreation activities. The available space should be sufficient to accommodate the primary CFS space, Kitchen and Toilet.
 11. The CFS area should be properly barricaded (i.e. with a fence or a barrier and strict vigilance) for safety and restrict access to unauthorized/inappropriate adults (i.e. Strangers, criminals)
 12. In conflict prone area additional checks should be done such as
 - a. Study of recent attacks on schools or public places
 - b. Safety of routes from Home/Relief centres to CFS
 - c. Cause of the conflicts and whether the proposed site is 100% secure
 - d. In places of ethnic/religious violence CFS should be provided only with sufficient protection measures from authority
 13. In areas prone to natural disaster, additional checks should be done such as
-

- a. Site should not be affected by recurrent flooding in case of flood hazard zones. District flood hazard maps & historical data along with suggestion from locals will help in decision making.
- b. If existing structure is selected, earthquake safety aspects should be considered
- c. The structure built should be sturdy enough to give protection from storm, lightening and rain.
- d. If the need arose, evacuation plans for children to safe zones should be kept into consideration

Basic/Compulsory Facilities in a CFS Structure

- ✓ Separate Medical Facility
- ✓ Epidemic Control Mechanisms (FACE Mask, Sanitizer, IECs)
- ✓ Sanitation/Toilet facilities
- ✓ Washroom/Hand-wash/Bathroom Facility
- ✓ Kitchen (Pre-existing preferred)
- ✓ Breastfeeding corner
- ✓ Age-appropriate food (fresh prepared, diverse food groups) provision for children
- ✓ Safe Drinking Water
- ✓ Fire Safety facilities
- ✓ Electricity/lighted area
- ✓ Dustbins
- ✓ Play and Education materials
- ✓ Counsellor engagement
- ✓ Register for Attendance
- ✓ Child ID Wrist Bands
- ✓ Engagement of In charge/Departmental Officials
- ✓ Printed Display/Wall hanging Instructions on Do's & Don'ts
- ✓ Display Wall - Name of CFS, Total No. of Children (M/F), Name of Department In-charge, Date of Initiation, Date of Closure, Name & Contact of Doctor attending and other vital information

*** Checklist of Facilities can be seen in Annexure-I

In all the interior layouts few basic items can be included viz.

1. Activity Area (Carpets, etc.) for children to play, draw or other group activities.
2. White/Black Board
3. Box (for safe keeping of all activity items, books, etc.)
4. Table (Optional)
5. Visual Media (helps to keep children engaged)
6. Benches & Tables (Optional)
7. Fire Safety Equipments
8. Trash cans/Dustbins

The above layout/facilities is the most minimalistic one and may change as per need or availability of materials/fund as well as availability of existing structure.

Note:

Pre-disaster preparedness is an important aspect of CFS. As such departments should be ready with essential items and stocks for immediate dispatch in the event of a disaster. A detailed list of such items are provided in Annexure-II

Services to be provided in the CFS

The following services should be made available in the CFS:

- a. Age specific food and nutrition services including promotion of breastfeeding; age-appropriate complementary feeding for 6-23months children; Screening for underweight and Severe Acute Malnutrition (Wasting) for under-five children, mid-day meals, hygiene training and other WASH promotion activities. Special care to be taken to not promote breastmilk substitutes, infant formula and infant foods for under-two years children to prevent violation of Infant Milk Substitutes act.
- b. Health and hygiene services including health check-ups, referral, immunization, minimum health care/nursing as needed.
- c. Recreation services including diverse activities, appropriate for girls and boys such as; free play, organised play, story-telling, dance, music, drama, singing, puppet-shows, Sports competitions etc.
- d. Education services including non-formal educational activities, Formal education, in lieu of schools, Pre-school services, Drawing and painting, life skill education etc.
- e. Psycho-social support services (in case of unaccompanied children, orphan children, or children who have lost their close ones or children in shock) including Peer-to-peer support, parental counselling Professional support, play therapy etc. depending upon the need
- f. Protection services including Information on child protection services for children and families such as family tracing, alternative care for separated children, juvenile justice, and social services, awareness generation on issues of protection during emergencies and prevention mechanisms, vigilance services by VDPs/ SJPU(Special Juvenile Police Units) etc.
- g. All implementable activities/services mandated under existing SAPTADHARA notification dated 20th December,2016 of the Education Department) like Gyan Dhara (Knowledge Band), Upasthapan Dhara (Presentation Band), Gaurav Dhara (Self-Esteem), Sukumar Dhara, Rang/Kala, Natya Dhara, Samaj Seva Dhara (Community/Social Service), Udbhaban Dhara (Talent).

Layouts

The design phase of the CFS is an opportunity for community and child participation. Not only can children and their families provide valuable input – on how to arrange the tents in a given area, for example – but once the design is complete, hopefully they can feel empowered, respected and included in their recovery efforts.

Constructing a CFS can involve setting up a few tents or building a more solid, elaborate structure. The construction of semi-permanent or permanent structure requires expertise; and, therefore the decision to build a structure should be given serious consideration. Again, all possible opportunities of adapting existing spaces should be explored to reduce the costs and to minimize the amount of time spent on building a structure. Communities can play a key role in this stage. Their involvement

can range from manual labour to quality control of materials and supplies. It is important to ensure that participation is voluntary and not forced.

A CFS can be as small as a tent to a school building depending upon the number of children of various age groups that is planned to be accommodated. But there should be sufficient space for various activities along with a disturbance free atmosphere. For sample layouts, **Annexure-III** should be referred.

The interior can be planned according to the types of activities and number of children and caretakers. The children participation is essential for this phase so that they have as sense of belonging to the place while enjoying group activities such as wall decorations, paintings, furniture planning, etc.

Chapter-3: DEPARTMENTAL/STAKEHOLDER SERVICES IN CFS

CFS is a multi-stakeholder setup and each department has a crucial role in successful implementation of the same. Effective co-ordination is essential for avoiding duplications, gaps, and ineffective use of scarce resources. Co-ordination between the protection, education, mental health and psychological and other sectors should be ensured at the very first stages of emergency to avoid duplication of assessments and activities.

To the extent possible, CFSs should be implemented through the community's own networks, people, and resources. Top down approaches by outside agencies should be avoided. Parents, grandparents, religious leaders, women's groups, youth groups, and others can be encouraged to become involved. Responsible students/teachers nearby affected areas can give voluntary service. It is essential for the community to take responsibility for children's well-being at the earliest, appropriate moment. Ideally, the community will lead the development of CFSs and experience a sense of ownership of them, with external agencies playing a facilitative role. This may be infeasible at the onset of the emergency, particularly if community resources have been disrupted or eroded, or if external partners have limited capacities for facilitating community ownership. However, it is possible to build community ownership by working in a phased approach in which communities assume increased responsibility for CFSs over time. For example, CFSs may be started in consultation with affected people in situations that do not permit high levels of community participation. Over time, the responsibility for the CFSs can be handed progressively over to the community. Building the skills of external agencies promoting community ownership may be a key part of this process. As responsibility is handed over to the community, it is important to define clearly the roles, responsibilities, and contributions of the community and the external agencies.

Sector-1: District Disaster Management Authority (DDMA)

The District Disaster Management Authority (DDMA) will be primarily responsible for collaboration with the various stakeholders, site selection and planning of various activities under CFS. They will follow the instructions laid down by the modified "SoP on Relief Camp Management" issued on 8th June 2020. The responsibilities of DDMA will include –

Site Selection

- Selection of best location for CFS from assessment of District Hazard Maps and Current flood/disaster scenario in the district.
 - Assessment of existing structure such as
 - Various relief camps set within the district
 - Undamaged schools/colleges
 - Community centres
 - Open Grounds
 - Check availability of access routes to the proposed places as well as site specific need assessment
-

- Check legal issues before setting up CFS in the proposed site

Distribution of responsibilities and ensuring Community Participation

Community participation can make CFS highly inclusive stimulating, participatory, and supportive environments

- District Team Plan comprising all stakeholders & community leaders for various responsibilities
- Engagement of trained VLDP, VLMP, VLUP, VHSC Committee , Gaon Burhas, Aapda Mitras, NGOs, School Teachers, Senior Students, Volunteers, etc.
- Involvement of ASHAs/AWW/ANMs with support from Health Department
- Involvement of Mothers & Adolescent Group, Bal Sansad, Eco -clubs , Shishu Gaon Sabha and Women Gaonsabha.
- Involvement of Nehru Yuva Kendras, Maina Parijat, etc.
- Involvement & Engagement of Community in Planning process, execution, monitoring, evaluation as well as resource mobilization.
- Engaging communities and schools to build a children database within the particular revenue circle/block.
- Maintaining Transparency about all activities is essential to keep the confidence of community & stakeholders
- Allotting resource persons from within the community and Identification of Volunteers/Responsible leaders from Community who can respond & co-ordinate during emergency. Defined responsibilities may be
 - Select Animators and CFS staff from the affected group, identifying natural helpers by asking to whom boys and girls go when they need help and support
 - Identify resources such as community networks and available suitable adults who can conduct activities
 - Select responsible person for security of proposed site & training materials (e.g. Tents, recreational materials, instructional items, etc.)
 - Involve parents and caregivers (including fathers and youths) in children activities, discussion groups, children care training, and workshops to make toys/materials for the centre.
- Building a comprehensive responsibility checklist for stakeholders from various departments
 - Health
 - Nutrition
 - Education
 - Security
 - Psycho-Social Support
- Recognition & Encouragement not only for children, but also the stakeholders extending their services
- Ensuring safety at any cost

Awareness Generation & Training Activities

- Mass awareness generation among communities about the benefits of CFS
- Preparedness training & mock exercises
- Spreading awareness on issues of Child Health, Hygiene, Nutrition, Education & Safety, etc.
- Awareness through mass media such as newspapers, TV & SMS
- School level drama, painting, quizzes and other interactive exercises
- Promote peer-to-peer education as well as mentoring of smaller children by older children
- CFS can be made an ideal setup for information exchange where community people can go learn about the humanitarian intervention and available support and a resource where humanitarian workers can learn about the community.
- Basic Good Practices and Do's & Don'ts can be seen as per Annexure-VII & VIII respectively

Monitoring, Reporting and Evaluation of CFS Programs

CFSs should be monitored on an ongoing basis to track the development of the CFS and to identify gaps in the levels of community mobilization, quality of activities, safety, logistical support, etc. CFSs should be evaluated periodically by people who are experienced in monitoring, to determine whether the activities are producing meaningful improvements in the lives of the children. Key steps are to:

- Develop early in the project a monitoring and evaluation plan.
- Train selected CFS workers and staff how to monitor program activities effectively.
- Monitor via animators the registration of children, parental consent, children's informed consent, attendance, behaviour during the activities, follow-up of children who missed activities, activity planning and whether activities include girls as well as boys and highly vulnerable children.
- Monitor via agency staff the quality of the activities, animators' skill levels, adequacy of supplies and logistics supports, protection threats in the area, and the implementation of the code of conduct.
- Evaluate not only process (output) indicators such as the number of children who participate regularly but also outcome indicators such as children's psychosocial well-being that are contextually relevant, measurable, and developmentally appropriate.
- Use participatory methods of monitoring and evaluation that engage children and youth and invite community members' views.
- Whenever possible, collect sex- and age-disaggregated baseline and end-point measures of outcomes concerning changes in children's lives, and enable comparisons with other interventions or sites where no CFS had been implemented. To manage the ethical issues that can arise in making comparisons, consider strategies such as wait-list comparisons (e.g., compare girls and boys who participate in CFSs with children who have not had CFSs but are about to begin participating in CFSs).
- When possible, conduct inter-agency, collaborative evaluations, which can improve coordination and yield conclusions that apply more widely.
- Promotion of Child Protection Committee & Children Groups
- Refer success indicators and format as per Annexure-V

- District CFS Enumerators (qualification as per Annexure-VII) can support in proper documentation and monitoring of gaps

Phase out or transition in a contextually appropriate manner

- ✓ Develop in close consultation with the community and other stakeholders a phase-out or transition plan that links with broader recovery planning. Use a bottom-up approach that will support ownership and also transition of the CFS to the community. Ensure that the community is aware from the outset that a phase-out period and/or handover will take place, and provide information as soon as possible about when the phase out or transition will occur.
- ✓ Consider options such as closing down CFSs once schools re-open or transitioning CFSs into community resources such as early child development centres, women-friendly spaces, community centres, spaces for children's/youth clubs, literacy initiatives, or vocational training activities. It is appropriate to call these by names other than 'CFSs' in order to avoid confusion and recognize that emergencies require a distinctive way of working. These options should be decided with full collaboration of community stakeholders.
- ✓ Include budget considerations in planning the phase-out or transition.
- ✓ Enable communities to make key decisions about the transition of the CFS whenever possible.
- ✓ Engage children and youth in implementing the strategy.
- ✓ Adapt plans on the basis of the changing context.
- ✓ Preparedness by organizing community awareness meetings, mock drill & role play at various levels.

Sector-2: Health and Family Welfare Department

Health Services in CFS

Health Assessment

Health assessment is one of the primary tasks after setting a Child Friendly Space. Most of the children present in the camp suffer from various waterborne diseases primarily and their treatment and need analysis will be topmost priority.

- ✓ Assessment will be done through Team of doctors, nurses, paramedics available at nearest Health Facility and detailed for the purpose
- ✓ Mobile Health Vans with doctors/paramedics
- ✓ Engagement of Lady Health Visitor (LHV), Health Educator (HE), Multi-Purpose Workers (MPW), Vaccinators, Surveillance Worker(SW), Auxiliary Nurse Mid-Wife (ANM), Accredited Social Health Activist (ASHA) for the assessment

Basic health services to be provided

- ✓ Basic Health Check-up for common diseases
 - ✓ Prevention of Dehydration and Diarrhoea , Blood Loss, Severe Acute Malnutrition (SAM) and Medium Acute Malnutrition (MAM)
 - ✓ Immunization, Deworming, Weekly Iron and Folic Acid Supplementation (WIFS)
 - ✓ Sanitation and hygiene
-

- ✓ Availability of Sanitary Napkins

System and Mechanism to provide services: State to village level system

- ✓ State Level – Directorate of Health Service (DHS) , Director of Medical Education (DME), Mission Director-National Health Mission (MD-NHM)
- ✓ District Level – Jt. DHS, District Program Management Unit (DPMU), DDMA
- ✓ Block Level – Sub-division Medical and Health Officer (SDM & HO), Block Program Management Unit (BPMU), CFS Committee to be formed to monitor the Health Facilities in the CFSs.
- ✓ Village Level – ANM/ MPW/ ASHA/ Anganwadi Worker (AWW) Mechanism
- ✓ At village level ANM/ MPW/ ASHA/ AWW will be responsible for providing basic services.
- ✓ Rastriya Bal Swasthya Karzyakram (RBSK), Mobile Medical Unit (MMU) & Medical team will do the Health Check-ups
- ✓ SDM & HO will designate Nodal persons to the CFS Committee.
- ✓ SDM & HO will ensure the availability the drugs & other logistics and also monitor the same and responsible for timely reporting to District Administration.

Inter-departmental coordination

- ✓ Interdepartmental coordination will be done at state level, Dist. Level & Village Level through designated officials at the relevant level of the concerned depts. such as Education, Social Welfare, PHED, P&RD, etc. ASDMA and respective DDMA will act as coordinating agency.

Capacity Building

- ✓ At village Level- ASHA/AWW/ANM/MPW etc. to be trained properly to correctly assess the needs and be able to provide the basic health services.
- ✓ At block/ Dist. Level – Doctors, Nurses, Paramedics to be trained for prompt response and correct diagnosis.

Reporting & Monitoring

- ✓ ASHA/AWW in charge of a CFS will maintain proper record/Inventory of inmates/no of children in CFSs and details of their basic health needs and services provided.
- ✓ This will be reported through a format to be devised for the purpose to the block level / district level health functionary / facility.
- ✓ Doctors/Medical Officers at the health facility will evaluate the same and provide necessary guidance & advice in order to ensure proper monitoring and supplement the services as per necessity

Resource Mobilization for CFS

- Human resources: ASHA, MPW, ANM at village level along with doctors, nurses, paramedics etc.
SDM-HO -> MPW/HO/LSV
SDM-HO -> Block Community Mobilizer (BCM) -> ASHA/ANM
- Drugs/ Test kits: Availability of Drugs and other test kits.
District Drugs Store Manager (DDSM) -> Block Pharmacist -> ASHA

3. Infrastructure: MMU services, Road Ambulances, Boat Ambulances, Boat Clinics, 102 services, 108 services, Kangaroo Mother Care (KMC).

District Media Expert (DME)/District Program Manager -> Block Program Manager (BPM) -> Assistant Block Program Manager (BPM)

Sector-3: Social Welfare Department

Basic Services of department during disaster

- Ensure care and protection for children who lost their parents, as they can be easily targeted by traffickers during such periods
- Ensure facilitation of the cost of welfare schemes as well as financial assistance during and after disasters
- Social Welfare Dept. to ensure continuity of nutrition services including growth monitoring, screening for malnutrition, counselling on breastfeeding and complementary feeding behaviours.
- DSW to ensure early childhood education for children 3-6 years old and engaging with parent on responsive parenting
- Social Welfare Department to ensure the care & protection of physically challenged children during such times
- For both P/L and children, Adolescent Girls – immediate first-aid response as well as Health check-ups

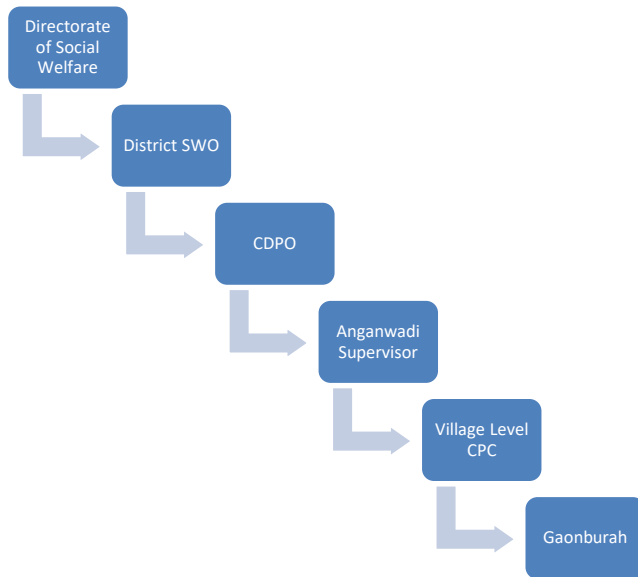

Nutrition Assessment

- ✓ Joint Needs assessment.
- ✓ Identify resource management at community level to assist themselves to meet immediate needs of drinking water, food (including age-appropriate complementary foods for children <2yrs), clothing & shelter
- ✓ Participatory co-ordination by DDMA's, IAGs, Social Welfare, Health, PHED, SWO, External Agencies, etc.

Basic Nutrition services to be provided

- For Children below 6 years
 - Safe drinking water
 - Hot Cooked Meal/ Ready-to-eat foods
 - For babies below 6 months
 - Only mother's milk (exclusive breastfeeding)
 - Need to provide sufficient food, mainly HCM or RTE to lactating mother also
 - For children 6m-23m
 - Freshly prepared meals using locally available foods; diverse food groups to be included
 - Drinking water and sufficient HCM or RTE
-

System and Mechanism to provide services: State to village level system

Inter-departmental coordination

- ✓ DDMA connecting departments with IAG

Capacity Building

- ✓ Training on Child Rights to Survival
- ✓ Logistic Support to CFS facilitators, CPC, Child Groups and assessment committee

Reporting & Monitoring

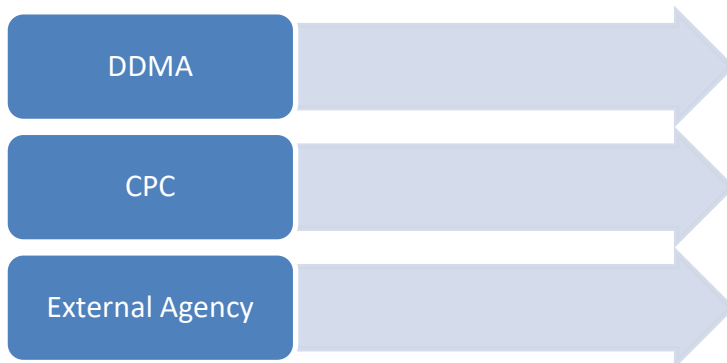

- ✓ Reporting

- ✓ Monitoring

- ✓ Evaluation

Resource Mobilization for CFS

- Local Community Contribution, PRI, External Agency, Food and Civil Supply, promotion of grain bank
- Co-ordination with Nutrition Rehabilitation Center (NRC) – For treatment of Severe Acute Malnourished (SAM) children
- Water ways services to access food and nutrition
- Promotion of Nutrition cum Kitchen garden

System and Mechanism to provide services: State to village level system**Sector-4: Protection Services/Measures in CFS*****Need Assessment***

Assessment will be done by local village community, NGO, etc. on the basis of different departmental data and past records.

Protection Issues & security services to be provided

- Security
 - Protection from miscreants, abduction and trafficking
 - Protection from subsequent hazards
 - Protection from Gender Based Violence (GVB)
- Health & Hygienic Issue
 - Safe & Healthy Food
 - Hygienic/Disease free Environment
- Social Issue
 - Gender Sensitiveness
 - Equality

System and Mechanism to provide services: State to village level system

- ✓ Form committees at – State, District, Sub-Division, Block, Panchayat & Village Level
- ✓ Rapid Action Plan
- ✓ Easy dissemination of issues from village to state level

Inter-departmental coordination

- ✓ Good Co-ordination between Departments and regular meetings between agencies involved

Capacity Building

- ✓ Capacity building from state level to village level providing training to various departmental officials, NGOs, local community, Teachers, etc.

Reporting & Monitoring

- ✓ Reporting & monitoring mechanism should be from village to state level through proper channel

Sector-5: Education Services in CFS***Need Assessment***

- ✓ Create sample need assessment format
-

- ✓ Disaster Management Committee at School Level with community members with inputs from District Disaster Management Authority & DEOC
- ✓ Mapping of Local Resources

Basic education services to be provided

- ✓ Deputation of Teachers
- ✓ School in box/bag
- ✓ Textbooks – Buffer stock for emergencies must be maintained
- ✓ Games & Sports equipment

System and Mechanism to provide services: State to village level system

A Quick response team to be formed involving teachers, SMCs CRCCS, HMS, BEEOS & this is to be linked to the DSSAC Nodal Officer, then to Nodal Officers in the Directorates & Secretariat

Inter-departmental coordination

The DSSAC will take the lead in engaging officials & experts from various departments

Capacity Building

Sensitization of parents, training of teachers, facilitators not only to address physical conditions but psychological factors as well

Reporting & Monitoring

A Quick response team to be formed involving teachers, CRCCS, SMCs HMS, BEEOS & this is to be linked to the DSSAC Nodal Officer, then to Nodal Officers in the Directorates & Secretariat

Resource Mobilization for CFS

- ✓ Counselling session for the transition
- ✓ Consultation with the Community

Sector-6: Psycho-Social Activities in CFS

Psycho-Social services to be provided

Need Assessment

Children needing special attention should be identified such as -

- ✓ Children who do not play/interact with their peers or show psychosocial distress
- ✓ Children who are separated, or at risk of being separated, from their primary caregivers
- ✓ Children who are heads of households, who are young mothers, or who take care of other children
- ✓ Children who have suffered or are at risk of experiencing physical harm
- ✓ Children who are involved in exploitative child labour
- ✓ Children with disabilities
- ✓ Children who are otherwise marginalized and lack access to support and services
- ✓ Children who are at risk of sexual exploitation or other gender-based violence, or who are at risk of early marriage

Specific Activities for Children

- ✓ Drawing – Dream Village
- ✓ Counselling – Individual, Group, Family
- ✓ Group Activity – Singing, Dancing, Drama, Games
- ✓ Fine Arts
- ✓ Identification of psychosomatic children
- ✓ Story Telling
- ✓ Audio – Visual Display
- ✓ Play Materials
- ✓ Educationist, Psychiatric and Counsellor

Resource Mobilization for CFS

- ✓ Health department can play a primary role in providing psychological care to children
- ✓ Doctors and psychologists from various govt. hospitals can help in severe cases
- ✓ ASHA/ANM members can give basic psychological care

Sector-7: Wash Services in CFS***Need Assessment***

Field level PHED functionaries (e.g. SA, Khalasi led by the concerned SO (PHE)) in consultation with local community under the supervision of PHED Authorities (SE, EE, AEE etc).

Basic wash services to be provided

- ✓ Provision of safe drinking water and safe water handling practice
- ✓ Sanitary Toilets (including separate toilet for boys and girls)
- ✓ Provision for safe disposal of sanitary pads
- ✓ Hygiene practices
- ✓ Waste Management and proper drainage
- ✓ Safe disposal of child faeces
- ✓ Displaying of WASH messages at strategic locations (Do's and Don'ts)

System and Mechanism to provide services: State to village level system

- ✓ Order is issued by Govt. entrusting responsibilities from state to village level (SWSM & DWSC) also providing Guidelines w.r.t
 - Capacity Development
 - Training and Orientation
 - Monitoring and Evaluation

Inter-departmental coordination

Through DWSM / DWSC

Capacity Building

- ✓ Awareness on WASH services in Child Friendly Space (CFS)
- ✓ Training and Orientation on WASH services
- ✓ Monitoring and Evaluation mechanisms
- ✓

- ✓ Activity oriented capacity development for all stakeholders at all levels, especially the students and teachers.

Reporting & Monitoring

- ✓ Data collection and reporting to appropriate level
- ✓ Compilation and Maintenance of a suitable Database.
- ✓ Suitable time formatted reporting

Resource Mobilization for CFS

- ✓ Separate Budget Provision
- ✓ Adequate Corporate Sector Responsibilities (CSR) support

Sector-8: NGOs and other Service Providers

Accessibility for NGOs and other Service Providers

- ✓ Preapproval of NGO engagement from district Authority
 - ✓ Liasoning officer for NGO
 - ✓ NGOs can take over CFS activities in pre-existing High Lands/Relief camps built under CSR activities, etc.
 - ✓ NGO should work under in charge of CFS
-

Chapter-4: RELIEF CAMP LEVEL SoP

(AS NOTIFIED ON 8TH JUNE 2020 IN SoP FOR RELIEF CAMP MANAGEMENT IN THE CONTEXT OF FLOOD AND COVID-19)

| Phase | Actions to be taken at village level where relief camps are being identified | Responsibility |
|---|---|---|
| Pre-Disaster | <ul style="list-style-type: none"> Identify locations within the designated camp boundary or nearby where children can be engaged and supported following social distancing, personal hygiene, cough etiquettes and other COVID-19 precautionary measures | Gaon Burah/Mondal with School Safety Focal Point Teacher, ANM, ASHA and AWW, SMC members and PRIs |
| | <ul style="list-style-type: none"> Create a database of children who will be supported in the identified CFS from the targeted villages to plan for the set up using social distancing | School Safety Focal Point Teacher and AWW |
| | <ul style="list-style-type: none"> Identify existing IT assets (e.g., Television/Radio) in schools designated as camps) to use them for remote learning in camps | |
| | <ul style="list-style-type: none"> Arrange and wherever feasible basic materials such as tents/tarpaulin, recreational and sports as well as education materials, desired number of masks for children, soaps for handwashing, GR as per norms for children to be provided through CFS with Revenue Circle Officer | |
| | <ul style="list-style-type: none"> Identify and map pregnant women, lactating mothers, mal nourished children against identified camps and Child Friendly Space and share the information to camp-in-charge | ANM, ASHA, AWW |
| | <ul style="list-style-type: none"> Conduct remote/ face to face (core camp team) pre-flood camp level meeting to plan for services in CFS as per COVID-19 guidelines | Coordinated by Camp-in-charge |
| | <ul style="list-style-type: none"> Develop a short and simple routine of various activities to be conducted in the Child Friendly Spaces | School Safety Focal Point Teacher and AWW |
| | <ul style="list-style-type: none"> Submit any requirement of tools and materials related to CFS to the Office of the BEEO/CDPO for onward sharing with RCO/SDO (Civil)/DDMA | |
| | <ul style="list-style-type: none"> Develop/adapt teaching learning and recreational materials available with the school/ICDS centre for use in the CFS | |
| <ul style="list-style-type: none"> Conduct mock exercises to test how social distancing and other COVID prevention measures can be maintained in child friendly spaces in the camp | Coordinated by Camp-in-charge | |

| | | |
|---|---|-------------------------------|
| During Disaster | <ul style="list-style-type: none"> • Ensure space is available for child friendly space in the camp either in a separate room in the relief camp or in open space covered with tarpaulin for both shade and sitting | Camp-in-charge |
| | <ul style="list-style-type: none"> • Ensure siting arrangement in a way that it ensures minimum 1-meter distance between two children | CFS in-charge teacher and AWW |
| | <ul style="list-style-type: none"> • Register all children (0-19), pregnant women and lactating mothers taking shelter in the relief camp for providing services in the CFS | |
| | <ul style="list-style-type: none"> • Ensure that the activity routine developed before the disaster is being executed with enough scope for educational and other activities with children following social distancing norms. The activities will include: | |
| | <p>Age specific for and nutrition services</p> <ul style="list-style-type: none"> • Establish and make functional a breastfeeding corner where lactating mothers in the relief camp will be encouraged to feed their children (only 1 mother at a time) • Screen height and weight of children (0-6 years) following 1-meter distance and identify children who need additional attention • Provide take home ration to children and their mothers as per ICDS norms following 1-meter distance • Provide take home ration to school age children as per mid-day meals norm following 1-meter distance • Ensure no violation of IMS Act | CFS in-charge teacher and AWW |
| <p>Health Services</p> <ul style="list-style-type: none"> • Conduct routine immunization services and other VHND activities following 1-meter distance between beneficiaries • Provide Counselling on age appropriate feeding including exclusive breast feeding and complementary feeding to pregnant and lactating mothers • Provide IFA syrup to children as per guidelines • Provide ORS packet as per-positioning for treatment of diarrhea • Conduct Antenatal checkups and provide IFA and calcium supplements to pregnant women as per guidelines • Conduct routine checkup and provide IFA and calcium supplements to lactating mothers as per guidelines | ANM and ASHA | |

| | |
|---|--|
| <ul style="list-style-type: none"> • Provide health education on COVID related issues to children and their mothers • Provide sanitary protection support (culturally appropriate) to adolescent girls registered in the CFS | |
| <p>Infection Prevention and WASH services</p> <ul style="list-style-type: none"> • Demonstrate hand washing steps to children and ensure handwashing with soap on hourly basis to children and women in the CFS. • Encourage and guide children to wash hands before and after use of toilet, before and after eating anything • Ensure that enough water and soap is available for handwashing near CFS and containers are disinfected/cleaned regularly • Ensure that children in CFS have access to safe drinking water and toilet as per guidelines • Ensure that everything that is frequently touched in the CFS is disinfected thrice daily • Educate children and women in CFS about infection prevention measures to be undertaken by them during their stay at camp and when they go back home | <p>PHED Khallasi with Gaon Burah and Camp-in-charge</p> |
| <p>Education and recreational Services</p> <ul style="list-style-type: none"> • Organize children as per age group 3-6 years, 6-14 years and 14-19 years • Ensure attendance of children as per the defined age group • As per the pre-developed routine, conduct regular classes in a more generic and supplementary manner with special provisions for persons with disability • Engage children in quiz, knowledge test games, storytelling, story making and other such interactive activities which require less/no movement and can be done maintaining social distancing • Wherever feasible organize radio/television classes or classes through Diksha app among children • Facilitate physical activities which do not requiring touching one another and physical | <p>All teachers (in case the relief camp is established in a school)</p> <p>CFS in-charge teachers and AWW</p> |

| | |
|---|---|
| <p>distancing can be maintained. School in a Box and Anganwadi in a box concepts shall be implemented as feasible</p> <ul style="list-style-type: none"> • Conduct painting, creative art, singing and such other activities to facilitate their engagement and support them in dealing with emerging stress • Observe children who are silent, in fear, shock or anxious and provide them individual care in ventilating their feelings • Provide appropriate and timely guidance to children on the existing and emerging scenario • Conduct life skills session with focus on adolescents • Ensure through regular monitoring of the attendance register that children remain accounted for | |
| <p>Protection Services</p> <ul style="list-style-type: none"> • Account for any unaccompanied children in the camp • Educate children about their safety both online and offline safety during their stay in the relief camp • Share regarding the associated risks such as violence, trafficking and abuse that may happen during and after flood and in COVID situation • Provide information related to child protection services that are available to support in case of any such issues e.g., ChildLine, DCPU, JJB, CWC etc. • Support children in revealing any unwanted experience that they might have experienced in the camp and support them in reporting those. • Place a complain box in the CFS or in a strategic location in the camp and encourage children (particularly girls) to report any issue related to | <p>CFS in-charge teachers and AWW</p> <p>Village Child Protection Committee (wherever existing)</p> |
| <ul style="list-style-type: none"> • Compile and submit daily report to camp-in-charge and DDMA on number of children as per age group, sex and disability status catered or provided services in the CFS. | <p>CFS in-charge teachers and AWW</p> |

Post Disaster

- Compile and submit a detailed report on CFS operation in the camp with summary of attendance, activities conducted etc
- Share observations and lessons learnt to BEEO's/CDPO's office for improvement of CFS in relief camps in future
- Based on lessons improve provisions in the designated camps for effective operation of CFS in future
- Ensure no violation of IMS Act

CFS in-charge teachers and AWW

Chapter 5: MENSTRUAL HYGIENE MANAGEMENT

Menstrual hygiene management (MHM) is an essential aspect of hygiene for women and adolescent girls between menarche and menopause. Despite being an important issue concerning women and girls in the menstruating age group MHM is often overlooked before, during and post-disaster responses. Menstruation is a naturally occurring physiological phenomenon in adolescent girls and pre-menopausal women. Women and girls in low income settings have low awareness on hygienic practices and lack culturally appropriate materials for menstrual hygiene management (MHM) practices. Menstruation and associated activities are surrounded by silence, shame and social taboos that are further manifested in social practices that restrict mobility, freedom and access to normal activities among adolescent girls.

Young adolescent girls tend to be less prepared for MHM and suffer from anxiety, apprehensions, fear and shame during their menses. In addition, pre-existing social taboos and cultural restraints during menstruation mean that managing menstruation is a greater challenge during disasters. Further, there is limited access to reproductive health services and safe menstrual hygiene materials during disasters. Menstrual hygiene needs are not only specific and pressing to women and girls in reproductive age but also require access to same management of the menstrual period, and care of basic reproductive health. In emergencies, the usual lifestyles of affected individuals change and they are confronted with additional stress that could worsen their physical and psychological well-being. Provision of fundamental human requirements such as shelter, food, clean water and medicines is prioritized; however other needs such as safe menstrual hygiene management that can have profound psychosocial impact if unmet are often neglected.

Good menstrual hygiene is essential for the health and dignity of girls and women. Discussions on menstrual hygiene are important for adolescent girls to clarify existing myths and misconceptions around menstruation. Improving menstrual hygiene is important from the point of view of personal comfort and increased mobility. It also reduces the likelihood of infections resulting from poor hygienic practices during menstruation. Providing girls with the knowledge and skills on maintaining menstrual hygiene improves school attendance among girls who may not attend school on those days or even drop out of school altogether. Menstrual Hygiene

Management (MHM) programming in emergencies involves adjustments and improvements to a range of sectoral interventions including Water Sanitation and Hygiene (WASH), Protection, Reproductive Health, Education, and Shelter. While some components are specific to menstruation (such as the provision of sanitary pads), most components of MHM programming are concerned with improving the safety, privacy and dignity with which women and girls can live in emergency situation.

How to promote Menstrual Hygiene?

Promoting menstrual hygiene is achieved through:

- a) Provision of health education to girls and women on menstruation and menstrual hygiene
- b) Increasing community action to improve access to clean toilets with water, both in the home and in schools
- c) Promoting the availability and use of sanitary products
- d) Enabling safe disposal of sanitary products.

Menstrual Hygiene can be promoted in the community, in schools and in Child Friendly Spaces during a disaster. It is best to start with adolescent girls although other women in the reproductive age group also benefit from the information and access to sanitary products. In the community, the ASHA, the Anganwadi Worker (AWW), and the members of women's self-help groups (SHGs) can make a substantial difference to menstrual hygiene practices in Child Friendly Spaces in relief camps during a disaster.

Why there need for MHM Awareness

- Menarche and menstruation are topics that are not discussed openly – leading to a lack of accurate information and education
- There is poor understanding of healthy menstrual hygiene practices, and the risk that poor menstrual hygiene poses to women and their reproductive health.
- Traditionally cloth, ash, sand, hay, and other material have been used by women, and there is low awareness of the risks that the use of these materials pose.

- Embarrassment and lack of effective options to ensure menstrual hygiene could lead to school absenteeism or even dropouts.
- Availability of sanitary napkins in rural markets is low, and there is embarrassment associated with purchasing them

| MHM TOOLKIT | |
|--|---|
| Module | Activities |
| <i>Module 1</i> Menstrual Hygiene Management in Relief Camps | Checklist for Relief camps |
| <i>Module 2</i> Knowledge on menstruation | What is menstruation? Physical changes during puberty Fact sheet – menstruation Menstrual Cycle Calendar Fact sheet – myths and misconceptions |
| <i>Module 3</i> Mhm friendly toilets and washing areas | MHM friendly toilet MHM unfriendly toilet |
| <i>Module 4</i> Menstrual Hygiene Material and Disposal | Care and disposal of used menstrual material |

THE HIERACHY OF MHM NEEDS

DIGNITY

Harmful cultural norms addressed; a supportive environment; access to information about puberty and reproductive health; engagement with boys & men

PRIVACY

Ability to privately manage menstruation including washing, dry and/or discretely discard disposable materials.

SAFETY

A secure environment; ability to access facilities of choice throughout the day and night

FACILITIES

Private female friendly toilets and washrooms at home and in public & institutional spaces

INFORMATION

Practical information on wearing, washing and disposing provided materials

BASIC MATERIALS AND SUPPLIES

Pads, underwear and soap

Conclusion

The MHM is a priority during floods—an annual occurrence in Assam—interventions in relief camps is vital during the disaster period. The first step could be a gender-sensitive response to MHM during emergencies; conversations around menstruation have to be normalized. Not only women and adolescent girls, but men too should be empowered to talk about menstruation without shame. The most effective step towards this is menstrual health education for communities and special orientation sessions for frontline humanitarian response workers as they can educate the women and adolescent girls in relief camps.

Chapter-6: SUGGESTED CFS DAILY PROGRAM SCHEDULE

Below is a suggestive program schedule for children of different age groups for activities to be conducted in the CFS. Refer to **ANNEXURE-VI** for Class I to VIII CFS program schedule if schools do not reopen for more than 3 weeks. For Young Children (3 to 6 years), the below mentioned CFS program schedule should continue, whereas for Adolescents (15 to 18 years/ Class IX to XII), the normal high school/college routine should continue.

The program schedule needs to be finalized at district level by DSW, JDHS, DEEO/IS and should be approved by Chairman, D-SSAC/ CEO, DDMA. Necessary customizations can be made at district level to make the program schedule locally appropriate. All materials required for activities shall be arranged from existing available resources with Anganwadi Centres and schools, till provisions are made. Necessary expenses related to creating temporary infrastructure (if required) shall be included in relief camp management costs.

| Batch 1 – Young Children (3–6 years) | | CFS Lead - Anganwadi Worker | | | | |
|---|--|---|---|---|--|--|
| 0900-1000 | <ul style="list-style-type: none"> • Morning Assembly and prayer • Sensitization on Physical fitness, Hazards and Safety Issues • Attendance and Head count | | | | | |
| 1000-1030 | Break (meeting parents, having snacks in relief camp etc.) | | | | | |
| 1030-1130 | Monday Pre-school educational activities by AWW | Tuesday Hygiene education by ASHA | Wednesday Health/immunization session by ANM and ASHA | Thursday Pre-school educational activities by AWW | Friday Story-telling and non-formal education by AWW | Saturday Health session by ANM |
| 1130-1230 | Local games and activities | | | | | |
| 1230-1330 | Children are given lunch through camps/ Mid-Day Meal (MDM) | | | | | |
| 1330-1500 | Flexible class module as per need of children | | | | | |
| Batch 2 – Children (6 – 14 years) | | CFS Lead- School teacher (LP/ME) | | | | |
| 0900-1000 | <ul style="list-style-type: none"> • Morning Assembly and prayer • Sensitization on Physical fitness, Hazards and Safety Issues • Attendance and Head count | | | | | |

| | | | | | | |
|--|--|---|---|---|---|---|
| 1000-1030 | Break | | | | | |
| 1045-1145 | Monday School work (Social Science) | Tuesday School work (General Science) | Wednesday Community activities including WASH | Thursday (Mathematics) | Friday Literature (MIL/English) | Saturday Arts and crafts/life skills including resilience education |
| 1145-1230 | Cultural/other extracurricular activities | | | | | |
| 1230-1330 | Children are given lunch through camps/Mid-Day Meal (MDM) | | | | | |
| 1330-1500 | Flexible class module as per need of children | | | | | |
| Batch 3 – Adolescents (15 – 18 years) | | | CFS Lead - School teacher (ME/HS/HSS) | | | |
| 0900-1000 | <ul style="list-style-type: none"> • Morning Assembly and prayer • Sensitization on Physical fitness, Hazards and Safety Issues • Attendance and Head count | | | | | |
| 1000-1030 | Break | | | | | |
| 1030 - 1145 | Monday School work (Social Science and life skills) | Tuesday School work (General Science) | Wednesday Community activities including WASH (emphasis on menstrual hygiene for girls) | Thursday (Mathematics and activities) | Friday Literature (MIL/English) | Saturday Arts and crafts/life skills including resilience education |
| 1145-1230 | Cultural/other extracurricular activities | | | | | |
| 1230-1330 | Children are given lunch through camps/ Mid-Day Meal (MDM) | | | | | |
| 1330 - 1500 | Flexible class module as per need of children | | | | | |

Note:

Friday – Health Camps should be organised post-lunch.

Sunday – Sports/Quiz/Dance/Painting Competitions, Scout/Guide Camps, etc.

Annexure-I: Checklist for Facilities

| Facilities | Yes | No | Action/ Comment |
|---|------------|-----------|----------------------------|
| The CFS is enclosed on all sides and have a specific entrance through which people can enter and exit | | | |
| Latrines and hand washing facilities are accessible. If facilities are some distance away a mechanism is in place to monitor/accompany children's use of them | | | |
| Drinking water is available | | | |
| The environment is safe, free from hazards, clean and tidy | | | |
| There is a room for staff, parents and other visitors separate from those used by children. | | | |
| There is access to a space for the treatment of any injury or minor illness | | | |
| Proper facilities for waste disposal (rubbish/trash bins are provided) | | | |
| All measures have been taken to ensure accessibility for children with disabilities | | | |
| There is enough indoor and outdoor space for the children and activities | | | |
| There is a separate outdoor play area for infants and toddlers | | | |
| The indoor play areas have proper ventilation/air circulation | | | |
| There is a shaded area available | | | |
| There are no sharp edges on equipment | | | |

Annexure-II: Suggested Materials and Supplies

Materials & Supplies

Hygiene supplies

- ❖ Garbage cans and bags
- ❖ Toilet paper
- ❖ Hand sanitizer
- ❖ Face Mask
- ❖ Hygiene wipes
- ❖ Soap
- ❖ Sponges
- ❖ Mop/bucket
- ❖ Hand towels

Security and Safety materials

- ❖ First aid kit
- ❖ Flashlight and batteries
- ❖ “Slow down, children at play” signs
- ❖ Fire extinguisher (within the area)
- ❖ Rubber gloves

Administration supplies

- ❖ Clipboards
- ❖ Monitoring and referral forms
- ❖ Disposable plastic ID bracelets and/or Polaroid
- ❖ Camera and film (for child check-in/check-out)
- ❖ Permanent markers
- ❖ Electric tape
- ❖ Glue
- ❖ Organisation T-shirts
- ❖ Scissors
- ❖ Name tag (for children and volunteers)
- ❖ Stapler and staples
- ❖ Pens

Special Items

- ❖ Tarpaulins for building CFS structure
- ❖ Support for Children with special needs
 - Wheel Chairs
 - Braille Books
 - Special Healthcare Equipment

*** Ensure all dangerous equipment is safely stored away from the children

CFS Interiors on a pre-existing Structure

Annexure-III: Sample Plans of a Typical CFS

General Layout of a CFS

CFS Building Types

1. Tent Structure on ground (Low Cost)

Basic building materials needed:

- a) Bamboo
- b) Tarpaulin
- c) Carpets (optional)
- d) Miscellaneous – Nails, Strings, etc.

2. Tent Structure for Flood plains (Low Cost)

Basic building materials needed:

- a) Bamboo
- b) Tarpaulin
- c) Carpets (Optional)
- d) Miscellaneous – Nails, Strings, etc.

3. Readymade Tent Structure (Costly)

Basic building materials needed:

- a) Bamboo/Steel Poles (depending upon tent type)
- b) Readymade tents (commonly used by International NGOs/UN Organisations)

Annexure-IV: Comprehensive Needs Assessment Format

1. Check for children with disabilities and special needs
2. Check for Health aspects of Children
3. Check for Nutrition deficiency
4. Check for psychological trauma

Annexure-V: Checklist for Success Indicators of CFS

A checklist for possible indication of success of CFS

| Sl. No. | Indication | Total | Success |
|---------|--|-------|---------|
| 1 | No of children suffered from common diseases and cured | | |
| 2 | No of children immunized/Deworming /IFA | | |
| 3 | No of children provided counselling for mental health | | |
| 4 | No of Adolescent counselled | | |
| 5 | No of sanitary napkins distributed | | |
| 6 | No of children practiced hand washed | | |
| 7 | Infant Mortality Rate (IMR) | | |
| 8 | Maternal Mortality Rate (MMR) | | |
| 9 | Child Mortality Rate (CMR) | | |
| 10 | Reduced occurrences of water borne or water related diseases (Reduction from previous year) | | |
| 11 | Full participation of children & community, receipt of voluntary services from stakeholders/organizations, community ownership, etc. | | |

ANNEXURE- VI Menstrual Hygiene Management

Checklist for Relief camps

| MHM Elements in relief camps | YES | NO | REMARKS |
|---|-----|----|---------|
| Does the Relief camp provide information for girls on menstrual hygiene? | | | |
| Has the ratio of one toilet to 30 female pupils been met? | | | |
| Are there separate toilets for girls and boys? | | | |
| Are there Hand-Washing facilities with water and soap? | | | |
| Does the relief camp have a WASH/MHM schedule in place (for cleaning, filling up water facilities etc?) | | | |
| Do girls have access to hygienic toilets with washing facilities to manage their menstrual hygiene privately? | | | |
| Is there water & soap in girls' toilets? | | | |

| | | | |
|--|--|--|--|
| Does the relief camps provide for discrete disposal of used menstrual materials? | | | |
| Does the relief camp have a supply of emergency menstrual materials? | | | |

What is menstruation?

- A natural bodily function and vital sign of good reproductive health
- Girls typically start to menstruate between ten and 18 years old
- Results in bleeding from womb (uterus) and through the vagina
- Usually occurs monthly for between two to seven days

Source: Kanyemba A (2011) *Growing up at school, a guide to menstrual management for school girls*. Zimbabwe: Water Research Commission, South Africa

Physical changes during puberty

- Breasts start to grow

- Hips start to get much rounder and/or wider
- Increased size of uterus, vagina, labia, clitoris
- Appearance of pubic hair
- Girls start menstruating or have monthly periods
- Changes in skin texture
- Chest broadens

Fact sheet – menstruation

| |
|---|
| Menstruation happens to each and every girl during puberty, usually between 10 and 18years. In some cases, it may start earlier than 10years |
| Menstruation is a normal or natural process by which girls bleed through the vaginal canal |
| Another term for menstruation is monthly period |
| The first menstruation is called menarche |
| The uterus is a body part which is shed during menstruation as menstrual blood |
| Every month the uterus grows a wall to prepare for menstruation |
| A girl bleeds every month after she begins her menstruation in the absence of pregnancy or illness |
| Menstruation usually occurs every 28 days. However, for some girls it can come earlier than 28days and for others later than 28days. The menstrual cycle sometimes irregular for the first and second year after menstruation starts. |
| Menstruating girls bleed between 2 to 7days with some lighter and heavy flows |

What does a girl experience during menstruation?

Some girls experience the following:

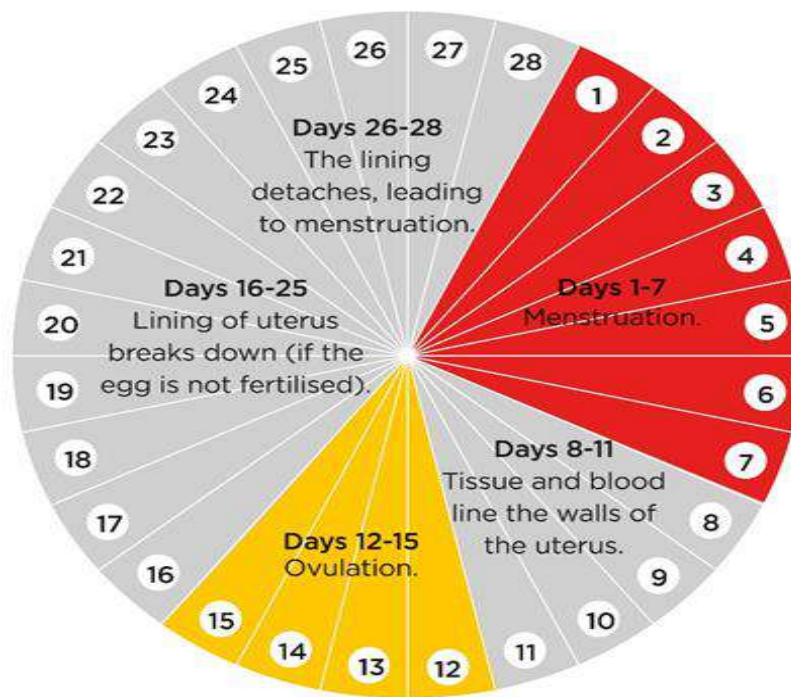

- Heavy or light blood flow
- Pain in the lower part of the stomach and/or lower back
- Emotional changes

The menstrual cycle

| Days | Process |
|-------|---|
| 1-7 | menstruation |
| 8-11 | tissue and blood line the walls of the uterus |
| 12-15 | ovulation |
| 16-25 | lining of uterus dissolves (if the egg is not fertilised) |
| 26-28 | the lining detaches, leading to menstruation |

*Approx. every 28 days but may be 21-35

*May be irregular, especially in first 1-2 year

(Education, 2016)

FACT SHEET – MYTHS AND MISCONCEPTIONS

| Myths & Misconceptions | Facts |
|---|---|
| Menstruating girls are unclean | Menstruation is a natural and healthy process |
| Disposal of used sanitary material in public places may lead to ritual activities that make girls bleed all of the time | A girl cannot menstruate continuously for life, unless she has a serious illness or infection. Girls can only menstruate for 2-7 days a month. It is still important to dispose used materials safely to keep a clean and healthy environment |
| Disposal of used sanitary materials by burning or burying leads to infertility | Infertility has nothing to do with burning because menstruation is a sign of fertility. Burning used sanitary materials is the safest way to dispose them |
| Menstruating girls should not eat certain foods such as yogurt or vegetables, or drink cold water, etc | Menstruating girls need to eat iron-containing foods such as vegetables, fruits, yogurt, etc. to replace iron lost due to bleeding. Girls should continue to drink water to replace the lost fluids and not be thirsty |
| Menstruating girls should not cook | Girls can cook food while on their menses. Practicing good hygiene when handling food is important. |
| Starting menstruation means you are ready to marry | Menstruation is an important stage in a girl's growth. It does NOT mean a girl is ready for marriage. It's a process of growing up but it doesn't mean that girls are ready for marriage or getting pregnant |
| Taking a bath during menstruation causes infection or infertility | Taking bath when having a period is necessary. It actually prevents a girl from |

| | |
|---|---|
| | infection and keeps her clean, fresh, and smelling good |
| Menstruating girls smell | Menstruating girls do not smell. The smell will only occur when the sanitary napkin has been worn for a long time without changing. This can be done if schools are able to support the girls in practicing safe menstrual hygiene management |
| Girls should not exercise or move around during menstruation to avoid the menses taking many days | Girls moving around have nothing to do with the length of menses! Actually, when girls remain active while on menses, it keeps them healthy and relieves menstrual cramps |

MHM friendly toilet

MHM unfriendly toilet

CARE AND DISPOSAL OF USED MENSTRUAL MATERIAL

Disposable sanitary napkin or pad

Usage:

- Pad should be placed comfortably on the pant in a position to properly collect blood
- Pad should be changed after a few (4-6hours) hours to avoid staining and bad smell. If blood flow is heavy change the pad often

Disposal:

- Pads should be burnt after use or wrap in piece of paper and throw in dustbin
- At school, pads should be thrown in a bin and the school will burn the used pads

- Throwing pads in the pit latrine can make the pit fill up quickly
- Throwing pads in a flush toilet can cause blockages in the pipes

Cloth Material

Usage:

- Cloth should be folded into a long thick layer and placed in the elastic of a pant
- Cloth should be changed every few hours (4-6hours) depending on the blood flow. If stayed for a long time it presents a bad odor

Disposal:

- Cloth should be washed with soap and water after use and hanged in sunlight
- At school, girls should carry a little plastic bag where they can put their used cloth after a change. The cloth can be washed at home

Tampon

Usage:

- Tampons should be inserted in the vagina with the string hanging out.
- The string helps you pull out the tampon when it's full
- A tampon should be changed every few hours (4-6hours) depending on the blood flow.

Disposal:

- Tampons should be burnt after use or wrap in piece of paper and throw in dustbin
- At school, throw tampons in the bin and the school will burn used tampons

Menstrual cup

Usage:

1. Wash your hands thoroughly.
2. Apply water or a water-based lube to the rim of the cup.
3. Tightly fold the menstrual cup in half, holding it in one hand with the rim facing up.
4. Insert the cup, rim up, into your vagina like you would a tampon without an applicator. It should sit a few inches below your cervix.
5. Once the cup is in your vagina, rotate it. It will spring open to create an airtight seal that stops leaks.

Disposal:

To take out a menstrual cup, just follow these steps:

1. Wash your hands thoroughly.
2. Place your index finger and thumb into your vagina. Pull the stem of the cup gently until you can reach the base.
3. Pinch the base to release the seal and pull down to remove the cup.
4. Once it's out, empty the cup into the sink or toilet

Cup aftercare

Reusable menstrual cups should be washed and wiped clean before being reinserted into your vagina. Your cup should be emptied at least twice a day.

Reusable menstrual cups are durable and can last for 6 months to 10 years with proper care. Throw away disposable cups after removal.

Annexure VII: Suggestive Program Schedule for Long Duration

In case the schools do not reopen and there is loss of three consecutive academic weeks due to any disaster, the following schedules can be followed for CFS for the children belong to Class I to V and Class VI to VIII. Prioritised school curriculum content needs to be introduced in the CFS in order to assist the children in catching up with the loss of academic days.

| CFS Schedule for Class I to V Children | | | | | | | | | |
|--|--------------------------------|--|---------------|------------------|--|-----------------------------|---|----------------|--|
| Time / Day | 9 – 9.15 AM | 9.15 – 10 AM | 10 – 10.45 AM | 10.45 – 11.30 AM | 11.30 AM – 12.15 PM | 12.15 – 12.45 PM | 12.45 – 1.15 PM | 1.15 – 1.45 PM | |
| Monday | Prayer/ Morning Assembly | Science | Language | Soc. Sc. | Mathematics | Recess (Mid-Day Meal) | Art Ed. | Work Ed. | End the day with singing “O Mur Apunar Desh” by the children. |
| Tuesday | | Mathematics | Soc. Sc. | Science | Env. Sc. | Recess (Mid-Day Meal) | Language | MHM Ed. | |

Additional CFS units must be set up for the teachers and other facilitators to conduct sessions for children belonging to different grades conveniently. Refer to the suggested temporary structures for CFS to set up additional CFS units.

Annexure VIII: District CFS Enumerators

Purpose of Position

To conduct interviews and participatory activities in Relief Camp to determine the effects of the CFS program for children.

Major Responsibilities

- Conduct high quality interviews with primary caregivers and children 10 years and older using smart phones
- Actively engage participants and community members in participatory activities (i.e. PRM, focus group discussions, etc.)
- Work with team to document lessons learned from work
- Actively participate in all aspects of training and data collection
- Abide by ethical guidelines in the collection and storage of data
- Perform other duties as assigned

Qualifications

- Reads and writes Assamese
- Has basic knowledge and belief in child protection issues
- Is comfortable to work with children
- Has good communication and facilitation skills
- Can work as a member in a team
- Has general knowledge about smart phones
- Preferably holds a degree in psychology, social science or teaching

Annexure IX: Good Practices in CFS Environment

1. Good Practices of Child Protection

- ✓ CFS must be protective, clean, safe and inclusive of all children.
- ✓ Good protection practices should be developed together with the children.
- ✓ For example, a poster with unaccepted behaviours in the CFS can be developed by the children and posted in the class.
- ✓ Activities should respond to the needs of all children. Busy children are easier to manage.
- ✓ NO form of corporal or emotional punishment should be exercised or tolerated.
- ✓ Positive discipline should be implemented.
- ✓ An atmosphere of collaboration and support should be established in the CFS through the prevention of conflicts and the promotion of mutual understanding among children and all the people working in the CFS.
- ✓ A focal point where confidential issues can be reported should be established together with a sound referral system.
- ✓ Children should never be left unsupervised.
- ✓ More than one adult, and possibly of the opposite sex, should oversee the supervision of children.
- ✓ Adults and children should be aware of the CFS child-protection practices and be encouraged to challenge and report any inappropriate conduct.
- ✓ Children should be encouraged to report incidents and behaviours.
- ✓ Teachers and caregivers must listen carefully to children.
- ✓ Suspicions, allegations or cases of abuse must be reported immediately.
- ✓ Soldiers and weapons must always be kept out of the CFS premises.
- ✓ Confidential records on the basic data of the children should be compiled.
- ✓ Daily attendance of children must be recorded. It helps to keep track and follow up on absentees.
- ✓ Children must be kept away from:
 - fires, stoves, ovens, cooking pots, hot foods, boiling water, steam, hot fats that can cause toxic fumes or burn the children if accidentally spilled sharp tools like scissors and knives and broken glass that can cause cuts windows, tables and stairs that can cause tumbling
 - objects such as small pieces of toys, coins, buttons, plastic bags or nuts that can cause choking harmful liquids like paraffin, insecticide, bleach and detergents that can cause poisoning
 - electric appliances or wires that can cause electric shocks

2. Good Practices in Personal Hygiene

- ✓ Children should be encouraged to wash their hands and face with soap or ash regularly, especially before eating and after they have been to the toilet.

- ✓ Children should be discouraged to put their hands in their mouth or to eat food and drink water contaminated with soil.
- ✓ Children's nails should be kept short, so that dirt cannot pile underneath.
- ✓ Children's hair should be washed regularly with soap or ash, as it helps prevent head lice and scalp infections.
- ✓ Parents and caregivers should 'potty train' children and properly dispose of children's faeces to reduce the risk of contamination.
- ✓ Children should be encouraged to brush their teeth regularly.
- ✓ Children should be encouraged to keep their clothes clean. It is a good practice to use bibs and overalls when children play and eat to protect their clothes.
- ✓ Parents and caregivers should be encouraged to wash children's clothes with soap regularly and if possible iron them, as it prevents the contamination of parasites (little animals that can be harmful to humans) through the skin
- ✓ Parents and caregivers should be encouraged to bathe children with clean water and soap regularly

3. Good Practices in Food Hygiene

- ✓ Feeding bottles or teats should not be used to feed children unless they are cleaned each time with boiling water. Clean or use a cup instead.
- ✓ All utensils and plates should be washed immediately after use and be kept covered. This helps keep flies away and reduces contamination.
- ✓ Dirty towels should not be used to dry plates and utensils because their use increases the risk of contamination.
- ✓ Towels for drying dishes and cutlery must be used only for this purpose, and they must be washed thoroughly every day and dried in the sun.
- ✓ All surfaces where food is served must be cleaned before and after eating, not to attract flies and increase the risk of contamination.
- ✓ Food and water must be kept in covered containers to protect it from flies and dirt.
- ✓ Refuse water must be dried or brushed away because it attracts flies and mosquitoes.
- ✓ Dirty water should not be disposed in the kitchen sink or where food is handled.
- ✓ Waste/garbage containers should be kept in designated areas away from children and be disposed of regularly.

4. Good Practices in Sanitation

- ✓ Human faeces, including children's faeces, must be disposed of in designated toilets/latrines designed to prevent the water contamination.
- ✓ The CFS toilets/latrines must always be kept clean and covered to prevent contamination through flies. Tip: sprinkle fire ash on faeces to reduce bad odours.
 - Latrines/toilets should be adapted and designed for the use of children, for example with the provision of easily washed chairs to fit the latrine/toilet pit-hole.
 - Latrines/toilets should have good ventilation.

- Hand washing should be provided near the latrines/toilets to facilitate hand washing practices
- Places for hand washing should be adapted and designed for the use of children, for example they should be at the right height for children to reach water and soap.
- The CFS and areas where children play must always be kept clean.
- Food and safe water supplies must be stored away from toilets/latrines and garbage.

5. Good Practices to Keep Water Safe

- ✓ Safe water must come from a safe source. The WASH team can advise on how to make sure that drinking water is safe.
- ✓ Safe water must be kept in a safe place/area where it is unlikely that it can be contaminated.
- ✓ Safe water must be kept in safe, clean containers dedicated only for this purpose.
- ✓ It is a good practice to have a designated person in charge of the management of safe water in the CFS.
- ✓ Safe water should not be touched with hands or with objects that have not been safely cleaned. It is a good practice to keep one dedicated ladle for accessing safe water, to prevent contamination.
- ✓ Safe water containers should always be kept covered.

Annexure X: DO'S AND DON'TS

1. Do's and Don'ts of Child Friendly Spaces/Environments

| DO | DON'T |
|--|--|
| ✓ Coordinate with the government and other agencies that implement CFSs, especially protection, psychosocial, education, and other relevant coordination groups. | ⊗ Set up CFSs as a single agency without coordinating with other agencies and the government. |
| ✓ Take an integrated approach that includes non-formal education, protection, and psychosocial supports. | ⊗ Make CFSs recreational and psychosocial supports only since protection and education needs also warrant attention. |
| ✓ Regular WASH practices everywhere, every time & facilitation as well as proper maintenance of WASH infrastructures | ⊗ Negligence on WASH practices or usage of faulty infrastructure |
| ✓ Engage communities, parents and girls and boys in all key decisions regarding CFSs, encouraging their ownership of CFSs in all phases of work. | ⊗ Set up CFSs as services, treating community people as beneficiaries. |
| ✓ Build on existing resources such as community groups, parents, cultural songs, and natural helpers such as youth leaders and women whom children seek out for support. Initially, teams can be mobilized to visit communities and animate groups of children for a few hours each day. | ⊗ Select and recruit CFS animators and staff from outside the affected group only or use only materials and activities imported from outside |
| ✓ Make CFSs accessible and inclusive for girls and excluded children such as those with disabilities and tailoring activities to meet their distinctive needs and capacities. | ⊗ Assume that because the CFS is open to all children it is therefore accessible and inclusive. |
| ✓ Ensure that all staff and animators understand and adhere to an appropriate code of conduct. | ⊗ Have CFS workers sign a code of conduct that they do not understand or care about. |
| ✓ Make CFSs physically, culturally, and developmentally appropriate, providing adequate space for small groups to conduct different activities simultaneously | ⊗ Design CFSs to look like a place of worship or to display colours used by parties to an armed conflict. |
| ✓ Listen and be supportive to children who have particular concerns, making referrals for children who need specialized services. | ⊗ Force children to draw or talk about their difficult experiences. |

| | |
|--|--|
| ✓ Ensure that the timing and nature of activities are compatible with daily routines of girls and boys and family members. | ⊗ Predefine the kinds and timing of activities without careful consultation with girls and boys and community members. |
| ✓ Organize separate CFS sessions or activities for girls and boys of different age groups, such as 0-7 (or 0-3, 4-7), 8-12, and 13-18 years. | ⊗ Organize CFSs only for children 4-10 years or only for boys |
| ✓ Provide in the CFS appropriate equipment, including materials for play, first aid items, cleaning materials, etc. Use locally available and environmentally friendly materials where possible. | ⊗ Focus excessively on manufactured toys or forget to maintain equipment. |
| ✓ Keep the number of children who participate in CFSs manageable at a time. | ⊗ Encourage or allow so many children to participate that CFSs cannot be supportive and stimulating |
| ✓ Provide ongoing training, follow-up, and capacity building for animators and staff | ⊗ Offer a one-off training and assume that animators and staff are well prepared as a result |
| ✓ Draw on existing assessment data, include questions on CFSs in coordinated needs assessments, and, where necessary, conduct a dedicated assessment before establishing CFSs to determine that they are needed, safe, and appropriate to the context. | ⊗ Assume that CFSs are appropriate interventions in all contexts. |
| ✓ Organize psychosocial support for national and local CFS workers who have been affected by the emergency. | ⊗ Assume that all national and local workers or children need counselling or therapy. Only severely affected people, who are a small minority of the population, need such specialized mental health services. |
| ✓ Monitor and evaluate CFSs, and use the information to learn from experience and improve program quality. | ⊗ Neglect evaluation or conduct an evaluation only to please donors. |
| ✓ Develop early on with the community an exit or transition strategy. | ⊗ Continue CFSs indefinitely or allow CFSs to compete with schools. |

2. Do's and Don'ts in Psychological Support

| DOs | DON'Ts |
|---|--|
| What teachers and caregivers should do | What teachers and caregivers should NOT do |
| ✓ Do recognize your limits, and avoid situations that can cause more stress to you and the children | ⊗ Don't be ashamed to say when you feel overwhelmed and stressed and ask for help. |

| | |
|---|--|
| ✓ Do plan and implement learning activities that stimulate expression and support through play and art | ⊗ Don't keep concerns about children to yourself, always share them with your colleagues or designated personnel |
| ✓ Do encourage children to express their feelings and emotions freely and without judgement- verbally or through play | ⊗ Don't force or pressure children to talk about their feelings, experiences or drawings before they feel ready or safe to share |
| ✓ Do ask children questions about their drawings, games and stories in a sensitive and respectful way | ⊗ Don't use or tolerate aggressive and abusive language and behaviour |
| ✓ Do pay attention to what children verbally and non-verbally communicate | ⊗ Don't judge or score what children say or make when sharing their experiences |
| ✓ Do refer children who show prolonged and intense symptoms of trauma to a specialist | ⊗ Don't provide specialized psychosocial support to children - ONLY certified and experienced professionals can do this |
| ✓ Do establish a supportive, safe and trusting learning environment | ⊗ Don't ignore your own needs to feel safe and supported |

3. Do's and Don'ts in Child Protection

| DOs What teachers and caregivers should do | DON'Ts What teachers and caregivers should NOT do |
|--|---|
| ⊗ Do take any allegation or concern regarding the abuse or maltreatment of a child seriously | ⊗ Don't address suspicions, allegations and cases of child abuse on your own directly with the perpetrator. You can put the child and yourself in danger |
| ⊗ Do listen to children with sensitivity | ⊗ Don't leave children unsupervised |
| ⊗ Do implement good practices of child protection at all times | ⊗ Don't judge or comment on what children say |
| ⊗ Do challenge behaviours and attitudes that you feel are abusive towards children inside and outside the CFS | ⊗ Don't ask leading questions like, "did he touch your leg?" Encourage children to talk about the events through open questions like, "and then what happened?" |
| ⊗ Do handle sensitive information with confidentiality | ⊗ Don't promise children that you will keep what they tell you confidential |
| ⊗ Do teach children how to keep safe and say NO when they feel adults or older children behave inappropriately | |

4. Do's and Don'ts for Trainers

| DOs What teachers and caregivers should do | DON'Ts What teachers and caregivers should NOT do |
|--|--|
| ⊗ Do prepare the agenda, the venue, the materials and the contents of the training in advance. | ⊗ Do prepare the agenda, the venue, the materials and the contents of the training in advance. |

| | |
|---|--|
| <p>⊗ Do ask the trainees for their feedback on the agenda.</p> | <p>⊗ Don't impose the agenda on the trainees. Give the trainees time to understand the agenda. Make sure the trainees understand what is expected from them during training.</p> |
| <p>⊗ Do delegate roles and responsibilities to the trainees. Proper delegation is a sign of good management.</p> | <p>⊗ Don't take all the tasks upon yourself. You will not have enough energy and time to fulfil everything on your own.</p> |
| <p>⊗ Do use participative approaches but be firm once the agenda is set. The success of the training requires the efforts of all participants</p> | <p>⊗ Don't allow trainees to ignore the agreed upon timetable and agenda. Waiting for people and frequent changes of the agenda cause delays and frustration.</p> |
| <p>⊗ Don't allow trainees to ignore the agreed upon timetable and agenda. Waiting for people and frequent changes of the agenda cause delays and frustration.</p> | <p>⊗ Don't use disrespectful language or aggressive behaviours towards the trainees.</p> |
| <p>⊗ Don't use disrespectful language or aggressive behaviours towards the trainees.</p> | <p>⊗ Don't assume that teaching and training is neutral. As people with values and beliefs, trainers always transmit something related to them when teaching and training.</p> |

Annexure-XI: Case Studies

FEW CFS SETUP AROUND THE WORLD

1. Baby tents, child-friendly spaces spread out in Yolanda-hit areas

Figure 1: Source: <https://sponsorship.worldvision.org.ph/>

World Vision and UNICEF, two child-focused organizations, set up baby tents and child-friendly spaces specifically for new mothers and children in typhoon-hit Tacloban City, Northern Cebu, and Iloilo.

2. Rohingya Refugees Myanmar

Over 7, 00, 000 Rohingya refugees fleeing from serious human rights violations in Myanmar have arrived in Cox's Bazar district since August 2017. They join some 2, 00, 000 Rohingya who had fled to Bangladesh in previous years.

Child Friendly Spaces were setup to protect t children from gangs and trafficking.

Figure 2: Source: <http://jrsg.org>

3. Helping Burundian Refugee Children Access Their Rights in Tanzania

Figure 3: Over 13,000 children benefitting from child-friendly spaces in the Nygarugusu, Nduta and Mtendeli refugee camps across Northwest Tanzania

Source: <https://stories.plancanada.ca>

4. Youth Creating Safe Spaces for Children in Nepal

Figure 4: Source: restlessdevelopment.org

The earthquakes and numerous aftershocks in Nepal left many children and young people at risk, and put a halt to the entire education system. This could have a serious impact on literacy rates in the country, which had previously reached 98% in 2013 from 83% in 2010. The risk of trafficking and exploitation became greater for girls, many of whom were made homeless by the quake and could not go to school.

Restless Development, in partnership with UNICEF, created Child Friendly Spaces (CFS) in temporary relief camps, for more

than 350 children in Lalitpur and Kathmandu. These spaces provide a friendly environment where affected children can continue to learn.

Young, local volunteers have been trained by Restless Development to successfully run the CFS, using resources such as early child development kits, recreation kits and other educational materials. Our young volunteers also use non-formal education techniques, including games, to help the children feel safe.

5. Child-Friendly Spaces in Uganda

Figure 5: Source: <https://www.worldvision.org>

South Sudanese children from World Vision's Child-Friendly Space in Bidi Bidi Refugee Settlement act silly after drawing their dreams inside the classroom. A partial — an online community of artists — partnered with World Vision to enable children living in the settlement to tell their stories through art.

6. Child-Friendly Spaces for Syrian refugees in Lebanon

Figure 6: Source: <https://www.worldvision.org> (2017 World Vision/photo by Laura Reinhardt)

Teacher Rita Cholakian plays games with her young students at World Vision's early childhood education center.

The centre is an oasis of fun, affirmation, and learning.

This UNICEF-funded and World Vision-started project reaches about 200 refugee children from ages 3 to 6 with educational activities that prepare them for formal schooling. In colourfully decorated classrooms staffed by attentive teachers and assistants, the kids learn basics in Arabic and English — numbers, days of the week, months, seasons, colours. They also learn good hygiene practices, problem-solving, and social skills. They sing, do art projects, play outside, and eat snacks.

Although the children are too young to remember Syria and Iraq, many are exposed to deprivation and violence in the informal tent settlement, and some of them have experienced child labour. The

7. Child-Friendly Space in Bangladesh & Myanmar

Figure 7: Source: <https://www.worldvision.org> (2018 World Vision/photo by Annila Harris)

More than 2,300 Myanmar refugee children in Burmapara, Bangladesh, regularly attend World Vision's Child-Friendly Spaces. They get the opportunity to express themselves, learn, and play with other children in sessions led by trained facilitators.

World Vision also facilitates Women and Young Children Friendly Spaces (WYCFS) in Burmapara. These spaces cater to the needs of pregnant and lactating mothers and children under five. Trained facilitators screen little ones,

including 1-year-old Shahera, for malnutrition. Shahera was found to be underweight. Her mother received a referral note from WYCFS staff for one of the nearby health centers, where Shahera was given nutrition packets and placed on a feeding plan.

No. ASDMA. 37/2019/Part/55

Dated 16th May, 2020

From : Shri M.S. Manivannan, IAS
Commissioner & Secretary to Govt. of Assam
Cum Chief Executive Officer
Assam State Disaster Management Authority
Janata Bhawan, Dispur, Guwahati-06

To : The Deputy Commissioner cum Chairperson, DDMA
All Districts of Assam

Sub : Standard Operating Procedure (SOP) on Relief Camp Management in Assam

Sir/Madam,

With reference to the subject cited above, I like to forward herewith the Standard Operating Procedure (SOP) on Relief Camp Management in Assam prepared with technical inputs from Unicef.

You are therefore requested to take all necessary steps for strict compliance of the Standard Operating Procedure (SOP) in coordination with the line department as specified in the SOP.

Yours faithfully,

Enclosed: as stated

(Shri M.S. Manivannan, IAS)

Commissioner & Secretary to Govt. of Assam cum CEO
Assam State Disaster Management Authority, Dispur

Memo No. ASDMA. 37/2019/Part/55 (A)

Dated 16th May, 2020

Copy to:

- 1) The Staff Officer to the Chief Secretary to Govt. of Assam for kind appraisal of the Chief Secretary.
- 2) P.S. to the Addl. Chief Secretary to Govt. of Assam, Revenue & DM Deptt. for kind appraisal of the Addl. CS.

1. Background and Rationale

The Assam State Disaster Management Manual (ASDMM), 2015 which is cabinet approved framework for relief and response based on the National Disaster Management Act, 2005 brought in a paradigm shift in planning for emergency preparedness and response and broader disaster management in the state.

The manual through relief camp management guidelines sets aside certain minimum standards to be adhered to by responsible stakeholders for providing immediate services and protection to the victims who have been rendered homeless/displaced. It is essential that the compliance to the guidelines is measured with due seriousness so as to improve upon quality of disaster response services and for bringing greater accountability among stakeholders.

This document is based on field level assessment considering the provision of 'Relief Camp Management Guideline' (Appendix-XXXV) of the Assam Disaster Management Manual, 2015. It aims to assess the basic quality services provided in relief camps, to measure the compliance standard and to understand areas of improvement for effective and transparent relief camp management as mandated in the cabinet approved manual.

Some of the key recommendations made during a pilot assessment and scoring of relief camps were though forwarded to DDMA for consideration in Relief Camp Management during flood 2019. However, there is a need for sensitizing the stakeholders on relief camp management guidelines with the following objectives:

- To assess the basic quality services provided in relief camps and to measure the compliance standard as mandated in 'Relief Camp Management Guideline'
- To sensitize the officials /staff of the line departments and other stakeholders on the coordination of response and areas of improvement for effective and transparent relief camp management.
- To develop a system for accessing and improving the management of relief camps.

2. Purpose of the SoP

This Standard Operating Procedures (SOP) document has been developed to supplement the 'Appendix XXXV - Guideline for Relief Camp Management' of the Assam Disaster Management Manual 2015. This SOP aims at making the role and responsibilities more specific for the key personnel involved in the management of relief camps during emergencies/disasters.

3. Role and Responsibilities

Following are the roles and responsibilities of the key personnel attached to the relief camp management both at district level as well as at the revenue circle level.

Roles of the District, Sub-Division and Circle level functionaries and Officials:
Deputy Commissioner (DC) and Chairperson, DDMA

| Phase | Responsibility |
|--------------|--|
| Pre-disaster | <ul style="list-style-type: none"> • Ensure identification of relief camps with provisions for Child Friendly Spaces (CFS) adhering to the comprehensive and multi-hazard safety standards • Establish clear understanding and functional coordination channel between relevant line departments, SDO (Civil), Revenue Circle Officer for effective camp management as per roles defined in the SoP • Guide, monitor and ensure that the designated camps are safe from all the hazards, accessible to possible affected communities and the service providers, have basic minimum capacity and facilities to accommodate people. • Ensure that each camp's seat (intake) capacity is defined and notified. In the current context, due consideration should be given toward ensuring social distancing norms (as defined in Annexure I) • Identify suitable safe spaces and ensure procurement of related materials for setting up of temporary camps as per defined standards¹ • Establish a system of taking feedback from camp inmates and mechanism to address grievance in camp management • Guide and ensure that camp officers, in charges and other responsible functionaries from various line departments are identified, notified and capacitated to run/manage camps • Constitute and lead a District level Relief Camp Monitoring Team and Zonal Relief Camp Monitoring Team comprising of members from the line departments to ensure the proper relief camp management as per the SOP. • Ensure that documentation and reporting of relief camps are done properly • Issue directives to concerned functionaries to follow the specific guidelines laid down in the Assam DM Manual, 2015 regarding Relief Camp Management • Issue directives to responsible departments to ensure facilities/services at the designated camps: <ul style="list-style-type: none"> ○ Lighting arrangement in residential portion of camps, toilets and approach road (<u>PWD-Elec.</u>) ○ Potable water for drinking and other household purposes (<u>PHED</u>) ○ Separate, accessible (within 50 meters) and hygienic toilets (<u>PHED</u>) ○ Separate bathing units for male and female (<u>PHED</u>) ○ Separate food arrangements for children, pregnant and lactating women, ill and elderly (<u>Health and Social Welfare</u>) ○ Culturally and age appropriate clothing (if situation warrants) for inmates (<u>Revenue and DM</u>) ○ Sanitary provisions for women and girls (<u>Health and Family Welfare and ASRLM</u>) ○ Health including regular RCH services, health and hygiene education and psycho-social care arrangements in camps (<u>Health and Family Welfare, Social Welfare particularly DCPUs</u>) ○ Security and protection arrangement including monitoring of situation in regards to women and children (<u>Police, VDPs, DCPUs</u>) ○ Waste management facilities in the relief camps (<u>PHED, GP and ULBs</u>) <ul style="list-style-type: none"> ○ Relevant Social and Behavior Change Communication (SBCC) materials in local languages, (<u>Health and Family Welfare, Social Welfare, Education</u>) ○ Educational and recreational activities in camps (<u>Education Deptt., Social Welfare Deptt.</u>) • Ensure timely procurement of Gratuitous Relief (GR) items (e.g. pre-monsoon for flooding) which will be required for operationalizing relief camps <ul style="list-style-type: none"> ○ Plan and pre-position procured items in strategic locations with a well thought out transportation plan (Mapping all the designated camps against specific storage facilities for GR) ○ Disinfectant drive at all notified Relief Camps/Camps/shelters in advance. |

¹ Covered area available per person should have an average of 3.5 to 4.5 square meter. Due to COVID-19 outbreak, the minimum space has been revised to 7 sq. m. as per new guideline (at Annexure-I).

| | |
|---|--|
| <p style="text-align: center;">During Disaster</p> | <ul style="list-style-type: none"> • Most of the conventional relief camps have been housed in educational institution, deserted office buildings, which are devoid of hygiene and sanitation facilities (toilet and bathrooms are stained or spitted wall). These kinds of camps are not adequate enough to hold inmates in view of the COVID-19 situation. For revamp of the same fund and time are required. Hence localized alternative Makeshift arrangements are to be made in advance. • In view of the COVID-19 situation, managing of relief camps with social distancing is a challenge. People should be encouraged not to leave home just because their front-yard/ boundary are submerged. They would be provided relief materials as per norms. • Vulnerability mapping upto household level should be done immediately so that the administration can identify which household are least or worst affected. The worst one will populate the camps first enabling the priority wise identification of the camp inmates. • Review setting up of camps and provisions/functions of responsible departments • Constitute and activate the Relief Camp Monitoring Team to monitor the camps following relief camp assessment scorecard • Monitor and guide operationalization of camps, provisioning of essential services in camps and duty rosters of responsible functionaries at different levels • Conduct review meetings with the District Relief Camp Monitoring Team and Zonal Relief Camp Monitoring Team (every alternate days till the camps are operational) • Ensure that all stakeholders and actions notified are being adhered to • Ensure that vulnerable groups particularly children and women are given particular attention in the areas of health, food and nutrition, Water, Sanitation and Hygiene, safety and security, psycho-social care • Ensure that Child Friendly Spaces are operational in all camps where children are being taken care of (as included in the Annexure-II) • Activate Grievance Redressal mechanism for collecting and addressing feedback/complains from camp inmates • Issue instructions/directives to concerned departments to address grievances • Ensure functional mechanisms for ensuring accountability in camp management • Utilize services of 'Pratirodhi Bondhu' volunteers and 'e-help' facilities of CSC, SPV • Review and declare closure of the camps considering the on-ground situation |
| <p style="text-align: center;">Post Disaster</p> | <ul style="list-style-type: none"> • Conduct/ Delegate the Relief Camp Monitoring Team to conduct post operation visits to oversee the condition of the camps • Instruct concerned departments to ensure cleanliness, repairing and re-instigation of the relief camps so that they can start their original functions • Review overall performance and gaps in operationalizing relief camps • Review the effectiveness of the SoP at the district level and propose changes/modifications • Map stakeholders who can be added or removed in the relief camp management framework • Instruct concerned stakeholders for developing of lessons learnt document on camp management to guide better management of camps in future |

Additional Deputy Commissioner-cum-Chief Executive Officer, DDMA

| Phase | Responsibility |
|-----------------|--|
| Pre-disaster | <ul style="list-style-type: none"> • Assist Deputy Commissioner-cum-Chairperson DDMA in initiating and completing the process of identification of relief camps with provision of child friendly spaces and breast-feeding corners • Prepare and finalize Revenue Circle wise list of identified relief camps with notified seat (intake) capacity. In the current context due consideration should be given toward ensuring social distancing norms (as defined in Annexure I) • Support Deputy Commissioner-cum-Chairperson DDMA in mapping and establishing coordination with multiple stakeholders related to relief camp management process • Coordinate and facilitate administrative processes related procurement and pre-positioning of items related to relief camps including GR, materials related to Child Friendly Spaces etc. • Ensure that relevant stakeholders are oriented on the relief camp management process and SOP. • Guide and supervise all activities related to documentation and reporting including print and circulation of standard templates for camp registration, family tickets, CFS registers, GR related templates etc. • Support Deputy Commissioner-cum-Chairperson DDMA in conducting pre-flood preparedness meetings on relief camp management • Facilitate information exchange between all responsible stakeholders regarding camp locations, targeted population and their location against each camp, coordination actions against specific standards • Support Deputy Commissioner-cum-Chairperson DDMA in issuance of advisories, orders and instructions related to relief camp management and in any other action thereof |
| During Disaster | <ul style="list-style-type: none"> • Ensure coordinated action among departments and stakeholders in evacuating the affected people to designated relief camps as per plan. Ensure that vulnerable groups (such as children, women, elderly, persons with disability, chronically ill) are to be given priority in the entire process and are supported according to their needs • Ensure that Child Friendly Spaces are operational in all camps where children are being taken care of (as included in the Annexure-II) • Expedite approval process for all matters related to relief camp management • Coordinate with SDO (Civil) and Revenue Circle Officers on a regular basis and facilitate inter-coordination • Visit selected relief camps to take stock of the services provided and the situation of camp inmates as well as adherence to the guidelines. • Ensure that all relief/GR items are provided in the camps in coordinated and timely manner • Provide timely guidance and support to Revenue Circle Officers on all matters related to implementation of relief camp management guidelines • Take stock of the ground situation with related departments and coordinate timely actions as per defined standards. • Address grievances/ complains of camp inmates through feedback mechanism • Mobilize and deploy 'Pratirodhi Bondhu volunteers' in providing services to the camp inmates in consultation with Revenue Circle Officer. Also coordinate with District Manager of CSC,SPV for providing services available under 'e-help' initiative. • Disinfectant drive at all notified Relief Camps/Camps/shelters in advance. • Any other action as per need as the CEO of DDMA or in support of actions for Chairperson DDMA |

| | |
|----------------------|--|
| Post Disaster | <ul style="list-style-type: none"> • Facilitate post operation visits to oversee the condition of the camps by the Relief Camp Monitoring Team • Coordinate with concerned departments to ensure cleanliness, repairing etc. of the relief camps so that they can start their original functions • Collect information and feedback from stakeholders for reviewing the effectiveness of the SoP at the district level and propose required changes/modifications if any • Facilitate and coordinate the process of documentation of lessons learnt on camp management to guide better management of camps in future • Facilitate timely completion of all administrative processes related to submission of Utilization Certificate on expenditures made in relief camp management |
|----------------------|--|

Superintendent of Police

| Phase | Responsibility |
|------------------------|---|
| Pre-Disaster | <ul style="list-style-type: none"> • Coordinate and collect list of identified relief camps from the Office of the CEO, DDMA • Ensure that each Police Station has a plan in place for security proofing the identified camps during floods as they come into effect particularly focusing on preventing crime against women and children • Conduct orientation of VDPs etc. on overall disaster management with specific session on relief camp management • Identify and assign camp wise nodal person for coordination in matters related to safety and security in the camp, including development of deployment rosters/patrolling plans • Coordinate with relevant departments and understand plans related to evacuation of affected people and animals, transportation of GR items, mobility of duty bearers for security proofing these actions • Identify and make contingency plans for providing security in relief camps which are located in sensitive areas (prone to security threats) • Identify camps with potential for housing large number of people and arrange for special team consisting of Police and VDP to support in relief distribution • Participate and provide inputs to Deputy Commissioner and CEO DDMA in meetings related to flood preparedness including in relief camp management. • Instruct OCs to participate in Revenue Circle level meetings |
| During Disaster | <ul style="list-style-type: none"> • Instruct Officer in-Charges of respective police stations to ensure roster wise deployment/patrolling for all relief camps in order to ensure vigilance on anti-social elements around the camps in coordination with respective Revenue Circle Officers. • Support district administration in evacuation of affected community. • Ensure presence of VDP with clear instructions related to maintenance of safety and security in all designated camps. Home guards may be detailed for patrolling & night watch • Ensure that Women Police personnel are stationed within the camps/visit each designated camp to record and address any complaints made by women and take steps to prevent abuse/ abduction of women, girls and children. • Ensure that for safety and security of the women and children vigilance committees are formed consisting of women in each camp. • Ensure safe transit to GR supplies to designated relief camps in coordination with respective Supply Inspector • Ensure presence of police force during relief distribution in camps operated in security sensitive areas • Conduct random visit to selected camps as a part of relief camp monitoring team and assure inmates about security of their property (which they have left behind while evacuating to camps) by interacting with them • Issue specific instructions for patrolling and ensuring security in makeshift camps, if any |

| | |
|------------------------|--|
| During Disaster | <ul style="list-style-type: none"> • Participate in post operation review meetings at district level and instruct OCs to participate in Revenue Circle level/Camp level meetings (if any) • Provide feedback to Deputy Commissioner or CEO, DDMA on improvement of camp management related aspects from the perspective of safety and security in future |
|------------------------|--|

CEO, Zila Parishad

| Phase | Responsibility |
|------------------------|--|
| Pre-Disaster | <ul style="list-style-type: none"> • Issue instructions and guidelines to ensure GPDP planning in a way that it addresses preparedness needs such as construction of raised toilets, raised hand-pumps, approach roads, culverts, filling up of grounds which can help in camp management • Issue specific instructions and guide respective BDOs to ensure completion of the ongoing schemes specially related to roads, culverts, bunds, raised platforms, drinking water, boats (if any) etc. specific to pre-identified relief camps before the onset of flood season • Conduct Awareness meeting with PRI in collaboration with DDMA. • Participate in all meetings related to flood preparedness including relief camp management at district level and instruct functionaries to participate in such meeting at Sub-Division, Revenue Circle and Village level (as appropriate) and ensure support to agreed actions • Ensure clear instructions to officials in the department at all levels regarding support to be provided in flood management including relief camp management and provide manpower support • Mobilize and allow resource utilization for strengthening basic facilities in identified relief camps including provision of basic amenities shelters/raised platforms constructed by the department • Take steps for dissemination of information up to village level including support in evacuation and search and rescue using the existing network of P&RD department under various schemes • Explore resources and means for repairing and restoration of camp infrastructure damaged due to being used as relief camps in previous year/s • Build capacity of functionaries at all levels to enhance preparedness/resilience to overall disaster management including exclusive capacity building on relief camp management • Prioritize proposals/schemes related to strengthening infrastructure/amenities targeting relief camps |
| During Disaster | <ul style="list-style-type: none"> • Monitor deployment of functionaries related to P&RD in flood response including relief camp management as per the district plan of DDMA. • Conduct visit to selected Relief Camps to oversee operations as a part of the Relief Camp Monitoring Team • Participate in review meetings of DDMA and Issue timely instructions to the BDOs/PRI towards meeting immediate support need at camp level which are feasible within the ambit of the department • Support Deputy Commissioner/CEO, DDMA any other matters related to camp management |
| Post Disaster | <ul style="list-style-type: none"> • Participate in post operation review meetings at District level • Conduct post operation visits to oversee the condition of the shelters/raised platforms/department infrastructure used in flood response • Allocate resources/Prioritize proposals under appropriate scheme related to repair and maintenance of any such infrastructure which was damaged because of being used as relief camp/shelter • Instruct BDO/PRI/Officials to support cleanliness of the relief camps so that they can start their original functions • Issue guidance/instructions to BDOs for Identifying infrastructure gaps and guide functionaries on addressing the gaps through proper utilization of schemes implemented through the BDO e.g., MGNREGS • Through structured screening, ensure GPDP plans address preparedness needs for future in the context of camp management • Mobilize PRI to include the renovation/ repairing scheme in the Gaon Sabha/ GPDP |

Sub-Divisional Officer (Civil)

| Phase | Responsibility |
|--------------|---|
| Pre-Disaster | <ul style="list-style-type: none"> • Ensure Sub-Division level preparedness related to relief camp management and prepare the Sub-Division level Relief Camp Management Plan as per guidelines • Constitute Sub-Division level Relief Camp Monitoring Team & Zonal level Relief Camp Monitoring Team • Coordinate with DDMA in identification of relief camps with provisions for child friendly spaces (as per Annexure-II) looking at safety in the respective Sub-Divisions • Issue specific guidance/instruction at all concerned for ensuring that the designated camps are safe from all hazards, accessible to possible affected communities and the service providers, have basic minimum capacity and facilities to accommodate people. • Ensure that each identified camp's seat (intake) capacity is defined and notified under the Sub-division and shared with DDMA for further approval • Assess financial and resource requirement including procurement and management costs related to camp management in the Sub- Division in consultation with RCOs and submit timely requirement to the DDMA • Selection of vendors at sub-division level to maintaining necessary formalities provide appropriate services at camp level including provision of food, cloth, electricity etc. as and when needed as per the provisions enshrined under Assam Disaster Management Manual, 2015 • Organize bi-monthly preparedness meeting with Revenue Circle Officers, Block Development Officers and line Departments under the Sub-Division before the onset of flood season • Coordinate with relevant departments at Sub-Division level involving Circle Officers and BDOs to ensure facilities/services including but not limited to the following in each of the designated camps: <ul style="list-style-type: none"> ○ Lighting arrangement in residential area, toilets and approach road including arrangement of generators as needed (PWD-E) ○ Potable water for drinking and other household purposes (at least 20 liters/person/day) (PHED) ○ Separate, accessible (within 50 meters) and hygienic toilets (PHED) ○ Separate bathing units for male and female (PHED) ○ Separate food arrangements for children, pregnant and lactating women, ill and elderly (Health and Social Welfare) ○ Culturally and age appropriate clothing (if situation warrants) for inmates (Revenue and DM) ○ Sanitary protection for women and girls (Health and Family Welfare) ○ Health including regular RCH services, health and hygiene education and psycho-social care arrangements in camps (Health and Family Welfare, Social Welfare particularly DCPUs) ○ Security and protection arrangement including monitoring of situation of women and children in Relief Camps (Police, VDPs, DCPUs) ○ Waste management facilities in camps (PHED, ULBs & GPs). ○ Relevant SBCC materials in local languages (Health and Family Welfare, Social Welfare, Education) ○ Educational and recreational activities in camps (Education Department) • In coordination with DDMA and through Circle Officers/BDO, plan and pre-position procured items in strategic locations with a well thought out transportation plan (Mapping all the designated camps against specific storage facilities for GR) • Review status of identification, authorization and orientation of camp in-charge and Assistant Camp Officers on the Inclusive Relief Camp Management in a periodic manner with Revenue Circle Officers and BDOs • Disinfectant drive at all notified Relief Camps/Camps/shelters in advance. • Review local preparedness for camp operation (camp level) before monsoon and on receipt of warning |

| | |
|-----------------|--|
| During Disaster | <ul style="list-style-type: none"> • In view of the COVID-19 situation, managing of relief camps with social distancing is a challenge. People should be encouraged not to leave home just because their frontier is submerged or household is safe within the campus; they would be provided relief materials as per norms. • The vulnerability mapping up to household level should be done immediately so that we can identify which household are least and worst affected. The worst one will populate the camps first enabling the priority wise identification of the camp inmates. • Guide and support Sub-division and Zonal level Relief Camp Management team in setting up of camps and provisions/functions of responsible departments • Monitor operationalization of camps, provisioning of essential services in camps as per pre-defined duty rosters of responsible functionaries at Circle and Camp level • Facilitate immediate decisions to fulfil requirements as per emergent situation in the Sub-Division • Issue appropriate instructions/directives in coordination with DDMA • Ensure that all stakeholders and actions notified are being adhered to • Ensure that vulnerable groups particularly children & women are given particular attention in the areas of health, food & nutrition, Water, Sanitation & Hygiene, safety & security, psycho-social care • Ensure that Child Friendly Spaces are operational in all camps where children are being taken care of (Annexure –II) • Activate Grievance Redressal mechanism for collecting and addressing feedback/complaints from camp inmates • Issue real time instructions to concerned functionaries at Sub-Division level to address grievances • Suggest DDMA on closure of the camps considering the on-ground situation in consultation with Revenue Circle Officers and BDOs |
| Post Disaster | <ul style="list-style-type: none"> • Conduct post operation review meetings with Revenue Circle Officers and BDOs • Conduct post operation visits to oversee the condition of the camps with relevant officials • Ensure cleanliness, repairing and re-institution of the relief camps so that they can start their original functions • Facilitate proper documentation and administrative processes for appropriate settlement. |

Executive Engineer – Public Health Engineering Department (PHED)

| Phase | Responsibility |
|--------------|--|
| Pre-Disaster | <ul style="list-style-type: none"> • Coordinate with CEO, DDMA/SDO (Civil) and collect list of designated relief camps in advance • Map Water, Sanitation and Hygiene situation of the designated against their stated capacity of intake during emergencies • Designate Camp wise focal points from the PHED department for planning, pre-positioning and delivering WASH services during disasters/emergencies and share their contact details with DEOC • Procure and pre-position (at strategic locations for rapid deployment) materials to construct temporary toilets in the designated camps e.g., Squatting Plates, Tarpaulin, bamboo etc. • Map water supply needs and make arrangements including mobile water treatment vehicles, hand pumps and other sources to meet the water needs in camps • Ensure that existing water sources in the designated camps are tested for quality and necessary measures to decontaminate/purify water are in place well in advance • Conduct orientation of staff and ground level designated work-force on Emergency Preparedness for response and their role in relief camps • Develop/adapt social and behavior change communication materials to be used in camps for safe WASH practices and keep them ready for delivery in camps • Ensure that each identified relief camp is given a pre-WASH compliance certificate • Make plans and ensure availability of human resource and materials for arranging basic amenities (water, sanitation and hygiene related) in make shift camp locations, raised platforms etc. • Disinfectant drive at all notified Relief Camps/Camps/shelters in advance |

| | |
|---|--|
| <p style="text-align: center;">During Disaster</p> | <ul style="list-style-type: none"> • Be responsible for the overall Water, Sanitation and Hygiene (WASH) facilities and services in the relief camps. • Demonstrate Hand wash and other hygiene practices in the Relief camps. • Implement aggressive awareness drive including installation of additional hand washing facilities in camps (in the context of outbreak of infectious diseases) • Supervise the designated Sectional Officer (Junior Engineer) and other staffs to ensure <ul style="list-style-type: none"> ○ availability of water <i>(20 litres/person/day and/or 1 hand pump for 200 persons)</i> ○ safety of water sources (distance of hand pumps at least 20 feet from toilet) ○ Adequate latrines are available and temporary latrines are set up as per need <i>(Maximum 50 Meters from the designated residential spaces)</i> ○ latrine pits are de-sludge on time ○ separate bathing spaces for male and female ○ privacy in the toilets and bathing spaces ○ proper drainage of waste water ○ monitor safe disposal of solid waste in the available garbage bins or designated locations • Implement supplementary measures as specified in the flood relief camp management guidelines in the context of COVID-19 attached (in Annexure-I). • As part of the Relief Camp Monitoring Team, EE will specifically monitor the quality of the WASH facilities and materials in the relief camps, provide on-site guidance/instruction if there's any scope for improvement and provide SMART recommendations to DDMA/ SDO (Civil) for any WASH related requirement in the relief camps. • Ensure that all the interventions taken up in camps are reported in the master register maintained by the camp in-charge. • Take up the activities in coordination with District administration on their written instructions. |
| <p style="text-align: center;">After Disaster</p> | <ul style="list-style-type: none"> • Ensure de-commissioning of temporary WASH infrastructure in camps (as per need) • Ensure that fixed water sources in and around camp along with other affected areas are de-contaminated • Conduct a debriefing for the designated officials on what went well and what needs to improve in future |

Joint Director, Health Services – Department of Health and Family Welfare

| | |
|--------------------------------|--|
| <p>Pre-Disaster</p> | <ul style="list-style-type: none"> • Coordinate with CEO, DDMA/SDO (Civil) and collect list of designated relief camps in advance • Designate Camp wise focal points from the Health and Family Welfare department (including but not limited to Sub-Divisional Medical and Health Officer, PHC/CHC/State Dispensary/Sub-Centre staff, NHM and IDSP staff) for planning, pre-positioning and delivering health services during disasters/emergencies and share their contact details with DEOC • Develop roster of medical and para-medical staff against designated camps, issue directives to the roster members to: <ul style="list-style-type: none"> i. Screen camp inmates for diseases within 24 hours of their entry into camps ii. Conduct rapid health assessment in all camps on regular basis (not less than once a week) • Identify more quarantine center, isolation center • Identify Makeshift Hospital arrangement • Maintain list of equipment, drugs, etc. for moving to camps • Line listing of Pregnant women and children 0-1 year of age • Awareness on Dos and Don'ts during the village Health Sanitation Nutrition meeting • Ensure provisions for emergency transportation including ambulances for all camps (an ambulance to be stationed in case of camps having a capacity of 500 and more) • Ensure that all camps are mapped against their nearest health centre and emergency medicine (e.g., anti-venom stock) are available in these health centers • Map flood vulnerable villages and camps which are endemic to certain vector/water borne diseases and undertake preventive steps to contain disease outbreak • Conduct orientation of Medical and Para-Medical staff on preparedness for response • Ensure that health supplies (including vaccines and medicines) are pre-positioned, contingency plans are ready and transportation arrangements are made to deliver services in camps/safe places where affected people are taking shelter • Develop/adapt disease protocols and communication materials in local language and ensure their availability in designated camps • Identify and designate therapeutic counsellors for deployment on roster basis in the camps and build their capacity to tackle emergency situations • Ensure that frontline workers (ASHA/ANM/MPWs/CHOs) are oriented to provide scenario based health education to camp inmates • Ensure that female gynecologist and obstetricians, pediatricians and other specialized doctors are kept on roster and are oriented/supported to visit the designated camps and provide necessary services • Ensure planning for mosquito and rodent control in the designated camps and ensure timely procurement of necessary items (this is done in general, need to be extended to the camps during emergencies) • Act upon learning points from previous year • Identify additional quarantine shelters/Isolation facilities to house people under quarantine (symptomatic/asymptomatic) • Ensure availability of adequate PPE for frontline workforce in vulnerable locations/camps • Develop plans and mobilize resources for establishing and operating temporary hospitals as per requirement |
| <p>During Disasters</p> | <ul style="list-style-type: none"> • Be responsible for the overall health interventions and services in the relief camps. • Coordinate with ADC & CEO, DDMA/ SDO (Civil) to implement health services in designated camps and other safe shelters • Supervise, guide and monitor the functioning of designated medical and para medical staff in |

| | |
|-----------------------------|--|
| | <p>conducting initial screening, weekly rapid health assessment, regular health check-ups and routine immunization in designated camps/safe shelters and child friendly spaces</p> <ul style="list-style-type: none"> • Ensure availability, transportation and use of basic medical supplies (as per norms) in designated camps • Monitor any disruption in health service delivery and conduct special drives in camps related to vaccination, immunization, special screening etc. • Ensure visit by specialized medical professionals (female obstetricians, pediatricians and other specialized doctors) in camps • As part of the Relief Camp Monitoring Team, JDHS will specifically monitor the quality of the health facilities and services in the relief camps, provide on-site guidance/instruction if there's any scope for improvement and provide SMART recommendations to ADC for any health-related requirements in the relief camps • Ensure that all the interventions taken up in camps are reported in the master register maintained by the camp in-charge • Reporting to head quarter on a regular basis with clear, specific limits. • Arrange fogging to prevent mosquito and other flying insects and related diseases in the relief camps. Eliminate breeding places of mosquito and rodent inside the camp premises. • Conduct special awareness drive, screening and other safety actions related to COVID and other infectious diseases (refer to Annexure-I) to contain spread of any disease in the camps. • Implement all health safety protocols in relief camps • Reflecting on any special need, shortfall of manpower/ drugs etc. • Explore the collaboration with the Doctors of non-governmental organization/ private practitioners etc. |
| <p>Post Disaster</p> | <ul style="list-style-type: none"> • Ensure that each of the designated camps have been covered with vector/rodent control (after their closure) to prevent any further outbreak while they get back to their normal function (mostly camps are schools) • Provide a detailed report to the DDMA on interventions taken up by the department in camps/other safe shelters • Conduct a debriefing for the designated officials on what went well and what needs to improve in future |

District Social Welfare Officer – Department of Social Welfare

| Phase | Responsibility |
|-------------------------|--|
| Pre-Disaster | <ul style="list-style-type: none"> • Mapping the Child Friendly Space (CFS) in designated relief camps (as in Annexure-II). • Coordinate with CEO, DDMA/SDO (Civil) and collect list of designated relief camps in advance • Designate Camp wise focal points from the Social Welfare department (including but not limited to DCPO, CDPO, Program Coordinators (NNM) and Anganwadi Supervisors, Workers, and Helpers for planning, pre-positioning and delivering essential services (nutrition, child protection, care of vulnerable groups including elderly, disabled and women) during disasters/emergencies and share their contact details with DEOC. • Develop roster of Anganwadi workers and helpers as per designated relief camps and ensure their services for the followings: <ul style="list-style-type: none"> i. Setting up safe spaces for women and children. ii. Ensure counselling of pregnant women, lactating mothers on Infant and young child feeding during emergencies (during and post flood and other such emergencies) iii. Explore possibility of continuing services provided to children 0-6 years through ICDS centres while they are in the camps iv. Ensure counselling and other activities with Adolescent girls and women (as appropriate) for safer menstrual hygiene management during their stay in the camp v. Assisting ANM and other health team members in related services • Conduct orientation of Social Welfare Functionaries at all levels on preparedness for response • Assign Counsellors working under the department for periodic visit and necessary psycho-social support to camp inmates particularly children and women and build their capacities for the same • Ensure that frontline workers (Supervisors/AWWs/Helpers) are oriented to provide scenario based health education to camp inmates • Explore possibility of procuring culturally appropriate sanitary protection for women and girls in relief camps • Explore feasibility of pre-positioning nutrition supplies (mapped against Anganwadi centres) to be used during emergencies in designated camps. |
| During Disasters | <ul style="list-style-type: none"> • Be responsible for the overall child protection and nutrition services in the relief camps. • Coordinate with ADC & CEO, DDMA to implement child protection and nutrition services in designated camps and other safe shelters • Supervise, guide and monitor the functioning of designated social welfare staff in conducting their assigned jobs • Monitor any disruption in service delivery of anganwadi centres and ensure functioning of child friendly spaces in the designated relief camps where child related services can be delivered • Ensure visit by trained counselors (working in the department) in camps on period basis to provide psycho-social support services • Ensure that mal-nourished children get special attention and services in the camps and referral (if needed) • As part of the Relief Camp Monitoring Team, DSWO will specifically monitor the quality of the child protection and nutrition services in the relief camps, provide on-site guidance/instruction if there's any scope for improvement and provide SMART recommendations to ADC for any related requirements in the relief camps • Ensure that all the interventions taken up in camps are reported in the master register maintained by the camp in-charge |
| Post Disaster | <ul style="list-style-type: none"> • Provide a detailed report to the DDMA on interventions taken up by the department in camps/other safe shelters • Conduct a debriefing for the designated officials on what went well and what needs to improve in future • Conduct lessons learnt meeting with deployed officials and revise the SoP accordingly for the district concerned |

District Elementary Education Officer and Inspector of Schools – Department of Elementary Education

| Phase | Responsibility |
|-------------------------|--|
| Pre-Disaster | <ul style="list-style-type: none"> • Coordinate with CEO, DDMA/SDO (Civil) and collect list of designated relief camps in advance • Designate Camp wise focal points from the Education department (including but not limited to DPOs, BEEOs, CRCCs, Teaching and Non-Teaching staff for planning, pre-positioning and delivering Education in Emergency related services (and share their contact details with DEOC. • Develop roaster of Teaching and Non-Teaching Staff as per designated relief camps and ensure their services for the followings: <ul style="list-style-type: none"> i. Setting up safe spaces for women and children (Child Friendly Spaces). ii. Age-group wise educational and recreational activities with children in the camp iii. Support in camp management including data and records management iv. Map educational needs of children (supplementary education) staying in camps as well as those whose education is impacted because of school being used as relief camps v. Coordinate with functionaries of Social Welfare, Health and other relevant departments operational a camp level • Conduct orientation of Functionaries of Education Department at all levels (not limited to teachers) on preparedness for response • Explore feasibility of pre-positioning 'Education in Emergency' supplies such as emergency education kit (Including stationaries, recreation kits, story book collection and additional supply of text book) for children in camps. • Explore feasibility of establishing temporary educational infrastructure (such as tents, temporary schools with locally available materials) for schools which are regularly used as relief camps and suffer loss of instructional days. • Ensure mechanism for rapid re-start of schools used as camps |
| During Disasters | <ul style="list-style-type: none"> • Be responsible for the overall education services in the relief camps. • Coordinate with ADC & CEO, DDMA to implement education services in designated camps and other safe shelters • Supervise, guide and monitor the functioning of designated education department staff in conducting their assigned jobs • Monitor any disruption in service delivery of schools and ensure functioning of child friendly spaces in the designated relief camps • As part of the Relief Camp Monitoring Team, IS/DEEO will specifically monitor the quality of the education and recreation services in the relief camps, provide on-site guidance/instruction if there's any scope for improvement and provide SMART recommendations to ADC for any education-related requirements in the relief camps • Ensure that all the interventions taken up in camps are reported in the master register maintained by the camp in-charge |
| Post Disaster | <ul style="list-style-type: none"> • Provide a detailed report to the DDMA on interventions taken up by the department in camps/other safe shelters • Conduct a debriefing for the designated officials on what went well and what needs to improve in future • Conduct lessons learnt meeting with deployed officials and revise the SoP accordingly for the district concerned |

District Project Officer – District Disaster Management Authority (DDMA)

| Phase | Responsibility |
|------------------------|--|
| Pre-disaster | <ul style="list-style-type: none"> • He will act as a nodal officer to establish a network with NGOs in the district and liaise on regular basis and ensure their participation in DDMA. • Ensure timely reporting at all levels • Coordinate with FOs and other department officials • Facilitate the selection and designation of relief camps including child friendly spaces in emergencies • Map stakeholders for relief camp management in the respective district • Support the DC/ADC (CEO-DDMA) in issuing letters and directives to concerned departments/stakeholders • Make/update e-directory of camps with coordinates, seat capacity capacity, status of basic amenities/facilities and name with contact details of designated officials • Design and develop/adapt modules/plans for capacity building of responsible stakeholders on relief camp management in consultation with ASDMA (HQ) • Visit designated camp sites (pre-disaster) and make consultative plans on camp lay out for effective planning with stakeholders • Develop and share in advance various protocols including reporting template, camp-inmates' ID card/tickets, registers at camp level for registering services provided by departments and others in camp etc. • Develop own understanding and orient Field Officers on relief camp assessment scorecard • Support DC/ADC in ensuring all preparedness actions are done related to relief camp operationalization and management |
| During Disaster | <ul style="list-style-type: none"> • Support DC/ADC in operationalizing camps • Support DC/ADC in issuing real time orders/notifications • Coordinate with respective departments/stakeholders and ensure timely and well-coordinated response • Map additional stakeholders pouring in with resources during response phase • Assist the concerned ADC to coordinate the field visits as part of the Relief Camp Monitoring Team. • Activate Relief Camp Assessment by designated 'Assessors' for a comprehensive picture • Develop and share SitReps to ASDMA with complete information on camps and services provided in camps (As per agreed template) • Assess camp wise needs and support deployment of resources (real time) as per need/gaps • Assess and advise the DC/ADC on the closure of the camps |
| Post Disaster | <ul style="list-style-type: none"> • Monitor the camp closure process particularly cleaning and re-instigation of the camp site to its original position (particularly schools) • Compile (with support of ASDMA) camp wise scores and findings of the monitoring visit and debrief the stakeholders on future considerations • Develop action plan for improving relief camp management for next phase/year based on the current experience • Support DC/ADC in revision of the SoP, including/excluding relevant/irrelevant stakeholders and making it more useable/practicable |

District Veterinary Officer

| Phase | Responsibility |
|------------------|---|
| Pre-flood | <ul style="list-style-type: none"> • Identify high lands where green fodder is available like tea gardens, PGR/VGR etc. and arrange for collection of green fodder from Tea garden management authority • Lead the process of identification of cattle shelter for floods in coordination with Chairperson/CEO, DDMA and instruct officials to lead the same at Sub-Division, Revenue Circle and Village level in coordination with SDO (Civil), Revenue Circle Officer and Block Development Officer • Prepare preparedness plan for cattle rescue and transfer to safe shelters. |

| | |
|------------------------|--|
| | <ul style="list-style-type: none"> • Coordinate with DDMA to identify relief camps which also have capacity/provision to shelter cattle • Procure and pre-position cattle feed/vaccines etc. at strategic locations to cater to needs of all identified cattle shelters • Coordinate with DDMA/SDO (Civil)/RCO and plan for transportation and distribution of cattle feed in identified camps/shelters • Identify and strategize manpower and material for safe disposal animal carcasses away from human shelters/relief camps in coordination with DDMA/ SDO (Civil) • Build capacity of department's workforce in effective management cattle shelters/camps including safe disposal animal carcasses • Participate in all preparedness meetings at district level and instruct officials to participate in the same at Sub-Division, Revenue Circle and village level (as feasible) |
| During Disaster | <ul style="list-style-type: none"> • Rescue of animals during flood and other disaster situation and bring them to relief camps • Ensure proper reporting of daily flood report/situation report (in prescribed format to RCO/DDMA) and documentation • To ensure prevention of epidemic diseases with livestock health and vaccination programme (pre-flood, during and post flood scenario) • Ensure provision of temporary shelters for animals in previously recognized higher platforms • Distribution of feed and fodder to the farmers affected by the flood or other disasters • Collect green fodder from Tea Estate and other sources. • Distribution of veterinary medicines and feed supplements at the relief camps, where cattle farmers are taking shelter • Organizing animal health camp in affected area (during and post flood relief camps) – to organize animal health camps schools, GP offices or other raised areas which have been used as Relief Camps • Sensitization of affected areas with bleaching powder. Ensure disinfection of affected cattle sheds by IRT and other local bodies with strict supervision of departmental officials • Ensure safe carcass disposal from the flood/disaster affected areas during and after disaster with the help of civil administration • Ensure compensations of livestock loss of farmers with the help of civil administration • Coordination with local Govt. and Non Govt. bodies for further action during disaster situation |
| Post Disaster | <ul style="list-style-type: none"> • Provide a detailed report to the DDMA on interventions taken up by the department in camps/other safe shelters • Conduct a debriefing for the designated officials on what went well and what needs to improve in future • Conduct lessons learnt meeting with deployed officials and revise the SoP accordingly for the district concerned |

Deputy Director, Food and Civil Supplies

| Phase | Responsibility |
|---------------------|--|
| Pre-Disaster | <ul style="list-style-type: none"> • Coordinate with DDMA/SDO (Civil)/Revenue Circle Officer and collect the details regarding identified relief camps with detailed coordinates • Coordinate DDMA/SDO (Civil)/Revenue Circle Officer and collect detailed GR requirement and make procurement/supply plans accordingly, make transportation arrangements in advance • Instruct Supply Inspectors to develop Revenue Circle level transit plan for transportation of GR to designated relief camps and share the plan with RCO • Maintain sufficient stock (including buffer stock) of rice and other GR items at all levels particularly during the flood season (March-October), liasoning with FCI and open market stocks • Pre-position GR stock at strategic locations for covering vulnerable hard to reach areas which may get cut off during floods • Maintain sufficient stock of PoL at all levels including maintaining buffer stock for flood season • Participate in all preparedness meetings at district level and instruct officials to participate in such |

| | |
|------------------------|--|
| | <p>meetings at Sub-Division and Revenue Circle level</p> <ul style="list-style-type: none"> • Conduct meeting with supply officials to review their plans and exchange locations and capacity of camps • Be ready to support DDMA in any other related matter with regard to GR and supplies in the context of relief camp management |
| During Disaster | <ul style="list-style-type: none"> • Ensure timely mobilization and transportation of GR to all designated places and relief camps • Effectively manage human resource to reduce time laps and increase efficiency in supplies • Update Chairperson/CEO, DDMA/SDO (Civil) and Revenue Circle Officer on action taken and issues and challenges • Execute transit plan for GR in a smart and strategic manner to ensure holistic coverage in relatively less time. • Ensure timely requisition and refilling of stock of essential supplies • Support RCO in distribution of GR as per norms in relief camps • Regularly review response with Supply Officials |
| Post Disaster | <ul style="list-style-type: none"> • Provide a detailed report to the DDMA on interventions taken up by the department in camps/other safe shelters • Conduct a debriefing for the designated officials on what went well and what needs to improve in future • Conduct lessons learnt meeting with deployed officials and revise the SoP accordingly for the district concerned • Improve departmental infrastructure and skills of the manpower based on learning for better delivery of services in future emergencies |

Revenue Circle Officer

| Phase | Responsibility |
|---------------------|---|
| Pre Disaster | <ul style="list-style-type: none"> • Be responsible for identification of relief camps with provisions for child friendly spaces in the respective Revenue Circle/Community Development Block in due consultation with concerned departments and submit it to DC/ SDO (Civil) and DDMA for approval • Ensure that designated camps are safe from all hazards, accessible to possible affected communities and the service providers, have basic minimum capacity and facilities to accommodate people. • Ensure that each identified camp's seat capacity is defined and notified as per social distancing norms (current COVID Context and future infectious disease outbreak context) under the Revenue Circle/CD Block and shared with SDO (Civil) and DDMA • Assess financial and resource requirement related to operation and management of camps in the Revenue Circle/CD Block and appraise DC/SDO (Civil) in time before the onset of flood season • Participate in bi-monthly preparedness meeting with SDO (Civil) at Sub-Division level before the onset of flood season and also participate in pre-flood meetings of DDMA with relevant plans and details • Organize Relief Camp Management Training among the notified staff and officers, NGOs/CBOsetc. • Coordinate with relevant departments at Revenue Circle level to ensure facilities/services in each of the designated camps: <ul style="list-style-type: none"> ○ Lighting arrangement in residential area, toilets and approach road including arrangement of generators as needed (<u>PWD-E</u>) ○ Potable water for drinking and other household purposes (at least 20 liters/person/day) (<u>PHED</u>) ○ Separate, accessible (within 50 meters) and hygienic toilets (<u>PHED</u>) ○ Separate bathing units for male and female (<u>PHED</u>) ○ Separate food arrangements for children, pregnant and lactating women, ill and elderly (<u>Health and Social Welfare</u>) ○ Culturally and age appropriate clothing (if situation warrants) for inmates (<u>Revenue and DM</u>) ○ Sanitary protection for women and girls (<u>Health and Family Welfare and ASRLM</u>) ○ Health including regular RCH services, health and hygiene education and psycho-social care |

| | |
|-------------------------------|--|
| | <p>arrangements in camps (<u>Health and Family Welfare, Social Welfare particularly DCPUs</u>)</p> <ul style="list-style-type: none"> ○ Security and protection arrangement including monitoring of situation of women and children as well as separate species such as breast-feeding spaces in camps (<u>Police, VDPs, DCPUs</u>) ○ Waste management facilities in camps (<u>PHED, GP and ULBs</u>) ○ Relevant SBCC materials in local languages (<u>Health and Family Welfare, Social Welfare, Education</u>) ○ Educational and recreational activities in camps (<u>Education Department</u>) <ul style="list-style-type: none"> ● Share templates and formats with camp in-charges for data management including registration of people taking shelter in camps ● In coordination with DDMA/SDO (Civil), plan and pre-position procured items in strategic locations with a well thought out transportation plan (Mapping all the designated camps against specific storage facilities for GR) in the Revenue Circle ● Identification authorize and orient camp in-charge and Assistant Camp Officers on Inclusive Relief Camp Management in a periodic manner in consultation with SDO (Civil) and DDMA. This will include issuance of ID Card to Camp In-charges ● Review local preparedness for camp operation (camp level) before monsoon and on receipt of warning, develop minutes of the review and submit detailed report to SDO (Civil) and DDMA ● Identify NGOs/CBOs present/having projects in the Revenue Circle and make a plan for effective utilization of their support in camp management process including sharing details of camps identified, population targeted and type of services to be provided. This shall include finalization of list of NGOs, delegation of responsibilities including in evacuation, camp management, relief distribution etc. ● Formation of Evacuation and Rescue teams at Circle and Village level with participation of stakeholders from various government department, NGOs and communities. The citizens should know when and how to reach their designated relief camps as per plan. ● Ensure provision for motor transport (boat/Vehicle) to evacuate people to designated relief camps. ● Make a plan in advance to discourage shelter in embankments by arranging alternate camp sites as feasible ● Arrange for distribution of relief in the camps in a systematic manner. ● Constitute in advance camp management committees for each designated camp including members from Revenue, P&RD, Health, PHED and Social Welfare ● Regularly assess and evaluate the open market stock and GPSS (Cooperative Society) of rice through Supply Inspector and stock of PoL in Petrol Pumps ● Submit a standard compliance cum camp wise preparedness report to DC/ SDO (Civil) well in advance of the flood season |
| <p>During Disaster</p> | <ul style="list-style-type: none"> ● Be responsible for evacuation of people to designated relief camps (as pre-identified plan) in the event of receipt of warning for possible flood with activation of Circle and Village level evacuation teams ● Be responsible for coordinating setting up of camps and provisions/functions of responsible departments under the jurisdiction of Revenue Circle ● Operationalize camps, provisioning of essential services in camps as per pre-defined duty roasters of responsible functionaries at Revenue Circle and Camp level ● Ensure proper registration and data management in camps as per pre-defined templates ● Ensure that camp inmate families are provided with tickets during entry/registration. The ticket should have their identity, and details of services/supplies received during their stay in the camp and should be updated as and when they are provided with any supply/service ● Ensure that all stakeholders and actions notified are being adhered to. Issue realtime instructions in accordance with the provision of the camp management guideline and report to DC/SDO (Civil) for any deviation and non-compliance related issue by stakeholders ● Take appropriate action and ensure that vulnerable groups particularly children and women are given particular attention in the areas of health, food and nutrition, Water, Sanitation and Hygiene, safety and security, psycho-social care |

| | |
|----------------------|---|
| | <ul style="list-style-type: none"> • Ensure distribution of GR as per norms in the camps • Ensure that Child Friendly Spaces are operational in all camps where children are being taken care of • Ensure that GR Display Board is being provisioned in each designated camps which is updated on daily basis • Activate Grievance Redressal mechanism for collecting and addressing feedback/complaints from camp inmates. Appraise the DC/SDO (Civil) on concerns and feedback received. • Recommend DC/SDO (Civil) on closure of the camps considering the on-ground situation in |
| Post Disaster | <ul style="list-style-type: none"> • Conduct post operation review meetings with Camp in Charges and relevant departments and participate in such meetings at Sub-Divisional level and District level • Conduct post operation visits to oversee the condition of the camps with relevant officials • Ensure cleanliness (disinfection and whitewash), repairing and re-institution of the relief camps so that they can start their original functions • Facilitate proper documentation and administrative processes for appropriate settlement |

Block Development Officer

| Phase | Responsibility |
|---------------------|---|
| Pre Disaster | <ul style="list-style-type: none"> • Work in close coordination with DDMA and Revenue Circle Officer in the process of identification of camps. • Map existing infrastructure created/promoted by the Block Development Office which can be used for flood relief camps for human or for animals and share the list with Revenue Circle Officer (RCO) • Ensure basic minimum facilities including drinking water and sanitation, handwashing facilities in such infrastructures which are mapped for setting up relief camps • Conduct orientation/trainings of PRIs/SHGs and beneficiaries/participate in trainings conducted by DDMA/SDO (Civil)/RCO on matters related to disaster management including relief camp management. • Participate in preparedness meetings at DDMA/Sub-Division level before the onset of flood season as and when called for • Develop and regularly update a list of manpower (staff and volunteers) of the department who can be engaged in disaster response including relief camp management and to ensure training/orientation. • Support DDMA/ SDO (Civil)/ Revenue Circle Officer in coordination with relevant departments/stakeholders to ensure facilities/services as per guidelines • Issue timely notifications to Gaon Panchayats for support in flood response including relief camp management • Agree on pre-identified responsibilities between the Revenue and Gaon Panchayat officials in camp management process • Support Revenue Circle Officer to plan and pre-position procured items in strategic locations with a well thought out transportation plan (Mapping all the designated camps against specific storage facilities for GR) in the Revenue Circle • Identify NGOs/CBOs/ SHGs etc. who can support in camp management process, develop their deployment roster in coordination with Revenue Circle Officer & orient them on their role e.g. in the context of organizing GR distribution, support in operating child friendly spaces etc. • Before floods, complete the ongoing schemes specially related to roads, culverts, raised platforms, drinking water etc. specific to pre-identified relief camps including repairing of Panchayat owned boats before the onset of flood season • Facilitate GPDP planning in a way that it address preparedness needs such as construction of raised toilets, raised hand-pumps, approach roads, culverts, filling up of grounds which can help in |

| | |
|------------------------|---|
| | camp management |
| During Disaster | <ul style="list-style-type: none"> • Support RCO in setting up of camps and provisions/functions of responsible departments under the jurisdiction of Revenue Circle/CD Block • Monitor deployment of functionaries related to P&RD in flood response including relief camp management • Jointly with RCO, ensure stakeholders and actions notified are being adhered to. Issue realtime instructions in accordance with the provision of the camp management guideline and report to DC/SDO (Civil) for any deviation and non-compliance related to issue by stakeholders • Ensure mobilization of frontline workforce including NGOs/ CBOs/SHGs who have been pre-identified and oriented to support relief camp management process • Participate in reviews conducted by DDMA/SDO (Civil)/RCO • Support Revenue Circle Officer in any other matters related to camp management |
| Post Disaster | <ul style="list-style-type: none"> • Participate in post operation review meetings with Camp in Charges and relevant departments and participate in such meetings at Sub-Divisional level and District level • Conduct post operation visits to oversee the condition of the camps with relevant officials • Jointly with RCO, ensure cleanliness, repairing and re-institution of the relief camps so that they can start their original functions • Facilitate proper documentation and administrative processes for appropriate settlement. • Identify gaps infrastructure and guide functionaries on addressing the gaps through proper utilization of schemes implemented through the BDO e.g., MGNREGS • Facilitate GPDP planning in a way that it address preparedness needs for future in the context of camp management |

Operationalize the Child Friendly Spaces (CFS)

Child Friendly Spaces (CFS) are the designated place within the relief camps, where children are provided a safe environment, integrated programs including play, re-creation, education, health and psycho-social support to be delivered by the related line department/agencies. The purpose of CFS is to support the resilient and well-being of children and young people through, structured activities conducted by community/ line departments in a safe, friendly and stimulating environment. The detail guideline for operationalize the CFS in the current context of COVID-19 has been enclosed at **Annexure-II**.

Camp Level SoPs:

Gaon Burah / P & RD Officials / PRI Members (GP President/AP Member/Ward Member)/ VCDC (Chairman and Members) in 6th scheduled areas

- Coordinate with Circle Officer and local government functionaries responsible for camp management.
- Follow the Directives issued by DDMA/RC Administration on services to be provided in camp
- Support Circle Administration in pre-identification of camps, pre-positioning of essential items (as the case may be) and other preparatory processes related to camp management
- To undertake measures to pre-identify the community halls of the Panchayat & Rural Development department located in high lands which can be used as relief camps during flood or any other disasters
- Help the local civil administration to select pre-identified areas for proper disposal of waste materials/ hazardous materials in order to maintain hygiene and cleanliness of the relief camp campus
- Participate in capacity building initiatives undertaken by the CO on Camp/Disaster Management
- Identify volunteers and leading citizens and encourage them to support in managing day to day affairs in the camp
- Support operationalization of the camp including public announcement, general administration of the camp (including management of supplies).
- Keep an inventory of all supplies, materials and services provided in the camp

- Properly plan schedule of services (registration of inmates, food distribution/preparation, organization of kitchen, services to children, pregnant women, lactating mothers, diseased, disabled, elderly etc.)
- Support in establishing help-desk in the camp which remains functional throughout camp duration.
- Support arranging locally available materials as may be required for various camp needs
- Provide information and encourage camp inmates to return to their homes as the situation improves
- Support Revenue Circle Administration in any other function as and when required related to relief camp management

School Teacher

- Participate in capacity building activities conducted by the DDMA/RC Administration
- Follow the Directives issued by IS/DEEO on services to be provided in camp
- Teacher/Non-Teaching staff designated as Camp In-charge (if school is used as Relief Camp) shall ensure registration of all inmates, issuing tickets during entry/registration. The ticket should have their identity, and details of services/supplies received during their stay in the camp and should be updated as and when they are provided with any supply/service
- He/She should also discharge all functions as stated above for Gaon Burah/PRI Members
- Teachers who are designated for Child Friendly Spaces shall ensure all functions as stated in the Child Friendly Spaces guideline particularly focusing upon age and situation specific education and recreation services
- Ensure special provisions for the children with disability in the relief camps along with special care for their education and make sure the same in the CFS as well
- Teachers (from schools used as relief camps and closed for educational activity) shall support the operationalization of Child Friendly Spaces in the camps
- They should also explore feasibility of operationalizing of temporary schools using locally available/pre-procured resources to reduce loss of instructional days
- Teachers shall help inmates in keeping the school clean, protecting school infrastructure and resources and in managing services in the camp under the supervision of the Camp In-Charge
- They should support in ensuring rapid re-start of schools once the camps are declared as closed
- Be on duty throughout camp duration and plan academic activities according to the situation

Auxiliary Nurse Midwife (ANM), Multi-Purpose Workers (MPWs) and Accredited Social Health Activist (ASHA)

- Participate in capacity building activities conducted by the DDMA/ SDO(Civil)/ Revenue Circle Officer
- Follow the Directives issued by JDHS on services to be provided in camp
- Coordinate with Camp In-Charge and collect details of pregnant women, lactating mothers, infants, persons with chronic diseases etc.
- Under the guidance of the responsible Medical Officer, be deployed in designated camps for basic health check-up, disease surveillance, share information on good health and hygiene practices with the camp inmates.
- Map medicinal needs of the camp inmates (prescriptive) and maintain a database accordingly. Monitor the availability of prescribed medicines and their intake by inmates suffering from chronic diseases
- Conduct special drives with pregnant women, lactating mothers and infants encouraging appropriate Infant and Young Child Feeding
- Keep track of mother and child health in the camp including their feeding, medical needs etc
- Arrange fogging to prevent mosquito and other flying insects and related diseases. Eliminate breeding places of mosquito and rodent inside the camp premises.
- Spend dedicated time every day to discuss about menstrual hygiene, sexual and reproductive health and rights with women and adolescent girls in the dedicated space created for women and adolescent girls. ANM and ASHA must insist the Assistant Camp Officer to setup a dedicated privacy space for women and adolescent girls if it is not setup.

- Give special attention to malnourished children in the relief camps, monitor and report daily on the status of those malnourished children to the responsible Medical Officer.
- Provide psychosocial support to those relief camp inmates who have experienced violence, are in a trauma due to the disaster and/or lost any family member or friends.
- Health check-ups, immunization, etc. under the Integrated Child Development Services (ICDS) and other programmes for children, women and adolescent girls can be integrated with a CFS facility by ANM and ASHA.
- Be on duty throughout camp duration and plan activities according to the situation

Anganwadi Supervisor/Anganwadi Worker (AWW)/Helper

- In Child Friendly Spaces set up in the camps, provide appropriate services as defined in the Child Friendly Spaces guideline (in **Annexure –II**)
- Participate in capacity building activities conducted by the DDMA/RC Administration
- Follow the Directives issued by DSWO on services to be provided in camp
- Be deployed in designated relief camps and provide nutritious food and supplements to children and women beneficiaries of the respective AWC taking shelter in the camp. AWWs shall conduct a mapping of children as per their enrolment in AWCs as children enrolled in different AWCs may take shelter in one camp. Discuss with CDPO and chalk out joint strategy in advance for delivering routine ICDS services in the camps
- Coordinate with Camp In-Charge and the health functionaries and collect details of pregnant women, lactating mothers, infants etc.
- Give special attention to malnourished children in the relief camps, monitor and report daily on the status of those malnourished children to the responsible CDPO and DSWO.
- Spend dedicated time to discuss about menstrual hygiene, sexual and reproductive health and rights with women and adolescent girls in the dedicated space created for women and adolescent girls. AWW must insist the Assistant Camp Officer to setup a dedicated privacy space for women and adolescent girls if it is not setup. This may be in the form of Breastfeeding Corner set up in the Child Friendly Spaces
- Support health functionaries in providing mother and child health services in the CFS setup.
- Conduct exclusive one-to-one counselling sessions with pregnant women and lactating mothers (with support of ANM)
- Be on duty throughout camp duration and plan activities according to the situation

SoP for NGOs/CBOs/Pratirodhi Bondhu Volunteers:

SoP for NGOs/CBOs in relief camp management

| Phase | Responsibility |
|---------------------|---|
| Pre-Disaster | <ul style="list-style-type: none"> • Participate in preparedness meetings related to relief camp management conducted by DDMA/SDO (Civil)/Revenue Circle Officer • Share list of trained and skilled staff and volunteers who can support in evacuation, rescue of affected people/cattle to designated camps, supporting actions related to food distribution and other support services in camp management • Share with DDMA/SDO (Civil)/RCO the details of activities related to disaster preparedness with geographical presence • Share details of any infrastructure and tools (e.g., vehicle, boat etc) of the organization with seat (intake) capacity that can be used as relief camps. • Support Gaon Burah/PRI members/Revenue Circle Officer in identifying appropriate relief camps in hard to reach vulnerable locations • Support in capacity building of stakeholders on various aspects of disaster management including relief camp management • Create awareness among communities on camp location, camp management guidelines, safety protocols and related matters • Be part of the Circle and Village level Evacuation and Rescue Teams • Provide inputs and suggestions in overall preparedness planning for disaster management |

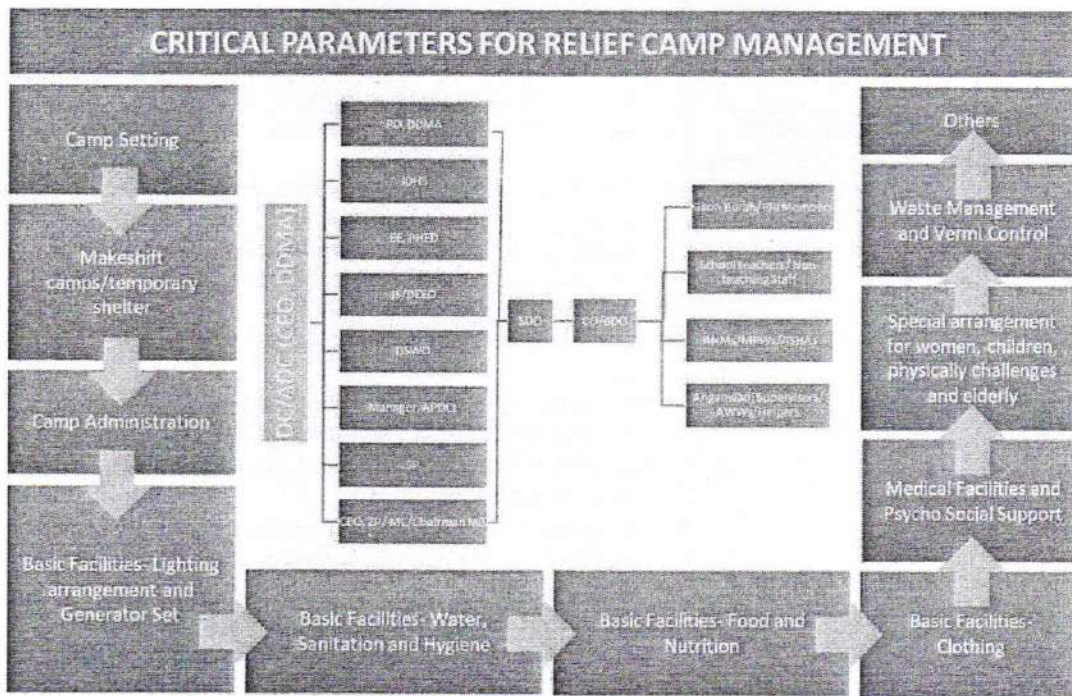

| | |
|------------------------|--|
| | <p>including relief camp management at District/Sub-Division/Revenue Circle level</p> <ul style="list-style-type: none"> • Mobilize resources for setting up of camps as per guidelines in hard to reach areas and share plan/information with DDMA/SDO (Civil)/Revenue Circle Officer • Strengthen Inter-Agency Coordination among NGOs/CBOs for coordinated support in relief camp management |
| During Disaster | <ul style="list-style-type: none"> • As a part of evacuation and rescue teams, support evacuation of affected people/cattle to designated relief camps • Support systematic registration and on-boarding of evacuated people in designated camps • Support operation of child friendly spaces with breast feeding corners in relief camps • Support in queue management, social distancing and other specific actions in camp setting as per guidelines attached as annexure 1 • Conduct targeted risk communication and community engagement activities in relief camps with camp inmates • Support augmenting basic amenities in relief camps • Provide GR through self-mobilized resource to supplement government efforts. Efforts shall be made to ensure no duplication in supplies • Wherever feasible support establishing kitchens for providing culturally appropriate, safe and adequate food for the camp inhabitants. • Support documentation of experiences and lessons learnt including camp level assessments for adherence to guidelines • Support DDMA/SDO (Civil)/Revenue Circle Officer in any other action related to camp management |
| Post Disaster | <ul style="list-style-type: none"> • Provide a detailed report to the DDMA/SDO (Civil)/Revenue Circle Officer on interventions taken up by the organization in camps/other safe shelters • Conduct lessons learnt meeting with staff and volunteers • Provide feedback to DDMA/SDO (Civil)/Revenue Circle Officer for improving relief camp management process • Contribute towards cleaning, repairing/restoration of any infrastructure damages due to being used as relief camps |

SoP for Volunteers (Pratirodhi Bondhu/ Aapda Mitra volunteers/ NSS/ NCC/ NYK/ Red Cross/SHGs and others)

| Phase | Responsibility |
|------------------------|---|
| Pre-Disaster | <ul style="list-style-type: none"> • Register through appropriate platform of Government with details including period of availability and willingness to contribute towards relief camp management process • Participate in any orientation/training conducted by government or NGOs related to camp management • Be in contact with Field Officers of DDMA and participate in the camp identification process • Be part of the Revenue Circle/Village level Evacuation and Rescue Teams and understand the roles and responsibilities • Read and understand the relief camp management guidelines and various functions related to camp management • Familiarize yourself with documentation process including camp level registration, family ticketing system, maintaining GR records etc • Collect contact number of relevant officials and nodal officers responsible for providing various category of services in the relief camps |
| During Disaster | <ul style="list-style-type: none"> • Support camp in-charges in setting up of camps as per specific guidelines • As a part of evacuation and rescue team, support in evacuation and rescue of affected people to designated camps • e-Help desk: e-Help desk should be facilitated in all Operational Relief camps with the help of <i>Pratirodhi Bondhu</i> as counselor/ facilitator. These desks will emphasis on the facilities available on the e-help platform (e.g. Telemedicine, e-pashu etc.), a joint venture of ASDMA and CSC- |

| | |
|----------------------|--|
| | <p>SPV, Assam. e-help will arrange the availability of 'Dignity kit' of NDRF at their help desk.</p> <ul style="list-style-type: none"> • Support Camp-in-charge in setting up and manning registration counter and e-help desk • Support maintaining social distancing, promoting hand washing, personal hygiene and other measures as recommended in Annexure 1 • Support during relief distribution including queue management, proper documentation and reporting • Support in conducting various activities with children in child friendly spaces • Take actions to maintain hygiene and safety in camps • Support in camp closure processes • Provide any other support required by camp-in-charge |
| Post Disaster | <ul style="list-style-type: none"> • Support cleanliness drive including bringing back the camp infrastructure to its original form for continuing its routine function • Share your experience and learning to DDMA through the Field Officers • Provide feedback based on your learning to improve overall relief camp management process |

| Components | Responsible Departments | Minimum Benchmarks |
|--|---|---|
| Administration and Management of Camps | Revenue and DM, Education, P&RD, ULB, APDCL | <ul style="list-style-type: none"> • All affected people have information about the location of camps and have means to reach the location • All camps have necessities and facilities as per the Assam DM Manual, 2015 • All camp inmates are registered and have family tickets updated • Camp register regularly updated and information as per the template shared to Circle Office on daily basis • All camps have lightning arrangement upto toilets and bathrooms |

| | | |
|---|--|---|
| Basic facilities- Water Sanitation and hygiene | Public health engineering, P&RD, Municipal Corporations/ Boards | <ul style="list-style-type: none"> All activities are well coordinated with relevant stakeholders as per common approaches and standards defined in the Assam DM Manual, 2015 ensuring that all critical WASH gaps and vulnerabilities are identified and addressed without duplication. All camp inmates have access to portable water (<u>at least 20 litres/person/day</u>) All camp inmates have access to toilet within 50 Meters from the designated residential spaces All male and female inmates have access to separate bath rooms in the camps All camps have arrangements for management of solid and liquid waste All camps have clean and functional waste water drainage Hygiene education and information in general more particularly related to safe and hygienic child-care and feeding practices are provided to all women and child caregivers in the camp. In all designated child-friendly spaces, 1–2 litres of drinking water per child per day (depending on climate and individual physiology); access to hygienic toilet or latrine squat hole and means handwashing after defecation with soap or an alternative; appropriate hygiene education and information are provided to children, guardians and duty bearers in CFS. |
| Food security and Nutrition | Social Welfare, Health and Family Welfare, Revenue and DM, Education | <ul style="list-style-type: none"> Child Friendly Spaces are operational in camps (as per guideline in Annexure-II) Activities related to nutrition of children and protection of vulnerable groups including children and women are well coordinated with all responsible stakeholders and ensuring that all critical nutrition related gaps and vulnerabilities are identified and addressed without duplication. All camp inmates have access to food in the camps as per norms All eligible mothers/lactating mothers in the camps are receiving counselling and guidance on Infant and Young Child Feeding All children with acute malnutrition in camps receive appropriate care and needed support Micronutrient needs of all pregnant women/lactating mothers and infant and young children are met with additional sources of micronutrients All camp inmates have access to information on nutrition in emergencies and various sources of getting nutrition services Breastfeeding corners are established in all camps in the designated child friendly spaces |
| Clothing | Revenue and DM | <ul style="list-style-type: none"> All inmates having need for climate friendly clothing have been provided with age, gender and size appropriate clothing as per norms |
| Medical Facilities and Psycho-Social Support | Health and Family Welfare, Social Welfare | <ul style="list-style-type: none"> Health related activities at camp level are well coordinated with relevant stakeholders at camp, Circle/Block and District level All camp inmates screened for diseases and necessary medical support provided All pregnant women, lactating mothers, infant and young children in the camp receive required vaccination and medication including measles vaccine, vitamin A and deworming medication in the relevant age group (as applicable) |

| | | |
|--|---|--|
| | | <ul style="list-style-type: none"> All camp inmates receive appropriate measures against protection of mosquito and vector borne diseases All camp inmates are given key health education/promotion messages through multiple channels. VHNDs are being held as per routine in the designated child friendly spaces running within the camps |
| Special provision for protection women, children and elderly | Child Friendly Space (CFS) Education, Social Welfare, PHED, Health and Family Welfare (as per guideline in Annexure-II) | <ul style="list-style-type: none"> All camps have child friendly spaces and all activities in Child Friendly Spaces in the camps are well coordinated with ensuring that all critical education gaps and vulnerabilities are identified and addressed without duplication. Child and adolescent friendly emergency non-formal programmes, including play and early learning for young children, are conducted in all Child Friendly Spaces as per the guideline All child friendly spaces are safe and free from violence, and children, including girls. Other activities including VHND related, breast feeding corner, WASH and Nutrition services and psycho-social care services are provided in a well-coordinated manner in the CFS |
| | Protection- Social Welfare (DCPU), Police, P&RD, Municipal Corporations/ Boards | <ul style="list-style-type: none"> All children, women and girls are protected and accounted for in the camps Systems are in place in all camps for reporting on grave violations and other serious protection concerns for children and women and are being utilized All camp inmates particularly children have access to psycho-social care support Appropriate care and support being provided to all elderly camp inmates above 60 years of age Systems are in place to prevent and respond to any protection risk including abuse, violence and exploitation of children and women and in camps |

6. Expected Outputs

- District and Zonal Relief Camp Management Team
- Improved registration and documentation leading to better strategies for camp management
- Improved coordination among stakeholders for camp management
- Better delivery of services to displaced households during emergencies/disasters and taking shelter
- Improved care of vulnerable groups including women and children displaced during disasters taking shelter in relief camps
- Adherence to global, national and local policy standards
- Integrated service delivery through relief camps during emergencies
- Improved accountability to affected population
- Improved camp management over a period of time

7. Associated Documents

- Assam Disaster Management Manual 2015
(http://asdma.gov.in/download/assam_disaster_management_manual_2015.pdf)
- State Disaster Response Fund (SDRF) Guidelines (<https://pwdroads.assam.gov.in/schemes/state-disaster-response-fund-sdrf>)
- Child Friendly Spaces Guidelines (Notified)

Managing flood relief camps in context of COVID -19 outbreak in Assam
(Notified vide No. RGR/ASDMA.09/2014/323 dated 24th April, 2020)

Assam is approaching flood season. This year the challenge to support those who might get affected due to flood will be even tougher due to the ongoing COVID-19 pandemic across the globe which has also affected Assam. Relief Camp Management Guidelines are included as Appendix-XXXV of the Assam Disaster Management Manual, 2015². In order to be better equipped to deal with flood situation vis-à-vis COVID-19 context, this document has been developed to serve as an addendum. This document will be used by all District Disaster Management Authority (DDMAs), SDO (Civil) and Revenue Circle Officers for management of Relief camps during ensuing flood season.

Major highlights of the addendum to existing Relief Camp Management Guideline are as follows:

- **Relief Camps and Accommodation capacity to be earmarked in advance:** Identify additional relief camps in addition to the existing pre-identify camps as per population density of villages to earmark space for social distancing. Ensure 7 Sq. m. of area per person instead of 3.5 Sq. m. to validate social distancing of at least one meter between any two camp inmates (calculation of intake Capacity of Relief Camps are given in the table next page).
- **Toilets facilities and the populations:** Sufficient Toilet facilities have to be provided in proportionate to the intake camp capacity. Coordinate with PHE Deptt. to ensure the same.
- **Ensure sufficient sanitation facility:** Ensure sufficient Hand-wash/soap, sanitizers, masks for the camp inmates. The Relief camp premises should be strictly notified as no-spitting, no-tobaccozone.
- **Medical Support & Health Surveillance Team:** Daily monitoring (in place of weekly) of health condition shall be done by the health team on duty in the camp following all precautions and guidelines. Medical team should be armored with basic PPE for conducting screening during registration process. Pre-identification of the Medical facilities like Ambulances for transportation of infected, isolation facilities nearby etc. In case of sneezing, cough, fever & common cold, immediate medical supervision to be made and he/she may be kept separately as per COVID-19 norms & regulations.
- **e-Help desk:** e-Help desk should be facilitated in all Operational Relief camps with the help of *Pratirodhi Bondhu* as counselor/ facilitator. These desks will emphasis on the facilities available on the e-help platform (e.g. Telemedicine, e-pashu etc.), a joint venture of ASDMA and CSC-SPV.
- **Pratirodhi Bondhu:** The Revenue Circle Administration may engage Pratirodhi Bondhu volunteers available in the revenue circle as per the guidelines.
- **SOP for relief/cooked food distribution in camps:** SoP should be prepared in collaboration with ASDMA for distribution of relief items/cooked food adhering precautionary measure as per COVID-19 norms & regulations.
- **Arrangement for fodder Livestock:** Pre-identify the highland areas e.g. tea gardens etc. with green grasses for arrangement of the green fodder for livestock of the farmers/ camp inmates.
- **Quarantine/isolation facility:** Quarantine/isolation facilities may be identified on higher altitudes by the district administration for transfer of COVID-19 suspected cases.

The detailed addenda to existing relief camp management guideline are comprehensively cited in the table below for managing flood relief camp vis-à-vis COVID-19:

| PARAMETER | ADDENDUM TO EXISTING RELIEF CAMP MANAGEMENT GUIDELINE |
|--------------|--|
| Camp Setting | <ul style="list-style-type: none"> • Ensure that existing buildings/spaces which are in use as quarantine centers shall not be identified as relief camps |

² Assam Disaster Management Manual (2015)
http://asdma.gov.in/download/assam_disaster_management_manual_2015.pdf

| | |
|---|--|
| | <ul style="list-style-type: none"> Notify more number of camps in advance with capacity of accommodation according to population density of villages to earmark space for social distancing. Identify new places for additional Relief Camps in highland areas. If possible draw lines in floor for specific accommodation. (Calculate the intake capacity of the relief camps as: $\text{Intake Capacity of Relief Camp (R. C.)} = \frac{\text{Floor Area of the R. C. (in sq. N.)}}{7 \text{ Sq. m.}}$ Notify the Relief Camps: Capacity for accommodation adhering to COVID-19 norms & regulations. Proper calculation of space available and the target population to be shifted to the camp shall be made to avoid over crowding 7 Sq. m. of covered area per person instead of 3.5 Sq. m. to validate social distancing of at least one meter between any two camp inmates. Wherever feasible, Separate room for elderly pregnant and lactating women and children upto 6 years should be allocated. Queue management practice maintaining social distancing Separate room in a separate building for the home quarantined who might be evacuated during the floods should be identified. Home quarantine guidelines shall be strictly adhered to for the building where home quarantined people are sheltered: http://asdma.gov.in/covid/Govt.%20of%20Assam%20Circular/ASDMA Home quarantine Ass. pdf |
| Temporary/ makeshift shelter | <ul style="list-style-type: none"> If Tents are used for shelter, these should be not erected closely. Minimum 20 meters distance shall be maintained between 2 tents 7 Sq.m of covered area per person instead of 3.5 Sq m to maintain should be ensured for maintaining a distance of atleast one meter between any two individuals. Efforts shall be made to avoid use of plastics, asbestos etc. in erecting makeshift camps. |
| Camp Administration | <ul style="list-style-type: none"> The Camp in-charge will coordinate with Pratirodhi Bondhu and e-Help initiatives to facilitate services. The Relief camp should be strictly notified as no-spitting, no-tobacco zone. List of camp in-charges shall be prepared and shared with all stakeholders in advance and training to camp in-charge. Sufficient Toilet facilities have to be provided in proportionate to the Camp capacity. Mandatory screening of all brought to the camp/seeking shelter in the camp shall be done for any health condition. Camp register should also maintain separately information about pregnant women, infants, elderly, people with existing health conditions and persons with disability. People presenting with fever and or fever like symptoms should be immediately segregated and taken for medical care. If required, such infected/identified persons should be shifted to designated quarantine/isolation facilities within the relief camps or location pre-identified by the district administration. Immediate information to 104 shall be provided for any case related to COVID-19 in the camp (asymptomatic and symptomatic). Special accommodation facility for elderly, pregnant lady and PwD (People with Disability) should be arranged. Each camp should have "Information Board" capturing contact details of key service providers for immediate support displayed in local language and Capacity of the Camp to accommodate inmates adhering the COVID-19 norms & regulations. Appropriate IEC for prevention of COVID infection to be displayed in local language using pictorial depiction and lesser text. |
| Basic Facilities | <p>Water:</p> <ul style="list-style-type: none"> Disinfection measures for drinking water shall be practiced for water provisioned for drinking to |

camp inmates.

- Hand washing bay shall be established in each camp with multiple hand washing points at appropriate distance with soap should be provided at entry and exit of camp
- Water shall be made available. Per person availability **shall be increased to 30 litre/person/day.**

Sanitation:

- All guidelines for sanitation facilities in relief camps should be strictly maintained
- Ensure sufficient Handwash/soap, sanitizers, masks for the camp inmates.
- Cleaning of common spaces shall be done thrice a day particularly handrails, door latches, switches etc. which are frequently touched
- Adequate disinfectant shall be made available in the camp.
- Mosquito control measures to be strictly followed

Food Storage and Distribution:

- Any food item brought to the camp must be sanitized appropriately as per disinfection protocol. All packed items shall be cleaned properly using disinfectants.
- Special care should be taken/ SoP should be prepared for distribution of cooked food adhering to precautionary measure as per COVID-19 norms & regulations.
- Food items provided to young children should follow global Infant and young child recommendations, and remain in line with Infant Milk Substitute Act available at: <http://www.bpni.org/documents/IMS-act.pdf>
- Proper food hygiene should be maintained by cook whether cooking is done family wise or a community kitchen is established.
- Kitchen and food storage area should be sanitized thrice daily and camp inmates shall be sensitized in this regard by camp-incharge/ frontline workers on duty.
- Appropriate IECs on food safety shall be displayed in the cooking and dining area. The IECs are available at: <https://fssai.gov.in/cms/coronavirus.php>
- Pregnant women and lactating mothers at the camp should be provided relevant information on covid19, pregnancy, childbirth and breastfeeding.

Clothing:

- Appropriate arrangements shall be made for detergents and washing spaces for camp inmates to maintain cloth hygiene.
- Adequate provision of bed-nets shall be made.

Medical and Psychosocial Support:

- Medical team should be armored with basic PPE for conducting screening during registration process.
- Pre-identification of the Medical facilities like Medical team, Ambulances for transportation of infected, isolation facilities nearby etc.
- Home quarantine people to be shifted to quarantine centers and they shall not be kept in the relief camps.
- Daily monitoring (in place of weekly) of health condition shall be done by the health team on duty in the camp following all precautions and guidelines.
- Any suspected case shall be immediately shifted to designated health facility/ quarantine centre.
- All protocols for safety of camp inmates and staff on duty shall be strictly adhered to.
- All other guidelines in the relief camp management manual regarding medical and psychosocial support shall be implemented.
- Standby arrangements for transportation of symptomatic cases shall be made in all camps with more than 200 inmates (in place of 500)
- Wearing of masks inside the camp may be made compulsory. Sufficient masks may be

| Actions to be taken post Flood by DDMAs/ SDO (Civil)/ RCO | | | |
| 24 | Post Operation (Closure of camps) Visits conducted to assess the situation of the camps | 10 days after closure | |
| 25 | Designated camps (particularly schools) are provided with resources/ support towards cleanliness post closure of the camps | With 20 days of closure | |
| 26 | Post closure review meeting conducted to understand challenges, gaps and areas of improvement in camp management | Within 30 days of closure | |
| 27 | All related documents (needed for compliance) are properly managed | | |
| 28 | Departments are instructed to conduct internal debriefing on lessons learnt | | |

Appendix B- Roles and Responsibility Matrix

Child Friendly Spaces in Relief Camps

(Guidelines for operationalization in the context of COVID-19)

CFS is a place designed and operated in a participatory manner where children affected by disasters can be provided with a safe environment, integrated services including play, recreation, education, health, and psychosocial support and/or information about services/supports provided. The purpose of CFSs is to support the resilience and well-being of children through, structured activities conducted by community in a safe, child friendly, and stimulating environment.

District Administration will set up "Child Friendly Spaces (CFS)" in every Relief camp in co-ordination with Line departments and NGOs / civil society organizations. All protocols for COVID-19 containment including safety and security of children will be ensured in CFS

Child Friendly Spaces are a critical and non-negotiable component of relief camp management in Assam. This guidance is set forth to supplement the guidance on flood relief camp management in the context of COVID-19 issued via No. RGR/ASDMA. 09/2014/323 dated 24th April 2020 and the basic guidelines for implementation of Child Friendly Spaces in Emergencies under NSSP, 2016 issued via letter No. ASDMA/101/2017/PV/28 dated 5th July 2018. The following needs to be adhered to with regard to Child Friendly Spaces in relief camps in the current scenario:

| Phase | Actions to be taken at village level where relief camps are being identified | Responsibility |
|--------------|---|--|
| Pre-Disaster | <ul style="list-style-type: none"> Identify locations within the designated camp boundary or nearby where children can be engaged and supported following social distancing, personal hygiene, cough etiquettes and other COVID-19 precautionary measures | Gaon Burha/ Mondal with School Safety Focal Point Teacher, ANM, ASHA and AWW, SMC members and PRIs |
| | <ul style="list-style-type: none"> Create a database of children who will be supported in the identified CFS from the targeted villages to plan for the set up using social distancing | School Safety Focal Point Teacher and AWW |
| | <ul style="list-style-type: none"> Identify existing IT assets (e.g., Television/Radio) in schools designated as camps) to use them for remote learning in camps | |
| | <ul style="list-style-type: none"> Arrange and wherever feasible basic materials such as tents/tarpaulin, recreational and sports as well as education materials, desired number of masks for children, soaps for handwashing, GR as per norms for children to be provided through CFS with Revenue Circle Officer | |
| | <ul style="list-style-type: none"> Identify and map pregnant women, lactating mothers, mal nourished children against identified camps and Child Friendly Space and share the information to camp-in-charge | ANM, ASHA, AWW |
| | <ul style="list-style-type: none"> Conduct remote/ face to face (core camp team) pre-flood camp level meeting to plan for services in CFS as per COVID-19 guidelines | Coordinated by Camp-in-charge |
| | <ul style="list-style-type: none"> Develop a short and simple routine of various activities to be conducted in the Child Friendly Spaces | School Safety Focal Point Teacher and AWW |
| | <ul style="list-style-type: none"> Submit any requirement of tools and materials related to CFS to the Office of the BEEO/CDPO for onward sharing with RCO/SDO (Civil)/DDMA | |
| | <ul style="list-style-type: none"> Develop/adapt teaching learning and recreational materials available with the school/ICDS centre for use in the CFS | |
| | <ul style="list-style-type: none"> Conduct mock exercises to test how social distancing and other COVID prevention measures can be maintained in child friendly spaces in the camp | Coordinated by Camp-in-charge |

| | | |
|------------------------|---|--|
| During Disaster | <ul style="list-style-type: none"> • Ensure space is available for child friendly space in the camp either in a separate room in the relief camp or in open space covered with tarpaulin for both shade and sitting | Camp-in-charge |
| | <ul style="list-style-type: none"> • Ensure siting arrangement in a way that it ensures minimum 1-meter distance between two children | CFS in-charge teacher and AWW |
| | <ul style="list-style-type: none"> • Register all children (0-19), pregnant women and lactating mothers taking shelter in the relief camp for providing services in the CFS | |
| | <ul style="list-style-type: none"> • Ensure that the activity routine developed before the disaster is being executed with enough scope for educational and other activities with children following social distancing norms. The activities will include: | |
| | <p>Age specific food and nutrition services</p> <ul style="list-style-type: none"> • Establish and make functional a breastfeeding corner where lactating mothers in the relief camp will be encouraged to feed their children (only 1 mother at a time) • Screen height and weight of children (0-6 years) following 1-meter distance and identify children who need additional attention • Provide take home ration to children and their mothers as per ICDS norms following 1-meter distance • Provide take home ration to school age children as per mid-day meals norm following 1-meter distance | CFS in-charge teacher and AWW |
| | <p>Health Services</p> <ul style="list-style-type: none"> • Conduct routine immunization services and other (Village Health Sanitation & Nutrition Day (VHSND) activities following 1-meter distance between beneficiaries • Provide Counselling on age appropriate feeding including exclusive breast feeding and complementary feeding to pregnant and lactating mothers • Provide IFA syrup to children as per guidelines • Provide ORS packet as per-positioning for treatment of diarrhea • Conduct Antenatal checkups and provide IFA and calcium supplements to pregnant women as per guidelines • Conduct routine check-up and provide IFA and calcium supplements to lactating mothers as per guidelines • Provide health education on COVID related issues to children and their mothers • Provide sanitary protection support (culturally appropriate) to adolescent girls registered in the CFS | ANM and ASHA |
| | <p>Infection Prevention and WASH services</p> <ul style="list-style-type: none"> • Demonstrate hand washing steps to children and ensure handwashing with soap on hourly basis to children and women in the CFS. • Encourage and guide children to wash hands before and after use of toilet, before and after eating anything • Ensure that enough water and soap is available for handwashing near CFS and containers are disinfected/cleaned regularly • Ensure that children in CFS have access to safe drinking water and toilet as per guidelines • Ensure that everything that is frequently touched in the CFS is disinfected thrice daily • Educate children and women in CFS about infection prevention measures to be undertaken by them during their stay at camp and when they go back home | PHED Khallasi with Gaon Burha and Camp-in-charge |

| | | |
|----------------------|---|--|
| | <p>Education and recreational Services</p> <ul style="list-style-type: none"> Organize children as per age group 3-6 years, 6-14 years and 14-19 years Ensure attendance of children as per the defined age group As per the pre-developed routine, conduct regular classes in a more generic and supplementary manner with special provisions for persons with disability Engage children in quiz, knowledge test games, storytelling, story making and other such interactive activities which require less/no movement and can be done maintaining social distancing Wherever feasible organize radio/television classes or classes through Diksha app among children Facilitate physical activities which do not requiring touching one another and physical distancing can be maintained. School in a Box and Anganwadi in a box concepts shall be implemented as feasible Conduct painting, creative art, singing and such other activities to facilitate their engagement and support them in dealing with emerging stress Observe children who are silent, in fear, shock or anxious and provide them individual care in ventilating their feelings Provide appropriate and timely guidance to children on the existing and emerging scenario Conduct life skills session with focus on adolescents Ensure through regular monitoring of the attendance register that children remain accounted for | <p>All teachers (in case the relief camp is established in a school)</p> <p>CFS in-charge teachers and AWW</p> |
| | <p>Protection Services</p> <ul style="list-style-type: none"> Account for any unaccompanied children in the camp Educate children about their safety both online and offline safety during their stay in the relief camp Share regarding the associated risks such as violence, trafficking and abuse that may happen during and after flood and in COVID situation Provide information related to child protection services that are available to support in case of any such issues e.g., ChildLine, DCPU, JJB, CWC etc. Support children in revealing any unwanted experience that they might have experienced in the camp and support them in reporting those. Place a complain box in the CFS or in a strategic location in the camp and encourage children (particularly girls) to report any issue related to abuse. Child Protection Officers/ Committees may check the box regularly for complaints | <p>CFS in-charge teachers and AWW</p> <p>Village Child Protection Committee (wherever existing)</p> |
| | <ul style="list-style-type: none"> Compile and submit daily report to camp-in-charge and DDMA on number of children as per age group, sex and disability status catered or provided services in the CFS. | <p>CFS in-charge teachers and AWW</p> |
| Post Disaster | <ul style="list-style-type: none"> Compile and submit a detailed report on CFS operation in the camp with summary of attendance, activities conducted etc. Share observations and lessons learnt to BEEO's/CDPO's office for improvement of CFS in relief camps in future Based on lessons improve provisions in the designated camps for effective operation of CFS in future | <p>CFS in-charge teachers and AWW</p> |

Sub: Relief Camp Management as Assam Disaster Management Manual, 2015 and compliance to SoP

Sir/ Madam,

With reference to the above, this is to inform you that Government of Assam has notified the Relief Camp Management Guidelines (Appendix XXXV - Guideline for Relief Camp Management) under the Assam State Disaster Management Manual 2015 and have issued supplementary Standard Operating Procedures via notification No. _____.

Henceforth, in compliance to the guideline and the SoP and as preparedness to upcoming floods, you are requested ensure the following:

- Designate nodal officers/focal points against identified relief camps and share the same with DDMA/SDO (Civil) and respective Circle Officers
- Conduct one day internal orientation of designated officials on the Relief Camp Management Guidelines (Appendix XXXV - Guideline for Relief Camp Management) and the SoP
- Review preparedness and pre-positioning at strategic locations
- Ensure that designated officials participate in Sub-division level/ Circle level planning and preparedness meetings and coordinate regularly with respective Circle Officers
- Be part of the Relief Camp Joint Monitoring Team and conduct pre-during-post operational visits to selected camps and submit joint monitoring reports
- Ensure that vulnerable groups particularly children, women, disabled, elderly and diseased are paid due attention in the camps
- Plan for and implement actions in relief camps through child friendly spaces to reduce disruption of services particularly child related services.
- Please arrange for 'Know Your Team' initiative for better coordination and concentrated effort.

- Ensure that each level official designated under the SoP on Relief Camp Management deliver against their stated role
- Take measures to ensure the following in each designated relief camp
 - GR as per norms (Revenue Circle in coordination with DDMA)
 - Lighting arrangement in residential portion, toilets and approach road (PWD-E)
 - Potable water for drinking and other household purposes (at least 20 liters/person/day) (PHED)
 - Separate, accessible (within 50 meters) and hygienic toilets (PHED)
 - Separate bathing units for male and female (PHED)
 - Separate food arrangements for children, pregnant and lactating women, ill and elderly (Health and Social Welfare)
 - Culturally and age appropriate clothing (if situation warrants) for inmates (Revenue Circle)
 - Sanitary protection for women and girls (Health and Family Welfare)
 - Health including regular RCH services, health and hygiene education and psycho-social care arrangements in camps (Health and Family Welfare, Social Welfare particularly DCPUs)
 - Security and protection arrangement including monitoring of situation of women and children as well as separate spaces such as breast-feeding spaces in camps (Police, VDPs, DCPUs)
 - Waste management facilities in camps (Revenue and DM, P&RD and ULBs)
 - Operationalization of Child Friendly Spaces in all camps (Health and Family Welfare, Social Welfare, Education and PHED)
 - Relevant SBCC materials in local languages (Health and Family Welfare, Social Welfare, Education)
 - Educational and recreational activities in camps (Education Department)
- Identification of Additional quarantine and isolation Centre.
A department wise compliance report may be submitted during the **pre-monsoon preparedness meeting.**

Yours Sincerely

()
